THE SEMI-WEEKLY NEWS

The Great Country Paper of the West.

Issued Mondays and Thursdays and Contains All the Cream of the Daily and Saturday News.

LOCAL BRIEFS.

Free Delivery for Garfield—Garfield is to have a free rural delivery for which preparation is now being made.

Revenue Collections—The revenue collections for August in this district comprising Utah, Idaho and Montana, amounted to $67,275.50, as against $54,593.67 for the same month last year. The principal increase is in beer.

State to Purchase Bonds—At the meeting of the state board of land commissioners yesterday it was decided to purchase $5,000 worth of Castle Dale school bonds at $1.12½. The bonds are payable in 20 years and bear 5 per cent interest.

New Substation—There will be a new postoffice substation, No. 18, established Oct. 1, at the state university with registry and money order departments. This will be a great convenience to the students and residents of that neighborhood.

G. R. Cleveland Is Named—G. R. Cleveland of this city has been appointed by Grand Exalted Ruler John K. Tener of the Elks, deputy grand exalted ruler for the jurisdiction of Utah, including the lodges at Salt Lake, Ogden, Park City, Provo and Eureka.

Jewish Herald Appears—The Jewish Herald of this city made its appearance last evening, edited by David E. Cohen, and is the only Jewish publication in the Intermountain region. The Herald is a well edited and neatly gotten up paper, and the first number contains large half tones of Samuel Newhouse and Harry S. Joseph.

Badger Club Will Entertain—At last night's meeting of the Badger club, the committee of entertainment of which F. C. Richmond is chairman, was instructed to arrange for a banquet in honor of United States Senator La Follette when he arrives here on the 25th inst. The Badger club has now 100 members, former residents of Wisconsin, and the list is growing. A design for the club will be prepared.

Salt Harvest Due—The cold and late spring and short summer have resulted in such abbreviated evaporation from the Inland company's salt beds that the crop this season will not be up to the usual mark in quantity; but the harvest will amount to 30,000 tons. Laborers are scarce at present, but the number will be increased. The company during the summer installed $25,000 worth of improvements, including an enlarged electric light plant.

Reported From Queenstown—A cablegram was received at the president's office yesterday, announcing the safe arrival at Queenstown of the steamship Republic of the White Star line. On board were the following passengers from Utah and Idaho: Harold J. Hyde, Edwin Q. Cannon, Frank C. Torkelson, J. P. Mellstrup, Joseph Baer, A. W. Hooper, Jacob Allgarer, Edwin J. Evans, Byron Child, Joseph R. Stringham, I. A. Jackson, John M. Chamberlain and wife, Geo. C. Lambert and wife, all of Salt Lake City; P. A. Neilson, Draper; W. A. Jorgensen, Logan.

Found Dead in Bed—Douglas Ferguson, a son of Dr. Ellen B. Ferguson, was found dead in his room at 123 West Second South street, Tuesday night. His roommate had seen him during the day, and while he had been feeling somewhat ill for some time, his condition did not appear to be at all serious. Heart failure is attributed by physicians as being the cause of death. His mother, who is in New York, has been communicated with and has wired instructions as to the disposition of the remains.

C. H. Calland Still Missing—C. H. Calland, who until a short time ago was assistant claim agent of the O. S. L. at Ogden, and who suddenly disappeared some days ago, has not yet been located by his Ogden friends. His absence is causing much mental anguish to his wife, who is fast breaking own under the strain occasioned by his actions. His brother, C. K. Calland of Evanston, Wyo., with the assistance of friends, is busy straightening out the missing man's accounts, and it is believed that deficits will be fully met, and his return made possible. That he should at least communicate with his grief-stricken wife, is the emphatic opinion of his friends.

RESIDENTS AROUSED.

Property Owners May File Injunction Suit Against Sidewalk Contractor.

It is very probable that several of the property owners on Twelfth East street between South Temple and Second South streets will file an injunction suit against the city and the sidewalk contractor to enjoin the laying of a sidewalk at the grade established by the city engineer. If the walk is laid at the grade proposed the property of a number of the residents on that street will be way below the sidewalk and they claim that it will be greatly damaged when it is not necessary to establish such a grade. A complaint was made by the property owners on the corner of Second South and Twelfth East streets and the grade was modified to suit them hence the other property owners are trying to get a modification.

SUDDEN ATTACK OF DYSENTERY CURED.

A prominent lady of Brooklyn, N. Y., writes to inquire where she can obtain Chamberlain's Colic, Cholera and Diarrhoea Remedy. She says: "While stopping at a ranch in South Dakota I was taken ill of what seemed to be cholera. They gave me some of this medicine and it cured me. I brought a bottle home and have just used the last of it today. Mother was taken suddenly ill of dysentery and it helped her immediately." For sale by all druggists.

WILL DELIVER COAL.

Henry Wade and associates have contracted to deliver three cars of coal to this city daily. Mr. Wade has a coal mine near Price, Utah, and to render as much aid as possible to the local fuel situation will haul coal from his property to the railroad six miles away and then ship it into this city. H. L. Thomas of this city will be the consignee.

LAUNDRY SAYS ITS LITTLE SAY

Presents Its View of Strike Participated in by "Mangle" Girls.

"SYMPATHIZERS" ARE BACK.

New Hands, Says Manager, Wanted Raise Before They Had Learned The A. B. C.s of Laundering.

A strike bug flew into the American Linen Supply company's laundering department yesterday, and when it flew out, it was followed by 25 girls, who marched down the street shouting and singing. The girls had asked for a raise of $1 per week in their wages—averaging $4.50—and when this was refused by the management, they quit. They are to organize themselves into a union and thus get the encouragement and aid of the local allied labor bodies. But in face of a statement made this morning by Manager Wm. R. Pollock, this step seems unnecessary, as the girls have rendered themselves jobless. The strikers asserted that they were forced to work from nine to twelve hours a day, and these hours were too long and the work too tiresome for $4.50 a week.

MANAGER POLLOCK TALKS.

Manager Pollock of the laundry was holding down an end at the "shaker" this morning. He was delighted at being offered an opportunity to lay the company's view of the strike before the public. "The strike came upon us suddenly yesterday morning. Some strange man was in here early in the morning and shortly after a number of girls took their hats and coats and walked out without giving us the slightest notice of their intentions," he said. "At noon others went out. Our service was, of course, badly crippled, and as the girls sang as they marched away, large crowds gathered. Investigation led to the discovery that the girls went out because they considered their wages too small—but I want to explain the situation fairly and impartially. The girls who went out, or the greater portion of them, are apprentices. Some of them have been working but a few days, and, naturally, they were not paid as much as older hands. They were paid $4.50; other girls are being paid in correspondence to their ability, coat ironers, getting from $5 to $10."

NEW GIRLS APPEARING.

"The new hands were put to work on the mangle machines. We start work at 8 o'clock; have three-quarters of an hour for lunch and are through the day's work by 4:30 or 5 o'clock. When the "mangle" girls went out some of the "coat" girls walked out with them in sympathy. Today we have a half dozen of the sympathizers back at their regular posts. They have no grivance but went out on the impulse of the moment; as a result of the excitement created by the agitator. Other girls are being employed right along—as you can see"—this statement was more than substantiated by the steady appearance of work-seekers.

GIRLS WELL TREATED.

"I want you to go through this plant of ours and see for yourself how we treat the girls employed here," continued Manager Pollock as he led his listener through the various departments. "You will notice the laundry is kept cool and well ventilated; here is a hat room where the girls keep their clothes; the wash rooms are kept just as clean as I would have my own home kept; there is plenty of light; a janitor is employed constantly; in short, I defy any laundry, anywhere to show better, cleaner, brighter working rooms than we have here. The girls are respected and we employe none but respectable girls. As you can see there are women employed here pretty well along in age. If the work was hard or the treatment shoddy they wouldn't and couldn't stay here for a minute. We have heard something about the local labor organizations taking a hand. All we know is that we will continue to mind our own business, hiring good girls and paying them whatever they are worth. We are only too anxious to promote a girl when she shows ability—we need skilled help and pay for it."

CHAMBERLAIN'S COUGH REMEDY ONE OF THE BEST ON THE MARKET.

For many years Chamberlain's Cough Remedy has constantly gained in favor and popularity until it is now one of the most staple medicines in use and has an enormous sale. It is intended especially for acute throat and lung diseases, such as coughs, colds and croup, and can always be depended upon. It is pleasant and safe to take and is undoubtedly the best in the market for the purposes for which it is intended. Sold by all druggists.

J. H. BRADY FOR GOVERNOR.

Chairman of Idaho State Republican Committee Slated for Nomination.

According to the views entertained by Hon. J. W. Webster, representative from Fremont county to the last Idaho legislature, who is in Salt Lake today, Chairman J. H. Brady, of the Gem state Republican committee, is likely to be the nominee of his party for governor at the next election. Mr. Webster says that Mr. Brady is much talked of in the direction indicated, and it is believed that he would make a strong candidate. Business in the Idaho capital, as well as in other parts of the state, is reported by Mr. Webster to be in a satisfactory condition.

CHEERFULLY RECOMMENDED FOR RHEUMATISM.

O. G. Higbee, Danville, Ills. writes, Dec. 2, 1905: "About two years ago I was laid up for four months with rheumatism. I tried Ballard's Snow Liniment; one bottle cured me.

I can cheerfully recommend it to all suffering from like affliction. 25c, 50c and $1.00. Sold by Z. C. M. I. Drug Dept., 112 and 114 South Main St. B

PAINTER SEEKS DAMAGES.

Damages in the sum of $15,000 are asked in a suit filed in the district court yesterday afternoon by Ben Olensinger against the American Smelting & Refining company and J. Oberlander. Plaintiff was engaged as a carpenter and painter at the company's smelter, and while painting the trestle which supported a huge crane on June 14, 1907, he alleges that Oberlander started the crane without warning and three of plaintiff's fingers on the right hand were cut off and the muscles of the arm so lacerated that he has lost the use of it entirely.

LOST AND FOUND.

Lost, between 9:30 p. m., yesterday and noon today, a bilious attack, with nausea and sick headache. This loss was occasioned by finding at Z. C. M. I. Drug Store, 112-114 So. Main Street, a box of Dr. King's New Life Pills Guaranteed for billiousness, malaria and jaundice, 25c.

BIG EXHIBIT OF ARID FARMING

Coming State Fair, Largest in Its History, Will Make Feature Of New Industry.

UTAH IS JUST AWAKENING.

Although Strongly Agricultural the State Will Develop Rapidly Through Scientific Cultivation of Lands.

The importance to Utah and the west of the development of arid farming is beginning to be realized by a great number of people. The heretofore wast stretches—waste places only because no cooling stream was near—are now utilized with splendid results. Large companies have been formed; huge engines and plows purchased, and thousands of acres of dry desert now bring forth abundantly of the good and substantial products of the soil. Some very excellent crops are being produced in this way.

Realizing the importance of the comparatively new industry to Utah, the directors of the Utah State fair have concluded to make a special feature of the arid farm exhibit. A prominent space has been assigned and an exhibit calculated to impress one with the fact that irrigation in Utah is not altogether necessary to success, will be made.

The average person reads of the wonderful accomplishments of dry farming, but only those who have taken special interest in the work can grasp the importance of arid farming, conducted along scientific lines. The displays will attract widespread interest. An arid farm exhibit will be but one of innumerable attractions, which are this year on a scale larger and more complete than on former state fair occasions.

President J. G. McDonald, Secretary H. S. Ensign and the corps of directors have been untiring in their efforts to make the coming fair the greatest ever held in the western states. The organization is finely organized, and energy has been expended in the interest of the coming great fair, the dates of which are Sept. 30 to Oct. 5.

AN OUNCE OF PREVENTION.

Is worth a pound of cure. There are many poor sufferers, Consumptives, who are hopeless of getting well—who, if they had taken care of themselves, would now be well. A cough is the foundation of Consumption. Ballard's Horehound Syrup will cure that cough. Mrs. S——, Great Falls, Montana, writes: "I have used Ballard's Horehound Syrup in my family for years—my children never suffer with coughs. Sold by Z. C. M. I. Drug Dept., 112 and 114 South Main St. B

JUDGMENT BY CONFESSION.

Judgement by confession has been entered in the district court in favor of the Parker Lumber company and against Albert Brewster and Thomas Oakey for the sum of $1,379.54, which they admit is the balance due the company for lumber and other building material bought by them between May 31, 1903, and Feb. 6, 1906.

CROUP.

Is a violent inflammation of the mucous membrane of the wind pipe, which sometimes extends to the larynx and bronchial tubes, and is one of the most dangerous diseases of children. It almost always comes on in the night. Give frequent small doses of Ballard's Horehound Syrup and apply Ballard's Snow Liniment externally to the throat. 25c, 50c and $1.00. Sold by Z. C. M. I. Drug Dept., 112 and 114 South Main St. B

TIMELY INFORMATION

The Jamestown exposition at Norfolk, Va., in its completeness, is, indeed, a handsome spectacle. Located, as it is, overlooking Hampton Roads, a short distance from Norfolk and Portsmouth, near Old Point Comfort, Hampton and Newport News, in a region full of historic interest and places; in a state which has always been a battleground; emphasizes the wisdom of its projectors, who, knowing the patriotic fervor of the great American people, also knew that they would generously patronize this most unique of expositions.

This is the first great exposition to be held at the seaside, in a beautiful country, and within the center of a populous civilization. The potency of the combination is obvious. Delegate, soldier, sailor, diplomat, and civilian meet there to commemorate the three hundredth anniversary of the nation's birth.

The Erie railroad offers to the exposition visitor an excellent train service with close connections at Marion, O., Peoria, O., Mansfield, O., Youngstown, O., Olean, N. Y., Elmira, N. Y., Waverly N. Y., and New York City.

A daily through sleeping car line is operated from Chicago on Erie train No. 8, leaving at 9:30 p. m., to Marion, O., via Hocking Valley to Columbus, thence Norfolk and Western train, leaving Columbus 8:00 a. m., arriving Norfolk 8:30 following morning.

The Erie equipment is comprised of comfortable, high back seat day coaches, the best Pullman drawing room sleeping cars, and Erie dining and cafe cars operated on the European plan; you simply pay for what you order.

Tickets can be purchased going one-way via New York, returning direct, or reading going and returning via New York and rail or steamer.

The routes embrace trips via Baltimore and Washington, thence various steamer lines.

In addition to stop-over privileges now permitted at Niagara Falls, Chautauqua lake, until October 15, if ticket is deposited on or before September 30th, (Jamestown or Lakewood), Cambridge Springs and Saegertown, stop-overs are permitted at any station on this company's lines, including stop-overs at New York at the later point for 10 days if desided. Stop-overs are permitted only within final return limit of ticket.

Are You Going on a Mission?

If so come to us for Photos as we will make you a special discount. Monroe Studio, 56 W. 2nd South. We will take rate tickets from any other studio.
