A MAN

WHO IS UNACQUAINTED WITH THE GEOGRAPHY OF THIS COUNTRY, WILL SEE BY EXAMINING THIS MAP, THAT THE

CHICAGO, ROCK ISLAND & PACIFIC R. R.

IS THE GREAT CONNECTING LINK BETWEEN THE EAST AND THE WEST!

Its main line runs from Chicago to Council Bluffs, via Omaha, passing through Joliet, Ottawa, La Salle, Geneseo, Moline, Rock Island, Davenport, West Liberty, Iowa City, Marengo, Brooklyn, Grinnell, and Des Moines, (the capital of Iowa) with branches from Bureau Junction to Peoria; Milton Junction to Muscatine, Washington, Fairfield, Eldon, Belknap, Centreville, Plano, Leon, Trenton, Gallatin, Cameron, Leavenworth, and Atchison; Washington to Sigourney, Oskaloosa and Knoxville; Oskaloosa to Farmington, Bonaparte, Bentonsport, Independence, Eldon, Ottumwa, Eddyville, Oskaloosa, Pella, Monroe, and Des Moines; Des Moines to Indianola and Winterset; Atlantic to Audubon and Avoca to Harlan. This is positively the only railroad which owns, controls and operates a through line between Chicago and Council Bluffs, Leavenworth, or Atchison for Two Dollars and Fifty Cents; and is section for Five Dollars, while all other lines charge between the same points, Three Dollars for a double berth, and Six Dollars for a section.

What will please you most will be the pleasure of enjoying your meals, while passing over the beautiful prairies of Illinois and Iowa, in one of our magnificent Dining and Restaurant Cars that accompany our Express Trains. You get an entire meal, as good as is served in any first-class hotel, for a center-five cents; or you can order what you like and pay for what you get.

Appreciating the fact that a majority of the people prefer separate apartments for different purposes, and the enormous passenger business of this line warrantingit, we are pleased to announce that this company runs its PALACE SLEEPING CARS for sleeping purposes, and its PALACE DINING CARS for Eating purposes. One other great feature of our Palace Cars is a SMOKING SALOON where you can enjoy your "Havana" at all hours of the day.

Magnificent Iron Bridges span the Mississippi and Missouri rivers at all points crossed by this line, and transfers are avoided at Council Bluffs, Leavenworth and Atchison, connections being made in Union depots.

SANFORD'S RADICAL CURE For CATARRH

A purely vegetable distillation entirely unlike all other remedies.

IN the preparation of this remarkable remedy every herb, plant, and bark is subjected to distillation, whereby the essential medical principle is obtained in vapor, condensed and bottled. What remains in the still is inert, valueless, and totally unfit for use in or even in contact so delicate as the nasal passages. Yet all snuffs are insoluble compounds of woody fibre; all tinctures, saturated solutions.

SANFORD'S RADICAL CURE

Is a local and constitutional remedy, and is applied to the nasal passages by insufflation, thus allaying inflammation and pain and at once correcting, cleansing, and purifying the secretions. Internally administered, it acts upon the organs of circulation, keeps the skin moist, and neutralizes the acid poison that has found its way into the stomach and thence into the blood. Thus a cure progresses in both directions, and it does not seem possible for human ingenuity to devise a more rational treatment.

SURPRISING CURE.

Gentlemen.—About twelve years ago, while travelling with Father Kemp's Old Folks Concert Troupe as a tenor singer, I took a severe cold and was laid up at Newark, N. J. This cold brought on a severe attack of Catarrh, which I battled with every known remedy for four weeks without avail, and was finally obliged to give up a most desirable position and return home, unable to sing a note. For three years afterwards I was unable to sing at all. The first attack of Catarrh had left my nasal organs and throat so sensitive that the slightest cold would bring on a fresh attack, leaving me prostrated. In this way I continued to suffer. The last attack, the severest I ever had, was terrible. I suffered the most excruciating pain in my head, was so hoarse as to be scarcely able to speak, and coughed incessantly. I thought I was going into quick consumption, and I firmly believe that had these symptoms continued without relief they would have rendered me an easy victim. When in this distressing condition, I commenced the use of SANFORD'S RADICAL CURE FOR CATARRH, very reluctantly, I confess, as I had tried all the advertised remedies without benefit. The first dose of this wonderful medicine gave me the greatest relief. It is hardly possible for one whose head aches, eyes ache, who can scarcely articulate distinctly on account of the choking accumulations in his throat, to realize how much relief I obtained from the first application of SANFORD'S RADICAL CURE. Under its influence, both internal and external, I rapidly recovered, and by an occasional use of the remedy since, have been entirely free from Catarrh, for the first time in twelve years.

Respectfully yours, GEO. W. HOLBROOK.

WALTHAM, MASS., Jan. 8, 1878.

P. S.—I purchased the RADICAL CURE of GEO. H. ROGERS, Druggist, Rumford Building.

More of the Dakota Waterspout.

DEADWOOD, D. T., 16.—Six bodies have so far been recovered at Buffalo Gap, those of Davis, the freighter going south, and three men, names unknown, accompanying him. Oliver Rhodes and Frank Reed. The bodies of Mrs. More and Mrs. Rhodes and her three children are still missing. The Montgomery brothers and Clark outfits were loaded with 40,000 pounds of general merchandize, having only 40 shoes and 40 dies for the Homestake Company. There was no machinery for the New Homestake, or a 120 stamp mill as previously reported, that being all in and now almost ready to commence running. The entire freight outfit is a total wreck. The water rose so rapidly that no chance was offered for escape. Nothing was known of the disaster at Buffalo Gap station, one mile distant, until 8 o'clock the following morning, too late to render any assistance to the helpless people. Beaver Creek has now gone down and the men are at work clearing away the debris with the hopes of saving some of the freight, but it is scattered for miles and the progress slow. There is no way of getting any authentic news from the scene, except by freighters coming in.

Disastrous Freshet.

NORTH ADAMS, Mass., 16.—This place has been visited by a heavy freshet, and damage throughout the vicinity is variously estimated at from $100,000 to $150,000 damage by the flood in the outlying districts is hourly reported.

The Land of Revolutions.

GALVESTON, Texas, 13.—A *News* special from Laredo, on the 15th, says: Reliable telegraphic information from the City of Mexico, on the 11th says: Gen. Negret, commanding the Mexican army, has pronounced against Diaz and has left the city with 3,000 adherents. Diaz is in pursuit. Vallarte, president of the supreme court, is acting President. The congress has disbanded. Diaz has removed Gen. Trevino and Navanjo, appointing Gen. Tolentinote commander of the Monterey district.

WESTERN.

The Sutro Tunnel.

SAN FRANCISCO, 16. — A Sutro, Nevada, dispatch says: It is positively announced, on the authority of Mr. Sutro, that water from the Comstock lode will be received in the Sutro tunnel July 1st, on which day the contract expires.

A careful examination made yesterday by Mr. Sutro, convinced him that it would be impossible to complete by the stipulated time the timbers and cutting of the drain for the last few thousand feet nearest the Comstock. He therefore ordered water boxes to be temporarily placed for that distance, above the drain grade, on the floor of the tunnel. The north end of the mines will discharge their water through a thirteen-inch pipe, which is being placed at a point where the tunnel intersects the Savage mine.

TELEGRAPHIC NOTES.

The Buffalo longshoremen, who lately struck for an increase in wages, resumed work this morning.

A number of spinners in several mills of Fall River refused to give 10 days' notice this morning, as ordered by the union on Saturday night, not sympathizing with the action of the meeting.

Ike Rector, a negro, ex-city detective of Galveston, in a gambling house fight, shot Nathan Harris through the heart. The murderer has been captured.

At 6 o'clock, last evening, in the London walking match, there was great excitement on account of the magnificent walking done by Weston, who was only a couple of miles behind "Blower" Brown. The following is the 6 o'clock score: Brown 99, Weston 97, Harding 75, Ennis 70.

TWO DAYS MEETING.

A two days meeting was held at Mill Creek Ward, on Saturday and Sunday, the 14th and 15th inst.

The meetings held on Saturday, owing to the fact that many of the Saints were in town doing their marketing, were but slimly attended, the house being about two-thirds full. But on Sunday, the vicinity of the meeting house reminded one of the old time conferences in this city, the adjacent street and the meeting house yard being strewn with conveyances for a considerable distance around. A pavilion had been constructed on the east side of the building by backing wagons up against the meeting house. Boards were laid across from one wagon to another which accomodated a large number who could not find room inside; but even then, though the vestry at the back of the meeting house was occupied, there was not room for all that came.

The Presidency of the Stake were present during the course of the meetings, also twenty-one home missionaries and a fair representation of the presiding authorities of the surrounding wards and some from this city.

The remarks made were mostly of a practical nature—upon the duties of the saints towards each other and their God, to-day. The speeches were all short, about 20 of the brethren having an opportunity of speaking, which gave the saints a pleasing and instructive variety and kept up the interest throughout.

The brethren who were visiting there were hospitably entertained by the saints at Mill Creek, which added much to the enjoyment and good feeling of the occasion.

Two days meetings were appointed to be held at West Jordan on Saturday and Sunday the 28th and 29th insts., commencing respectively at 10 a.m. and 2 p.m. It is expected that the presidency of the Stake and eight home missionaries will be present, besides some of the presiding authorities from the Granite, Herriman and South and North Jordan Wards, to which places no home missionaries will be sent on Sunday the 29th inst.

W. W. TAYLOR, Clerk of Stake.

Correspondence.

SANPETE COUNTY, June 16th, 1879.

Editors Deseret News:

The ceaseless demand of the grim monster Death invades home and fireside, and one more of God's good men, Walter Cox, of Manti, has succumbed. In his marriage relations he was fortunate, and a proper exponent of plurality. The hum of industry was ever heard in and around his dwelling, their apparel was the workmanship of their own hands.

It is an evidence of a religious impulse to witness the growth of attendance at our Sunday schools, and the eager haste in preparation of lessons and to obtain the coveted reward of merit.

When some of our young missionaries return and tell of experience and testimony of divine help in their ministrations, you can see kindled determination in many an eye to be prepared for similar duties.

By the by, an enterprising county superintendent of day and Sunday Schools has proposed a Sunday School jubilee at Ephraim, June 30, 1879. The initial may not be near his sanguine hope, but we all mean to help him make successful the Sunday Schools. J. H. Maiben stands in the front of this sphere of usefulness—he has a heart brimful of suggestions.

If the Divine Master of our destinies would but give us just the promised former and the latter rains, we should be most extremely grateful. The heavens are virtually shiny now, the earth in open seams languishes for rain.

A prevailing idea is to submit our water controversies, of which none are more bitter, to the just, equitable and exhaustive arbitrament of the high council. One case is now shortly to come up.

Yesterday evening a beautiful rainbow spanned the heavens in its completeness, but while admiring the "bow of promise," I would have preferred a bit le flood of water, for the question of the hour is not "give us room to dwell" but water for man, beast and soil.

It may become a question of relief for some to rely on the bins of the Relief Societies of Utah who may to some extent be the Joseph's in this modern Egypt. Speaking of these relief bins, some of them are large and fine buildings in this county containing a good store of grain. DOT.
