EDWIN HOLDEN'S TESTIMONY.

Heard Joseph Preach in 1834.—Afterwards Knew Him Intimately.

PROVO CITY, Utah, June 23, 1894.

Editor Deseret News:

Brother Edwin Holden of this city desires to write you and to bear his testimony to the various "old time" residents of Nauvoo and Missouri: I was born on the 4th of June, 1807, being now in my 88th year. I was personally known to and saw the Prophet Joseph Smith. I first saw him in the fall of 1834, at Genesee, New York state, where he and Sidney Rigdon were preaching in a barn; it was crowded, but by perseverance I got on the rafters. He preached a powerful discourse, and I knew he was a Prophet of God. That testimony has grown and is growing as his predictions come to pass, both in volume and in power. I remained in that neighborhood until after he was out of jail in Missouri. After he was free I went to Nauvoo, went to his home and asked to be baptized. He came with me, called a Brother Harris, who baptized me in the Mississippi river. The next day being the Sabbath, I was confirmed by Elders Orson Pratt and P. P. Pratt. I have been and am still a member of the Church. In reading John L. Smith's remarks about incidents of the Church which he so graphically relates, with some of which I was personally acquainted, my memory went back to the wild scenes he describes in his account on the storm on the night both companies turned out to protect Joseph. It was the biggest storm that I have ever seen. Joseph said there would not a hair of our head be lost, and not one was, though the preservation of our lives is and was a most miraculous affair. What the fathers of the Church went through in those days of mobocracy our young people have no conception of, but the Lord will test and try every faithful soul to their utmost and their heart's content—be assured of that.

PLEASANT GROVE ITEMS.

A Little One Laid to Rest—Agricultural and Fruit News.

PLEASANT GROVE, June 24, 1894.—It will be comforting news to Brother and Sister James L. Brown at Ann Arbor, Michigan, to hear that the Sunday school here turned out en masse and proceeded to the cemetery laden with flowers which were placed upon the grave of their loved one. At the services the singing of "Nearer my God to Thee," was followed by prayer offered by D. H. Robinson. Elder James T. Thorne made some appropriate remarks and the benediction was pronounced by Elder Howard R. Driggs. It was understood that memorial services would be held at Ann Arbor today by the little Mormon colony there. Brother Brown was superintendent of the Sunday school prior to his going East, and the children still hold him in high esteem. Much sympathy is felt for the absent and sorrowing parents.

A great loss will be sustained on lucern hay, on account of the late rains.

Strawberries are quite plentiful and reasonably cheap.

The fruit crop bids fair for an abundant yield.

Farmers are happy over the flattering prospects. Everything looks fine.

Can a Man do Better Than to Buy a "STEARNS!"

We made the bold statement, challenging contradiction, in last week's Tribune, that the Stearns Bicycle was the highest priced bicycle in the market—not the highest listed but in the dealer the highest priced Bicycle in the world. Have any of the agents of other wheels accepted the challenge? Not one. They know that we have the proof. We know to a dollar what every wheel sold in this city costs, and whether long lists or short lists. We are giving the riders better value for their dollars in the

Stearns,
Fowler,
Gendron,
Waverly.

Son is to be found elsewhere. In every race meet this year held under the sanction of the L. A. W., the "STEARNS" wheel has finished first, first, first. The last World's Record broken this year falls to Nat Butler, and the "STEARNS" special, 19½ pounds, namely, the Great Lincoln road race at Malden, Mass., before sixty thousand (35,000) people, and the time (1 hr. 11 min. 49 1-5 sec.) one hour, eleven minutes and twenty-eight and a fifth seconds, for twenty-five miles. Think of it, on the road. Did the "STEARNS" stand them and lighter weight wheels break down? I guess so.

How about the Fowler?

Good wheel, good workmanship. Value for price in every purchase. Try them.

Mr. A. Fisher, Fisher Brewing Company, bought two Waverly Belles, one for his daughter and one for his niece. Mr. John Kelly, same company, bought one Waverly Belle for his daughter and sometime ago last sale resulted from the first.

Mr. N. A. Naylor bought Waverly Scorcher.

Mr. Thad Naylor bought No. 27 Gendron.

Mr. George Hirschvogel bought Altus Eagle, and Hamilton Collin bought Gendron special, 21½ lbs. All on Monday last.

"Velox's" statement that the "Sterling" was the only and first wheel to be ridden up Capitol Hill is an error. A Union and Gendron were both ridden up to the top of Capitol Hill last year before the grading, which has been going on all winter, was done. On Tuesday, Hamilton C. Collin, 15 years old, took the Stearn special, weighing 21½ pounds, geared 68, to the top gate, Capitol grounds. Mr. Angell accompanied him on a Fowler geared to 64 inches.

Hardware is a good business. Try us for what you need and see if we don't divide the profit with you. On hose, lawn sprinklers, lawn mowers, garden tools, everything, we have the price and we want your money.
