BEAUTY:
OR, THE
Secret of a Fair Face
An Item of Interest to Every Lady who Desires to be More Beautiful than she now is.
Unfortunately not one woman in a hundred, subjected to the whims of an American climate possesses that basis and charming point of real beauty—a pure and clear complexion.
What nature has thus denied, art must be called upon to furnish.
It can be done; it is done daily. Prof. W. R. Hagan placed beauty within the reach of every unblessed daughter of Eve when he discovered that surprising article known in fashionable circles as the true secret of beauty, and called
MAGNOLIA BALM
The MAGNOLIA BALM is a sure device for creating a pure and blooming complexion.
It conceals all natural blemishes in the most surprising and effective manner.
It removes all roughness, eruptions, redness, blotches, freckles, and tan with magical power.
It drives away all evidences of fatigue and excitement.
It makes the plainest face beautiful.
It gives the complexion a dazzling purity and makes the neck, face, and arms appear graceful, rotund, and plump.
It makes a matron of 35 or 40 look not more than 20 years old, and changes the rustic maiden into a cultivated city belle.
The Magnolia Balm removes all blemishes and ensures every drawback to beauty; and, while it is as harmless as water, it is so life-like in its effects that the closest observer cannot detect its use.
Ladies who want to make themselves attractive can make an absolute certainty of it by using HAGAN'S MAGNOLIA BALM, and we know of no other way. It is the cheapest preparation in the world, all things considered, and may be had at any drug store.

Freight Trouble.

NEW YORK, 7.—There are no new developments in the Pacific steamer differences to-day. The Mail Company having decided to make the rate for dry goods at $5 per hundred to all shippers, there has been a general rush, and from appearances there will be nearly as much freight left behind as will be taken forward by the steamer on the 9th.

Billiard Match.

A fifteen ball pool match for $250 a side and the championship of the United States between Cyrille Dion and Wahlstrom, the Swede, took place to-night. The terms were the "winner of twenty-one games out of forty. The match was decided in thirty-five games, the Swede winning twenty, Dion fourteen. The Swede had the game in hand from the start.

Bankers' Association.

SARATOGA, 7.—The bankers' Association begun its annual session to-day. Secretary Sherman and the Commissioner of Internal Revenue sent letters regretting their absence. R. C. Hale, cashier of the State national bank, Keokuk, read a paper on subsidiary silver coinage, holding that Congress should provide for the redemption of subsidiary in legal tender coin. This would relieve banks of the fear of accumulating unavoidable funds and give currency to coin, extending its circulation to the profit and convenience of the people.

J. D. Hayes, of Detroit, read a paper on hard times. He said: Tell us to invest $1 to $50,000,000 that will pay expenses and bring back 5 per cent. and the money stands waiting ready and anxious to step into business. There are $2,500,000,000 in railroad bonds and stocks which pay their owners nothing. There are $500,000,000 in iron furnaces, manufacturing establishments, and $600,000,000 in shipping, hopelessly tied up. Shall we clear the forests of lumber and convert it into money?

The Greenback Party.

WASHINGTON, 7.—The members of the greenback party who assembled here on Tuesday, state in their declarations of principles, that United States bonds should bear the burden of government equally with all other property, and any legislation that exempts said bonds from taxation is unjust and oppressive; a full legal tender currency for all is favored—a currency alike in value in every man's hands; the unconditional repeal of the resumption act; the lawful liberation of coin boarded in the Treasury and the removal of all restrictions to the coinage of silver are demanded. Realizing that specie never can be sufficient to supply the commercial demands of the country, the issue of Treasury notes to such an extent as will fully satisfy the requirements of trade is favored, such note to be made full legal tender. The retirement of bank currency and the substitution of greenbacks is demanded; the further issue of interest bearing bonds, on any account, of any rate of interest by the government, is opposed, and while monopolies, subsidies and special privileges are opposed, a judicious expenditure of Treasury notes on internal improvements and the construction of such rail highways as will furnish protection to our maritime frontiers and open new markets for the productions of American industry is favored.

An Armed Mob.

NASHVILLE, Tenn., 7.—A hundred armed horsemen went to the jail at Franklin last night, broke it open, took thence Salvin Beatty (colored), agek 18, charged with having raped a 6 year old daughter of Daniel Christmas, a prominent citizin, while returning from school last Friday, hung him, as is supposed, and left his body no one knows where.

A later dispatch says he escaped and the officers now have him.

Reduced Salary.

CHICAGO, 7. — The *Tribune's* Washington special says: The last House reduced the pay of the superintendent of the railway mail service from $4,000 to $3,500, cut off his assistant and cut off the allowance for his incidental traveling expenses. Consequently Vail, the superintendent, last month spent more in traveling than his salary amounted to, and will place his resignation in the hands of Postmaster General Key. The latter is reluctant to accept it, but it does not appear that he can arrange for any increase in the compensation and Vail is very apt to retire.

The Illicit Distillery Difficulties.

The *Journal's* Washington special says: Information has been received here of the arrest of several more illicit distillers in South Carolina and their release on bail.

The Charleston *News and Courier* received here to-day, publishes a significant letter from Picken's Court House, in relation to the revenue troubles there, and representing that the people of that country are greatly excited over the report that the federal authorities intend to protect the revenue officers and release those who are now in jail in Greenville. The letter says: A thrill of horror has gone through the hearts of the noble, peaceable, and law-abiding citizens of this country, who have already had visited upon them so much oppression and tyranny by the revenue officers, at the very idea of a case of so much magnitude being forced out of the State courts by the United States authorities. The people here have a profound conviction that the federal courts have no jurisdiction in the case. Should the worst come, and the case be forced out of the State courts, I greatly fear our people will conclude, as they certainly will have just cause so to do, that forbearance has ceased to be a virtue, and notwithstanding their devotion to law and order, will, to a certain extent, take the law into their own hands and protect to the utmost of their feeble ability their lives, liberty, and property. We shall hope for the best and be prepared for the worst that comes.

Wool Market.

BOSTON, 7.—In wool considerable inquiry continues for combing and delaine fleeces, and all available lots were sold as fast as graded or contracted for ahead. Clothing fleeces were in fair request, but for them the demand was not active. Holders, however, were quite firm, particularly for fine fleeces, which the mills here will use more freely than for some previous years. Sales of Ohio and Pennsylvania fleeces, 36½ @ 39 for No. 1 X, XX and above. Wisconsin and Michigan fleeces, 34 @ 37. Combing and delaine selections, 40 @ 42½ for washed and 30 for unwashed. Very choice selections bring an advance on the latter rate, but for the best average lots 42½ is about all that can be obtained. California wool is in fair request and steady; sales 20 @ 30 for choice northern. Spring is worth 28 @ 30, mostly in delain; pulled wools are quite steady at 28 @ 40 for super and X.

Arrested.

SPRINGFIELD, Mass., 7.—H. H. Kempton, financial agent of South Carolina, was arrested at Westfield, this afternoon, and passed the night in the lock-up with tramps and drunkards. Kimpton says he has been negotiating for a settlement in New York, has been willing to submit his accounts to arbitration, is the victim of political presumption, and that the State owes him $14,000.

Grasshoppers on the Fly.

BISMARCK, 7.—The grasshoppers are flying east; have done much damage. They cannot damage the Minnesota crops seriously this season.

FOREIGN.

GREAT BRITAIN.

Magazine Explosion.

LONDON, 7.—A Russian magazine exploded to-day at Fmfesti, Roumania, killing numbers of persons and doing great damage to property.

Tobacco Monopoly.

Berlin dispatches say: The principal question to be considered at the conference of the German finance ministers at Heidelberg is the expediency of establishing a tobacco monopoly. Proposals have been submitted for laying a tax on petroleum and an increase of the duties on coffee, sugar and tea.

Outbreak of Natives.

A dispatch from Singapore says: There was a fresh outbreak of natives at Acheen. The Dutch troops attacked and captured a strong position with a loss to the natives of 680 and to the Dutch of 56.

Increase of Fever.

At Cyprus fever is increasing alarmingly. Forty members of one of the British regiments have been attacked.

Herzegovinian Insurgents.

Three thousand Montenegrins have joined the lusurgents in Herzegovina. There are indications of an intention to proclaim a holy war in Bosnia.

The Austrian Advance.

A Vienna dispatch says: The Porte has given special instructions throughout the provinces not to oppose the Austrian advance.

Austrian Occupation.

A Vienna dispatch says: Caratheodori Pasha has confidentially confessed that his latest instructions were to insist upon fixing a limit to the Austrian occupation of Turkish provinces, consequently he had no prospect but that of quitting Vienna unsuccessful.

The Rhodope Insurgents.

A Pera dispatch says: That two delegates from the Rhodope insurgents have sent a memorial to Minister Layard, signed by the chiefs of 200 villages, declaring they will resist to the last man, the enforcement of the decision of the Berlin congress.

CENTRAL AMERICA.

Fever Among the Laborers.

PANAMA, July 29.—A virulent fever has broken out among the American laborers on the Madeira and Mamore railroad, Brazil, and numbers of them are dying daily. The laborers were taken out by Collins & Co., of Philadelphia.

Expulsion of Jesuits.

There is an agitation in Equador owing to the expulsion of Jesuits. A large meeting in Guayaquil condemned fanaticism, demanded the "frailes" be banished, and protested against the action of the recent convention at Ambato in denying religious liberty.

WEST INDIES.

Address to the King.

HAVANA, 7.—Cuban merchants and planters to-day filed an address to the King of Spain, laying before him the injury inflicted by the island and Spanish vessel owners by the high duty levied on sugars in Spain.

Yellow Fever.

There were 104 deaths from yellow fever and 63 from small-pox in Havana in July.

GERMANY.

Unreliable.

BERLIN, 7.—The *North German Gazette* says: The newspaper statements in regard to a conference at Kissengen between Bismarck and the papal nuncio are unreliable. There is great probability that the concessions mentioned in those statements are not feasible.

FRANCE.

The Volunteer Fleet.

PARIS, 7.—The *Estafete* states: That in consequence of the complaint of a Russian naval officer that the vessel purchased in the United States for 700,000 roubles for a volunteer fleet, was not worth half that amount, and inquiry was ordered, resulting in the discovery that of 5,500,000 roubles subscribed to the volunteer fleet fund, more than half of the sum found its way into the pockets of the organizers.

Treaty of Commerce.

The Franco-American conference for the consideration of a treaty of commerce took place to-day. About 40 American delegates were present and nearly all the chambers of commerce in France represented. The general indication was a desire for a treaty. The preliminary draft of a treaty was referred to a committee who will report on Friday.

GREECE.

The Cretan Insurrection

ATHENS, 6.—A telegram from Canea states: That the British consul has informed the Cretan Assembly that Great Britain will endeavor to obtain a reformed system of government. The Crete consul strongly urged the Cretans to abstain from acts of hostility. The latter still retain their defensive positions.

BRITISH AMERICA.

Brewery Burned.

MONTREAL, 7.—Oland's brewery was burned to-day; the loss is not stated; insurance $33,000.

Let all persons take due notice and govern themselves accordingly.
