BOUGHT ITS OWN BONDS.

Board of Education Makes a Good Sinking Fund Investment.

Twenty $1,000 Five Per Cent Bonds Due in 1902 Taken Up—Miscellaneous Business.

The board of education held a busy session last night, all members present except Grant. President Dooly occupied the chair. The members felicitated themselves on the retiring of twenty $1,000 1902 5 per cent bonds at a total cost of $20,815.62. Negotiations have been quietly carried on for some weeks with this end in view. The Lake Breeze school petition was disposed of by an implied promise that the petitioners would be given the needed relief next school year. It was decided that the board should meet next Wednesday in special session to certify to the assessor the amount of funds that will be necessary for the maintenance of the schools for the coming year.

COMMITTEE REPORTS.

Committee reports were presented as follows:

The committee on buildings and grounds reported janitors' supplies needed to the amount of $96.35, and the committee was authorized to procure them. The same committee submitted the report of C. Lewis, inspector of boilers, which was filed. The report stated that an examination showed all boilers in first-class condition. A report from the same committee recommended the payment of $125 to the Seventeenth Ward Ecclesiastical association for rent from September 9, 1895, to February 20, 1896. The report was adopted. The same committee also submitted a set of rules for the government of janitors, which were adopted. The appointment by the committee of Charles Stevens janitor at the Oquirrh school, vice B. D. Hooper, resigned, was confirmed. The same committee was authorized to repair the basement rooms of the Twelfth school, to improve the ventilation, at a cost not exceeding $150.

SCHOOL WORK.

The committee on teachers and school work, on the matter of establishing a school at Lake Breeze, recommended that it be postponed until the next school year. The reasons therefor were as follows: "No suitable building can be rented. The total number of children under the third grade residing in the locality is only twenty-six, and of these twenty-two are attending the Franklin school, which is easily accessible." Adopted.

The resignation of Dr. Uller, teacher of English literature in the High school, to take effect Feb. 21st inst., was accepted.

Mrs. Lillie G. Wright, who has been absent on account of sickness, was reinstated as teacher of the eighth grade in the Westtch school.

The resignation of Miss Fannie L. Manning, teacher of the second grade at the Lincoln school, was accepted and the committee's appointment of Miss Jennie Smith to fill the vacancy, at a salary of $45, was confirmed.

A new directory was ordered for the Board of Education office. Professor Angsburg was given a leave of absence for Feb. 28th, to visit Pocatello, where he will deliver a lecture on drawing.

THE BOND PURCHASE.

The committee on finance reported as follows on the purchase of Salt Lake City school bonds for cancellation and for the investment of the sinking fund. Weis, Fargo & Co's bank of New York, under instructions of the committee, had purchased $20,000 of said school bonds, the purchase price being:

20 bonds (1902) at 103.75	$20,750 00
15 days interest at 5 per cent	25 52
Commission to the bank	50 00
	$20,815 52

The bank was instructed to cancel the twenty school bonds before shipment to the board. The bonds purchased are Nos. 51 to 70 inclusive, series 2, dated August 1, 1902, $1,000 each at 5 per cent. The report was adopted.

MISCELLANEOUS.

Applications to teach were received from Mis. Mabel Y. Held, Angie Dunn and William C. Jennings, all of this city. Usual reference. Accompliations were made aggregating $781.25. The president and clerk reported a lease at the nominal figure of $1 per year with the Thirteenth ward ecclesiastical association for the ground covered by the church building.

The committee on finance recommended the rejection of the bids for $20,000 received under the call of the board to loan $100,000 or any part thereof to banks of the city. The Utah National offered to take $20,000 at the rate of 3 per cent, and the National Bank of the Republic offered 2 per cent for the same amount. Adopted.

On the recommendation of the same committee the report of Josiah Barnett, treasurer of the school board, was adopted. It shows a balance on hand for January, 1896, of $194,693.85.

Under the head of new business the Lake Breeze school matter came up again. Thomas offered the following, which was adopted:

Resolved, That it is the sense of this board that should a building suitable loaned be for lease September 1, 1896, in the Lake Breeze district, and there be a sufficient number of children who can attend at the date mentioned a school will be opened.

Hanson offered the following, which was also adopted:

Resolved, That in the employment of janitors for the larger buildings under the control of the board, preference in the way of promotion be given to janitors already employed; providing that such persons possess the necessary qualifications.

Adjourned until Wednesday evening next at 7:30.

Notice to Bishops.

The Bishops of the various wards of the city are requested to give notice in the Sunday schools and ward meetings next Sunday that an operetta for the benefit of the Utah Kindergarten will be given at the Theater, Friday evening, February 28th, and continue the following Saturday.

ABRAM M. CANNON,
President of the Stake.

STEPHENS OUT, VARIAN IN.

The Former Resigns His Fire and Police Commissionership and Is Succeeded by the Latter.

One change doth tread upon another's heels, so fast they follow. This with reference to the fire and police departments—commissionership muddle.

News was received late yesterday afternoon from Commissioner F. H. Stephens, now in Los Angeles, of his resignation from the board. It came to Benner X. Smith, Mr. Stephens's law partner and was promptly communicated to Mayor Glendinning who without delay appointed Attorney C. S. Varian to succeed him.

WORTH ABOUT $50,000.

That Is the Credition J. G. Leathers, Who Now Resides At the Poor House.

It has come to light that one of the the county wards, J. G. Leathers by name, who has been residing at the infirmary for the past four years, is a very well-to-do person, he being the owner of property in San Diego, Cal., of the estimated value of $25,000, and also of a large business block in Las Animas, Colo.

For some time past the authorities of the county, having heard that Leathers was the possessor of considerable wealth, have been looking the matter up, but could come to no definite conclusion as to whether he was or not. Superintendent Lambert, however, upon making his debut at the poor-house was informed of the reports with regard to Leathers and he immediately began an investigation, which resulted in the boys finding out the fact that he is worth in the aggregate of $50,000. Leathers, however, enters an emphatic denial to this, and states that the only property of which he is the owner is a house and lot in Colorado, worth about $300, but which is incumbered by a mortgage greater than its value.

The case will be further investigated and unless Leathers makes a settlement for his board and lodging while he has been under the care of the county, suit will be instituted to recover the amount.

Chambers vs Emery.

The case of R. C. Chambers, appellant, vs Susan B. Emery, administratrix of the estate of Alnion B. Emery, deceased, was heard by Justice Bartch and Judges J. A. Street and E. V. Higgins in the Supreme Court yesterday afternoon.

Mr. Chambers claims that he loaned Mr. Emery $4,000 in 1889 for the purpose of assisting him in the purchase of the Mayflower lease and that Mr. Emery, with the money thus obtained, procured his interest in the silver King. Judgment was therefore demanded for dividends amounting to over $50,000 and 12,420 shares in the Silver King stock, the price of which was $170,000. Judge Hankins and F. L. Williams appeared for the appellant and W. H. Dickson for the respondent.

Suing for Divorce.

The case of Minnie C. Taylor vs J. C. Taylor for divorce came up in the Third district court late yesterday afternoon. Mrs. Taylor prays for a decree upon the grounds of failure to support and the excessive use of liquor by her husband.

SUPREME COURT DENIES.

Information Must Be Filed in the Lower Court in the Lloyd-Elliott Case.

In the case of the quo warranto proceedings on the relation of R. F. Lloyd against Wm. M. Elliott, wherein the former seeks to oust the latter from a seat in the City Council, the Supreme court yesterday afternoon delivered an opinion written by Justice Bartch and concurred in by Chief Justice Zane and Justice Miner.

Attention is called to the case of the State ex rel E. D. H. Thompson vs Le Grand Young, in which the defendant contended that the jurisdiction of the supreme court was bounded by the old use of the quo warranto proceedings and that such power could only be invoked where the State was interested at the instance of the attorney general and not at the behest of any private individual.

The opinion says: "This position is doubtless the result of the changes in the form of the writ as shown by its history and of a confusion of the principles governing the jurisdiction under discussion as well as a want of proper appreciation of the meaning of the term quo warranto in its ancient and original use in modern American parlance respecting the results designated by those proceedings. Here the opinion traces the evolution of quo warranto from the time of Richard I of England down to the present time.

The opinion further says that "the government officer has the right ex officio, where the proceedings are instituted with or by leave of court, but he cannot prevent the court from assuming jurisdiction by refusing to consent to the use of his name where a private citizen is the relator," and, further, "there is no claim of any special reason or of any peculiar emergency which should reduce the court to assume jurisdiction, nor is this a case in which the state has a special interest or to which the relator has no convenient and speedy remedy in any other tribunal; for under the constitution the district courts also have jurisdiction quo warranto and ample power is vested in them to afford adequate relief to the parties in the case. In fact the controversy can be determined in a district court more conveniently than in the supreme court, hence it involves questions of fact, which is the special province of the district court to determine and which the supreme court has no proper facility to try.

"The remedy promised by the constitution authorizing proceedings in inferior tribunals, must in all cases be followed, unless it shall be made to appear to the satisfaction of this court that there is an urgent necessity for the interposition of its power, and the right of the appellate court to exercise its discretion in granting or withholding leave to file information in the nature of quo warranto is not limited."

The opinion concludes: "In the case at bar the facts stated in the information show that this is a mere contest between private persons for the same office and we see nothing of such an exceptional character in the circumstances as ought to invoke the interposition of this court. The relator must be referred to his remedy in the district court.

"The application for leave to file the information in this court is denied."

Counsel for Mr. Lloyd immediately after the decision filed the information in the district court where it will soon be heard.

Utah Would Extend a Welcome.

Governor Wells yesterday received a telegram from Dr. J. E. Talmage, who is at Jacksonville, Florida, attending the session of the National Education association. The telegram was as follows: "Would Utah welcome Superintendence Department National Education association next February?" To this the Governor replied: "I am of the opinion that the people of Utah would be most pleased to entertain Superintendence Department National Education association next year. Educators here are especially anxious for the meeting. You will make no mistake if you extend them a cordial invitation."

Utah County Notes.

PROVO CITY, Utah, Feb. 20, 1896.—Bishop Loutus Whiting, of Mapleton ward in this county, died yesterday morning at 8 o'clock of pneumonia and pleurisy. Brother Whiting leaves a large family; he was the son of the late Edwin and Elizabeth Whiting. As Bishop he enjoyed the confidence of the members of his ward and the esteem of the Priesthood of this Stake of Zion.

The schools of this city are preparing to give an exhibition of the scenes of the revolutionary war, representing the Continental army and the British red coats, the signing of the Declaration of Independence, etc. The children will be dressed in costume indicative of those times. One feature of the program is to be one hundred hatchets carried by as many little boys that "cannot tell a lie."

The little boy that was run over by a heavily loaded wagon some days ago is progressing finely.

Farmers are planting grain on the uplands.

A host of friends Tuesday night swamped down upon Sister May Simcot Glazier, wife of Albert Glazier who is now filling a mission in the state of Vermont. The good lady had been decoyed off while the preparations were being made; tables were spread and the guests were seated, and when Sister Glazier turned her plate over a purse containing $25 met her gaze. The affair was promoted by the members of the First ward. D.

Much of life's misery is due to indigestion; for who can be happy with a pain in his stomach? As a corrective and strengthener of the alimentary organs, Ayer's Pills are invaluable, their use being always attended with marked benefit.

"Bacteria do not occur in the blood or in the tissues of a healthy living body, either of man or the lower animals." So says the celebrated Dr. Koch. Other doctors say that the best medicine to render the blood perfectly pure and healthy is Ayer's Sarsaparilla.

A Recommendation from Los Angeles

522 Chetolar St., LOS ANGELES, Cal.—After having suffered for a long time from acute rheumatism without obtaining relief, I used Chamberlain's Pain Balm and was almost immediately relieved. I highly recommend this as the best medicine known. D. M. HAMILTON. For sale by druggists.

In a recent editorial the Salem, Oregon Independent says: "Time and again have we seen Chamberlain's Cough Remedy tried and never without the most satisfactory results. Whenever we see a person afflicted with hoarseness, with a cough or cold, we invariably advise them to get Chamberlain's Cough Remedy; and when they do, they never regret it. It always does the work, and does it well." For sale by druggists.

The exposure to all sorts and conditions of weather that a lumberman is called upon to endure in the camps often produces severe colds which, if not promptly checked, result in congestion or pneumonia. Mr. J. O. Davenport, ex-manager of the Fort Bragg Redwood Co., an immense institution at Fort Bragg, Cal., says they sell large quantities of Chamberlain's Cough Remedy at the company's store and that he has himself used this remedy for a severe cold and obtained immediate relief. This medicine prevents any tendency of a cold toward pneumonia and insures a prompt recovery. For sale by druggists.

HOW TO INVEST.

These are Suggestions of Value to any Reader at the Present Time.

"If you are going to make an investment, you look carefully and learn the value of the thing in which you are about to invest. Is this so?

"If you are run down, sickly, weak, suffering from a severe cold, rheumatism or other complaint, you feel that you must invest in something to restore you to health and happiness."

"Can you not see that such an investment is more important than any other, and can you not see that securing the best, most reliable, and that which has the highest standing and best endorsements is always the best investment."

"There has never been a remedy before the world, which for the cure of the diseases of this season, female weaknesses, rheumatism, kidney and liver troubles, and even Bright's disease itself has ever been equal to the greatness of all diseases resembling, Warner's Safe Cure. It has accomplished more than any other known preparation, and occupies a standing in medical science wholly by itself and above every ordinary remedy."

"This great preparation has been endorsed by the leading medical men of the various countries of Europe, America, Australia, and even India. It is beyond question the most popular of modern remedies, and it deserves its popularity fully."

The above simple and direct words are laid before you in order that you may avail yourself of the suggestions they may contain, if you so desire.

ANOTHER RAMBLER DAY.
The Rambler boys made a great showing in the Opening Day. The first event of the day was the ten mile road race, in which McConahey finished third, taking third prize and third time prize. Then came the track race. Joe Beck taking second in the novice, Fowler first, Weiss second, and Thatcher third in the mile scratch, class B, all "Ramblers" you will note. In the half mile class A, May took second, Cornue third. Held mile, class B, Thatcher second, Fowler third. Five mile, class B, Fowler second. In this race a man in a yellow suit lost his head and fell. Cornelsen and Walter being immediately behind him, the result was a split for those parties and the race left to Evans. The five mile, class A, was another Rambler event, May taking first, Joe Beck second and McConahey third. Fourteen prizes in one day is glory enough for any one.

People may laugh and people may cry,
And one day may beat if long pleases,
But Rambler's win races wherever they go,
Regardless of how others feel.

Moral—Buy a Rambler. Ride a winner and you'll be a spinner.
