SENATE.

Bounty Bill—Pacific Railroad Bill.

WASHINGTON, 21.—Clayton reported a bill to equalize bounties; placed on the calendar. It provides for the payment of eight and one-third dollars a month, during the time of service, to all private non-commissioned officers, etc., in the war of the rebellion, or to their widows and orphans, less the amount of the bounties previously received.

Allison introduced a bill to amend the Pacific Railroad acts. It is a copy of the bill agreed upon by the House committee on Pacific Railroads, requiring the Union Pacific Company to maintain and operate the bridge at Omaha, as part of their continuous line.

The House bill for the relief of the sufferers by the overflow of the Mississippi was reported and amended by limiting the operations of the act to September first next, and passed.

HOUSE.

Bills Introduced—Recognition of Cuba—New Telegraph Line—The Centennial.

WASHINGTON, 21.—Under a call of the States a number of bills were introduced and referred, including the following: one fixing the compensation of the President at $25,000 a year; one levying a tax of one twentieth of one per cent. on sales of stocks, bonds, gold and silver bullion, promissory notes and other securities; one by Beck, increasing the tax on national bank circulation from one twelfth to one quarter per cent. per month.

Poland offered a resolution for the recognition of Cuba, similar to that recently introduced in the Senate by Carpenter.

A bill providing for the construction and maintenance of a telegraph along the frontier of Texas, from Dennison *via* Fort Sill, to Brownsville, at a cost of a hundred thousand dollars, was passed.

On motion of Kelly the rules were suspended, 154 to 66, and the bill appropriating $3,000,000 for the Centennial celebration was made a special order for May 5th. Before the vote Hawley said the object of the motion was to test the House on the question of having a celebration or not.

The Legislative Appropriation Bill.

The House went into a committee of the whole on the legislative appropriation bill, the only result reached being the increasing of the *per diem* for gaugers under the internal revenue law, from five dollars, as fixed in the bill, to seven dollars, and the rejection of the amendment, proposing an item for $200,000 in postage stamps for the treasury department. The bill contains seventy printed pages, and though reported over two months ago, and has been under consideration four or five weeks, only the twenty-second page is reached; the delay is partly owing to the difficulty of getting a quorum.

Report and Resolution.

Hurlbut, from the committee on railways, submitted a long report on the bill to charter a double track freight railway from the Atlantic to the Missouri; ordered printed and recommitted.

A resolution from the postal committee, ordering the printing of the testimony taken before that committee, and the committee on appropriations, on the question of additional mail service to China and Japan, was adopted.

EASTERN.

Sentenced to the Penitentiary—Shot Dead.

NEW YORK, 21.—Templeton, convicted of an attempt to shoot his wife, was sentenced this morning to seven years and a half hard labor in the penitentiary.

At Manette, N. Y., last night, Mrs. Perry, who some three years ago was connected with a gambler, and who was tried and acquitted for murdering the gambler's wife, and who has been living with him since, was shot dead, supposed by burglars.

More about the "Amerique."

The *Herald's* London special says that the British steamer *Spray*, from Newport for Gibraltar, and the steamer *Barry*, from Pomorou for Newcastle, have arrived at Plymouth. The *Spray* picked up in lat. 47 n., long. 6 10, the steamship *Amerique*, and took her in tow during thirty-six hours. She then fell in with the *Barry*, which gave assistance. The *Amerique* had sustained no apparent damage and was making no water, except in the engine room. The cabin was in the greatest confusion, owing to the hurried manner of abandoning the steamer; the greater portion of the baggage of the passengers was aboard.

Supposed Murderers Arrested—Incineration.

Thomas Finnin and Jas. Carmody have been arrested in Brooklyn for the murder of Professor Panormo, in that city, two years ago; it is rumored that Carmody has confessed, implicating Finnin.

Michael and Thomas Murphy, brothers, have been arrested at Jersey city, on suspicion of being the murderers of Catherine Hayes, *alias* Mrs. Perry, at Mannette, on Saturday night.

A bill has been introduced in the assembly at Albany, for incorporating an incineration society, for burning the dead.

Beecher Does not Want a Vacation—Human Body Gnawed by Rats.

Henry Ward Beecher has declined the six months vacation voted by his congregation; he says he don't need it now, and when he does he will take it.

The body of David Eastman, known as a hermit, was discovered yesterday in his late residence in Brooklyn, badly gnawed away by rats.

Up to a late hour last night, MacKenzie, the resident agent of the transatlantic line, had not received any dispatches relating to the saving of the *Amerique*, he could not therefore say anything about it, except that such an accident would be likely to prove more disastrous to the company than the loss of the vessel.

Captain Lemaire to be Arrested.

Judge Donahue, of the Supreme court, has granted an order of arrest against Captain Lemaire, late of the steamship *Europe*, on a suit for lible brought by Captain Thomas, of the steamship *Greece*.

Reception to Captain Lorraine.

The army and navy club, to-night, gave a grand reception to Captain Lambton Lorraine; numerous distinguished personages were present, and flattering allusions to his conduct in the *Virginius* affair were made by the speakers.

More about the "Europe."

Dr. Constantine McGuire, who was a passenger on the *Greece*, and a member of the salvage crew sent in the *Europe* by the steamship *Greece*, arrived here on the *Italy*, says they worked constantly at the pumps, but the water increased and she became uncontrollable, the fires being out and the engines useless. When the *Egypt* was sighted she attempted towing the *Europe*, but the hawsers snapped, and the salvage crew were signaled to disembark. The *Egypt* refused to send men to assist in saving her, and she was abandoned with eighteen feet of water in her hold.

$150,000 Fire—Died of Fright.

CHICAGO, 21.—A fire at Ishpenning, Mich., on Tuesday night destroyed fifteen stores and twenty dwellings; loss $150,000, insurance $40,000. Mrs. Matthews died of fright during the fire.

Revised Constitution for Switzerland.

WASHINGTON, 21.—A dispatch received at the Swiss Consulate announces the acceptance of the revised constitution by the people of Switzerland.

Notice from Internal Revenue Commissioner—Poland's Utah Bill.

The commissioner of internal revenue has notified parties liable to the special tax (license) under the internal revenue law, that unless they make a return of form eleven, before the 31st of May, they will be liable to a penalty of fifty per cent.

Poland reported from the judiciary committee, to-day, a bill in relation to the courts of Utah. It provides for the U. S. judges, marshal and attorney discharging the duties pertaining to all the courts, thus dispensing with the duplication of such officers by the Utah legislature, and consequently depriving the probate court of civil and criminal jurisdiction heretofore exercised. The bill also changes the mode of selecting jurors. The U. S. judge, clerk of the court and marshal are required to draw jurors from lists prepared in a specified manner, free from Mormon influence. Poland will bring up the bill in a few days.

The Secretary of War has sent to the House, a request from the President of the Argentine republic, that several graduates of its military school be admitted to West Point, at the expense of the Argentine government; the request was referred to the military committee.

Arkansas Affairs—Double Track Railroad Report.

The Arkansas congressional delegation, together with the three contestants for a seat in the House, representing all parties, had an interview with the President to-day, in presence of the cabinet, relative to affairs in Arkansas. They urged the President to maintain the position he now occupies, and to take all proper measures to secure peace.

Hurlbut's report on the double track freight railroad bill, recites various features in the existing railway system. It says the company proposing to build this railroad, will accept the low rates of freight agreed upon by committee, namely, fifteen cents a bushel from Chicago, &c. The company asks the government to guarantee its five per cent. bonds at the rate of $20,000 a mile, and while the committee is not in favor of railroad subsidies, it thinks the matter should be fairly submitted to the American people, and therefore reports the bill without any recommendation.

Hostilities Commenced.

LITTLE ROCK, 21.—An armistice has been in force since morning. Several arrests have been made by the United States troops of Brooks' and Baxter's men, for encroachments on the opposing lines. Reinforcements arrived for both parties to-day. This afternoon, as the Baxter men were making a demonstration before his head quarters, and applauding his speech, a shot was fired from a house in the vicinity upon the crowd, which was followed by several others from a party of Brooks' men near the Metropolitan Hotel. The Baxter force returned the fire and cleared the street. Col. Rose, the U. S. commandant called out his company and barricaded the streets, and compelled a cessation of hostilities. About two hundreds shots were fired, and several persons severely wounded. The excitement has subsided for the present.

Latest from Little Rock.

ST. LOUIS, 21.—A special gives a different version of the Little Rock affair to-night. He says that Col. Rose was listening to an harangue by White, one of Baxter's officers, when several shots were fired at him by Brooks' men, and thereupon an indiscriminate firing commenced, the U. S. troops clearing the streets. A considerable number were wounded, and great excitement prevailed. Little Rock business houses are generally closed, and the people begin to feel the effects of martial law.
