Panguitch Stake Conference.

The quarterly conference of the Panguitch Stake of Zion was held at Escalante on Saturday and Sunday, May 28 and 29. Brothers Jesse W. Crosby, Jr., and David Cameron, of the Stake Presidency, took charge of the conference, and the various wards of the Stake were well represented. An excellent spirit pervaded the several meetings and all present felt that much good had been accomplished.

The brethren who participated in the Saturday session spoke almost exclusively upon the first principles of the Gospel and upon the subject of salvation—what it means and how obtained. On Saturday evening a Priesthood meeting was held and at the same hour the Woman's Relief Society held its conference.

On Sunday morning reports from the different wards were presented by the Bishops and Counselors present. Almost exclusively the various quorums and organizations of the Church were stated to be doing efficient work. President David Cameron spoke upon the importance of proper spiritual food and upon the observance of our duties and obligations. The subject of tithing was dwelt upon in a most forcible manner, and those present were encouraged to greater zeal in the work.

On Sunday afternoon the sacrament was administered by the Escalante Elders' quorum. Following this a number of the brethren testified as to their personal knowledge of the truths of the Gospel and gave most excellent instructions. President J. W. Crosby, Jr., made the closing remarks, speaking of the importance of our constantly remembering that our acts are being constantly recorded. The effect of example upon the young, especially in view of the outside influences that are beginning to pervade Zion, was dwelt upon and marked attention showed that the effect of the address was felt by all.

In the evening a conference of the Y. L. M. I. A. of the Stake was held. The attendance throughout was unusually large which the scattered condition of the settlements and the state of the growing crops are taken into consideration, and the desire was expressed that whenever practicable, other conferences be held at this season of the Stake. ✓✓✓

THE OFFENDING BARBER.

Yesterday afternoon J. Haldeth, proprietor of the Cullen House barber shop, went before Commissioner Pratt to answer the charge of violating the Sunday ordinance, under circumstances somewhat detailed in the News. After hearing the defendant's plea, and County Attorney Murphy not having pressed for a heavy penalty, Commissioner Pratt said he would take into consideration the fact that the City Council passed a punitive resolution, which might be construed by those ignorant of the law as a repeal of the ordinances. The Council had no right to do this. No action it could take would positively interfere with the statutes of the Territory, and therefore the Council was as much liable to censure as was the defendant. He ordered Mr. Haldeth to pay a fine of $10, the costs in the case not being taxed.

SENT TO THE GRAND JURY.

W. M. Irvine, the local man who is alleged to have stolen valuable articles from a trunk at Carrigan's livery stables, was yesterday afternoon, after a preliminary hearing before Commissioner Pratt, bound over in the sum of $500 to await the grand jury's action.

Death of Another Veteran.

Allen Fox writes to us from Snowflake under date of May 26th, as follows: Another of the veterans of our Church passed away at this place on the 14th ult., namely, William Decatur Kartchner. Deceased was the son of John C. Kartchner, and Prudence Wilson, was born at Hartford, Montgomery Co., Penn., May 4th, 1826, and departed May 8th, 1892, having heard the Gospel the previous day for the first time. He was married to Margaret Jane Cannel in March, 1844, passed through all the sufferings and persecutions at Nauvoo, standing guard great part of the time during a six weeks' redn, and was stricken down with rheumatism. He could not move hand nor foot at the time of the martyrdom. He was called to go with the famous "Kimballs' Company," and through the operations of those in charge, was reduced, with many others, to distressing circumstances. It was only by a desperate effort that he and his wife were enabled to get away from the company, and work their way back to St. Louis. Here Brother Kartchner was well treated by his brother John, although not in sympathy in religious matters.

In the spring of 1848 Brother William and wife joined a company of Saints who were preparing to go to the Rocky Mountains, preferring the hardships and dangers of such a trip to remaining among a people who had abused him and his fellow Saints. This company was in charge of Captain William Crosby, and arrived in Salt Lake Valley July 28th, 1847—one year and three months from the time of leaving the State.

Brother Kartchner, who was a blacksmith by trade, labored very much as a pioneer in the settlement of new places in Utah and Arizona. He had been quite feeble in body and mind for the last two years, having almost entirely lost his sight. He always bore a strong and faithful testimony to the truth of the great latter-day work, and was a true and consistent Latter-day Saint. He first was died ten years ago. He leaves seventeen children and forty-three grandchildren to mourn his loss. The deceased was Eighty respected by all who knew him.

THAT PLAT E MUDDLE.

The Citizens' Adjustment Committee Make Their Report.

THEIR PLAN GENERALLY ADOPTED.

Block and Lot Lines Will Not be Disturbed to Any Great Extent.—Another Meeting Tonight.

A meeting was held by the property owners in Plat E, in the Nineteenth Ward meeting house Friday night, June 3rd, with a view to adjusting the difficulties which exist in regard to division lines in that part of the city.

John N. Pike was chosen chairman of the meeting.

Mr. E. L. T. Harrison, chairman of the citizens' adjustment committee announced that it was expected that City Engineer Dorchus would be present and state what the city was willing to do in the matter. There was no desire on the part of the city council to work a hardship on the property owners. On the contrary it was hoped that an amicable adjustment of difference would be made among all concerned. The city made three propositions, viz: First—That all blocks be made to conform to the official plat. Second—That the plat be made to conform to the lots and blocks. Third—A modification of the two previous propositions. The second proposition the committee considered by far the best as the property lines in that instance would not be disturbed to any great extent.

All those favoring that proposition have signed or will sign the following petition:

To the Honorable Mayor and City Council:

Gentlemen:—We, the undersigned owners of land in plat E, do hereby agree that the following described lots and blocks in said E, respectively respect that the boundary lines of said blocks conform to the lots and blocks, as accepted as the true existing lines of said blocks and recorded in the records of the official plat of Salt Lake City, Utah.

Following are the names of those who have signed the petition: E. L. T. Harrison, Isaac Batten, Owen Howard, Annie Brown, Turtel L. Torkelson, W. K. Brown, A. H. Benson, G. W. Willis, Geneve Johnson, Mrs. Linnet, H. A. Silver, David P. Thomas, Robert Bateman, A. H. Raleigh, Mr. Kimball, Mrs. Kimball, Robert Brown, Thomas Riddle, W. W. Riddle, J. W. Pendle, G. Ferris Pendle, C. L. Berry, George Hamlin, John H. Hamlin, Theodore M. Davis, Joseph Dean, Charles J. Jackson, William Ayres, James Sewell Armstrong and Charles H. Abbott.

Another meeting will be held at 7:30 tonight, at the same place.

Are Indian Ponies a Distinct Breed?

In reply to the query, "Are Indian ponies a distinct breed?" the editor of The Anaconda Standard says:

Indian ponies are certainly a distinct variety, or, as some call it, race. Indians do not breed their ponies for color, beauty or golden hands, unlike here in America that appears to be the greatest aim of breeders. In fact the best ponies are dark, and there are black ones (what appear to be black) bred there too. We notice this fact while there, and he it was called the attention of the gentlemen who are interested in the "Indian pony." Did he have an idea "spirit" any more than any other animal or plants.

False Economy

Is practiced by many people, who buy inferior articles and call because cheaper than standard goods. Infants are entitled to the best food obtainable. It is a fact, that the Gail Borden Eagle "Brand Condensed Milk is the best infant food. Your grocer and druggist keep it. 2 sat

FAST TIME.

The Celebrated "Pennsylvania Limited" Time Series by the "Burlington."

The Burlington has made another notable record in fast train service between Denver and Chicago, reducing the time to twenty-eight hours. Its new train, known as the "Chicago special," leaves Denver at 9 a.m. and arrives in Chicago at 3:15 p. m. the next day, making the run after deducting one hour for change from mountain to central time, in twenty-six hours.

The time between Denver and Omaha is thirteen hours and forty-five minutes, and all trains, whether East or West bound, are verificated throughout and are made up of through sleepers, chair cars and buffets. Bind up when the modern designs and latest improvements of the Pullman Company.

The Burlington has now Four Fast Flyers (F. F. F.'s) between Denver and Chicago, and the service may well be added. How can such phenomenally fast time be made with no accident of any character and with the safety and comfort of its passengers absolutely assured?

The answer is found in its excellent roadbed, superior equipment and men. The power, and in the perfect system of its operating department and in the uniform courtesy of its employes.

Be sure your tickets read "via Burlington route." For further particulars inquire of E. C. WALKER,

The Mountain Ice & Cold Storage Co. desire to inform the public that the ice and ice pools referred to by the Board of Health are Mountain Company ice in their respects to the City Council at its session on the evening of May 19th last, are not those of the Mountain Ice & Cold Storage Co., who only sell either artificial ice made from distilled artesian water or ice gathered in Parley's and Cottonwood Canyons.

The ice consuming public may safely patronize the Mountain Ice & Cold Storage Co., as they do not handle ice gathered on low lands, in ponds contaminated by sewage from fifty thousand people, as the Board of Health claims, the Mountain Company ice is gathered in
