THREE NEW FIRE STATIONS.

One Each for the First, Second and Fourth Precincts.

A FIREMEN'S RELIEF FUND.

P. H. Alfred Willing to Compromise His Damage Suit.—Collector Leonard's Report.

The City Council met in regular session last night, President Loofbourow in the chair. The members present were Rich, Horn, Karrick, Hardy, Bell, Heiss, Wandland, Evans, Lawson, Kelly, Reardsley, Moran, Simmonds.

THE PROCEEDINGS.

J. J. Corum and others asked for crosswalks over the Second West and Second South streets. Committee on streets with power to act.

J. J. Marian and others asked for an extension of the sewer system south of Fifth South street. Committee on sewerage.

John C. Cutler asked to be allowed to lay a private water main on West Temple between Eighth and Ninth South street. Committee on waterworks with power to act.

Charles Handly asked to lease the city factory lands in the mouth of Parley's canyon and to act as watchman of the city's water rights. Committee on public grounds.

Thomas Dangerfield asked permission to lay his own sidewalk. Board of public works.

John R. Williams asked to sell photographic views near the corner of the Temple block, without a license. Committee on license.

William Dunn and others asked that the work of grading Sixth North street, between Fifth and Eighth West streets, Committee on streets.

The Jennings Bros. Investment company and others asked that the city railway company be allowed to construct a passengers' waiting room at the corner of East Temple and First South streets. Committee on streets.

George Q. Cannon and others asked that some of the large surplus water canals on the south and west of the city be cleaned out for the reason that they believed that lands in that vicinity would soon be inundated by high water from the great amount of snow now in the mountains. Committee on Jordan canal and irrigation.

W. E. Smedley asked that Eleventh street be graded. Committee on streets.

E. J. Dimmick and others asked that 8 street be graded. Committee on streets.

Harriet M. Sells asked permission to lay her own sidewalk. Board of public works.

The Jennings Bros. Investment company sent in a protest against the Council leasing certain property for market purposes. Committee on markets.

Thomas E. Jeremy and others asked that Sixth West street between North Temple and First South streets be graded and put in passable condition. Committee on streets.

Guy Willis and others asked for an electric light on Jefferson street. Committee on improvements.

D. N. Swan and others asked that a flume be immediately placed across West Temple street and Vance street. Committee on Jordan canal and irrigation company.

AN EXTRA STREET ROLLER.

The street supervisor sent in a requisition for an additional street roller. Committee on streets.

THE CHARGES AGAINST STANTON.

Chief Stanton of the fire department sent in a communication saying that the charges recently preferred against him by McIlroy be investigated. Referred to a special committee.

ELECTRIC LIGHTS.

On recommendation of the committee on improvements electric lights were ordered placed on Seventh and Eighth West streets on Second North; also on Franklin avenue; also on Fourth South and Fifth West streets.

FIRE LICENSE.

Mrs. Mary Foster was granted a free license to maintain an employment agency.

FIREMEN'S RELIEF FUND.

The committee on fire department recommended the establishment of a firemen's relief fund as suggested by Chief Stanton. Adopted.

NEW FIRE STATIONS.

The committee on fire department sent in a report recommending that three new fire stations be created. The report of the committee was as follows: After carefully considering the revised plans of Architect Vin Krolow and obtaining Chief Stanton's views of the same, we find that the two stations, as revised, will be adequate for all purposes, and we are assured that the buildings can be erected for $11,000. We therefore recommend that the recorder be instructed to advertise for bids for the three fire stations according to the revised plans, that the architect be required to give good and sufficient bond to insure the stations being built in accordance with the plans and specifications for $11,000. The adoption of the report was lost on a tie vote.

Moran moved that the recorder be instructed to advertise for competitive plans and specifications for three buildings to cost not to exceed $5000 each. Lost.

Rich moved that the committee on fire department be instructed to bring in plans and specifications for the erection of one good brick and stone fire station to be erected in the Fourth precinct. Carried.

Lawson moved that a $5000 fire station be erected in the First precinct.

Moran moved to amend by locating the Second precinct similarly. Lost.

Lawson's motion then carried.

Heiss then moved that plans and specifications for a $5000 building in the Second precinct be advertised for. Carried.

THE ALLRED DAMAGE CASE.

The city attorney submitted a communication received by him from Evans & Rogers and J. G. Sutherland, attorneys for P. H. Alfred in the latter's suit against the city, in which the plaintiff agrees to compromise the suit for $4500 with costs added, which is about half the amount of the judgment. Referred to the Mayor, president and city attorney.

Wants to be Heard.

On behalf of Henry Rost, Attorney S. P. Armstrong late yesterday afternoon filed a petition for a writ of habeas corpus with Clerk McMillan of the Third district court. The document sets forth that Rost is at present unlawfully imprisoned in the county jail; that the defendant pleaded guilty to embezzlement in Commissioner Pratt's court on September 7, 1892, and was fined $250 and costs, and ordered to be committed until both fine and costs had been paid. Petitioner holds that the judgment was illegal on the grounds that the commissioner had no jurisdiction to render a judgment which amounts to an imprisonment of over six months, and that it was not stated in the judgment how long the defendant should be imprisoned for each dollar of the said fine and costs. The hearing will probably be had before Judge Zane tomorrow morning.

St. Johns Stake Conference.

The quarterly conference of the St. Johns Stake of Zion was held at St. Johns, Apache county, Arizona, on the 4th and 5th of March, 1893.

The Stake Sunday school conference occupied the forenoon on Sunday, at which the schools of the stake were well represented. The exercises were quite interesting, interspersed with songs and instrumental music. Elder B. H. Roberts of the presidency of the Seventies was present and made a few remarks. Elders J. M. Dalton and T. H. Cluff, missionaries to the Y. M. M. I. Association, were present.

At the afternoon meeting on Sunday the presidency of the Stake, most of the High Councilors and Bishops were present. The sacrament was administered, after which Elder Roberts addressed the congregation, and delivered an excellent Gospel sermon.

On Monday the 6th in the forenoon the Bishops were called upon to report the condition of the wards. Elders E. N. Freeman, W. H. Gibbons and B. H. Roberts occupied the greater part of the afternoon, and the Stake authorities were unanimously sustained, in order to reach Eastes before night Elder Roberts started for that place as soon as he had finished speaking.

The Saints had a most enjoyable time and much good counsel was given. All seemed to be well paid for attending conference, although some had to travel a great distance and the weather was boisterous.

CHAS. JAKYN, Stake recorder.

A Chance for the Colored Girl.

Negro for domestic service are good at all times for good service. There is a prospect that the day will be higher than ever, for a time at least. The stopping of immigration during the cholera quarantine will cut off the vast supply of Irish, German and Scandinavian hired girls. There is a scarcity of satisfactory domestic help, and there are at the labor agencies of the important ports always orders ahead for new girls on their arrival. These have almost supplanted the colored domestic servants of the old time. There is an easily understandable feud between Irish and negro.

If now the colored girl is wise she can step in and regain the lost ground and fully occupy it. Then, when immigration starts in again, then, as now, American citizens, will be the rule, and the exception displace them. It is a fact that colored servants are more attached to those whom they work for than the foreign girls are. They are also more polite and respectful in their manners. On the other hand, the colored girl is apt to be lazier and less cleanly than her white rival, though in both respects some of the creatures who cross the ocean in the steerage are hard to beat.

Perhaps freedom has made the colored women more industrious and taught her something of the importance of Yankee neatness. Naturally she is a good cook. At any rate there is a good opportunity now before her, if she has the shrewdness to see it.

Rocks, hay and most edibles are excellent relish for fattening off beef cattle for market.

Being Beautiful

is the least of being—that's all right for us hardware folks; we only think of being good and of how many nails we can give for a dollar. But with the women it is important to be too sweet for anything, and the MAJESTIC RANGE or RELIABLE GASOLINE STOVE will sweeten the temper of any woman. They too have wound their way into the hearts of many a housekeeper solely on their own merits.

They may not be as beautiful as some, but who looks for beauty in a range? It is quality and price that are looked for, and the Majestic Ranges and Reliable Gasoline Stoves possess both, something never before found.

When not too busy drop in on us and we will tell you the little we know about steel ranges and gasoline stoves.
