MINING, BUSINESS AND STOCKS

LINCOLN MINE IS TO RESUME WORK

Property at Pearl, Idaho, Will Commence Operations At Once.

MUCH ORE IS BLOCKED OUT.

Mine Has Been Kept Dry While it Was In the Hands of the Receivers.

The old Lincoln mine at Pearl, Ida., on which David Kennedy, who formerly had offices in the Herald building, went broke, will resume operations shortly. The property for some time was in the hands of J. W. Edmunds and another receiver. The creditors of the concern, many of whom were former employes, have decided to start up the mine and the mill at once. The following is from the Emmet Index:

The Lincoln mine at Pearl, which went into the hands of a receiver several months ago, is to be put in running order and the mill operated at once. This is the statement given out by the purchasing creditors, who include the former employes, John McNish of this city, L. R. Walter of Pearl, the Salt Lake Hardware company and the Carlson-Lusk Hardware company of Boise.

The Lincoln property, consisting of a number of claims in one group, is one of the best developed in the Pearl district. It is equipped with a 100-ton daily capacity stamp mill, the necessary plates, and concentrating tables of the Wilfey variety, and has a shaft down a little more than 440 feet. During all the time the mine has been in the hands of the receiver, it has been kept pumped dry and all is now ready to resume operations with a full force of men, the mill and mine both being in first class condition. From many hundreds of samples, ore from the mine run from $8 to $10 to the ton. It is base ore and necessarily a concentrating proposition. It is estimated that there are at least 200,000 tons of ore blocked out and in sight in the mine.

OHIO COPPER GOES UP.

Local Exchange Has Good Market With Iron Blossom Much Lower.

Members of the local mining exchange woke up for a good market this morning and throughout the session stocks were lively, although much lower. Nearly all of the active stocks hit the tobaggan for a long slide in prices. Starting in with Beck Tunnel, which has been on the descending scale for several days, the market ended with Yerington Copper slightly off in the asked price.

Iron Blossom, which has been one of the chief factors of activity for several months was again given a drubbing by the bears this morning and the price closed at $2.27½, although it showed greater activity than ever. The market closed yesterday at $2.37½. This morning was knocked off a full ten points, with a tendency to sag.

Black Jack fell below its usual standard, but Colorado remained firm at $3. Grand Central was about the only stock that went up and that was in the asked price. Lower Mammoth was knocked down to 27½cents. Silver King Coalition came back strong and sold at 4.27½.

On the curb market the trend of prices was upward with Ohio Copper as the leader. Under cover of this stock many others jumped. It was circulated about the exchange this morning that the company as been successful in having its bonds placed and that with the opening of the new shaft connecting with the Mascotte tunnel in February, the prospects are bright for the stock. For several days the stock has been selling around $5.50, but this morning it shot up to $6.35 and sales were also registered at $6.25 and $6.30, while the stock was offered at $6.50. Uintah Treasure Hill sold for 22 and 22½ cents. East Crown Point went at two cents and East Tintic Con., at four cents.

REAL ESTATE is one of the best of investments. There are three forms in which it is specially good:

FIRST. As a home. We can supply your needs.

SECOND. As prospective business property. We have it in a growing town in the direction in which the town is growing.

THIRD. As acreage. That which we offer is good. Now and getting better every day.

There's JOY and COMFORT in the first; and MONEY in the other classes of investment we offer you.

George M. Cannon Company.

Rooms 312-317 Templeton Building. Phone Bell 57.

"And after awhile you'll wonder why you didn't buy and buy more PREFERRED UTAH-IDAHO SUGAR stock at TODAY'S prices. Some do, and get 1¾ CENTS per share dividends every quarter, sure. Why can you if you get us." CANNON.

WORK AT LOST RIVER.

Rexburg Men Organize Company to Operate Copper-Uranium Mine.

Rexburg, Idaho, Jan. 6.—A number of financiers met Tuesday and organized the Buckhorn Mining Co. This company will develop a group of 10 claims near the well known Copper-Uranium mine in the Lost River district. Prospectors already believe they have discovered the mother lode in a vein of ore from 10 to 40 feet wide. It shows gold, silver and copper in paying quantities.

The country around these claims is well supplied with timber and water. A saw mill within easy distance furnishes lumber for necessary buildings. These mines are so situated that no trouble is anticipated from the winter snows. The present company is not yet fully organized nor has the amount of needed capital been definitely settled upon. Assurance is given for enough capital to set to work at least four experienced miners at once. James Shall will superintend the work. Besides Mr. Shall there are Messrs. H. Flamm, H. J. Flamm, Geo. Flamm, J. D. Flamm, R. J. Comstock, Chas. Comstock, Art Comstock and C. G. Keller of Rexburg, and J. H. Muffett of Mackay.

MUCH OIL NEAR BLUFF.

What promises to be a good flow of oil has been struck near Bluff, Utah, by Thomas Bryce operating for an Ogden company. During a recent visit to the district, F. B. Hammond of Moab, located 5,000 acres of oil lands, in the name of Hammond & Sons, J. P. Larsen, A. P. Sorensen and a Mr. Douglas. It was on this visit that Mr. Hammond saw the oil struck in the third well operated by the Ogden concern.

Oil land is selling from $10 to $25 an acre and at present eight rigs are sinking in the district. The property lies in the great oil basin in eastern Utah, which promises to become one of the greatest oil bearing places in the United States. More than 20 years ago a government expert declared the place a basin of oil. He based his theory on the presence of hydrocarbons such as no other place in the world produces.

J. Connelly Rane, a special agent for the government has been in the district recently examining land applied for by B. D. Harshberger.

WORKING NEAR GOLDFIELD.

Development to be Pushed on Davenport Group of Claims.

Under the direction of Charles A. Peet, a young mining engineer of Salt Lake City, work on the Davenport group of claims, five miles east of Goldfield, will begin shortly. The new work to be taken up will consist of a shaft to secure depth of the good surface showings recently made.

The property is owned by the estate of D. H. Peery, Jr., and the interests in the property are headed by Horace E. Peery of Ogden. John McKane and Frank Garbutt also own an interest.

The annual assessment work, finished up last year, exposed some good veins and assays made show ore running $4 in gold. The shallow shafts are all in mineralized rock. When the work starts in earnest in a few days, it is the intention to sink a deep working shaft.

In all of this section ore has shown up good, but depth will have to be reached before the right kind of a showing can be made.

FIND SOME GOOD ORE.

Nevada Hilltop Property Surrounded By Some Rich Prospects.

Since the discovery of the rich gold rock on the Nevada Hilltop property some weeks ago by Martin Christopherson, and which property was later sold to the Gunn-Thompson and Quealy interests of Utah and Wyoming, considerable interest has been directed toward the camp and several important discoveries have been made. What has been found lends to the belief that the belt is extensive and uniformly bonanza in character.

Among the other discoveries that approach the sensational may be mentioned the Independence and the Golden Rule. On the former ores have been taken out and sacked that assayed as high as $11,000 per ton, it is declared. On the last group of claims, Christopherson and Skow have developed a ledge from which it is contended they panned about $300 in gold in two days.

The camp is located about 18 miles southeast of Battle Mountain, in what is known as the Crum canyon.

PIOCHE NEEDS SMELTER.

A. H. Godbe Talks of Conditions at Old Nevada Mining Camp.

"There is a world of ore at Pioche, but a smelter is what is needed most of all," said A. H. Godbe this morning, after returning from a trip to the camp. "As soon as a smelter is started it will mean a new era for the camp. It is certain that independent interests will build a smelter here before long although the proposition has been talked of for some time."

At the Prince Consolidated mine Mr. Godge said he found conditions the best he has ever seen. The company is cross cutting from the 550 foot level and will have to run 100 feet or more before it catches the big Manganese-silver-lead vein. With conditions prevailing as they have in the past the drift should catch the ore body some time next month.

An almost vertical fissure traverses the propery and it was on this that the shaft was sunk. It has been found that the mine is getting greater values with depth.

CONCENTRATES.

According to E. J. Raddatz the Eureka Lilly mining company will steam up shortly as the new equipment is ready for action.

Manager Grant Snyder announces that ore is being hauled from the Beaver Carbonate company's property in Beaver county.

According to the treasurer's report the Utah Consolidated mining company has $73,000 cash on hand, with ten carloads unsettled for. This it will be seen would leave a good balance in the treasury after paying the January dividend of eight cents, without counting on the cars unsettled for. The outstanding stock is about 750,000 shares.

The Alta Copper company, which is operating in the Lost River district in Idaho, will soon be shipping, is the word brought from that camp by Superintendent L. S. Rampton. The tunnel is in 300 feet which gives a 300 foot depth on the ore. The Empire tunnel which is across the gulch is in 100 feet.

PERSONALS.

F. J. Huntzicker, a well known Salt Lake mining man, has gone to Prescott, Ariz., on a business trip.

Thomas Wier will leave this week for Cambridge, N. Y., his former home, and where his aged father is very low and not expected to live.

Mining Co's Attention.

We repair and rewind burned-out motors. Special attention to out of town business. All work guaranteed. Wasatch Electric Service Co., No. 46 Post Office Place. Bell phone, main 2216.

10 Deseret National Bank 257.50
5,000 Salt Lake City Special Improvement Warrants.

EDWARD L. BURTON

11 East First South, S. L. City.

STOCKS SHOWED GREATER WEAKNESS

Today's stock market developed increased weakness in the final hour, after much irregularity of movements in the early session. Under the lead of New York Central and Union Pacific, the active list broke from 2 to 3 points.

The weakness in New York Central was ascribed to disappointment over the failure of Harriman interests to take a place in the company's directorate while the weakness of the Harriman stocks was accompanied by rumors of the illness of Mr. Harriman was again subjected to liquidation. The market continued weak and feverish in the last half hour.

Opening dealings in stocks today were on a moderate scale but the list advanced with some show of strength without regard to an opening break of 2 points in Consolidated Gas. Canadian Pacific advanced 1⅛, reading 1⅝. American Smelting, Minneapolis, St. Paul and Saulte Ste Marie preferred, Toledo, St. Louis and western preferred and Brooklyn Transit 1, and the other local tractions, Atchison, Missouri Pacific, Wabash, New York Central and Amalgamated Copper large fractions.

Covering by shorts caused a rally of 2 points in Consolidated Gas. Liquidation, however, broke out again in Consolidated Gas, and it dropped 5 to 123, and pulled the other stocks down with it. Later buying of Reading, Union Pacific and American Smelting and the local tractions caused a slight advance all around. Consolidated Gas rallied 3⅝.

After a period of quiet and some hesitation, prices moved upward again briskly. American Smelting gained 3 points, Colorado & Southern first preferred 5, the second preferred 3⅜, Minneapolis, St. Paul and Saulte Ste Marie 3, Texas and Pacific 1¾, National Lead 1½, and Southern Pacific, Missouri Pacific, the Hill stocks, Rock Island, Colorado & Southern, Kansas City Southern, Pennsylvania, Ontario & Western, U. S. Steel, Amalgamated Copper, Colorado Fuel and General Electric 1 or more.

Bonds were irregular.

A sudden drop of over 5 points from the best day in New York Central to 124¼ or 3¾ below yesterday's final price converted an otherwise strong market into a weak one. Most of the early means were cancelled and some of the important stocks fell below last night's close. Northwestern sagged 3 points. Some small recoveries occurred later, but the buying lacked spirit. The market closed general firm and active. The continued fall in New York Central prompted an unloading of stocks in all directions and gains were transformed into losses about as wide. New York Central's loss reached 5. St. Paul Southwestern preferred 5¼. Great Northern preferred and American Sugar 2, Union Pacific 1½ and Reading, Pennsylvania, Delaware & Hudson, Missouri Pacific, Denver & Rio Grande, Louisville & Nashville, Norfolk & Western and others a point or more. A late rally was due to covering by shorts.

LIVESTOCK.

Chicago, Jan. 6—Cattle—Receipts, estimated, 17,000; market steady to a shade higher. Beeves, 3.90@7.50; Texans, 3.90@4.60; westerns, 4.00@5.60; stockers and feeders, 2.80@4.85; cows and heifers, 1.75@5.10; calves, 7.50@9.50.

Sheep—Receipts, estimated, 20,000; market steady. Native, 2.85@5.35; westerns, 3.00@5.35; yearlings, 5.50@6.75; lambs, natives, 4.50@7.65; westerns, 4.75@7.60.

OMAHA.

Omaha, Jan. 6.—Cattle—Receipts, 2,800; market active and 10 to 15c. higher. Western steers, 3.50@6.00; Texas steers 3.00@6.10; cows and heifers, 2.85@4.35; canners, 2.00@2.75; stockers and feeders, 2.75@5.40; calves, 3.00@6.50; bulls and stags, 2.50@5.00.

Hogs—Receipts, 10,000; market 5 to 10c. higher. Heavy, 5.80@6.05; mixed, 5.70@5.85; lights, 5.50@5.85; pigs, 3.50@6.00; bulk of sales, 5.65@5.90.

Sheep—Receipts, 6,600; market strong to 10c. higher. Yearlings, 5.00@6.35; wethers, 4.75@5.40; ewes, 3.90@5.00; lambs, 6.50@7.40.

KANSAS CITY.

Kansas City, Jan. 6.—Cattle—Receipts, 5,000; market strong. Stockers and feeders, 3.25@5.25; bulls, 3.00@5.00; calves, 3.50@8.00; western steers, 3.75@5.75; western cows, 2.75@4.75.

Hogs—Receipts, 12,000; market 5c. higher. Bulk of sales, 5.40@5.90; heavy, 5.40@6.00; packers, 5.60@5.90; pigs, 5.30@6.35; lights, 4.00@5.25.

Sheep—Receipts, 5,000; market steady. Muttons, 4.25@5.25; lambs, 6.00@7.50; range wethers, 4.00@5.50; fed ewes, 3.00@4.75.

WOOL.

St. Louis, Jan. 6.—Wool, firm. Territory and western mediums, 17@21; fine mediums, 15@17; fine, 12@14.

BOSTON.

Boston, Jan. 5.—There is little life in the local wolo market, due to well cleaned bins and heavily stocked mills. Prices remain steady with a firm undertone but there is a lack of quotations on account of the light inquiry. Most dealers are awaiting the consumption of present supplies, but the mills and dealers are looking with interest on the increased activity. Quotations:

California, northern, 59@62; middle county, 56@4c; southern, 38@40; fall free, 60@43.

Oregon, eastern, No. 1 staple, 60@62; eastern clothing, 53@55; valley No. 1, 46@48.

Territory, fine, staple, 60@62; fine medium, staple, 58@60; fine clothing, 55@57; fine medium, clothing, 50@53; half-blood, 54@58; three-eighths, 52@54; quarter-blood, 57@58.

Pulled, extra, 60@62; fine A, 55@60; A supers, 52@57.

PRODUCE.

Chicago, Jan. 6.—Exceremely low temperatures throughout the west and southwest inspired considerable bullish sentiment among traders in the wheat market here today and caused advances of ¼ to ⅝ in all deliveries. The market was also bullishly affected by higher prices in wheat at all the principal European grain centers.

May opened at 1.07¾ to 1.08, and sold at 1.08@1.08⅛.

The strength of wheat brought out a brisk demand for corn by commission houses which caused moderate strength early in the day despite the favorable weather for the movement of the new crop. May opened a shade to ⅛ higher at 61¼@61⅜ to 61½. For a time May held within that range.

Oats were firm on a good commission house demand. May opened ⅛ to ¼ higher at 51½ to 51⅝ and for a time held within that range.

Provisions were firm on a 5 to 10c. advance in the price of live hogs. Trade was quiet. At the opening prices were 2½@10c. higher.

Toward the noon hour the market became sharper on selling by Northwestern interests and by a local elevator concern, prices declining nearly 1 cent from the high point of the day. The low point for May was reached at 1.07¼. The market rallied again late in the day and closed firm with May up ⅛ at 1.07⅝.

The market declined with wheat May selling off to 61⅛. A firmer tone developed during the final hour and the market closed firm with May up ¼@⅜ at 61½.

Close—Wheat—May, 1.07⅝; July, 1.06⅞; Sept. 1.05⅝.

Corn—Jan., 57⅝; May, 61½; July, 61¼@61⅜; Sept., 61⅞.

Oats—May, 51⅝; July, 46¼@46½; Sept., 29¼.

Pork—Jan., 16.37½; May, 16.65.

Lard—Jan., 9.47½; May, 9.72½; July, 9.65.

Ribs—Jan., 8.47½; May, 8.75@8.77½; July, 8.90.

Rye—Cash, 75½; May, 78.

Barley—Cash, 60@65.

Timothy—March, 4.65.

Clover—March, 9.85.

SUGAR AND COFFEE.

New York, Jan. 6.—Sugar, raw, steady. Fair refining, 3.30; centrifugal, .96 test 3.70; molasses sugar, 2.95.

Refined—Steady. Crushed, 5.35; powdered, 4.75; granulated, 4.65.

Coffee—Steady. No. 7 Rio, 8¼@7; No. 4 Santos, 8@8¼.

BUTTER AND EGGS.

Chicago, Jan. 6.—Butter—Steady. Creamery, 29@32; dairies, 25½@27.

Eggs—Firm. Firsts, 30.

New York, Jan. 6.—Butter—Steady. Unchanged.

Cheese—Firm. State full cream October best, 13½.

Eggs—Firm. State, Pennsylvania, and nearby fancy selected white, 40; do. fair to choice, 36@38; brown and mixed fancy 34@36; do. fair to choice, 32@33; western firsts, 32; do. seconds, 30@31.

EVAPORATED FRUITS.

New York, Jan. 5.—The market for evaporated apples shows no fresh features, with fancy quoted at 8½ to 9½; choice, 7½@8; and prime, 6½@7.

California prunes are somewhat unsettled in spot owing to pressure of old crop fruit. New crop fruit is quoted at 4½@7½ for California and 6½@9 for Oregons, latter ranging 50s to 20s. The market for Oregon prunes is firmer.

Apricots are unchanged, with choice quoted at 9½@9¾; extra choice, 9@9½ and fancy, 11½@12.
