LOCAL AND OTHER MATTERS.

WEATHER ITEM. — The thermometer stood at 92 in the shade, at noon, to-day.

THEATRICAL.—The opening piece announced for to-night is "The Last Man," which will be followed by the "Cow-Bell-O-lians," "Perfection" and the "Italian Brigands." This is a big variety bill. Mrs. E. F. Thomas will make her first appearance on the boards here, to-night. She will personate "Kate O'Brien, in "Perfection," and will sing several songs. This lady has the reputation of being a good singer.

By reference to an advertisement which will be found in another column, it will be seen that we are to be favored with a visit from those famous champions of woman's rights, Mrs. Elizabeth Cady Stanton and Miss Susan B. Anthony. They purpose delivering lectures on the evening of Thursday the 29th of June, in the Tabernacle. Their subject will be Woman's Suffrage. The reputation of these ladies is national; they are known in every quarter of the union, and they are devoted advocates of the rights of their sex. The Ladies of Utah enjoy the right to vote equally with the gentlemen, and hence they possess what the woman's suffragists believe to be the great lever which will ultimately effect the emancipation of women from every ill under which she labors, and through her, bring about a regeneration and reorganization of society, in which the happiness of the human race will be developed and perpetuated.

This is a work which the ladies of Utah have deeply at heart, and one in which they are constantly and heartily engaged; and if enlightenment as to the use of the ballot and the prerogatives and privileges which it confers will enable them to co-operate more effectually in consummating this great object, we have no doubt that the views of the distinguished ladies who are about to visit and lecture on this subject here will receive close attention from a very large number of the ladies and gentlemen of Salt Lake City.

HERE IS A LETTER FOR YOU.—Mr. John Dolbel, of St. Johns, Jersey, Channel Islands, England, writes inquiring for his sister Eliza Adelaide Dolbel, who emigrated to Utah in 1855, and settled in Provo; and who, in 1858, moved down South. If this meet the eye of the lady inquired for, she can have a letter, sent by her brother, by applying at this office.

TERRITORIAL ITEMS.—Received by Deseret Telegraph:

BEAVER, 17.

On the 13th the Indians at Shoal Creek had a quarrel, about a squaw, and Beaver Allen' brother-in-law got killed and two Pavowan Indians killed his murderer.

Silver ledges have been discovered eight miles west of Pine Creek hill, by a party from Salt Lake, and a district has been organized, called the Washington District.

INFORMATION wanted of the whereabouts of Samuel Price, who emigrated from Birmingham in 1855, and crossed the plains in the hand-cart company which came into the valley the same year. Any one knowing of his whereabouts, will confer a favor on his mother by addressing Ann Price, *Deseret News* office, Salt Lake City.

MESSAGES.—There are messages at the office of the W. U. T. for Saml. B. Smith, Mrs J. L. Whitcomb, John A. Bingham and Mrs Ann Whitcomb.

A DESIRABLE RESORT.—One of the finest mountain retreats in the world is Bear Lake Valley. Business men who wish to pass a few summer months away from the hurry and bustle, cares and anxieties of the counting room could scarcely find a better locality in which to rusticate. Those whose constitutions are worn out by disease and overwork would find it an excellent place to recuperate their strength. The advantages of Bear Lake as a suitable resort for health and pleasure seekers are almost too numerous to mention. In the first place, the climate for salubriousness can scarcely be excelled in any portion of the globe, the absence of disease and the rare occurrence of deaths among the settlers there being sufficient evidence of this fact. Those who admire the beauties of nature could not fail to be charmed with the magnificent scenery of that region. There is the fruitful valley dotted with thrifty settlements; the beautiful lake surrounded by imposing ranges of high mountains, whose majestic forms are reflected in the clear waters; there are timber clad slopes in the grand mountain gorges or canyons. There is any amount of wild game such as ducks, rabbits, &c., and for those who delight in angling there is ample scope to gratify their taste in the numerous streams, which are well filled with mountain trout and other fish, besides the lake which abounds with a variety of the finny tribe. A commodious pleasure boat has lately been built so that those who are fond of sailing can gratify their desires. In fact all that could be reasonably desired in a quiet country retreat is to be found in that locality; and, doubtless, tourists and pleasure seekers will find this out and, at no distant day, will wend their way to Bear Lake Valley, where the beauties and advantages to be attained in a trip to Switzerland can be enjoyed without having to travel so far to reach them.

SALT LAKE CITY, JUNE 16, '71.

Editor Deseret News:—On petition of a number of interested patrons, the Deseret Telegraph Co. have, for the present at least, moved their office from Central City to Alta, which is believed by many to be a more central point, and consequently will accommodate the greatest number of persons. In view of the constant development of new mines near the heads of Little and Big Cottonwood and American Fork Canyons, the two cities of Central and Alta, in the opinion of many, are destined to become thrifty and flourishing places.

Respectfully, &c.,
A. MILTON MUSSER.

ALTA CITY, JUNE 16, '71, 12 A.M.

To Officer Deseret Telegraph Co:—Alta City sends greeting that civilization is extended to us through the Telegraph, this morning.
MANY CITIZENS.

MURDER A MEANS OF GRACE.—A man named Garvies was recently sentenced to imprisonment for life in the Indiana State Prison for murdering a stage driver. When leaving the jail for his permanent abode in the State Prison he made the following speech:

"I stand this day a redeemed Christian from sin. I believe if I hadn't killed that old stage driver I would be in hell this day. I was a drinker myself to death just as fast as I could, and I was so drunk when I killed him I liked to died afterwards."

It is very likely that the reverend gentleman or gentlemen who attended this dread plucked from the gallows, regard him as a special object of divine grace; and no doubt the terrible illusion he labors under, about being a christian redeemed from sin, is the result of their sophistry and false teachings. They should remember that the scriptures which they spiritualize and distort so abominably, declare that "No murderer hath eternal life abiding in him."

SALT LAKE CITY, June, 17th.

Editor News:—It may be well, according to the notion of some, to pay the full penalty of taking water from the ditches for irrigating purposes when it does not belong to them and, indeed, in some parts of the city it is commendable. But if you will take a walk down North Temple St., two or three blocks, you would be surprised to see the amount of water that is wasted. Along this street are large bottoms made by the City Creek in former years, and on that street, there are also about a score or more of little children from five to fifteen years whose sole occupation seems to consist in turning the water into these hollows for the purpose of bathing, playing, &c., and flooding the streets. It would be a good thing if some of those who are so much in need of water would turn this surplus down their lots and save the waste.

Respectfully, WASH.

Notice to Consumers.—The increasing popularity of Dooley's Yeast Powder has induced a certain firm who manufacture a Baking Powder to copy verbatim, our advertisements, simply substituting their name in place of ours. While this proves the standard excellence and worth of our Yeast Powder it is calculated to deceive the consumers, and reflects the character of the parties, as well as the goods which they are endeavoring to force upon the unwary. Be sure that you call for Dooley's Yeast Powder, and take no other. Dooley & Brother, Proprietors, 69 New Street, New York.

NEW REFORM.—The introduction of Soda Water and Sarsaparilla, by Day & Co., has done more in the way of a Temperance Reform than all the lectures that have been delivered in the country. The natural condition of man is a thirsty one, and it has long been an established fact that water will not quench thirst. The question then arises, can we find a substitute as harmless in its effects, and more delicious in taste than anything yet discovered? We find it in Day & Co.'s Soda and Sarsparilla. If every one would sign the Pledge and drink nothing but this Celebrated Beverage, much degradation, misery, shame and crime would be prevented in the world. If any one doubts the truth of our remarks let them step into the first place they come to and try it. It will vouch for itself. em170tf
