DESERET EVENING NEWS.

Wednesday, - September 23, 1896.

WANT CITY'S MONEY.

Suit to Be Commenced Against Mr. May and Bondsmen.

UTAH & PACIFIC IMPROVEMENT CO.

Petition Favorably Considered and Further Time Allowed—The City's Death Rate.

The Utah & Pacific Improvement company will be given more time in which to get operations well under way, the council last night favorably considering the petition of the company in the adoption of the following report:

Gentlemen—Your committee to whom was referred the application of the Utah & Pacific Improvement company, praying for a modification of the terms and conditions upon which it may receive a deed from the city to Pioneer square, respectfully report:

That we have had said application under consideration at several meetings of the committee, and while we do not all agree as to what is best to be done in the premises, a majority of your committee concur in the following recommendations:

First—That the Utah & Pacific Improvement company having failed to comply with the terms and conditions imposed upon it by resolution of the council passed March 11, 1896, requiring fifty miles of railway road bed to be completed within six months from date of the acceptance of said grant to-wit: September 12, 1895, said resolution ought to be rescinded and the deed to Pioneer square, which was placed in the hands of Messrs. Baskin and Webber as trustees, in accordance with said resolution, ought to be returned to the Mayor and recorder to be by them destroyed in the presence of each other.

Second—That the city by a new resolution grant to said Utah & Pacific Improvement company and its assigns said Pioneer square for union depot purposes upon substantially the following conditions, subject, however, to such details and limitations as may be inserted by the City Council:

(1.) That prior to the first day of January, 1898, it build and equip in a first-class manner 100 consecutive miles of new standard gauge railway from either of the following points:

(a.) From Milford in a southwesterly direction toward Los Angeles.

(b.) From Salina toward Deep Creek.

(c.) From Eureka into the Deep Creek mining regions.

(2.) That fifty miles of said road must be constructed and in operation for such business as may come to it within one year from date of grant, the full 100 miles must be completed and in operation for business by the first day of January, 1898.

(3.) That by the first day of July, 1898, at least one train per day carrying freight and passengers, must be run each way over said road between the terminus thereof and Salt Lake City, said trains to depart from and arrive upon said Pioneer square.

(4.) The title to said square shall not pass from the city until these terms are complied with, and if not complied with within the time specified, said proposed resolution for the Council shall be null and of no effect.

Very respectfully,

E. M. Le Fresnes,
W. H. Dale,
Christopher Diehl,
M. E. Mulvey,
E. F. Newell.

ALARMING DEATH RATE.

No action having been taken on the former communication of City Physician Derby, the following was sent last night:

To the Honorable Chairman and Members of the City Council:

Gentlemen—I would respectfully request that your honorable body take some action upon my communication addressed to you on the 1st of the month, asking for authority to employ an additional quarantine inspector. I was in hopes at that time that I fully showed you the necessity of having this assistance. It is impossible for the force now allowed the health department to do justice to the work imposed upon it, and unless some consideration is given my appeals by your honorable body or the sanitary committee, our city will soon be plunged in the depths of an epidemic from contagious and infectious diseases.

Very respectfully,

Wm. T. Derby,
Health Commissioner.

After a long jangle over the matter the communication was referred to the sanitary committee with instructions to report at the next meeting.

MR. AUERBACH'S ACKNOWLEDGMENT.

In acknowledgment of the Council's memorial upon the death of the late F. H. Auerbach the following was received and filed:

The Honorable President and City Council of Salt Lake City:

My Dear Sirs—In behalf of Mrs. Rosa G. Meyer, Theo. H. Auerbach, myself and our family, I wish to most sincerely thank you for your very kind expressions of sympathy and condolence and your generous consideration in our great bereavement, the death of our beloved brother, Frederick H. Auerbach. Very truly yours,

S. H. Auerbach.

SUIT AGAINST MAY.

Mr. Romney introduced the following resolution which was adopted:

Resolved, That the city attorney be and he is instructed to commence suit immediately against J. L. May, city treasurer, and his bondsmen, to recover the amount of money belonging to this city, said to be in the Bank of Salt Lake at the time of its failure.

The bondsmen of City Treasurer May are W. S. McCornick and J. E. Dooly.

MUST PAY MONEY.

One hundred dollars was appropriated to pay court clerk's fees in city suits, as Clerk Stanton had refused to further accept warrants in payment of the same because he had been compelled to lose the discount thereon.

DENIES THE CHARGES.

City Engineer Kelsey, in a communication, denied the charges made against him by Contractor Wilkerson and Mr. Baskin moved that the charges be dismissed; but the matter was instead referred to a committee of the whole to meet on Friday evening.

AN OBJECTIONABLE PLACE.

C. W. Bennett and sixty others sent in the following communication, which was referred to the license committee, the proprietor of the place referred to having been arrested during the afternoon:

Your petitioners respectfully represent that at the corner of Second South and Ninth East streets, in your city is kept a very disorderly place called and known as "Mycroether's Pool Room." Card playing is there carried on at all hours of the day and night and largely by boys of from 15 to 20 years of age. Boys of the neighborhood are there being led to ruin. Mothers of the neighborhood are sorely distressed by the prospect of ruin there threatened to their sons. Crowds there assemble and frequently insult women and girls as they pass, with profane and obscene language. In short it is a nuisance which should be at once abated. We respectfully request that the matter receive immediate and thorough correction.

BIDS FOR COAL.

Councilman Diehl introduced the following resolution, which was adopted after a tilt between Stewart and O'Meara:

Resolved, That the recorder be and hereby is instructed to ask all coal dealers in the city for proposals to deliver slack and lump coal to the several city departments, from the 15th day of October, 1896, to the 30th day of April, 1897, the proposals to be delivered to the recorder on or before the 29th inst., and to be opened at the Council meeting of said day.

FIRE STATION.

Chief Devine called attention to the fact that work on the new fire station ought to begin at once, and a motion by Mulvey to instruct the board of public works to advertise for bids prevailed.

Destroyed by Fire.

Two frame houses, one belonging to Mrs. Emma Bevan and the other to Frederick Crawford, and located on the corner of Thirteenth South and Ninth East streets, were destroyed by fire shortly after 4 o'clock Tuesday afternoon. The fire department responded, but the structures being frame and the alarm being turned in rather late, they burned to the ground before the department arrived. The houses were valued at $900 and $1,100 respectively, and insured in the American Central company for $700 and $800. The origin of the fire is unknown.

Awarded
Highest Honors—World's Fair.

DR. PRICE'S CREAM BAKING POWDER

MOST PERFECT MADE.

A pure Grape Cream of Tartar Powder. Free from Ammonia, Alum or any other adulterant.

40 YEARS THE STANDARD.

Hardware Store Looted.

Either late Monday night or early Tuesday morning, the Salt Lake Hardware company's place of business on Second South street, was broken into by thieves and about $600 worth of goods stolen. The burglars gained admission through a side window and the goods taken consisted of fifty dozen knives in boxes valued at $300 and a large supply of revolvers and razors. The police are working on the case but as yet their labors have been unrewarded.

In the European Mission.

[Millennial Star, Sept. 10.]

Releases and Appointments—Elder Samuel Gerrard has been honorably released from presiding over the Liverpool conference to return home on the 24th of September, 1896.

Elder Samuel O. Crosby has been honorably released from presiding over the Manchester conference to return home on the 24th of September, 1896.

Elder J. David Lee has been honorably released from presiding over the Norwich conference to return home on the 24th of September, 1896.

Elder Albert C. Morris has been honorably released from laboring as a traveling Elder in the London conference to return home on the 24th of September, 1896.

Elder George Stuart has been honorably released from laboring as a traveling Elder in the Scottish conference to return home on the 24th of September, 1896.

Elder Walter W. Kiddle has been honorably released from laboring as a traveling Elder in the London conference to return home on the 24th of September, 1896. Elder Kiddle is returning on account of ill health. During the time he has been here he has been an active and zealous missionary, but his health does not warrant him in remaining here through another winter.

Elder Walter S. Lamoreaux has been appointed to preside over the Liverpool conference.

Elder Thomas Williams has been released from laboring as a traveling Elder in the Welsh conference and appointed to preside over the Manchester conference.

Elder John H. Walser has been released from laboring as a traveling Elder in the Birmingham conference and appointed to preside over the Norwich conference.

Fort Douglas Concert.

Concert by the Sixteenth U. S. Infantry band, at Fort Douglas, Utah, at 7:30 p. m., Wednesday, September 23, 1896. John F. Klein, leader:

FREED FURNITURE & CARPET CO.,

30 to 40 East Third South Street.

Ladies on the Silver Question.

There is no more interesting topic of conversation among the ladies at present than the cause of free silver. Among the men it is how to dress well for little money. The latter is the easier to solve of the two questions. One glance into the store and show windows of the Eagle Tailors will satisfy the most skeptical on that point —a few dollars—lots of clothes. The chill that comes from somewhere and is felt everywhere is strongly suggestive of fall and winter suits. If you want a suit and don't know just what you want, come in and find out. Our stock and styles will help you in coming to a decision. We have everything the latest—meltons, beavers, vicunas, tweeds, clay worsteds, and a full line of overcoatings suitable for all seasons. Just glance at these astonishing prices:

Suits made to order of black clay worsted, dress suits, with the best of trimmings, genteely tailored and up to date, for $16. You would be lucky to find these suits for twice the price outside of our store.

Tweeds that compel admiration, no such goods ever before offered, for $15.50.

Cassimeres, plain checks, more wear than beauty and more beauty than the average suits, $18.50.

French pique fine dress suits, with the very best of trimmings, suits to order, $22.50.

Imported Beaver overcoat with velvet collar and silk sleeve lining for $17.50.

Imported meltons, $18.

You cannot find such goods and such prices elsewhere in a year if you were to search the city.

We positively guarantee fit and workmanship or refund the money.

These are our special prices for ten days only.

All suits made by us are cleaned and pressed free of charge for one year.

The Eagle Tailors,
121 South Main St.

FROM THE East.

The choicest, purest, best confectionery comes from the East. We excel in many things out here in the West, but the eastern candy makers surpass us in confectionery. Our fine chocolates and mixed candies are bought in the best places in the Eastern States. Whenever you want something particularly toothsome, come to the drug store of
