THE people of Utah know what they want, and all who can afford to have the best wagon take the *Fish Bros'*. In proof of this, John W. Lowell & Co., of this city, have shipped to this Territory, between January 1st and October 1st, this year, 42 *car loads* of the Fish Bros' Wagons.

In Chili is found

the *Quillaya Saponaria*, from the bark of which the celebrated botanic dentrifice SOZODONT derives its preservative and purifying properties. Not only does this sterling article beautify the teeth and prevent their decomposition, it renders the gums healthy and perfumes the breath.

THE WORLD'S CHOICE.

Competent judges representing the civilized people of the world, assembled from the unprejudiced source of particular acts of science, conversed at Philadelphia for six months, judiciously upon the comparative merits of the various inventions of mankind, awarded to the manufacturers of Benson's Capcine Porous Plaster, the highest and only medal given for all porous plasters, on the ground of its great superiority over other plasters, & its wonderful pain relieving, strengthening and curative properties. Remember that this decision was made by four practical and skilled physicians.

WEAK BACK. Benson's Capcine Porous Plaster. Strengthens and Cures.

Remember when you are suffering from any ache or pain that Benson's Capcine Porous Plaster is the best remedy ever devised for all external difficulties. Sold everywhere. Price 25 cents.

ASK THOSE WHO KNOW Ask your physician if Benson's Capcine Porous Plaster is not the best Plaster in the world. It has a better reputation among physicians than any similar article known. Its superiority to the old style of porous plaster is very marked.

A Feature of Superiority.

The superiority of WHITE'S PRAIRIE FLOWER for diseases of the Stomach, Liver and Blood consists in its uniting harmoniously with the gastric juice, strengthening and enabling it at once to dissolve the food. If the gastric juice is weak the food ferments, giving rise to sour stomach, sick headache, burning in the pit of the stomach, the patient also suffering from insufficient nutrition. It aids the Liver, over which it has a specific power, in filtering impurities from the blood. Its action on the kidneys is likewise salutary, increasing the secretions. As a blood purifier, by enriching the chyle, it is without a peer, curing some of the most obstinate and long-standing cases on record. It is pronounced by one and all The Great Blood and Liver Panacea. Price 25 cts. and 57 cts.

Fat Man Made Happy—Loses 61 lbs

PRATTVILLE, Ala., July 20, 1878.
BOTANIC MEDICINE CO., Buffalo, N. Y.:

Gentlemen—About three months ago I commenced using your "Anti-Fat," at which time my weight was 219 pounds. By following your directions carefully I have succeeded in reducing my weight to 158 pounds. This is all very satisfactory and pleasant; but just previous to my commencing the use of your medicine, I had purchased two suits of fine clothes at a high price, and find, to my dismay that they are entirely useless to me now. When I put one of my coats on, my friends tell me it looks like a coffee sack on a bean-pole, and when I put the pants on—well, description fails. My object in writing, is to ascertain whether you have not, in connection with your medicine business, an establishment where your patrons, similarly situated, could exchange these useless garments for others that would fit. I think you ought to have something of the kind, as it would be an inducement for many to use the Anti-Fat, who now object to using it, in consequence of the loss they would sustain in throwing aside valuable garments. Just turn this matter over in your mind. A "Clothing Exchange" is what you want in connection with your Anti-Fat business. Yours truly,
GEORGE BOYD.

EVENING NEWS

Wednesday, . . October 9, 1878

LOCAL AND OTHER MATTERS.

MISSIONARY NOTICE.

At the request of Prest. F. M. Lyman, of the Tooele Stake of Zion, Elder Philip de la Mare, who was called on a mission to the Southern States at the last Semi-annual Conference, has been honorably released, his numerous duties connected with the Stake of Zion in which he resides rendering his presence at home desirable.
JOHN TAYLOR,
President of the Council of the Apostles.

Thermometer.—To-day, 1 o'clock p. m., the thermometer noted 79 degrees F. in the shade. Clear.

Found.—A Book of Doctrine and Covenants. The owner can have it by claiming it at this office.

Note Found.—A note for $24.60 payable at the October Conference, 1878, has been found on the street. The owner can have it on application at the News office.

Base Ball.—The base ball game yesterday, played in aid of Barker, did not draw as large an audience as was expected. It was very well played, and was won by the Red Stockings—score 12 to 6.

Theatre.—A small audience attended the Theatre last evening to witness the "Hidden Hand" and "Taraxicum Twitters." The drama and funny farce were highly appreciated by all who were fortunate enough to witness their presentation.

The Aiken Murder.—The trial of Sylvanus Collett, in the First District Court, for alleged complicity in the murder of John Aiken, in 1857, commenced at Provo yesterday. A jury was empanelled, and Judge P. T. Van Zile opened the case for the prosecution. After his address, the defence wishing to make no remarks, the examination of witnesses immediately commenced. Joseph Skeen was the first witness called. The trial will probably last several days.

Judge Van Zile is assisted by Judge Sutherland and Assistant Prosecuting Attorney Lewis. The attorneys for the defense are Bradford and Hagan, Judge Dilworth and John B. Milner, Esq.

Bee Meeting.—Pursuant to appointment, a meeting of the parent Beekeepers' Association was held in the Council House on Tuesday evening, October 8th, A. M. Musser presiding. The principal subject of discussion, upon which a number of members gave their views, was "foul brood" and the best means to be employed in the removal of that destructive element. The following resolution was adopted as the unanimous sense of the meeting.

RESOLUTION.

Whereas, Foul brood and other causes are operating to the great destruction of our bees; and, whereas, the carelessness of many beekeepers is the cause of the spread of this destructive element;

Therefore, Be it resolved, that the forming of branch organizations in all the counties of the Territory is recommended by this meeting, and that each organization be requested to appoint active committees, whose business it shall be to encourage the destruction of all swarms of bees where the foul brood makes its appearance.

The following were appointed to act as committees in the bee interests, in their several localities:

Washington Co., J. E. Johnson, St. George.
Western Kane Co., Geo. Spillsbery, Toker.
Eastern Kane Co., W. D. Johnson, Johnsonia.
Iron Co., W. H. Dame, Parowan.
Beaver Co., Wm. Fotheringham, Beaver.
Millard Co., Jos. Y. Robinson, Fillmore.
Juab Co., Joel Grover, Nephi.
Sevier Co., W. H. Seegmiller, Richfield.
Sanpete Co., Carute Petersen, Ephraim.
Utah Co., W. D. Roberts, Provo.
Tooele Co., George Craner, Tooele.
Davis Co., — Ellison, Kaysville.
Weber Co., D. M. Stuart, Ogden.
Box Elder Co., Alvin Nichols, Brigham City.
Cache Co., W. D. Hammond, Logan.
Rich and Bear Lake Counties, S. H. Putnam, Woodruff, Rich Co.
Morgan Co., James Stewart, Morgan City.

The honey crop this year was reported to be very light, compared with former years.

City Council.—Meeting of the City Council, Tuesday evening, Oct. 8th, 1878, Mayor Little, presiding.

A petition was presented from Barratt Brothers, asking for an auctioneer's license for one year from October 5, 1878. Granted.

The special committee, to whom was referred the matter of inspecting the wooden building on First South Street, belonging to C. F. Steffers, which was dilapidated, reported that they had examined the building and concluded that it was entirely too insecure for occupancy, and could not be made habitable unless torn down and rebuilt from the foundation. Report adopted.

The petition of Isaac Hunter claiming compensation for damages sustained by high water in 1862 and 1863, which was laid over for one week to be taken up and considered with the former report in relation to the same matter, came up for consideration. The recorder read the former action of the council from the records, which plainly exhibited that the council had heretofore acted upon the matter, and decided that the city was in no wise responsible for such damages. After consideration by the council it was voted that the prayer of the petitioner be not granted.

Adjourned for one week.

Museum.—Several valuable Indian curiosities consisting of arrow-heads, spear-heads, celts and pestles have been presented to the department of Ethnology by Hon. Charles C. Rich. Several Indian relics, consisting of crania and human remains, found in this city, fragments of pottery and other Indian curiosities, from Southern Utah, have been added to the same department by Mark Lindsey, Esq. A silver coin of James 1st, of England, has been presented to the coin collection by Edward Faulkner, of Brigham City. Fossil remains of the buffalo and other large animals, have been added to the cabinets of the Deseret Museum by the Y. M. M. I. Society of St. Johns, under the direction of Brother E. L. Stookey of that settlement.

Accident.—From the *Junction*, we learn of a painful accident which occurred in Huntsville, Weber County, on Saturday last. John Hislop, of that settlement, while in the act of oiling the gearing of the cylinder to a threshing machine in operation, had his left hand caught between the cogs, and his arm was drawn in, the whole fleshy part being terribly lacerated. If the men in charge had not exercised sufficient presence of mind to enable them to stop the machine instantly, he would have been torn to pieces. Considering the severity of the accident, he is doing remarkably well at present.

Good Words.—The *Beacon of Progress*, a woman's paper, published at Indianapolis, has the following to say about the paper published in the interest of the women of Utah:

The *Woman's Exponent* of Salt Lake City, edited and managed by Emmeline B. Wells, is an able, high-toned paper, and the mothers and sisters of Salt Lake City, or any other city in favor of good reading, cannot fail to be benefitted by its earnest and truthful teachings.

Discharged.—The following telegram has been received:

SILVER REEF, Oct. 9, 1878.

Editors Deseret News:

Ah Toi, the supposed murderer of Hon Choug on the 4th ult., was captured at Kanarra, on the morning of the 7th, and brought to Silver Reef. Had an examination before the justice of the peace, yesterday afternoon, and discharged, there being no evidence against him.

Warning.—The public are hereby warned against a man styling himself Edward Cox, described as of short stature, pock-marked face, sandy hair, light blue eyes, about 30 years of age, in manners very polite, whom it is represented has, during the last two years, resided in different parts of the Territory, and married two different ladies under false pretences.

Police Court.—George Smith, for lewd conduct, fined $25.

John J. Topin, for fighting, fined $15.

J. M. Kimball, for drunkenness, fined $5.

George Hill, for assault and battery, fined $5.

Wm. Green, for being drunk, fined $5.

Charles McCan, for disturbing the peace, fined $10.

F. H. Sutherland, for drunkenness, fined $5.

Sunday School Jubilee.—Tonight the Seventeenth Ward Sunday school gives its quarterly jubilee, at the assembly rooms, at 7 o'clock. Under the efficient superintendency of Brother Jas. Dwyer, the Sunday school of that Ward has been and is steadily moving forward in the study and acquirement of those good principles calculated to benefit all who engage in their pursuit. All who attend the jubilee this evening will undoubtedly have a pleasant time.

Third District Court.—Proceedings in the District Court on Tuesday, Chief Justice Schaeffer presiding:

C. D. Schmidt, *vs.* Henry Kaiser; trial by jury; judgment for defendant for $299.90 and costs.

D. O. Ridout *vs.* Enoch Reese *et al.*, judgment for plaintiff.

F. Dickert *vs.* Henry Wagner *et al.*, continued for term.

James McKnight *vs.* Samuel Turnbow; the jury found a verdict for the defendant, and the plaintiff given 20 days in which to perfect a motion for a new trial.

A number of aliens were admitted to citizenship.

Court adjourned till this morning.

Stabbing Affair.—Josiah Read was brought before Judge Pyper today on the charge of assaulting and stabbing Thomas Hughes with a knife. The facts of the case are as follows: Ill-feeling has existed between the men for some time past. Lately they came to town from the mines, and began drinking. The result of their carousals was an affray, which took place last night about 8 o'clock, in front of the Wasatch building. In the fight Hughes received a severe knife cut in the left arm, just above the elbow. The examination had not ended when we went to press.

Summer Complaint.—The following simple remedy for this common and distressing ailment, is furnished by Mr. J. H. Brown, of Logan, and is said to be very effective;

Take one quart of water and reduce it to one teacupful, by putting into it red hot coals from a burned piece of hard wood. (Pine will do, but maple or other hard wood is preferable.) Let the water get clear, and then put a teaspoonful of it into a teacupful of sweet milk, and let the person afflicted drink of the mixture, frequently, night and day.

Our correspondent informs us that a child of his, aged 14, was reduced to a mere skeleton about three weeks ago, but by the use of this remedy, she was now quite well. In another case, a child had been afflicted for a long period, and three doctors had given it up to die, when this simple method was used, and the child was restored to perfect health and strength. It is certainly worth remembering.

Returned Missionary.—We received a call, to-day, Elder Paul O. Paulson, who returned, last night, from a mission of five months to the State of Nebraska. Brother Paulson's special object was to labor among his countrymen, the Scandinavians. He succeeded beyond his most sanguine expectations—was well received and kindly treated, had all his wants supplied, and aroused a very strong interest for the Gospel, in the minds of the people. The field was new, and, therefore, not so productive of baptisms as a long and well-worked vicinity might have been; but the power of God, which was made manifest in the healing of the sick, through Brother Paulson's administration, did much toward allaying prejudice and softening the hearts of the people. But one person accepted the ordinance of baptism, yet he thinks that a mighty work in this respect might be accomplished now by energetic, honest Elders.
