LAST NIGHT'S DISPATCHES

EASTERN.

WASHINGTON, 21.—Gen. Schofield telegraphs that he has every confidence in his troops, and is doing everything possible to make successful the movements against the Modocs, whom he believes still in the lava bed.

Governor Kellogg informs the Attorney General that matters are quiet in Louisiana, except in four or five parishes, and his request for troops to be sent thither was to prevent a possible outbreak. He denies that he sent commissions to the fusion officers in Grant parish, or any other than those first commissioned. Taxes are being collected rapidly. During the first quarter of the present year the amount collected was $354,000 against $183,000 in the corresponding time of last year.

PHILADELPHIA, 21. — Eight freight cars, laden with flour, tobacco and miscellaneous goods, on the way to New York from the west, were broken open here last night and robbed; the amount of property taken is not known.

WASHINGTON. — Reports have been sent here that Secretary Delano contemplates retiring from his office, having already prepared his resignation. The Secretary pronounces the story untrue.

At the conference here, last fall, with the Kiowas, the government promised to exercise its good offices with Governor Lewis for the release of Santanta and Big Tree, but owing to the Modoc massacres and the excitement consequent thereon, their release is not advised. The President and Secretary of the Interior have control of the matter.

WASHINGTON, D. C.—The Court of Claims, to-day, rendered judgment against the U. S. in favor of Senator Alexander Caldwell, for $300,869 on contract for army transportation in Nebraska in 1866; Chief Justice Drake dissented.

The Commissioner of Indian Affairs has gone to New York city to open bids for furnishing the Indian annuity goods and subsistence supplies. The subscriptions for the annuity goods will be opened to-morrow, and those for the subsistence supplies on the 29th instant.

PROVIDENCE, R.I.—The Railroad Commissioners have ordered an investigation into the late railway disaster.

The recovery of nearly a quarter of a million dollars in U. States bonds, which had been obtained by McDonald *alias* Bidwell and his associates in the late bank of England forgeries was effected to-day, the facts concerning which are as follows:

On the 5th of March last a trunk, said to contain wearing apparel, old and in use, was was delivered at the office of the North Atlantic Express Company, No. 4 Marietta street, London, by a person calling himself C. Lessing, of Tunbridge Wells, England, and addressed to Major George Matthews, New York, to be kept in bond at the Express office, No. 21, Broadway, New York, until called for. The trunk was duly forwarded by the Express Company, and reached New York by the steamship *Cuba*, which arrived March 20th, and was kept in bond by the Company as per instructions until Saturday last, when a woman calling herself Mrs. George Matthews presented an order for U. S. delivery at the Express office, duly signed "Geo. Matthews." In the meantime the counsel for the Bank of England had received some information in regard to the trunk which led to its detention by the Company until to-day, when it was taken possession of under an order of the Supreme Court by Nathaniel Jarvis Esq., receiver in the Bank of England forgery case, and, on being opened and examined, was found to contain a quantity of wearing apparel, *old and in use*, two gold watches, several miscellaneous articles and 8 packages of U. S. 5-20 and 10-40s bonds rolled up in soiled linen, amounting in all to $220,905. The bonds were found to be identical in class and in amounts and numbers with those advertized by the Bank of England as having been obtained by the Bidwell forgeries, and in the trunk were found cards and a card plate, with a memorandum bill, &c., showing conclusively that it had been shipped by and belonged to him. Out of three hundred thousand dollars obtained from the Bank by these forgeries, all but about $30,000 has been recovered.

WASHINGTON.—The department of State has received information to the effect that six thousand additional square feet of space has been allotted to the American department of the Vienna Exposition, and that the articles from the United States intended for exhibition, will be received until the 10th of July next.

In conversation Secretary Delano said that did the Modocs escape from the lava beds he did not believe that they would form coalitions with other bands for hostile purposes, as there are no unfriendly Indians in that neighborhood.

It appears that the reported resignation of Delano arose from a typographical error, his name having been printed for Delong.

RICHMOND, Va.—The anniversary of the proclamation of the 15th amendment was celebrated here to-day with more than usual pomp by the colored people. The procession was the largest ever witnessed in Richmond on any occasion.

AMITE, La.—A hundred metropolitan police from New Orleans, armed with Winchester rifles, arrived here last night, and installed the Kellogg recorder and parish judge in this parish, to-day. The party of metropolitan police went to Greensburg this a.m.

ST. LOUIS.—The President, Mrs. Grant and Miss Nellie, accompanied by about 40 gentlemen and ladies, went on an excursion to Kirkwood, whence the party took the branch line of the Atlantic and Pacific road to Carondolet, where they made an inspection of the iron furnace and rolling mill; and thence were taken to the residence of the Hon. H. Y. L. B. Low, and after partaking of an elegant collation, returned to the city by the Iron Mountain railway. To-night a reception was given to Miss Nellie at the residence of Indian Commissioner Campbell, which, although quiet and private, was numerously attended. Later in the evening a serenade was given to the President at the same place.

FRANKFORT.—A riot occurred here to day, which lasted the whole of the p. m., and is now only kept from breaking out by the military. The wrath of the mob was directed against the beer sellers, and several beer houses and breweries were gutted. Troops were called out and dispersed the rioters, but a renewed disturbance is feared to-night. Shops are closed and the soldiers occupy the squares and guard the breweries. Several persons were injured, but no deaths are reported. The military did not fire on the crowd.

CINCINNATI. — Thirty-nine of forty-three men employed by the Gas Co., have struck for higher wages and less working hours to-night. They have been getting two and a half, and they demand three dollars per day.

NEW YORK.—The Tammany Society, to-night, elected the following sachems: John Kelly, John W. Chandler, Samuel J. Tilden, John Fox, Thomas Dunlap, Nathaniel Jarvis, J. A. Brown, S. Hewitt, Abraham R. Lawrence, Wm. C. Conner, Miles B. Andrews, Edwd. L. Donnelly, James B. Nicholson and Wm. H. Wickham.

A curbstone broker, Charles G. Hampton, was arrested to-day for having in his possession $50,000 in Pennsylvania and Western railroad securities, said to have been stolen. Hampton was arrested while offering a portion of the bonds to Fitch, Otis & Co., Pine St., which were stolen from a Pittsburg merchant.

WESTERN.

SACRAMENTO, 21.—A slight collision between the sand and freight trains occurred this morning. Twelve sand cars were damaged.

An ordinance is introduced in the board of the city trustees prohibiting the carrying of deadly weapons in the city.

R. H. Babbitt, escaped from Stockton, was arrested here this a. m.

TEHAMA, Cal.—A desperate affray occurred at Raiscenter, three miles from this place, yesterday morning, between two men named Dennis and Pratt, in which Pratt was shot and killed and Dennis badly cut with a knife, there being little or no hope of his recovery. A dispute arose in regard to a sheep range, and they came to blows, and then engaged in a rough and tumble fight, in which Pratt drew a small knife and cut Dennis across the abdomen, so that his bowels protruded. Pratt then broke away and ran into the house. Dennis arose and surveying his condition, drew a large derringer pistol, and rushing in after Pratt shot him through the head. They then clinched, but Pratt died in a few seconds in Dennis' embrace.

NEVADA, Cala.—Last night an affray occured in a house of ill fame in this city, which resulted in the shooting and probably the mortally wounding of Harry Roberts. The shooting was done by Kate Hess, whose intention was to shoot Bell Butler, an inmate of the house, but by mistake she shot Roberts. Hess is under arrest.

SAN DIEGO, 21.—The ground will be broken at noon to-day on the Texas Pacific railway. The tract known as the railway land, in the southern corner of the city, is the initial point of the work. The route to be adopted is yet unknown, but the probabilities are that the route through San Gorgino pass will be the one.

SAN FRANCISCO.—The board of fire commissioners met at 3 p.m. to-day, and elected F. E. R. Whitney, Chief Engineer, in place of Con. Mooney. Wm. Martin was elected Secretary of the board of fire commissioners. No President was elected. The Chief Engineer was authorized to redistrict the city if he deemed it necessary. Scannel requested to be relieved at once.

Thos. Chandler, who shot himself in the hand a few days since, is reported to be in a critical condition from the effects of the wound.

WEST INDIES.

HAVANA, 19.—Pieltan, the new Captain General of Cuba, arrived yesterday, and was received with the usual formal ceremonies. An immense concourse of citizens witnessed his disembarkation. Not a cheer was uttered, not even for Spain. General Pieltans first measure will probably be the ordering of an election for deputies to the Cortes. At a reception given he said he hoped he would soon be able to finish the rebellion with the aid of the loyalists. He issued a proclamation addressed to the soldiers, people, and volunteers. He says the soldiers will be called out to operate in the field all the time that it is possible; he wants peace to make another campaign to crush the insurrection. To the people he says his mission is a difficult one, it is to restore peace so that you can fully enjoy liberty which, as part of the original nation, now also free because it has become republic, you have the right to enjoy. He will require the co-operation of everybody, that justice may be realized everywhere. To the volunteers he says, "I appreciate your patriotism, loyalty and advice, and count on your active co-operation. I will always act as a loyal Spaniard and give you my confidence, consequently you must trust me. United, our difficulties will soon decrease and we will soon restore peace. If the insurgents repent we will receive them with open arms as friends. If they prefer to be enemies we will combat with them unceasingly."

General Primo Riva has resumed the Captain Generalship of Porto Rico.

EUROPEAN.

BARCELONA, 21.—Several persons known to have served recently in the Carlist ranks have been arrested in this city.

MUNICH, 21.— The funeral of Baron Liebig took place here yesterday; it was attended by a large number of distinguished persons, including Dr. Dollinger.

HAGUE, 21.—The government has received dispatches from Sumatra, announcing that at a council of war before the Achitnie it had been resolved to suspend operations until after the monsoon, in autumn, the receipts of supplies from seaward until then being precarious. The blockade of the city, however, will be maintained until the resumption of active hostilities.

PARIS, 21.—Col. Stafiel has announced himself a candidate for the vacancy in the National Assembly from this city.

A Mormon Policeman.

At Ogden I formed the acquaintance of a member of the police force on duty at the station. The uniform consisted in the letter P, with a star on the breast. He showed patience and tact in dealing with a large number of roughs waiting for the train to move on, who beguiled the time drinking, spitting, gambling, swearing, and tall talking. There was a great deal of humor with the blasphemy of these miners, drovers and rovers. On the gold fields of Victoria, at the Great Rush, when we had a queer gathering from all quarters, I did hear some oaths; but for volume, combination and ingenious use of oaths, there could be nothing to approach that Gentile assemblage at Utah. My police friend called my attention to this and other exponents of character as an illustration of the bad teaching of the so-called Christians. Mr. P. Star enlightened me upon Mormon doctrine. He spoke with much earnestness, and, for a plain man, with a considerable knowledge of his subject. He was thoroughly up in the Scripture; but then he was brought up a Calvinistic Methodist in Wales. I was certainly impressed with his thorough sincerity. Our conversation extended over a couple of hours. He went all over the Mormon ground. He had, with the entire approval of *number one*, added a second wife to his domestic establishment, and assured me that both were godly women, happy with each other, and a great comfort to him. I told him that a London policeman had not pay enough to keep a couple of families. He pitied his brother officers, and was thankful for his own superior mercies. When the train was about to move off, the worthy man came to shake hands with me, and fervently implored heaven's blessing on my behalf. In my many rambles I have met with few strangers for whom I have entertained more respect than for the Welsh policeman at Mormon Utah.—*J. Bonwick's "The Mormons and the Silver Mines."*

The colored Republicans of Louisiana held a meeting lately, and resolved that they had confidence in President Grant, Durell, Kellogg, Pinchback, etc., but at the same time showed that they were not satisfied with the situation of things. They intimate pretty clearly that they will not quietly be left out in the cold. They claim to represent the intelligence and refinement of the Republican party.

☞ A COUGH, COLD OR SORE THROAT, requires immediate attention, as neglect oftimes results in some incurable Lung Disease. "*Brown's Bronchial Troches*" will almost invariably give relief.

Cure for All!—Never Despair!

E. L. PLANT.

Bronchitis, Diptheria, Coughs, Colds, and all Derangements of the Throat and Chest.

In any of the above diseases, immediate and permanent relief is obtained by effectually rubbing this detergent Ointment twice a day upon the neck, chest and back, and in all stages of influenza, settled coughs, and wheezing at the chest, the same treatment may be followed with efficiency and safety.

Bad Legs, Bad Breasts, Old Sores, Wounds, and Ulcers.

By rubbing this Ointment perseveringly upon and around the affected parts twice a day, it will penetrate to the tissues beneath, and exert the most beneficial influence: the inflammation soon diminishes, the pain becomes less intolerable, the matter thickens, and a cure is soon effected. In all long standing cases Plant's Pills should also be taken, as they greatly assist in expelling all depraved humors from the body.

Skin Diseases of all Kinds.

In this class of complaints, no matter the age, the sex, the place, or under what name the disease may be classified, immediate ease, and ultimate cure, may with certainty be procured, if this Ointment be plentifully rubbed upon the part affected, while Plant's Pills are taken in appropriate doses, night and morning, to purify the blood.

Gout, Rheumatism and Glandular Swellings.

Every one suffering from these excruciating complaints should have recourse to these purifying remedies, as they have rescued thousands from a life of torture, after all other means had failed to give them relief. The Ointment and Pills used conjointly will act so searchingly and certainly, as to effect cures in the most hopeless cases.

Piles, Fistulas, and Internal Inflammations.

Persons afflicted with these distressing complaints will find in this wonderful Ointment instant means of relief, and all can effect their own cure without explaining their infirmity to any one. Plant's Pills, if taken in small doses, greatly assist the Ointment, as they purify the blood and regulate the stomach in an extraordinary manner.

Both the Ointment and Pills should be used in the following Complaints:

Bad Legs, Bad Breasts, Burns, Bunions, Chilblains, Chapped Hands, Contracted and Stiff Joints, Corns (soft), Fistulas, Gout, Glandular Swellings, Lumbago, Piles, Rheumatism, Sore Nipples, Scalds, Sore Throats, Skin Diseases, Scurvy, Sore Heads, Tumours, Ulcers, Wounds.

The Ointment and Pills are sold at Professor Plant's.

The Ointment is sold in pots at $1 and $2; the smallest Pot of Ointment $1; the smallest Box of Pills $1, which contains four doses. Sent to all parts. Full printed directions are affixed to each Pot and Box.
