GENERAL NEWS.

The Missing Anarchists Are Now Safely in Jail in Chicago.

Emperor William and King Christian Discuss the Bulgarian Throne.

By Telegraph to the News.

In Jail.

CHICAGO, July 28.—When the case of the Anarchist dynamiters was called in the police court this morning, Chapek and Chieboun, who had been out on bail, failed to put in an appearance. Some excitement was created and the report spread that they had left the country. Chapek came in this afternoon, however, with his bondsmen and was jailed, his bondsmen fearing to carry him under the heavy bonds necessitated by the additional indictments.

It is understood that Chieboun is under arrest at a sub-station. Hronek and Sevic are in jail.

That Fight in Kansas.

LIBERAL, Kas., July 28.—The bodies of four men killed by the Hugotown party were brought to Voorhees, Stevens County, night before last, and with the wounded boy, Herbert Tony, were afterwards taken to Woodsdale. No further shooting is reported. Herbert Tony, the 19 year old boy, who was so seriously wounded, made an ante mortem statement in which he said that their party was surprised by twenty Hugotown men while resting near Wild Horse Lake, and that he, Sheriff Cross, Rola Wilcox, Bob Hubbard, and Cyrus W. Eaton, were shot down in cold blood by the Hugotown men, who afterwards emptied their rifles into the bodies of the dead men, but did not come near them. Tony escaped death.

On the other hand, a local paper prints a statement, over the signature of its editor, C. E. Cook, to the effect that Sheriff Cross and party first attacked a small party of the Hugotown men who were in the neutral strip with their families, and attempted to kill Sam Robinson. The Hugotown men escaped, got reinforcements, and when returning, Cook asserts they were ambushed by Cross and his four men and boy. When the fight was over, the bodies of Cross and his posse were lying on the ground, while Sam Robinson, the only one of the Hugotown party injured, had a flesh wound in his leg.

TOPEKA, Kan., July 28.—Governor Martin has decided that the lawlessness engaged in by the Stevens County people must be stopped. He has directed Attorney-General Bradford and Brigadier-General Myers to proceed there to investigate the situation and to report to him as soon as possible. The governor has also written a letter to Congressman Peters on the subject, in which he urges that the so-called "No Man's Land" or "Neutral Strip" be placed under the jurisdiction of the Kansas district, in order that the United States marshal may drive away outlaws and put a stop to this outrage.

Visiting Harrison.

INDIANAPOLIS, July 28.—Eight hundred or 1000 citizens of Jennings county paid their respects to General Harrison today. In response to the speech of the leader, the General touched upon the surplus and tariff issue. In speaking of the surplus he said: I agree that there is danger that the surplus may promote extravagance, but I do not find myself in sympathy with that policy that denies appropriations necessary for the defense of our people, and for the administration of our public affairs throughout the country, in order that the threat of a surplus may be used for a sinister purpose. I believe that in reducing our revenues to the level of our needful and our proper expenditures we can and should continue to favor and protect our industries. I do not like to entrust this work to those who declare protective duties to be vicious and legalized robbery. The republican party has by legislation shown its capacity wisely to reduce our revenues and at the same time to preserve the American system. [Applause]. It can be trusted to do the work that remains and do it wisely. [Applause.]

Porter Declines.

INDIANAPOLIS, July 28. — Ex-Governor A. G. Porter tonight informed his friends that he positively and emphatically declined to be a candidate for the republican gubernatorial nomination, and would not accept the nomination if tendered. This settles a much mooted question. It is thought by some that Porter's friends will now support Congressman Steele, who thus becomes a formidable opponent to Robertson, the present lieutenant-governor and candidate for the gubernatorial nomination.

William and Christian.

BERLIN, July 28.—The interview between Emperor William and King Christian of Denmark has special importance as associated with the family question connected with the Bulgarian throne. The king appears to have given his assent to the creation of the Bulgarian monarchy, with either Prince Waldemar or the Duke of Cumberland on the throne. The Duke of Cumberland has decisively rejected the offer, which was made to him through Prince Bismarck. In his note refusing to accept the crown, he declares the proposal an insult to him as the legitimate King of Hanover, and expresses the hope that he is destined to see the King of Prussia reduced to his proper level.

King Christian of Denmark advises Prince Waldemar to accept the throne of Bulgaria if the *entente* between the European Powers is perfected.

It is also asserted in certain circles that Prince Ferdinand will be assisted to maintain his position in Bulgaria.

The contest of the vatican against the visit of Emperor William to Rome has proved effective. Cardinal Galamberti, the Papal Nuncio at Vienna, is reported to have secretly seen Prince Bismarck at Friedrichsruhe. Bismarck has assented to the proposals to have Galamberti meet Emperor William at Berlin and ask him personally to forego his visit to Rome. One result of the vatican's triumph is that Minister Crispi has sent instructions to the Italian embassy in Paris to instigate negotiations for a commercial treaty with France. Berlin official circles strongly distrust the Italian government on account of its relations with France.

FIFTIETH CONGRESS.

SENATE.

WASHINGTON, July 28.—Added to the item for the publication of the official records of the rebellion a was provision that hereafter before the publication of a volume of such records the manuscript copy shall be submitted to the secretary of war for his revision and approval.

The next amendment, a new section appropriating $200,000 for a zoological park in the district of Columbia, a tract of not less than 100 acres on Rock Creek. Agreed to.

The last amendment to be acted upon was the insertion of the item of $60,000 to be paid to the late widow of Spencer F. Baird for his services and expenditures as fish commissioner from 1871 to 1876.

After quite lengthy debate it was agreed to, 29 to 11.

The bill went over.

Adjourned.

HOUSE.

WASHINGTON, July 28.—The House went into committee of the whole and after some debate took up the general deficiency bill.

Voorhees of Washington Territory advocated the admission of Washington Territory into the Union.

Synes of Colorado said that if the gentleman from Washington could influence eight or ten democrats he could get the bill through tomorrow for the admission of that Territory. Not a republican would do anything but urge the admission of that prosperous and great territory.

Payson of Illinois then took the floor and entered into a long discussion on the doings of the republican and democratic parties as regards railroad grants, etc.

The debate was participated in by Stone of Missouri.

At the conclusion of their remarks the committee rose and the House adjourned.

BRIEF TELEGRAMS.

New York, July 28.—Hamilton Fish, Jr., aqueduct commissioner, resigned today. No reason given.

London, July 28.—Charles Halle, the pianist, has been married to Mme. Wilhelm Normanner, the violinist. Halle is in his 70th year.

New Orleans, July 28.—A carboy of compressed ammonia exploded today with great force, fatally injuring two men and severely wounding four others.

St. Paul, Minn., July 28.—A severe wind storm at Plain View this afternoon wrecked several houses, but so far no lives are reported lost.

New York, July 28.—The executive committee of the National Labor party, which in 1884 took no separate political action has called a national convention in Chicago for September 11th.

London, July 28.—Baldwin, the parachutist, jumped from a balloon today at the height of a thousand feet, and landed safely. The enormous crowd displayed great enthusiasm.

City of Mexico, via Galveston, July 28.—It is reported here that the Inter-Oceanic Railroad Company has just placed in London, on favorable terms, a loan of £1,300,000 and £500,000 of first preferred shares.

Nonquitt, July 28.—A bulletin issued by General Sheridan's physicians late evening says there is visible improvement, especially in the cough. It grows constantly easier and his voice is slightly stronger. He eats fairly well.

Tucson, Arizona, July 28.—A Texas constable and posse of cowboys had a fight near Benson yesterday with three Mexican horse thieves. Two of the Mexicans were killed and the third escaped. One of the dead men has been identified as one of the Sonora train robbers.

Commissioner Stockholm has called upon John O'Day, vice president of the St. Louis and San Francisco Railroad Co., to show cause why proceedings should not be taken to secure the restoration of 90,877 acres of land, alleged to be erroneously patented to the Atlantic and Pacific.

Fire Island, L. I., July 28.—The President had good luck and a good time fishing today, although the number of spectators on the shore and the fishermen on the bay who crowded close to see him, was rather annoying. The President caught sixteen blue fish, when Dan Lamont could not catch any.

Chicago, July 28.—Robert Henderson of Silver City, Idaho, the man who blew out the gas in his room Wednesday night and was asphyxiated, lingered until 5 o'clock this evening, when he died. Everything that medical skill could suggest was tried in the efforts to bring him to, but he never recovered consciousness. Inquest Monday.

Dublin, July, 28.—The jury at Mitchellstown investigating the death of John Mandeville today returned a verdict that his death was caused by the unjustifiable treatment to which he was subjected in Tullamore prison. It also condemned the practice of treating political prisoners the same as ordinary prisoners.

The Secretary of the Interior has requested the Attorney-General to institute criminal proceedings against Jacob J. Krause, at Evanston, Wyoming, and G. W. Carleton, at Hilliard, Wyoming, for alleged unlawful cutting of about 1,210,000 feet of pine timber from the non mineral lands of Utah Territory, valued at $16,000. A joint civil suit is recommended against S. R. Callaway, of Rock Springs, Wyoming, and the Union Pacific Railroad Co. for the value of a part of the timber, they having purchased it, it is said, with the guilty knowledge.

Great Barrington, Mass., July 28.—As a party consisting of Joseph S. Greenwood, a well-known Brooklyn lawyer, his daughter, Mrs. C. H. Terry, and grand-daughter, Mary L. Greenwood, were driving from here to their summer home below Sheffield, the horses became frightened by a bicycle and overturned the carriage down an embankment. Greenwood's shoulder and side were badly bruised; Mrs. Terry's head was cut to the bone; Miss Greenwood's wrist was badly sprained and others of the party were bruised much.

SUNDAY TELEGRAMS.

Remarkable Exploits of Two Boy Horse Thieves in Chicago.

By Telegraph to the NEWS.

Crops Improving.

WASHINGTON, D. C. July 29.—The weather and crop bulletin says the weather during the past week has improved the condition of growing crops in the corn and wheat states in the central valleys and northwest.

A Mexican Tin Mine.

PITTSBURG, July 29. — A company was formed in this city last evening with a capital stock of one million dollars, the object being to open a tin mine in Mexico near Durango. A tract of land has been purchased covering an area ten miles square. An expert who assayed the ore says it will yield from 25 to 35 per cent tin, which is the largest in the world. The distributing point will be El Paso.

Congressional Programme.

WASHINGTON, July 29.—The sundry civil bill will probably occupy the attention of the Senate tomorrow. It is Senator Frye's purpose to ask that the fisheries treaty be taken up for continuous debate until disposed of, after the sundry civil bill is passed.

The bill for the admission of Washington territory and the bill to encourage the holding of national industrial exposition of arts, mechanics and products of the colored race, will be brought forward for early consideration.

It is thought now to be doubtful whether the tariff bill will make its appearance in the Senate this week.

The general deficiency appropriation bill will likely occupy the attention of the House several days this week. After the bill providing for the payment of French spoliation claims is disposed of, Sayer will endeavor to secure consideration for the fortifications appropriation bill. As the Senate amendments to the army appropriation bill cover nearly the same ground, it is expected that the committee on military affairs will antagonize the fortifications bill and try to have their bill first acted upon with the view to throwing it into conference and ultimately adopting the Senate plan of defence. It would appear that whatever time remains after the disposition of the deficiency bill would be consumed in the discussion of the subject of fortifications.

Formed a Pool.

ST. LOUIS, July 29.—Geo. Taylor, a prominent St. Louis cotton factor, is authority for the statement that jute bagging manufacturers have formed a pool or trust and advanced the price of bagging from 7 to 11 cents per yard.

Children Drowned.

NEW YORK, July 29.— Kate and Dennis, children of Patrick J. Byrnes, were drowned in the harbor today through the upsetting of a rowboat. The father was saved with difficulty.

The Record Broken.

NEW YORK, July 29.—The record in the distance for throwing a sixteen pound hammer was beaten this morning by Barry of the Cork Athletic Club. The distance thrown was 122 feet 6¼ inches. The best previous record was also made by Barry about twelve months ago in New York, the length at that time being 121 feet 11 inches.

A Farmer Assassinated.

DUBLIN, July 29.—John Forhan, a boycotted farmer, while returning from Tralee with three laborers in a car today, was shot dead near Lestowel Kerry by two disguised men, who jumped over a fence, fired and escaped.

The War in Kansas.

St. Louis, Mo., July 29. — Mayor Price, of Woodsdale, Kansas, in his statement to Governor Martin with reference to the Stevens County war stated when the news of the killing of Sheriff Cross and several of his posse reached Woodsdale, it created a wild excitement. A meeting was held, and everybody was in favor of arming, proceeding to Hugotown and killing as many men as possible, and then burning the town in retaliation. But wiser counsels prevailed. While the meeting was in session, Mrs. Cross received a message from a Hugotown lawyer, stating where the body of her husband could be found.

Woodsdale men have sent for one hundred Winchesters and a wagon load of ammunition, and have picketed sentinels for several miles around Woodsdale with instructions to fire upon any Hugotown man who attempts to pass them.

No News.

ST. PAUL, July 29.—A Victoria, B. C., special pronounces absurd the news from Ottawa that the steamer *Caroline* has arrived at Skeena River and had a parley with the Indians. Not a word has been received at Victoria since the *Caroline* sailed and much uneasiness is felt.

Porter's Refusal.

INDIANAPOLIS, July 29.— General Harrison passed a quiet Sabbath and had but few callers. In political circles the chief topic of conversation all day has been the refusal of ex-Governor Porter to accept the gubernatorial nomination if tendered. In his letter the Governor says: "I have taken an active part in every republican campaign since the republican party was organized, except that which occurred while I was holding office at Washington. After this long service the state convention will, I am sure, refrain from pressing upon me a candidacy to which I would be averse and which I should feel obliged to decline. But while I shall not be a candidate, I shall not be indifferent to the success of the republican party, nor shall my voice be silent in the important campaign which it is about to enter. I shall give whatever aid I shall be able to for the success of the republican national ticket, and the success of the candidates who shall be nominated at our state convention."

A Fatal Street Brawl.

CHICAGO, July 29.—John Phillips and Skip Larkins, with some friends, were returning from a ball game this evening, and meeting a party of Bohemians carrying a pitcher of beer, roughly asked for some. A row ensued, when August Detleof, one of the Bohemians, drew a revolver and shot Phillips and Larkins dead. The Bohemians then ran to house and barricaded themselves in, while the dead men's friends got reinforcements and were preparing for an assault which would have resulted in much bloodshed. Just then a load of police arrived and took all into custody.

Doing Well.

BERLIN, JULY 29.—The Empress and son are doing well. The Pope sent a telegram congratulating the Emperor on the birth of his fifth son. The Emperor in reply thanked the Pope for this new proof of his friendly regard.

Many Fishermen Drowned.

LONDON, July 29.—A fearful storm has caused much destruction in the northwest of France. Many fishermen have been drowned.

A Boy Fratricide and Suicide.

PARIS, July 29.—Mrs. Slauzade, living on Rue De Beerey was awakened at an early hour this morning by loud screams. She hastened to her children's bedroom from which the cries came, and found her son Louis, aged six years, with a gash in his stomach, the wound having been inflicted with a razor by his brother Alphonze, eight years old. The mother screamed for assistance, but before the neighbors arrived, Alphonze cut his own throat from ear to ear. Louis is in a critical condition. Alphonze always hated his brother, and has tried to kill him twice before, once by trying to drive a nail in his head with a hammer. He procured a razor last night and sharpened it and had it by his side in the bed.

A Murder on a Train.

MEMPHIS, July 29.—A difficulty occurred this morning on board a passenger train of the Kansas City, S. and M. Railroad, between S. S. Burke, a stockman, and same passengers. A general fight ensued, and in the melee one of the men stabbed Burke near the heart, causing almost instant death. The murderer with two of his comrades jumped from the train and escaped.

A Prize Fighter Hurt.

LONDON, July 29.—Jem Smith, prize fighter, while driving in Kilburn, London, tonight collided with a trap and was thrown to the ground. He was picked up insensible, and is injured about the ribs and face.

Labor Troubles.

PARIS, July 29.—About eight thousand navvies are now on strike and others are expected to join the movement. Twenty-three of the one hundred persons arrested have been held for trial on a charge of having been concerned in rioting at Lavillestelle.

Collision at Sea.

VINEYARD HAVEN, Mass., July 29.—The steamship *Parthian*, of the Boston and Philadelphia line, and the schooner *Ayer*, from St. John for New York, collided near Vineyard Sound last night. The *Parthian* was badly injured, and is grounded in the harbor. The schooner was torn wide open, but the cargo of lumber saved her from sinking. No lives were lost and but little excitement was shown among the passengers on the steamer.

General Scofield.

NEW YORK, July 29.—The recent visit of General Scofield to Washington having given rise to rumors that he was to be placed in command of the army during the temporary disability of General Sherman, a *Tribune* reporter called upon General Scofield and asked him about it. The General said there was no basis for the report. His recent trip had no connection whatever with such matters.

Rioters Attack the Police.

PARIS, July 29.—Five hundred strikers attacked the police at Lavillites on Saturday night. Ten rioters were wounded with swords. Many of the rioters were Italians.

Fatal Shooting Affair.

EVANSVILLE, July 29.—On the Ohio Valley Railroad last night, between Henderson and Marion, Kentucky, William Cardwell, James Nicholas and Sam Nunn indulged in a shooting scrape. Cardwell and Nunn were fatally shot, and Nicholas jumped from the train and escaped.

The Presidential Party.

NEW YORK, July 29. — President Cleveland and party sailed from Bay Shore, N. Y., at 8:36 this morning for Block Island. There was a large crowd up early in the morning to see the President, and not a few of them tried to shake hands with him. There was no opportunity for that, however. The President will return home Tuesday night.

Randall Recovering.

PHILADELPHIA, July 29. — Randall passed a very good day at his country home and declares himself to be on the rapid road to complete recovery.

Young Horse Thieves.

CHICAGO, July 29.—The police have succeeded in capturing a 16 year-old robber whose achievements in the horse stealing line are unparalleled in this part of the country. The name he gives is Edward Brown, and he claims to have come from Kendall County, Texas, about the 6th of June. He soon formed the acquaintance of Charles Crane, aged 19, and also hailing from Texas. Brown proposed that they go into the horse stealing business. A barn was rented on the west side of the city, and nightly forages were begun, and were successful. In less time than 24 hours after they started they had stolen five horses and sold three of them for liberal prices. The boldness of the deeds was remarkable. Their stable became full of valuable horses and citizens began frequenting the stable for the purpose of buying stock. The business increased rapidly. All the time complaints poured in to the police thick and fast, but they could not find the thieves.

July 1, however, was a fatal day for the adventurers. They stole a horse and buggy from a northside citizen and drove to a blacksmith shop near by to have slight repairs done. While waiting they stole the blacksmith's watch, and were soon accused of theft. They both drew revolvers and compelled the blacksmith to make an apology for the charge. As soon as the boys left the blacksmith complained at Lake View station, giving a good description of the bandits. A detective was detailed on the case. He was about to give up the search in the early part of last week, when suddenly he saw the boys driving on Washington Boulevard. He secured a horse and followed them to their barn, and shadowed the place for three or four days.

Crane became suspicious of espionage and fled, but Brown was arrested. On his person was found four hundred dollars in cash. Twenty-five horses and eighteen stolen vehicles had already been turned up, and more complaints were coming in every day. The horses are uniformly fine and the vehicles range from a dog cart to a four-in-hand.

PERSONAL.

Mr. N. H. Frohlichstein, of Mobile, Ala, writes: I take great pleasure in recommending Dr. King's New Discovery for Consumption, having used it for a severe attack of Bronchitis and Catarrh. It gave me instant relief and entirely cured me and I have not been afflicted since. I also beg to state that I had tried other remedies with no good result. Have also used Electric Bitters and Dr. King's New Life Pills, both of which I can recommend.

Dr. King's New Discovery for Consumption, Coughs and Colds, is sold on a positive guarantee.

A SURE CURE FOR THE PILES—You need not suffer from this most distressing disease again in all your life. Email's Balm acts as a poultice and lubricator, absorbs the tumors and allays the intense itching at once. No caustic, no acid, no pain. A. McGibbons Esq., 19 Poplar street, Allegheny, Pa., writes: "I had itching and bleeding piles so bad I could not sit, stand or walk without intense suffering. I doctored with many physicians, and tried all the (so called) cures that I ever heard of, in vain (paying out hundreds of dollars), until I used Email's Magic Balm, or Ointment. After the first application I enjoyed the best night's sleep I had for ten years, and two boxes have cured me completely." Wherever introduced Dr. Email's Balm takes the lead, and has the largest sale of any Pile remedy in the world. Sold by druggists everywhere or sent by mail. 50 cent boxes. CEMENT PAINT.

It will resist the action of water immediately after application, which quality distinguishes it from all other paints. It is the Best and Cheapest paint known, taking into consideration its covering capacity, durability, and powers of resistance to Fire, Cold, Frost and Dampness. It does not peel, blister or crack off, and produces a hard, glossy surface.
