EVENING NEWS.

Friday, August 25, 1882.

FLOATING FRAGMENTS.

The weather is still hot.

A white cow with red spots on neck, lost. See advt.

Cases of cholera morbus are very numerous in the city at present.

John Myerhoffer has a couple of stands of bees for sale. See advertisement.

Most of the district schools in this city will open for the full term on Monday morning.

Ten cases of successful and attempted suicide have occurred in Denver within two weeks.

Forty-five car loads of rails are weekly being shipped from Omaha to points along the Oregon Short Line.

The people of this country spent $16,200,000 in going to the theatres last year.—*Exchange.* Shouldn't wonder. Going out between the acts is said to be very expensive.

According to a recent decision in Iowa, a girl can return any presents made her by a lover whom she afterwards discards. Iowa will soon be the champion State for dollar stores.

A scientist says the velocity of wind is much greater at high altitudes than on the earth. Science is a great thing. Every one knows that when he gets on top of a mountain on a breezy day he has to hold his hat on, but were it not for science he might think it was because the hat had got lighter.

An immigrant family strolled from Castle Garden into Nassau Street the other day, enjoying the sights. They stopped in front of the window of an enterprising sign and emblem maker, who had a brass eagle displayed. "Whatever is that," said one of the children, "is it a 'en?" "No, child," said the mother, "it's a howl." Stuff," exclaimed the father, "its a hamerican beagle, the hemblem of this blarsted country!"—*Ex.*

LOCAL AND OTHER MATTERS.

Dangerously Ill.—We regret to have to announce that Mrs. Jane Sharp, familiarly known as "Ma" Sharp, wife of Bishop John Sharp, is dangerously ill, no hopes being entertained of her recovery.

A Missouri Journalist.—C. G. Epperson, Esq., traveling correspondent of the St. Joseph, Mo., *Herald*, is in the city, taking notes with the view of writing up this part of the country for the journal with which he is connected.

A Health-Promoting Trip.—Mr. J. L. Rawlins' late trip to the headwaters of the Provo, has given his health a hoist. He has returned with an appearance of freshness and vigor that is liable to lead others to take a similar "out." The fishing in the Provo is described as all that could be desired. Even a novice with the rod can pull out the speckled beauties.

Demand For Masons.—The demand for masons and bricklayers was never greater in this city than now. The brisk time in the building line will continue as long as the weather will permit, as quite a large amount of work is laid out for completion this season. Mr. E. Morris alone could employ at least a dozen more hands than he is able to procure.

St. George.—We learn from Mr. Samuel L. Adams, of St. George, who is up from the south, that the breaking away of the dam on the Rio Virgen, about four miles from the town, has resulted in considerable injury to several kinds of vegetation, particularly lucern, upon which the people largely depend for stock fodder. The break occurred in July and the people were practically without irrigating water for five weeks in the hottest and dryest time of the year. Besides the injury done by the drouth the water spoiled a good deal of the first crop in stack, when the flood occurred.

Business in the capital of "our Dixie" is described as oppressively dull and real estate comparatively cheap in consequence.

Returned Missionary. — This morning we received a call from Elder Charles Andrews, of Nephi, just returned from a mission to the Southern States. He left here on the 20th of September last. He labored three months in East Tennessee, a new field. In consequence of being inhospitably received, the school houses being closed against him and his companion, only six meetings were held and no opening made. In company with Elder Joseph Ford he next labored five months in Wilson and Coffee counties where they baptized six new members.

Elder Andrews next labored in Alabama in company with Elder Samuel Jackson. There they were attacked by a mob who pelved them with stones, so they retired from that field and returned to Wilson County, Tennessee, where Brother Andrews remained until released, on account of failing health. Two more were there added to the Church by baptism.

Real Estate Boom. — Before the advent of the Denver and Rio Grande Western Railroad enterprize, real estate in the neighborhood where the depot grounds are located, south-western part of the city, was comparatively low priced. Lately and necessarily it has gone up on a vigorous boom.

We know of one man who owns a piece of property adjacent to the passenger depot who was offered one hundred dollars a month to lease a piece of his lot, on which to erect a saloon, but he promptly declined.

In the same locality another party sold a vacant lot for $5,000, while still another gentleman disposed of one adjoining it for $4,000.

Another man, named P. J. Hall, owns a small piece of ground directly opposite the passenger depot. For this he was offered $2,000, which he refused. Another inducement proffered him was to exchange it for half a lot in the vicinity of the County Court House, with a good, new house on it. This proposal was also declined. And so it goes.

REGISTRATION RULES.

THE RULES ADOPTED BY THE COMMISSION FOR THE APPOINTMENT AND GOVERNMENT OF REGISTRARS, ETC.

At the meeting of the Commission yesterday afternoon the following rules were adopted for the appointment and government of registrars, the conduct of the registration and of elections, the making of returns and so on, for the delegate election in November:

RULE 1.

There shall be appointed one registration officer for each county, and one deputy registration officer for each precinct thereof.

RULE 2.

Such registration officer shall, on the second Monday in September next, proceed by himself and his deputies in the manner following: The registration officer of each county shall procure from the office of the clerk of the county court, the last preceding registry list on file in his office, and shall by himself or his deputies, require of each person whose name is on said list, or who applies to have his name placed on said list, to take and subscribe the following oath or affirmation:

TERRITORY OF UTAH, } ss.
County of Salt Lake. }

I, _____, being first duly sworn (or affirmed) depose and say that I am over twenty-one years of age, and have resided in the Territory of Utah for six months, and in the precinct of ——— one month immediately preceding the date hereof, and (if a male) am a native born or naturalized (as the case may be) citizen of the United States, and a tax payer in this Territory, (or if female), I am native born, or naturalized; or the wife, widow or daughter, (as the case may be), of a native born or naturalized citizen of the United States, and I do further solemnly swear (or affirm) that I am not a bigamist nor a polygamist; that I am not a violator of the laws of the United States prohibiting bigamy or polygamy; that I do not live or cohabit with more than one woman in the marriage relation, nor does any relation exist between me and any women which has been entered into or continued in violation of the said laws of the United states, prohibiting bigamy or polygamy, (and if a woman) that I am not the wife of a polygamist, nor have I entered into any relation with any man in violation of the laws of the United States concerning polygamy or bigamy.

Subscribed and sworn before me this ——— day of ———, 1882.

———,
Registration Officer,
——— Precinct.

And said registration officer, or his deputies, shall add to said lists the names of all qualified voters in such precinct whose names are not on the list upon their taking and subscribing to the aforesaid oath, and the said registration officers shall strike from said lists the names of said persons who fail or refuse to take said oath, or who have died or removed from the precinct, or are disqualified as voters under the act of Congress approved March 22, A. D., 1882, entitled, "An act to amend Section 5352 of the Revised Statues of the United States in reference to bigamy and for other purposes. *Provided*, That the action of any registration officer may be revised and reversed by this Commission upon a proper showing, and, *Provided*, further, that if the registration officer be unable to procure the registration list from the office of the clerk of the county, or if the same have been lost or destroyed, the said officer and his deputies shall make a new registry list in full of all legal voters of each precinct of the county under the provisions of these rules.

RULE 3.

Upon the completion of the lists it shall be the duty of each registration officer to prepare triplicate lists in alphabetical order for each precinct, containing the names of all registered voters, one of which lists, together with the affidavits shall be filed in the office of the clerk of the county court; one list he shall cause to be posted up in each precinct at least fifteen days before the day of election, at or near the place of election, and the other lists shall be transmitted by him to the judges of election of the several precincts for use at the polls.

RULE 4.

Voters removing from one election precinct to another, in the same county, may appear before the registration officer at any time previous to the filing of the lists in the office of the clerk of the county court, and have their names erased therefrom, and they may thereupon have their names registered in the precinct to which they may remove.

RULE 5

The registration officer of each county shall cause to be written or printed a notice which shall designate the office or offices to be filled, and stating that the election will commence at———(designating the place for holding the polls) one hour after sunrise and continue until sunset on the———day of———, A. D. 18—. Dated at———, on this———day of——— A. D. 18—

———, Registration Officer.

A copy of which shall be posted up, at least 15 days before the election, in the three public places in the precinct best calculated to give notice to all the voters. It shall be the duty of the registration officer to give notice on the lists posted as aforesaid, that the deputy registration officer of each precinct will hear objections to the right to vote of any persons registered, until sunset of the fifth day preceding the day of election. Said objections shall be made by a qualified voter, in writing, and delivered to said deputy registration officer, who shall issue a written notice to the person objected to, stating the place, day and hour when the objection shall be heard. The person making the objection shall serve, or cause to be served, said notice on the person objected to, and shall also make return of such service to the deputy registration officer, before whom the objection is to be heard. Upon the hearing of the case, if said officer shall find that the person objected to is not a qualified voter, he shall, within three days prior to the election, transmit a certified list of all such disqualified persons to the judges of election appointed by this Commission, and such judges shall strike such names from the registry lists before the opening of the polls.

RULE 6.

This Commission will appoint three capable and discreet persons, who are eligible under said act of Congress, in each precinct of the several counties, to act as judges of election, one at least of whom shall be of the political party that was in the minority at the last previous election, if any such party there be in such precinct. And the persons who shall be appointed registration officers in each county are required as soon as may be after their appointment to transmit to the secretary of this Commission, by mail, at Salt Lake City, the names of three persons who are proper and eligible persons to act as judges of election in each precinct of the county, for the information of this Commission. The secretary of this Commission will make out certificates of said appointments, and transmit the same by mail or other safe conveyance to the persons so appointed, who, previous to entering upon said office, shall take and subscribe an oath or affirmation that they will well and faithfully perform all the duties thereof to the best of their ability, and that they will studiously endeavor to prevent any fraud, deceit or abuse of any election over which they may preside, and that they are not bigamists or polygamists. If in any precinct any of such persons appointed judges decline to serve or fail to appear, the deputy registration officer of the precinct shall appoint a judge or judges to fill the vacancy, and the persons so appointed shall qualify as herein provided.

RULE 7.

After the canvass shall have been completed, the judges of election shall add up and determine the number of votes cast for each person for the several offices, which result shall be placed on the list made by the judge, acting as clerks of the election; and the judges shall thereupon certify to the same, and shall forward all the lists securely sealed, by mail or safe conveyance, to the secretary of this Commission, at Salt Lake City, Utah, and the ballot-box shall de transmitted to the office of the clerk of the county court.

RULE 8.

The registration officers and their deputies shall hold their offices during the pleasure of this Commission, and shall each, before entering upon the discharge of their duties, take and subscribe an oath in substance that "he will support the Constitution of the United States, and will faithfully and impartially perform the duties of his office, and that he is not a bigamist or polygamist."

RULE 9.

The county registration officers and their deputies shall receive compensation as follows: For county registration officers $4 per day, the compensation to be paid for the time during which said officers have been necessarily employed in the discharge of their duties; and the judges of election shall receive compensation as follows: $3 per day for conducting the election, and 30 cents per hour for the time necessarily employed in canvassing the votes; and all of said officers are authorized to administer all the oaths required in the registration and conduct of the election.

Produce Wanted.—The following, which appears in the Ogden *Herald*, may be interesting to some of our farmers and produce dealers:

Proposals by letter or telegraph will be received at the Depot Commissary office, at Cheyenne, Wyo., until the 28th of this month, for supplying the United States Subsistence Department with 208,100 lbs. of potatoes, 22,850 pounds of onions. The potatoes must be selected from the late Utah crops of this season; the onions must be on the ground in the sun several days after they are gathered.

These vegetables must be sound, clean, dry, and thoroughly matured at the time of delivery. The potatoes must be delivered to the Depot Quartermaster in this city; the onions can be delivered at any convenient point on the U. P. Railroad. Communications must be addressed to Captain Wells Willard, Cheyenne Depot, Wyoming.

An Arizona Tragedy. — Our dispatches give details of a horrible tragedy in Arizona—a stage robbery, a double murder and the lynching of the perpetrators of the two deeds by a mob of citizens. It is reported all over town that one of the men lynched was a former citizen of this city—C. B. Hawley. There are two facts that point to this as a probability without its appearing as an absolute certainty—the character of the Hawley who used to live here, which was notoriously bad, and the fact of his having gone to the Arizona country. There is a circumstance, however, that throws a shadow of doubt upon the identity of the man who was lynched, in the absence of definite information; there was another resident of Arizona of precisely the same name. Doubtless the truth of the matter will be learned before long.

A Run for Life.—Four ladies from Butte, Mrs. Smith, Mrs. Duncan, Mrs. Staten and the latter's mother, had an exciting experience in Upper Deer Lodge Valley, Montana, lately. They were out berrying on the creek when a monster grizzly bear rushed out of the willows and made towards them. The nearest house was at least half a mile distant, and they started at once for Purcell's ranche. Then came a race for life and there is every evidence that although frightened nearly to death the ladies mane pretty good time. Baskets, bonnets, hats, shoes; everything possible was thrown away that their flight might not be impeded, while the savage growls of the horrible monster told only too plainly that he had a deadly meaning. His mouth was wide open and he bounded forward with all possible confidence in his ability to get a delicate morsel, but such was not to be, at least at that time, for the entire party reached the house in safety, but fearfully exhausted. The bear was not over fifty yards behind when the party got into the house, and reared up on his hind legs and uttered savage growls at being robbed of his prey.

The details of the affair appear in the *Miner*.

From Pittsburg. — We had a pleasant call to-day from Mr. John Rae, representative of the well known house of Stewart Brothers, wholesale manufacturers of brushes, of Pittsburg, Pa. The goods made by this firm have been sold in this Territory for many years, and are quite familiar to our painters, calciminers and others. These brushes can be obtained from nearly all of our business firms who carry such goods. Mr. Rae brings a full line of samples of brushes for house painters' and artists' use, and all who may favor him with their orders will find the goods as he represents them. He will remain in town for several days and is staying at the Walker House.

An entire car load shipment just received by H. B. Clawson, which he is now offering at bed-rock prices. Call and see them. d

CITY LIQUOR STORE.

No. 10 First South Street, is now open and prepared to welcome all its old friends and make new ones. Call and see us.

FROM "THE TIMES."

Editors Times: — The veterinary department in your valuable paper is always read by me with great interest and I value the information received from it a hundred fold more than the small amount paid for the paper. One year ago you published a letter from Dr John Bates, relating the wonderful success he had had in curing spavins and splints with Kendall's Spavin Cure, and his allusion to using it now in his practice for several human ailments on account of the success he has always had with it. The above statements from so prominent a Physician gave me great faith in its efficacy, and as I had been afflicted for years with rheumatism and hip-joint lameness so bad that I could hardly walk at times, I procured a bottle and as it has completely cured me I wish to proclaim it to all the world as the most wonderful discovery ever made for the benefit of afflicted men as well as for the poor horse, for which it was first used. As this remedy must be of incalculable value to the world, I write this letter to express my thankfulness to you for ever mentioning it in your columns and to ask another favor in behalf of my fellow men who are afflicted in body, that you continue to make known to the world, the great value of Kendall's Spavin Cure for both man as well as beast.

Respectfully yours,
ARNOLD PARKER.
