Annamia is just the doctor's name for bloodlessness. Dr. Williams' Pink Pills for Pale People actually make new blood. Can any cure be more direct or certain? Blood is bound to cure bloodlessness. My heart would beat so irregularly that it was painful and there came a morn-ing when I could not get up. My doc-tor said I had anaemia and he was surprised that I had continued to live in the condition I was in. I was as weak as a rag, had headaches, irregular heart beats, loss of appetite, cramps in the limbs and was unable to get a good night's sleep. My legs and feet were so swolsleep. My legs and feet would burst. len that I feared they would burst. "One day while I was wondering" how long I could live, feeling as I did, I received a booklet teiling about Dr. Williams' Pink Pills for Pale People. I read it and told my husband to get me some of the pills. Before very long I felt a change for the better. I have taken about twelve boxes and although I was as near the grave as could be. A motion for the appointment of a peace commission of five members to negotiate with the insurgents was rejected. Another feature of the day was the

return to the Denver of the bluejackets landed last evening. The Washington government is believed here to have regarded the step as open to a construction of intervention.

The events of today indicated that the insurgents in Havana province held this view, as they signified dir readiness on that account to quit the field. The railroads are completely tied up. no trains leaving Havana. This is a particular hardship to hundreds of country families who were coming to the city for safety. HOLY ROLLER PRACTISES.

Witnesses in Mitchell Trial Testified They Were Vile.

Seattle, Sept. 14 .- Examinations bethe session of the commission appoint-ed to examine into the sanity of Maud Creffield and Esther Mitchell today.

O. V. Hurt and his son Frank were questioned in regard to the practices indulged in by the Holy Rollers, and the commission learned many details of sect that the witnesses heretofore the had refused to divulge. According to the witnesses, the exercises were far more vile than would be gathered even from the reports that have gone out It developed in the testimony of O V. Hurt that there had been insanity in his family. He also stated that it was one of the beliefs of the Holy Rollers that Creffield would be killed, and that his life must be revenged by one

of the members of the sect. John F. Miller, deputy prosecuting attorney of King county, was placed on the stand. His statements concerned conversations he had had with the prisfrom the time of the killing of Creffield up to and after the shooting of George Mitchell. He declared his disbellef in the immoral procedures alleged to have been indulged in by the followers of Creffield, but said that if such practices were carried on they were certainly unusual and irrational.

Chief of Police Wappenstein of Seattle veified the written statements made by the two women after their arrest.

Mrs. O. V. Hurt of Corvallis, upon hearing the news of the insanity examination, collapsed. She will not be brought to Seattle unless it is absolutely necessary.

Tonight the physical examination of the two women was held, but no statements were made by the members of the commission as to their finding.

CAR RUNS OFF BRIDGE. ALL ABOARD DROWNED.

Toledo, O., Sept. H .- A handcar loaded with trackmen of the Wheeling & Lake Erie railroad ran off an open draw of the Maumee bridge tonight and all on the car were drowned. The number of men on the car is said to have been 12. So far two bodies have been recovered.

Owing to the fact that the men took the car from a point some miles from Toledo, where work is being done, identification of the missing men has not been learned.

It is also impossible to learn what prompted the fatal ride, as the men whoever they were, deliberately took the car and were under no orders. A coat and hat and a sack containing five loaves of bead were found floating

where the fatality occurred. The mcn when first seen in the yards were ordered off the track by Yardmaster Thomas, but the men re-fused to obey him. On one of the bodies recovered was found a letter It is thought that most of from Italy. the men abcard the car were foreign-

KING EDWARD'S NAME FORGED TO A TELEGRAM.

St. Petersburg, Sept. 14 .- Diplomatic and administration circles are greatly exercised over the discovery that a telegram purporting to have been sent by King Edward to the widow of Gen. Min three days after the assassination of the general at Peterhof by Zenalde Konoplianikovo, was not genuine. The message, which bore the da's of Aug. 29, was as follows:

"I am overwhelmed by your frightful btreavement, and beg you, madame, to accept my profound condolence. Ed-ward,"

An investigation is in progress to determine the origin and motive of the telegram. The investigation has been conducted very quietly on account of the effect of the disclosure is likely to have, upon the small engenments comhave upon the royal personages con-cerned, and scarcely an inkiling of the matter has reached the press. The mo-tive of the boax is difficult to conjec-

ture, though a message of sympathy relative to the fate of an agent of re-pression might not be without effect in such a internal combat as is going on in Rossia or on the movement for an Anglo-Russian entente.
