ENTRIES ARE IN FOR RACES AT FAIR

Harness and Running Events Between Speediest Horses in the State—Program a Good One.

Judging from the program of harness and running events to take place at the state fair next month, and the list of horses that have been named for the various events, the races will be away and far the best ever given at a similar attraction in Utah.

Speed Supervisor Carstensen and Secy. Ewing have worked hard for the success of the races and they will have the advantage of assistance from the Utah Jockey club officials, following is the program:

OCT. 4.

Race No. 1, pace, 2:20 class—Roy Wilkes, entered by L. V. Packer; Thought, F. R. Lewis; Ginger, N. G. Purinton; King Wasatch, E. M. Conroy; Bill Dugan, Mrs. Glayds Wickens; Willite, J. B. Keyser; Firth, Irwin Bros.; Teddy, J. F. Mendenhall; Baby Thorne, William Williams.

Running events will take place every afternoon and on Saturday, Oct. 9, the great Inland Empire Exposition handicap, $500 purse, open to all, will be run.

BUCKTHORN MAKES EXCITING FINISH

The feature of the races at Buena Vista Saturday afternoon was the fourth race, the President Taft purse. In this event but three horses were entered namely, Ethon, Buckthorn and Ethel Day. The first named was a pronounced favorite while the other two were slated at the same odds. The horses got away well, with Ethel Day in the lead. The gray mare held her position until the last turn on the back stretch when Ethon began to crawl up. Buckthorn was in third place many lengths behind but the horse brought the crowd up standing by one of the greatest finishes seen at the track. Buckthorn made a burst of speed that carried him into second place and mighty close to passing out the favorite.

The crowd on hand was one of the largest of the meeting if not the largest. The grand stand was packed and there were many automobiles and carriages in the enclosure. Five out of the six favorites won and the books got another jumping. There were two very close finishes but the spectators were willing to leave the matter in the hands of the judges. There is another good card on today.

Manager Finn took action Saturday against the small army of touts who have pestered the patrons of the track. He explained that he had not acted earlier because he wanted to know each member of the undesirable element and get them away from the track. At least a score of these parasites were caught at the gate and ordered back to town.

ALUMNI DEFEATS HIGH REGULARS

The football game at Ogden Saturday between the Alumni team and the High Regulars resulted in a distinct surprise for the latter, as the Alumni won by a score of 12 to 6. After making two touchdowns the Alumni missed both tries for goal. The line-up was as follows:

High School.		Alumni.
Rone	R. E.	Beinap
Wilson	R. T.	Anderson
Chickette	R. G.	Hall
Pepple	C.	Littlefield

COLIC QUIKLY CURED.

Colic is one of the most severe and painful diseases. It is quite common. In Almost everyone has an occasional attack. Fortunately there is a remedy that always affords quick relief and that has never been known to fail in any case. It is called Chamberlain's Colic, Cholera and Diarrhoea Remedy. Mr. Tod Robinson, a prominent merchant of Point Blank, Texas, says: "I have had several attacks of colic and in every instance one dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy relieved me, and I never had to take more than two doses to effect a cure." CRACK MOTORCYCLISTS ENTERED IN SIX DAY RACE AT BRIGHTON BEACH, NEW YORK.

What promises to be the greatest event in the history of the motorcycle industry this year is taking place at the Brighton Beach motordrome, New York, this week. The event is a six days' grind for motorcycles, the teams being made up of three riders each, one rider being on the track at a time, the other two men being used for relief. Entries have been received from half a dozen or more concerns, and in many quarters preparations have been under way for weeks looking to the most successful handling of teams in the race. The Indian factory, among others, has announced its intention of entering not one but two teams for the big event, one a midget team composed of the smallest riders in the race, the other a team of heavy men. The American automobile record for 24 hours is 1,177 miles. That this record will be shattered in the first 24 hours of riding goes without saying. It is expected that during the week these little two wheel machines will pick up an enormous mileage.

SERIES OF FIFTEEN BASEBALL GAMES

(Special Correspondence).

Provo, Sept. 26.—Beginning Oct. 1 there will be a series of 15 baseball games between B. Y. U. class teams for the school championship, and the possession of the school trophy cup.

The B. Y. U. is quite elated over the acquisition of Art McAllister as a member of its track team. He holds the Utah A. A. U. record of 10 seconds for the hundred and 22 1-5 for the 220, and is the only man that ever defeated Brinton of the university.

Henline also is one of the speediest sprinters in the state. In a recent Kansas meet he won the 50, 100 and 220-yard dashes, and he ranks with Baird in the jumps. With McAllister, Henline and other good material the B. Y. U. expects to be able to hold its own this year in track and field sports.

SERIES OF FIGHTS FOR THE TITLE

New Orleans, Sept. 27.—A series of middleweight championship fights for the purpose of eliminating all but the best man to fight Billy Papke for the title, will begin here next Sunday, when Hugo Kelly meets Eddie McGoorty. It has been decided to match the winner of the contests with Papke, the fight to take place on Oct. 31, before the West Side Athletic club. Papke already has signed articles to fight.

MATRON STAKES RUN TOMORROW

The Last Great Prize of New York Turf Season at Belmont Park.

New York, Sept. 27.—Final arrangements have been made for the running of the Matron stakes, the last great prize of the New York turf season at Belmont park tomorrow afternoon. The stakes under the conditions will make two races, one confined to colts and geldings and the other to fillies. The colts' section, though worth very little more than the filly section, will be the feature of the week's racing. The added money and subscriptions for the stakes amount to $8,750 for the colts and $16,750 for the fillies and the starting fees with an estimated field of 10 runners for each race, will bring the gross sum up to approximately $24,000.

GREAT HORSES ENTERED.

The distance will be six furlongs. The colts' division promises a contest that ought to equal the best of the year. The pick of the field will include Rocky O'Brien, who beat Sween for the Hopeful stakes, at Saratoga; Harlethorpe, the pacemaker in that race, Candleberry, second in the Futurity, and Coltne.

For the filly division the field probably will include Angerona, Greenvale, Odd Rose, Star Port, Sticker, Responsetut, Fair Louise and Malitine, this section of the race to be run on Thursday.

HIT BY PITCHED BALL: BOY IS KILLED

Chicago, Sept. 27.—Eugene Swinbank, 17 years old, died yesterday after being hit by a pitched ball. He fell a few feet from first base and died in an automobile on the way to a hospital.

The ball had struck him over the heart and death was caused by paralysis of the muscles of that organ due to the blow.

JAP BALLPLAYERS CHEER FOR CUBS

Chicago, Sept. 27.—A dozen Japanese baseball enthusiasts, headed by Baron Kanda and Mr. K. Matsukata, will cheer for the cubs in their game with Philadelphia today. The women of the party, in native costume, will accompany their husbands.

Baseball is one of the general pastimes in the island empire, and according to Baron Kanda, he hoped not to leave this city without having seen the world's champions in action.

"We have heard so much about your cubs in Japan," he said, "and are anxious to see them play."

Today is the last of the four days' stay in Chicago.

PRESIDENT TAFT TO HELP YALE ELEVEN

New Haven, Conn., Sept. 27.—President Taft is trying to help the Yale eleven win the college championship. He has told the management he wants to assist in turning the tables on Harvard.

He plans to be a rooter in one of Yale's big games.

The president had the Yale season's campaign policy outlined at his summer home in Beverly by Prescott White of the Yale football association, a St. Paul boy.

He was deeply interested and gave the Yale manager suggestions about the campaign which should bear fruit later.

Mr. Taft has been notified he will be regarded as a regular member of the Yale team. He will be given one of the gold football trophies at the close of the season which every player who makes a "Y" gets.

CHINESE ATHLETE TO ATTEND HARVARD

Boston, Mass., Sept. 27.—For the first time in its history, Harvard university has a Chinese athlete. Kao Chow Li, resident of America by special edict of his emperor, has broken all precedent at the college across the Charles by announcing that he is out for athletic honors on the soccer team. Li is in the class of 1910. He entered the university a year ago, coming from Pei Yang university at Tientsin, North China. During his college course in his home country he went into athletics and was recognized.

DEMARA VICTORIOUS IN SIX-DAY RACE

Kansas City, Sept. 26.—Walter Demara of San Francisco won the six-day, eight-hours-a-day bicycle race, which ended here tonight, riding a total of 969 miles and 2 laps. Williams was second with 969 miles. Hunter and Stein tied for third place with 968 miles, 10 laps.

Demara has been in the lead since the start and was not forced to dismount a single time, while the others were more or less hampered by accidents.

The finish of the riders was as follows:

Demara, 969 miles, 2 laps.
Williams, 969 miles.
Hunter and Stein, 968 miles, 10 laps.
Mitten, 968 miles, 9 laps.
Morgan, 967 miles, 11 laps.
Palmer, 953 miles, 8 laps.
Crein, 935 miles, 11 laps.
Wells, 880 miles, 11 laps.

FINISHED A LOSER.

South Bend, Ind., Sept. 27.—Information given out by R. A. Schnelle, secretary to President Carson, indicates that the Evansville club of the Central league finished the season $10,000 loser. Dayton is $1,000 behind and Terre Haute $7,000 in arrears. Besides these teams, South Bend and Grand Rapids were losers, the former club to the extent of $2,000, and Grand Rapids to the amount of $6,000.

Indianapolis Motor Speedway Is Being Paved With Brick

(Special Correspondence.)

Indianapolis, Sept. 26.—An army of workmen is being employed to cover the entire surface of the two-and-one-half-mile race track at the Speedway with vitrified brick. More than 2,500,000 brick will be used, with thousands of barrels of cement, costing $50,000. The total cost of the entire improvements now under way at the Speedway will exceed $250,000, making the giant course represent an investment of a little less than $500,000.

The work will be rushed with all the speed possible and the fall races will be held on a brick surface, enabling the auto drivers to send their machines around the course at positively full speed.

Twenty-five carloads of brick arrive at the Speedway every day from the Wabash Clay factory of Veedersburg, which firm was successful in landing the big contract. At the rate of 25 cars a day they will arrive until the shipment is completed at the end of the month. The Veedersburg plant has increased its working force with 200 men to get the brick here on scheduled time.

P. T. Andrews, engineer of the track, will superintend the work, which will likely be let out to three or four contractors.

The present composition of the track, which was thought to be hard enough to stand the greatest wear and tear of the racers, will serve as a base for the new surface. It will be rolled hard and smooth and covered over with several inches of sand, making the new surface about 10 inches higher than formerly. The weather will have no effect on the pavement, and races during a rain will be as good as on clear days.

This, of course, will be the only race course in the world constructed with paving brick and will be an experiment which will be watched by heads of municipalities, since there is a great question as to what pavements can best endure the rough usage of automobiles. In view of this, the United Brick Association of America, which met here delegated six experts to assist Mr. Andrews in superintending the work. These men will remain here until the work is done and will see that no flaw is left in its construction.

The grade of the track on the straightaways and turns will not be changed other than generally raised the thickness of the brick and sand base. The last race proved that the bankings at the end were perfect.

Other extensive improvements are under way. The new aerdrome within the track in the southeast corner is now practically completed. It has capacity for two dirigible balloons or four or five aeroplanes. The structure has been painted and is complete with the exception of hanging the huge doors.

A new section of bleachers on the south side of the track to the west of the present bleachers will double the seating capacity in the 25-cent sections. An additional tier of box seats in front of the present grand stand will greatly increase the capacity. Besides these another new grand stand on the west side of the track and north of the present amphitheater will be constructed. It will seat several thousand people. The directors say that at the next races there will be no occasion for spectators to stand around the edge of the track and all possibility of accidents to the spectators will be obliterated.

When the new surface is completed, the present record for a mile, 25 1-10 seconds, held by the famous driver, Barney Oldfield, has little chance of surviving.

The winding course which is being built within the present track will be of the original construction, since it is meant to correspond with a country road, and will be used for endurance tests rather than speed events.

MOTORCYCLE RACE AT BRIGHTON BEACH

New York, Sept. 27.—The first six-day motorcycle race ever held began at the Brighton Beach race track at 12:01 a. m. today to continue until 10 p. m. Saturday. Five teams of three men each started. The riders believe they will be able to beat the 24-hour automobile record of 1,177 miles, made last year by Robertson over this track.

The first accident occurred while the men were taking practise spins. In rounding a turn A. G. Chappelle of the New York Motorcycle club team fell and suffered a painful injury to his left arm.

The New York motorcycle representative was quickest away when the start was made and led the Harlem rider by 100 yards at the end of the first mile, which he covered in 1:10 2-5.

"PENNY" GOSSIP.

Fort Douglas handicap and army officers' race next Saturday at Buena Vista.

Taking effect this afternoon there is a change in the train service on the Salt Lake Route running to Buena Vista. The first afternoon train leaves at 1:40 and the second at 2:15.

The Whitley handicap tennis play was resumed yesterday. Sam Neel defeated Mat Brodie 6—2, 6—2. Neel and H. Baker play in the semi-finals today and tomorrow Frank Moore plays the winner of the Neel-Baker match in the finals.

The Logan Aggies will put in hard licks all this wek on the gridiron as they are scheduled to play a game Saturday next with the "All-Stars." Two of last year's ends are back and the men so far have displayed good form. The fans will get a chance Saturday to size up the team.

Not only will the Granite High school be heard from in football this year, but also in basketball. It has made an excellent showing in both games and this season it is promised that the Granite boys and girls will have basketball teams hard to beat, and they are going out for the championship.

This season all Pierce-Arrow cars are fitted with head lamps of octagonal form differing in a noticeable way from the regulation round head lamps so generally used. On the touring and other open cars the side lamps are square while on the enclosed cars they are octagonal with glass sides and front. The designs are the product of the art department of the company and are used exclusively on cars of this make. A feature of decided advantage is the wiring of the car for the use of incandescents in the side lamps if the owner so desires.
