THE EVENING NEWS.

Saturday, - - - March 25, 1871.

PRICE OF GOLD.

Furnished Daily by HOOPER, ELDREDGE & Co. Bankers.

SALT LAKE CITY, March 25, 1871.
Buying at $1.08; Selling at $1.11.

LOCAL AND OTHER MATTERS.

A MONSTER BILL TO-NIGHT.—A tremendous bill will be presented at the Theatre to-night, the entertainment commencing with the dramatization of Mrs. Southworth's famous novel, "The Hidden Hand," Miss Kitty Blanchard as Capitola, Mr. Rankin as "Wool," Mr. Power as "Black Donald," Mr. Thorne will personate "Old Hurricane." The members of the stock company will sustain the remaining roles.

"Carry the News to Mary," a new and celebrated walk-around, will form a feature in this piece.

The performance will conclude with "Nicholas Nickleby," in which Mr. Rankin makes a decided hit as "Newman Noggs." This is positively the last appearance of Miss Blanchard, and Messrs. Rankin and Power, which, in connection with the very fine bill presented, should draw a crowded house.

Miss Rose Evans, the famed tragedienne, is expected to appear on Monday evening.

FATAL ACCIDENT AT OGDEN.—The following was received by Deseret Telegraph Line this morning:

"OGDEN, March 24th, 1871.

Deseret News:—Mr Benson, U. P. R. R. yard master, was killed accidentally at the station here, this evening, about 6 p.m. He was coupling the cars while in motion, and his foot caught against a tie break, immediately striking inside of his thigh, and pitching him forward, when the wheels passed over his body, from the shoulder to the waist. The conductor seized him, and, while dragging him out from under the car, two more wheels passed over his legs, below his knees. He is a married man, his wife residing at Plymouth, Indiana. Before breathing his last he exclaimed: "I am killed, send word to my wife," and expired.

READ THIS if you want to purchase lumber. Mr. D. W. Parkhurst, lumber merchant of this city, will promptly fill orders for large size mining timber, 10 x 10, 10 x 12, 12 x 12, 12 x 14, and 14 x 16, from ten to thirty feet in length. This timber is of the very best quality, was sawed for the Virginia and Washoe market, and will be supplied as fast as orders are received. Remember, D. W. Parkhurst, Salt Lake City.

COMPLIMENTARY TO JAMES M.—In a theatrical criticism of the performance of East Lynne, at Piper's Opera House, Virginia City, Nevada, on the evening the of 21st inst., the *Territorial Enterprise*, of the following day, says:

"Mr. Jas. M. Hardie's personation of the insidious, smooth tongued villain Levison was artistic and most excellent throughout."

MR. AND MISS COULDOCK.—The Cheyenne Morning News congratulates the citizens of that locality on the engagement at the Cheyenne Theatre, of Mr. and Miss Couldock, to give one or more of their readings, which have proved it is said, immensely popular at Denver.

DISTINGUISHED TOURISTS.—The same paper announces the arrival at Cheyenne of Lieutenant James Craig, of the Royal Austrian Artillery, England, and the Hon. Reginald S. K. Seffington, a brother of Lord Viscount Massacrene, of Antrim Castle. They are en route for this city and San Francisco. The *News* says "the two gentlemen take great interest in Young Men's Christian Associations in the United States, and at home, are zealous laborers in the same field, in Great Britain; and the former addressed the Young Men's Christian Association at Council Bluffs, during his sojourn in that city."

THE POST OFFICE AT CHICKEN CREEK seems to be afflicted with that lack of punctuality and promptitude, so necessary in everything connected with the postal service, but which is now so rare in Utah Territory. A correspondent writes that letters and papers for Levan, instead of being taken out at Chicken Creek, are very often sent further South, thus entailing unnecessary delay, annoyance and inconvenience to the parties to whom they are sent. It would be well if the proper authorities would drop a hint on this subject to the Chicken Creek postmaster.

A BULL-PEN.—The native Californians are erecting a bull-pen at Laddsville, Alameda county, for the purpose of renewing the barbarous game of bull-fighting. The Oakland *Encinal* protests against it. Mexico has abolished the amusement by statute law, and the *Encinal* does not like the idea of California civilization playing second fiddle to Mexico.

BEAR LAKE VALLEY.—Bishop William Budge writes to Brother A. M. Musser from Paris, Rich county, that affairs there are in a prosperous and encouraging condition; the meetings are excellent and the spirit of improvement increases. Elders Kimball and Duffin are about to erect, forthwith, a large tannery, and a number of frame dwellings are about to be built. Net fishing in the Lake and streams has been prohibited, which prohibition will have the effect to increase the trout immensely.

LARGE TRAIN OF CATTLE.—The California papers notice the arrival of twenty-eight car loads of beef cattle, destined for the San Francisco market, from different parts of Nevada and Utah. We hope to hear at no distant day of Utah cattle being carried in large quantities both east and west to supply the markets.

GOT THE "RING" BAD.—Utah is not the only Territory troubled with a "ring," if the Idaho *Democrat* is reliable, for according to that paper Idaho is badly troubled with the same disease. It offers a few words of advice to Connor, the new Governor of that Territory, not to be enticed by its members. The people of Utah can sympathize. Connor is a poor name, and augurs ill for Idaho and if her redemption from "ring-ly" power and influence depend upon the acceptance of the *Democrat's* advice we fear the case is desperate!

SCHOOL SUPERINTENDENTS AND TEACHERS.—A weekly serial, in which you would be almost sure to find many items of great interest to you, is the *Journal of Education*, published monthly, at St. Louis, at $1.50 per year, by J. B. Merwin, 708 and 710 Chestnut streets. It is solely devoted to the common school interests of the country, is a large, well-conducted and well-printed paper, and contains information of value to school superintendents and all interested or engaged in the business of teaching.

MEETING AT CITY HALL ON MONDAY NIGHT.—All interested are reminded of the meeting of the Society for the Improvement of Stock, etc., to be held in the City Hall on Monday evening. The constitution and by-laws of the Salt Lake county co-operative stock herd will be presented and read. A full attendance is necessary and requested. The meeting will commence at seven o'clock.

BOUNTIFUL.—Bishop John Stoker, of Bountiful, favored the sanctum with a short visit this morning, and gave in an excellent report of the people, and matters generally in his diocese. He says the folks are A 1 in almost everything, and as Latter-day Saints cannot be excelled by any of their contemporaries, they are "diligent in business, fervent in spirit, serving the Lord," yet they are constantly improving, in order to keep up with the times.

A good deal of Spring work has been done, some having finished their plowing and planting. Peace, quietness and good will prevail through the entire settlement.

JUST THE THING for every home circle possessing a piano or cabinet organ, is Peters' *Musical Monthly*, the April number of which was received this morning. It is published at three dollars a year, and the present number contains eleven songs, choruses, polkas, etc., which, if bought separately, would cost a good deal more than the year's subscription. Send thirty cents for a single number to J. L. Peters, 599, Broadway, New York. This work furnishes a splendid monthly instalment of new music to all its subscribers.

PEOPLE'S VERDICT.

Over Half a Million sold and in use!

4,000 made and sold per week

SINGER'S
New Improved Silent
FAMILY SEWING MACHINES
ARE
The Best in the World,

Because all of them are in constant use, while a very large proportion of other makes are not used, owing to their being partially or utterly impracticable.

THE SINGER
NEW FAMILY MACHINE

Has been brought to perfection, regardless of time, labor or expense, and is now incomparably the best Sewing Machine in existence.

It is *simple, compact, durable, beautiful, quiet, light-running*, and capable of performing a range and variety of work never before attempted upon a single machine; using either Silk, Twist, Linen or Cotton Thread, and sewing with equal facility the very finest and coarsest materials, or anything between the two extremes, in the most beautiful and substantial manner.

The New Improved Attachments for Hemming, (any width) Braiding, Embroidering, Magic Ruffling, Gathering and sewing on (at the same time) Self-Sewing, Cording, Tucking, Quilting, Felling, Trimming, Binding, etc., are novel and practicable, and have been invented and adjusted especially for this Machine.

Folding Tops and Cabinet Cases.

New designs of the unique, useful and popular Folding Tops and Cabinet Cases, peculiar to the Singer Machine, are in every variety of Wood, such as black Walnut, Mahogany, Rosewood, Satinwood, and from the plainest to the most elaborate pattern and finish. The Machines themselves are plain or highly ornamented with pearl and gold to correspond with their tables or cabinets.

In the Singer the work is fed or passed through the Machine in the natural direction, namely, *from the operator*, permitting her to sit in a natural and healthy position. In many other Machines the work passes from right to left, or the reverse, *compelling the operator to sit in a bent and unhealthy position, and thus causing weakness of the back, etc.*

The Singer uses a SHORT STRAIGHT NEEDLE, which is *not* liable to break or miss the stitch. Many other Machines use a long crooked needle, which is liable to break and to miss the stitch.

In the Singer Machine the Shuttle is carried, thus avoiding nearly all wear. It requires no oil, and does not soil the thread or goods. Other Machines *drive* their Shuttles, in a race, thus causing great wear, and *requiring oil*, soiling the thread and goods.

On the Singer, the Tension on both the upper and lower threads is absolutely under the ready control of the operator, thus rendering the Machine always available for good sewing, which is not the case with any other. Many so-called cheap Machines are really worthless, and so are many of their new peculiarities and supposed advantages.

The SINGER is the
Oldest Practical Sewing Machine,

Being about twenty years in the market. Having been constantly improved by the employment of the most skilled ingenuity of the age and unlimited capital, it is now divested of all unnecessary parts and possesses All the Very Latest Inventions and Improvements. It is the only Machine sold on Honest Claims, as all its parts are Practical and will do all that is claimed for them. Some other Machines are Greatly Complicated, to do Useless and Silly things, and thus are rendered Liable to Constant Derangement. The Singer Seldom or Never gives trouble, not is readily and easily managed by those who utterly fail on other *Machines*.

SINGER'S
New Manufacturing Machines

Claim the same advantages over others of their class as the new Family Machine. These old and well-tried Sewing Machines are applicable to *all kinds of heavy and light manufacturing in Cloths, Leather, etc.*, and run in the most perfect and reliable manner without trouble to the operator.

HAVE ARRIVED!
A Full Assortment of those
Beautiful and Unrivaled
MACHINES.

(The numbers on which show a manufacture of between Five and Six Hundred Thousand.) Consisting of the Different Varieties made by the Singer Manufacturing Company, and we shall sell at Eastern Prices, with addition of Freight only. To accommodate parties who cannot pay all down, we will sell on

EASY MONTHLY INSTALMENTS

So that all may possess one of these *Blessings*.

For the convenience of our Patrons we have engaged the services of a gentleman who has had twenty years experience and is one of the most skillful experts in the world in repairing and adjusting Sewing Machines. He will put each Machine in complete and practical running order before it leaves the Institution and will also impart to purchasers all needful instruction, so that they can at once commence work.

We resort to no trickery whatever to sell Sewing Machines, but allow their Great Merits to recommend them. We can do this, as the demand for them is so great that although the Singer Company make more than all other first-class companies combined, they cannot nearly fill their orders, and are compelled to still extend their Gigantic Works.

We having been so fortunate as to secure the

General Central Agency,

For this Territory, we extend a cordial invitation to all to come and see the Machines, whether they wish to buy or not. See all others, but do not buy without you examine the Singer.

We Guarantee every Machine; we sell to give entire satisfaction.

THE SINGER
BUTTON-HOLE MACHINE
Is the only Practical one in the World.

OTHER SEWING MACHINES REPAIRED on Reasonable Terms.

THE CELEBRATED
COOKING STOVES!

SUPERIOR
For Wood.
They are really what their name indicates, SUPERIOR to any other Stove in the market, and for
Economy, Durability, Convenience & Dispatch
Are Unequalled!
KANSAS, ALASKA
AND
IMPROVED AMERICAN
For Coal.
Which for Neatness of Design, Thoroughness of Combustion, Capacity of Oven, Economy in the Use of Fuel and Uniformity of Operation, place them as the best Stoves in the market.
They have been constructed specially for the use of our Western Bituminous Coal (for which all stoves of Eastern manufacture are so ill adapted). Enlarged Flues insure a perfect draft; the plates that line the fire chamber are unusually heavy, and combine certain peculiarities in their construction which give these Stoves superiority over all others in the consumption of the smoke, thus saving a large per centage of fuel.
