NO CONTRIBUTIONS FROM COPORATIONS

They Are Not Being Accepted at Republican National Headquarters.

SEVERAL HAVE BEEN SENT IN

But They Were All Returned, Says Treasurer Sheldon of the National Committee.

New York, Aug. 17.—Contributions to the campaign from corporations or from officers of corporations acting as such are not being accepted at Republican national headquarters, according to a statement made today by Treasurer George D. Sheldon of the Republican national committee. Mr. Sheldon said that he had returned several such contributions to those who made them in compliance with the federal law of 1907 governing the matter.

Mr. Sheldon said his attention was drawn to the provisions of the law by an inquiry addressed to him regarding the matter. He sent to Washington for a copy of the statute and found that its provisions are very comprehensive, as to election funds from corporations or officers thereof, as such. Thereupon he returned them. The law, however, does not prohibit contributions from individuals connected with corporations provided such contributions are personal donations.

Mr. Sheldon refused to give the names of any of the contributors whose offerings were returned or to tell to what extent the Republican national campaign fund has been reduced by the returned contributions.

The Republican speaking campaign in the west will not be opened until about Sept. 15. That date was agreed upon today at a conference of political leaders with Chairman Frank H. Hitchcock of the Republican national committee. The organization of the eastern speakers 'bureau cannot be effected by Mr. Hitchcock until he comes west again, in about 10 days.

A plan for the gathering of campaign funds in the various states was formulated at a conference today. The national committeemen in each state will be authorized to select a treasurer for his state, who will be a financial agent. This agent is to solicit and collect campaign contributions which are to be turned over to Mr. Sheldon, the national treasurer, or Mr. Upham, the assistant treaurer. The disbursement in the states will be made under the direction of the state chairman.

Mr. Hitchcock and several of his assitants left Chicago this afternoon for Utica, N. Y., to attend the ceremonies connected with the notification of Mr. Sherman.

A BOY KILLED.

Son of Wealthy Parents Meets Death While Stealing Ride.

Chicago, Aug. 17.—At the inquest held today over the body of Andrew Anderson, 14 years of age, who was instantly killed Saturday night near West Chicago, Ill., while beating his way on top of the Los Angeles limited of the Chicago & Northwestern, developed that Anderson was the son of wealthy parents in Palo Alto, Cal. Word has been received from the boy's parents asking that the body be shipped to them. Until they received word of his death, they said, they had no knowledge of his whereabouts, as he had wandered away several months ago.

Anderson was in the company of two Chicago boys when he met his death. The boy stood up just as the train rushed through a viaduct and was struck a terrific blow on the back of the head by the iron framework.

A Skin of Beauty Is a Joy Forever.

DR. T. Felix Gouraud's Oriental Cream or Magical Beautifier.

PURIFIES as well as beautifies the skin. No other cosmetic will do it.

Removes Tan, Pimples, Freckles, Moth Patches, Rash, and Skin Diseases, and every blemish on beauty, and defies detection. It has stood the test of 60 years, and is so harmless we taste it to be sure it is properly made. Accept no counterfeit of similar name. Dr. L. A. Sayre said to a lady of the haut-ton (a patient): "As you ladies will use them, I recommend 'Gouraud's Cream' as the least harmful of all the skin preparations." For sale by all druggists and Fancy-Goods Dealers in the United States, Canada and Europe.

FERD. T. HOPKINS, Prop., 37 Great Jones Street, New York.

DIARRHOEA

There is no need of anyone suffering long with this disease, for to effect a quick cure it is only necessary to take a few doses of

Chamberlain's Colic, Cholera and Diarrhoea Remedy

In fact, in most cases one dose is sufficient. It never fails and can be relied upon in the most severe and dangerous cases. It is equally valuable for children and is the means of saving the lives of many children each year.

In the world's history no medicine has ever met with greater success.

SENATOR BORAH IN GREAT DEMAND AS A SPEAKER

Chicago, Aug. 17.—The Republican speaking campaign in the west will not be opened until about Sept. 15. That date was agreed upon today at a conference of political leaders with Chairman Frank H. Hitchcock of the Republican national committee. The organization of the eastern speakers' bureau cannot be effected by Mr. Hitchcock until he comes west again in about 10 days. It has been expected that Senator W. E. Borah of Idaho would assume the direction of the bureau, but the announcement made today that there had been such a demand for him to speak in all parts of the country that it had been decided he was too good an asset for speaking purposes to admit of his being tied down to organization work.

Under the original plans, Senator Borah was to have offices in Chicago and undertake to block out the western country into areas and shape the speaking policies for each section, according to the issues therein, while Gen. T. Coleman Dupont of Delaware, who has his offices at the New York headquarters, would look after the machinery of the bureau. Senator Borah is to make several speeches in the early campaigns in eastern states but has agreed to remain here for a time and get the speakers' bureau organized for the west. He will be assisted in this work by Col. Cecil A. Lyon of Texas. A director for the work will be named later.

Rev. Dr. John Wesley Hill of New York who will open the speaking campaign in Velmont, left for the east today.

WHY JAMES LEE GOT WELL.

Everybody in Zanesville, O., knows Mrs. Mary Lee, of rural route 8. She writes: "My husband, James Lee, firmly believes he owes his life to the use of Dr. King's New Discovery. His lungs were so severely affected that consumption seemed inevitable, when a friend recommended New Discovery. We tried it, and its use has restored him to perfect health." Dr. King's New Discovery is the King of throat and lung remedies. For coughs and colds it has no equal. The first dose gives relief. Try it! Sold under guarantee at Z. C. M. I. drug store. 50c and $1.00. Trial bottle free.

TAFT WILL SUIT HIS SPEECHES TO DELEGATIONS

Hot Springs, Va., Aug. 17.—Discussing today the character of speeches he is to make during the campaign, Judge Taft said he believed he had placed himself on record in the speeches he has already made on every question likely to become important in the campaign.

"But," he added, "that will not, I take it, preclude me from taking up any subject and enlarging on it in the speeches I shall make to the various delegations who may come to Cincinnati during the campaign. My subjects will be chosen with particular reference to the interest and character of the particular delegation to whom I shall speak. In this way it is posible that I shall review many of the important and minor issues, but I have laid out no set plan for taking up in any particular order any question or set of questions."

Mr. Taft's speech to the Virginians here Friday has engaged his attention to a considerable extent, today. Dr. C. A. L. Reed of Cincinnati, who is a candidate for the United States senate and a personal friend of Mr. Taft, came here today on business of a personal nature with the candidate. Before leaving Dr. Reed expressed the belief that the great majority of the physicians of the country favored the candidacy of Mr. Taft. The record of Mr. Taft in the Philippines and in Panama, so far as the medical profession is concerned, Dr. Reed said, was the cause of this feeling of friendliness.

There was a conference today between John Hays Hammond and Herbert M. Myers, a Columbus (O.) attorney, who is president of the Ohio Republican College league, which is affiliated with the National Republican College league.

A general plan of co-operation was discussed. "It is our intention," said Mr. Myers, "to organize Republican clubs in every college and university in the country. We expect to reach 25,000 first voters in the course of the campaign."

SOUTHERN AND WESTERN BUYERS IN NEW YORK

New York, Aug. 18.—The city is filling up with southern and western buyers. All of the hotels were taxed last night to their capacity and several had to turn guests away. This is the season for the retail houses throughout the country to buy their fall and winter stocks. The vanguard of the buyers reached the city late Saturday afternoon and a steady stream has been coming in ever since. It was estimated that not less than 500 buyers came in yesterday, to say nothing of those who reached the city Saturday night and Sunday.

A canvass of the hotel registers last night showed that the territory covered by the buyers already here extended as far west as Denver and as far south as New Orleans and Galveston. They represent every class of retail trade, and usually the largest houses in their line, many of which supply the smaller houses in their own vicinity.

The fall and winter buying season has just begun and will continue for weeks to come. It was said at the hotels last night that this is just a beginning of the tax upon their accommodations, and the point will probably be reached where cots will have to be put in the halls to avoid turning away regular guests of years' standing.

Can't you eat, sleep or work? Bad liver? Hollister's Rocky Mountain Tea tones your liver, restores strength and health; cures when others fail. Give it a trial. 35 cents. Tea or Tablets. Godbe-Pitts Drug Co.

NEW YORK PUPILS.

In One Way or Another Do Million Dollars' Damage to Buildings.

New York, Aug. 18.—Pencil marks on the walls, broken windows, defaced doors, tumble down steps and a score of other things chargeable to some 695,000 boys and girls in the public schools will cost the city the round sum of $1,600,000. That amount has been estimated by C. B. J. Snyder, superintendent of school buildings, as necessary to put more than 500 school buildings of the city in shape for the opening of the coming season Sept. 14. It is expected that the total enrollment for the coming season will be 720,000 or 25,000 in excess of the enrollment last session.

DEMOCRATIC PLAN FOR RAISING MONEY

Editors of Party and Independent Papers Will be Asked to Start Subscription Fund.

IT IS COL. WETMORE'S IDEA

Every Source That Can Be Found Will Be Tapped—Results Are Quite Encouraging.

Chicago, Aug. 17.—Editors of every Democratic and independent newspaper throughout the United States will be appealed to by the Democratic national committee to start subscriptions for the Democratic fund in their newspapers. This plan, which was made known tonight by Col. Moses C. Wetmore, chairman of the finance committee, is distinct from the effort already inaugurated by the national committee to obtain money through financial representatives under the direction of national committeemen in each of the states of the country. Col. Wetmore said:

"We are going to get the money to run this campaign, make no mistake about that. The Republicans know where to get theirs, no matter what contributions they may have to turn back to comply with the law. Every source that we can find will be tapped, and the results of our efforts so far are fairly encouraging. The finance committee started today to send appeals to editors of all Democratic and independent newspapers to start subscription lists, and to every contributor the national committee will send an acknowledgement as a souvenir of the campaign. The appeal is signed by Chairman Mack, Gov. Haskell, treasurer of the committee and myself."

Senator Thomas F. Glore of Oklahoma sent word to the national committee today that he would give one-half of the receipts of a comming series of lectures that he had been engaged for, to the campaign fund. National Committeeman G. B. Tucker of Arkansas, was a caller at headquarters today.

Former Gov. Alexander Dockery and Congressman Champ Clark, of Missouri, brought to Chairman Mack hopeful predictions of Democratic success in their state.

Congressman Clark said:

"Since the Denver convention I have been traveling continuously in Colorado, Kansas, Nebraska, Iowa, Missouri, Kentucky, Ohio and Illinois, and find that the drift is undoubtedly toward Bryan. Missouri will give Bryan 40,000 plurality, and the Democrats will elect 15 out of 16 congressmen; a Democratic legislautre, which will select a successor to Senator William A. Stone, and the the state ticket from governor down."

Chairman Mack will leave here next Monday for Indianapolis to attend the Kern notification, after which he will proceed to New York, where he will open the eastern headquarters.

NEVADA SENATORSHIP.

Senator Newlands Issues an Open Letter to Patrick L. Flanigan.

Reno, Nev., Aug. 17.—United States Senator Newlands has issued an open letter to his opponent, Patrick L. Flanigan, Republican, asking that both candidates place their names on the official ballot at the next general election and seek the office at the hands of the people of the state.

The proceeding is unique, and as far as known is the first time a United States senator has asked re-election at the hands of the whole people of his state.

Mr. Flanigan seeks the endorsement of the Republican convention, and Mr. Newlands that of the Democratic convention. If Flanigan agrees to the plan proposed, the county conventions will be asked to pledge legislative candidates in advance to vote for the senatorial candidate who shall win in their respective counties.

The state law provides that such procedure may be taken, but does not bind the members of the legislature to vote in accordance with the expressed result.

MEN PAST SIXTY IN DANGER.

More than half of mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of prostate glands. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger ,as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Rockport, Mo., writes: "I suffered with enlarged prostate gland and kidney trouble for years and after taking two bottles of Foley's Kidney Cure I feel better than I have for twenty years, although I am now 91 years old." For sale by F. J. Hill Drug Co., "Tthe Never Substitutors."

A DIAMOND RING.

Girl Finds One Worth $350 in a Blackbird's Nest.

New York, Aug. 18.—Miss Anna Dodge of Brooklyn, who is visiting friends in Caldwell, N. J., while in the woods of that vicinity with friends, found a diamond ring valued at $350. Her attention was drawn to a bird's nest at the foot of a tree and thinking it had been wantonly thrown to the ground by some small boy, picked it up. In the nest was a ring. It was set with four diamonds. A jeweler says it is worth $350. The nest was that of a blackbird and it is supposed the bird carried the ring there.

NAVY OFFICER A SUICIDE.

San Francisco, Aug. 17.—The body of Capt. James W. Broatch, commanding officer of the marines at Cavite, who committed suicide by shooting himself with his revolver, arrived here today on the transport Bufford and will be shipped to Nebraska for interment.

Before killing himself, the officer is reported to have called up a friend on the telephone and calmly informed him that he was about to end his life, but did not asisgn any reason for his intended act. When his friend arrived at the headquarters of the marine corps, he found Capt. Broatch on the floor of his office with a bullet through his temple.

CHORUS SINGERS HAVE GREAT FIELD DAY

New York, Aug. 18.—Chorus singers had a field day yesterday in the Manhattan Opera House, and for about five hours tall, short, brunette and blonde girls sang to prove their ability to become members of the grand opera chorus. An accompanist sat at a piano and Oscar Hammerstein sat at a desk and between these two the voices were tried one after another and at length.

But that was not all, for the impresario had decided to find out why those who failed were lacking in voice, and to this end Dr. Frank E. Miller, a specialist on the throat, was called into play. He sat in a darkened room, fortified by a light, a reflector and numerous instruments and the unsuccessful applicants filed in before him and his reflector. He examined throats, catalogued the ailments and explained why the voice was hampered in its effectiveness and was robbed of its beauty. It was a noval experiment for most operatic impressarios are content with knowing that there are bad voices without trying to find out why they are bad, but it may have been balm for the rejected applicants to be told that some ailment of chord or tonsil stood in the way of their singing. Dr. Miller also accounted for the voices of the successful ones. It was a new idea of hunting a grand opera chorus along scientific lines.

FOR SORE FEET.

"I have found Bucklen's Arnica Salve to be the proper thing to use for sore feet, as well as for healing burns, sores, cuts, and all manner of abrasions," writes Mr. W. Stone, of East Poland, Maine. It is the proper thing too for piles. Try it! Sold under guarantee at Z. C. M. I. drug store. 25c.

ALASKAN BEAR SHOWS REMARKABLE MEMORY

New York, Aug. 18.—A remarkable instance of memory in an animal has just come to light at the Bronx park zoo. Six years ago when J. Alder Loring was a curator at the Bronx park zoo, he made a trip to Alaska to get a herd of white mountain sheep. He visited Admiral's island, just off the coast, and there he came across a cub bear, Alaska bear species. This he brought back with him, together with the mountain sheep. The bear cub was a little fellow. Its mother had been shot by hunters, and it had been reared on a bottle. The cub became very fond of Mr. Loring. He continued to feed it on a bottle until large enough to eat solid foods. The cub was put in a cage by itself and became a part of the zoo collection. At first he was gentle, and loved nothing better than a romp with Mr. Loring. Mr. Loring named the cub "The Admiral." He is now the largest bear in the colony and weighs 900 pounds. Curator Loring left the Bronx park zoo about five years ago. He went to Denver and became a curator of the zoo of that city. The Admiral grew into a big bear, outstripping all the others. As The Admiral grew he seemed to lose his playful ways. He developed an ugly spirit which frequently manifested itself.

A few days ago Mr. Loring visited the Fronx park zoo. He had not been there since he left five years before. He went to The Admiral's cage, and the great bear, as soon as he heard Mr. Loring's voice rushed to the bars and reached his paws through to his old friend. Mr. Loring petted and patted the bear, finally placing his hand in its open mouth in spite of the keeper's warnings. The bear's eyes twinkled, and when the hand was withdrawn, he licked it excitedly. The keepers are still talking about the incident, for it was the first time in months that anyone has dared to go near the great beast.

A VANDAL GOAT.

Eats Flowers and Crepe, Is Arrested And Taken to Police Station.

Chicago, Aug. 18.—Policeman Michael O'Toole, was traveling his beat in West Lake street last night when he was called upon to "arrest" a billy goat for eating a bunch of flowers and a streamer of crepe that hung from the door knob of a house.

The goat was nibbling at the wreath when some one in the house went to the door. The animal with a sharp tug pulled the flowers and crepe from the fastenings and ran.

O'Toole was importuned by the family of the one for whom the death symbol was on the door to arrest the goat.

The animal swallowed the floral emblem and part of the crepe before the policeman could conquer him with his club. He finally was overpowered and taken to the station in the patrol wagon.

A FOOTBALL VICTIM.

Chicago, Aug. 18.—A dispatch to the Tribune from Los Angeles, Cal., says: James M. Lee, of East St. Louis, died yesterday of injuries received in a football game nearly seven years ago. Lee was playing center on the East St. Louis high school, and in a scrimmage two of his ribs were so loosened that they injured the lung tissue. He went to Colorado and Arizona seeking health, and not finding it, came to this city. He was 25 years old and was a newspaper man.

RECEIVER WILDES' BONDS.

Two Security Companies Petition for Leave to Withdraw from It.

Reno, Nev., Aug. 17.—As a result of the recent trouble over the $2,600 premium that was paid out by Receiver Wildes of the State Bank and Trust company to the surety companies going on his bond for $1,000,000, the United States Fidelity and Guaranty company and the United States Surety company of San Francisco, which went on the bond to the amount of $585,000, have petitioned the bank commissioners and the district judge of Ormsby county to be allowed to withdraw from the bond.

These applications of the two surety companies were filed on last Saturday, and it is stated that all the surety companies on the bond of Receiver Wildes will withdraw from the bond. Wildes has 10 more days in which to secure other bondsmen. He asks for a reduction in the amount of his bond. This further complicates the already complicated affairs of the trust company.

NEGROES JEERED POLICEMEN

Result Was One Received Very Serious Wound in Back.

Chicago, Aug. 17.—Walter Allen, a young colored man and several companions, jeered at a policeman who had ordered them to move on late last night. An encounter between Allen and the officer followed, with the result that Allen was shot and seriously wounded in the back. His companions ran away.

ELECTRIC FUEL FOR ONTARIO.

Discussing the project for electrifying the province of Ontario, Canada, with power from Niagara Falls, Popular Mechanics says:

"The province of Ontario has throughout its history suffered from the serious handicap of having no discovered coal within its borders. In less than 18 months the great central part of the province will bid farewell forever to dependence upon coal as a source of power. The project will cost the province $3,500,000. Ontario has an area of 220,000 square miles.

DOCTOR ADVISED USE OF CUTICURA

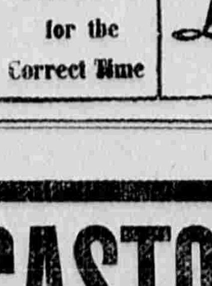
After Other Treatment Failed—Eczema in Raw Spot on Baby Boy's Face Lasted for Months—Cried with Pain when Washed.

ECZEMA WAS CURED AND HAS NEVER REAPPEARED

"Our baby boy broke out with eczema on his face when one month old. One place on the side of his face the size of a nickel was raw like beefsteak for three months, and he would cry out when I bathed the parts that were sore and broken out. I gave him three months' treatment from a good doctor, but at the end of that time the child was no better. Then my doctor recommended Cuticura. After using a cake of Cuticura Soap, a third of a box of Cuticura Ointment, and half a bottle of Cuticura Resolvent he was well and his face was as smooth as any baby's. He is now two years and a half old and no eczema has reappeared. I am still using the Cuticura Soap; I think it is the finest toilet soap I ever used. I keep my little girl's hair and face cleansed with it too. I am so thankful for what Cuticura has done for us. Mrs. M. L. Harris, R. F. D. 1, Alton, Kan., May 14 and June 12, '07."

SANATIVE

Antiseptic Cleansing Is Best Accomplished by Cuticura.



Women, especially mothers, find Cuticura Soap, Ointment, and Pills the purest, sweetest, and most effective remedies, for preserving, purifying, and beautifying the skin, scalp, hair, and hands, for the treatment of inflammatory and ulcerative conditions, as well as for restoring to health, strength, and beauty pale, weak, nervous, prematurely faded, run-down women. Guaranteed absolutely pure under the United States Food and Drugs Act.

Complete External and Internal Treatment for Every Humor of Infants, Children, and Adults consists of Cuticura Soap (25c.) to Cleanse the Skin, Cuticura Ointment (50c.) to Heal the Skin, and Cuticura Resolvent (50c.), (or in the form of Chocolate Coated Pills, 25c. per vial of 60) to Purify the Blood. Sold throughout the world. Potter Drug & Chem. Corp., Sole Props., Boston, Mass. Mailed Free, Cuticura Book on Skin Diseases.

We make everything in gold, silver and platinum.

The General Demand

of the Well-Informed of the World has always been for a simple, pleasant and efficient liquid laxative remedy of known value; a laxative which physicians could sanction for family use because its component parts are known to them to be wholesome and truly beneficial in effect, acceptable to the system and gentle, yet prompt, in action.

In supplying that demand with its excellent combination of Syrup of Figs and Elixir of Senna, the California Fig Syrup Co. proceeds along ethical lines and relies on the merits of the laxative for its remarkable success.

That is one of many reasons why Syrup of Figs and Elixir of Senna is given the preference by the Well-Informed. To get its beneficial effects always buy the genuine—manufactured by the California Fig Syrup Co., only, and for sale by all leading druggists. Price fifty cents per bottle.
