NEWS OF THE WEST.

An Artful Move by Chinese Cigar Makers in San Francisco.

A BOY BURGLAR AT HIS WORK.

An Expected Industry for Mt. Pleasant.—A Flood in Laramie, Wyo.—Wife Murder and Suicide.

High waters and floating ice have carried out many bridges along the Platte river, Wyoming.

More real estate changed hands in Lusk, Wyo., during last month than in the past three years previous to that.

A band of about 200 antelope is said to be ranging in the hills between the Paint Rock and Nowood in the southeast of Bonanza, Wyoming.

The farmers of Montrose, Colorado, have sent to Manager F. R. Cutler of the Lehi sugar factory, for a large amount of sugar beet seed.

There was a big snowshoe tournament on Casper mountain near Casper, Wyo., the other day. Several of the contestants received hard falls, but no one was seriously injured.

Another industry which is expected to swell the growing [illegible] Pleasant is said to be the manufacture of calcimine. Parties are making preparations with this end in view.

J. V. Demuth, the Pacific express agent at Pocatello, Idaho, for the past five years, has just died of spinal meningitis. Mr. Demuth was highly thought of by the officials of the express company.

A fire at Newcastle, Wyo., burned Mary Miller, a woman of the town, to a crisp. A coroner's jury returned a verdict to the effect that the victim came to her death by suffocation while under the influence of liquor.

At a meeting of the stockholders of the Box Elder Premier Creamery, it was decided to commence operations as soon as possible and run the creamery to its full capacity, provided sufficient milk could be obtained.

Edward Sterritt, a physician of Auburn, Nevada, on Thursday shot his wife and killed himself. Mrs. Sterritt left her husband without assigning any reason. He met her on the street, and without saying a word drew a revolver and grappling the woman by the throat forced the weapon into her mouth and fired. He then turned the revolver upon himself. The woman is fatally wounded.

John Toolson, recently tried and convicted in the district court at Virginia, Nevada, of embezzling $2800 from Wells, Fargo & Co, while acting as their local agent and sentenced to serve five years in state prison, but set at liberty on filing a $5000 bond pending an appeal to the State supreme court, has been surrendered to the sheriff by his bondsmen and taken to prison.

Empire was treated to a burglary the other night, according to the Carson (Nevada) *News*. A young boy from Virginia, who has been hanging around the town for a long while, broke into Longabaugh's barn and made off with a horse and saddle. Detective Oliver Longabaugh got on his trail and found the boy and the missing articles near Sutro. The young criminal was turned loose and warned never to show up in Empire again.

A flood of water came down from the eastern hills on Wednesday evening, says the Laramie *Boomerang*, and found its way into the springs east of the city and filled the main and supply pipes. People have had to strain the water and boil it. Spring creek was also overflowed and that part of the city around the park submerged. The warm weather of the previous day dissolved the snow on the hills suddenly and it came down in a torrent.

James C. Richer, late of Burke City, Idaho, where he was a member of the miners' union, was brought in from Cerillos on Thursday to Santa Fe, N. M., and committed to jail in default of $2000 bail, on the charge of using the United States mails for fraudulent purposes. At the hearing letters were shown which Rickers had written to numerous citizens offering to send green goods by express, C. O. D., at the rate of $1000 for $50 in good money.

A sweeping prairie fire ran over the country around Oxford, Nebraska, on Thursday, burning hay, stables, trees and fences, but no lives were lost so far as heard from. A vast area of several thousand acres was turned over. The fine orchard of Dr. Briggs was entirely killed, also several groves and hundreds of tons of hay. The fire was caused by some farmer's carelessness in burning stalks and the wind raising. A great many narrow escapes are heard of, and hard work saved many buildings.

Frank Kelly was liberated from the penitentiary a few days ago, having served out one year for committing a burglary in this city. Today he is a raving maniac, and is now safely lodged in jail. He bored a straight jacket and tried to dash his brains out against the iron cell. He was subdued by main force and lashed to a cot. He imagines he is a brother of W. H. Vanderbilt, and will probably be examined today and committed to the Warm Springs.—Butte (Mont.) *Inter-Mountain*.

A young man about twenty years of age, named Adolph H. Nessen, of Honeyville, was taken to Brigham City a few days since, and upon examination of Drs. Carrington and Davidson, declared to be insane. Several years ago his feet were badly frozen and it was necessary to amputate his toes to save them. It appears that insanity runs in the family, as he has an elder brother who is also insane. Adolph's one mania seems to be that he imagines everyone should have their toes cut off because his has been. He is now in Provo asylum.

H. G. Sullivan, sheriff of Victoria county, Texas, passed through Cheyenne, Wyo., on Thursday afternoon, having in charge Dan Bullock, arrested for assault in that county in 1889. Bullock was captured at Wallace, Idaho. The complaint is that he, in company with two other men, went to a farm house, forcibly seized the husband, carried him out into the orchard, gave him 100 lashes and tied him securely to a tree. They then accomplished assault upon his wife. Bullock's two companions were captured and are now serving out a sentence in the penitentiary.

On Thursday afternoon while Mr. Talbot, his son and Brig Armstrong were coming up from Spring City on a handcar, and just about a mile this side and going at a lively rate, the car struck a boar, throwing it from the track, Mr. Talbot's head striking on the rail and receiving an ugly gash and rendering him unconscious. He was put back on the car and brought to Mount Pleasant, where his wounds were dressed by Dr. Allen, six stitches being required to close up the cut. Nothing serious is expected.—*Mount Pleasant Pyramid*.

The Chinese cigar-makers of San Francisco are successfully counterfeiting the blue label which identifies cigars as a white labor production. Secretary Van Guelpin of the Cigar-makers' union has had Fung Jung arrested, charged with manufacturing and selling goods under false pretenses. Van Guelpin bought cigars directly from Fung Jung, with the blue imitation white-labor label upon them. The boxes have other labels and stamps, alleging among other things that the contents were made by a member of the "Spanish Cigar-makers' Union of America, an organization opposed to inferior rat shop, coolie, prison or filthy tenement-house workmanship." Secretary Van Guelpin found that saloons in the northern part of the city were filled with these cigars, which have been sold by white drummers, who represented that the goods were made by union labor.
