THE WORLD'S CHOICE.

Competent judges, representing the civilized people of the world, appointed for the knowledge of particular arts or sciences, convened at Philadelphia for six months, to decide upon the comparative merits of the various inventions of mankind, awarded to the manufacturers of Benson's Capcine Porous Plaster, the highest and only medal given to a porous plaster, over all foreign and American competitors, on the ground of its great superiority over other plasters, & its wonderful pain relieving, strengthening and curative properties. Remember that this decision was made by four practical and skilled physicians.

"A Widow and Her Child."

A singular instance of superstition came to light not long since, which is thus related: Going into a neighbor's house, one day last week, I found one of the children suffering from a severe cough, and expressed my opinion that it was a case in which medical assistance should be obtained. The Mother of the boy agreed that it was very bad, but said that before calling in a doctor she intended to try a cure that she had long used in similar cases, and never found it fail. On being pressed to communicate the prescription, she gravely informed me that the charm consisted in HALE'S HONEY OF HOREHOUND AND TAR, and that it could be obtained of all the druggists. Price 50 cents and $1. Great saving by purchasing large size. Depot, Chitterton's, 7 Sixth Avenue, New York City.

LOCAL AND OTHER MATTERS.

Firemen's M. I. A.—The Firemen's Mutual Improvement Association will resume its meetings next Thursday evening, at 7 o'clock. A full and punctual attendance is desired.
H. H. GODDARD,
Secretary.

Information Wanted of Royal Millard, who went to California from Ohio about 28 years ago, and is supposed to have returned to that State subsequently. Is an old man, and may be in Cincinnati.
E. MILLARD, Ogden.
—*Ogden Junction.*

Honor to Whom.—At the Territorial Fair, just closed, it was observed that Utah County was not a whit behind any of the others. Every settlement of the county, that exhibited, took its share of the prizes awarded. Among these were diplomas, silver and bronze medals, often first prizes.

A List of Honor.—We publish in this issue of the NEWS a list of the names of persons who have recently paid the amounts which they were owing to the Perpetual Emigrating Fund. We hope this will stimulate others to remember their obligations, and proclaim in earnest tones, "Go thou and do likewise.

Denial.—Certain disreputable papers having published what they claimed to be a dispatch to Sheriff Wm. Brown, of Ogden, from Sheriff Burton, of Salt Lake, calling for certain witnesses to rebut evidence in the Collett case, Sheriff Brown declares, through the *Junction*, that the statement is "false from beginning to end." He says:

"I have received no such dispatch, and have received no dispatch mentioning the names of P. G. Taylor, Daniel Rawson, or Henry Shurtliff, or any other persons whatever. I know of no man named Henry Shurtliff, and have not at any time spoken to Prest. Peery on any such business as that referred to. The author of the article is a malicious fabricator."

Base Ball.—The base ball game of yesterday resulted in a victory for the Deserets, with a score of 9 to nothing. During the eighth innings and while Barker was playing in the position of pitcher, he was struck on the side of the knee by a swift ball from the bat. He was so severely disabled that he was obliged to retire, while Barlow acted as pitcher with Watson as catcher during the remainder of the innings, when the Reds withdrew from the game, refusing to play on account of approaching darkness. The score at this time was 13 to 8 in favor of the Reds; but inasmuch as the umpire refused to call the game, and they felt obliged to retire, the victory was given to their opponents.

This afternoon a benefit game in aid of Barker is to be played between the two clubs. A large crowd will undoubtedly throng the grounds as a mark of regard for Salt Lake's favorite base ball player—Barker.

Dangerous Character.—On the evening of Saturday last, a tramp of evil appearance called at a house in the Seventh Ward in this city. Finding that two young ladies were alone in the place, he approached the elder sister and made certain base insinuations to her, but being foiled for the moment by her innocence, inasmuch as she failed to understand the purport of his remarks, he turned the subject by begging for some food. The younger girl immediately passed into an adjoining room, with the intention of obtaining some bread and butter for him. No sooner was he alone with his intended victim than he started toward her, apparently with a determination to assault her. Providentially, at this moment he beheld an elderly lady nearing the room, and he instantly assumed the harmless position of one who was waiting most humbly for food. On receiving two large slices of bread and butter spread with preserves, he left the house, but no sooner had he reached the front gate than he threw the generous gift into a water ditch, thus showing that he had been actuated by a baser motive than hunger.

Our citizens would do well to guard their families from the attacks of all such characters, a few of whom ought to be made the subjects of severe example.

Territorial Convention.—The People's Territorial Convention was held in the City Hall, last evening. At 6 o'clock the meeting was called to order, and a temporary organization effected, with Hon. Orson Hyde chairman, and John T. Caine, Esq., secretary. The chairman was authorized to appoint a committee of seven on credentials, which was done, and the committee retired. During their absence, Hon. W. H. Hooper was called upon for a speech, but declined in favor of Judge Z. Snow, who responded in a few well chosen remarks, followed by Ezra D. Carpenter, Esq., who was speaking when the committee returned, but immediately gave way for the reading of the following report, which, after being amended by the substitution of alternates in the places of absent delegates, was accepted:

To Hon. Orson Hyde, chairman, and Delegates of Convention.

Respectfully submitted,
W. G. SMITH,
Chairman.

A permanent organization was then effected with Hon. W. H. Hooper, president; L. E. Harrington, Canute Peterson, W. H. Dame, John D. T. McAllister, F. D. Richards and M. D. Hammond, vice-presidents; John T. Caine, Emmeline B. Wells and F. M. Lyman, secretaries; Wilford Woodruff, chaplain; and Wm. Hyde, sergeant-at-arms. The President declared the convention fully organized and, after a prayer by the chaplain, and a few introductory remarks by the chairman, the convention was resolved into a committee of the whole, with Hon. F. D. Richards as chairman. The result of its deliberations was the nomination, without a dissenting voice, of Hon. Geo. Q. Cannon for delegate to congress.

The election of a Territorial Central Committee resulted in the following persons being chosen:

CENTRAL COMMITTEE.

John Sharp, David O. Calder, Theodore McKean, Mrs B. W. Smith, Feramorz Little, John T. Caine, H. W. Brown, John R. Winder, A. M. Cannon, George Crismon, A. M. Musser, Mrs. E. B. Wells, Salt Lake County; W. N. Dusenberry, Utah County; Jacob G. Bigler, sen., Juab County; Joseph V. Robison, Millard County; J. R. Murdock, Beaver County; Edward Dalton, Iron County; Isaac Duffin, Kane County; A. R. Whitehead, Washington County; I. W. Pierce, Sevier County, W. T. Reid, Sanpete County; Joseph Hatch, Wasatch County; W. W. Cluff, Summit County; Samuel Francis, Morgan County; W. R. Smith, Davis County; A. Christiansen, Box Elder County; F. M. Lyman, Tooele County; F. D. Richards, Weber County, Moses Thatcher, Cache County; Wm. H. Lee, Rich County; Wm. King, Piute County.

Benediction was then pronounced and the convention adjourned *sine die*.

Third District Court.—Proceedings in the District Court on Monday afternoon, Chief Justice Schaeffer presiding.

Following are the names of the petit jurors for this term and their disposition:

Fuller, excused for term; Wm. West, excused for term; J. R. Walker, excused till Nov. 11; M. Buchmiller, excused till Oct. 12; C. L. Pebles, excused till Oct. 12; W. F. Critchelow, excused till Oct. 12.

Admitted to citizenship: Jane Ann Baugh, James Peterson, Peter Peterson, Joseph Woodward, Cyrus J. Jones, Henry Worley, Simon Christensen, Charles A. Anderson, Thorvial A. Thoreison, Alfred Woodland, Edwin Mitton, Thomas Irvine, John A. McAllister, Jens Peterson, James Cole, Robert Parrish, James Johnson, L. Olsen, Andrus Ljungquist, Niels M. Hansen, Richard Godfrey, William Aylett, Joseph Weston, Joseph Gibbons, Soren Sorenson, Jens Jeppeson, Samuel Smedley.

Court adjourned till this morning at 9.30 o'clock.

School Meeting.—There was a meeting held last evening in the Fifth School District, Salt Lake City, when Robert F. Turnbow was re-elected to fill another term of two years as trustee; and the qualified voters present decided to tax themselves one-half of one per cent. to meet incidental school expenses.

Medal Match.—The medal match of the Amateur Rifle Club, on Saturday, resulted in a victory for Jos. Woodmansee, jr., he winning the medal for the 5th time, it now becoming his personal property. The following is the score: Distance 200 yards—Woodmansee, 43; R. Hawkins, 40; E. Egli, 38; A. Abegg, 37; C. Hawkins, 37.

The following members have held the medal: Woodmansee, 5 times; E. Egli, 4; A. Brim, 2; Wm. Hill, 1; R. Hawkins, 1. The highest score made at any medal match is 45; by Mr. Albert Brim.

Reservation Survey.—The old Spanish Fork Indian reservation has been surveyed by Major Gorlinski, and entries can be made on it, as soon as the plot is filed in the Land Office. This will be in about a month.

If the settlers on the Sanpete, Corn Creek and Deep Creek reservations will make a special deposit with the Surveyor General, F. Salomon, of a sufficient amount they can have their lands surveyed without delay, thereby obviating the necessity of their waiting for an appropriation from Congress, which may be delayed one or two years. Parties making the deposits will have credit for each amount when they make their final proof on their pre-emptions.

Democratic Compromise.

NEW YORK, 8.—The *Times* Boston special says: Negotiations for a compromise between Butler's democrats and the Faneuil Hall democrats, which have been in progress for some few days, is now reported to have been successful. The Butlerites, it is said, withdraw all their nominations for State officers except for governor, accepting the Faneuil Hall ticket, with the exception of Abbott.

A Fortune Claimant.

A Panama *Star*, just received, says: A claimant has appeared for a portion of the immense fortune left by the late Michael Reese, of California in the person of Isabella Ancona, a native of Panama. She claims to have been the wife of the deceased millionaire, and that her son Ricardo is their legitimate offspring.

Movements of the Indians and U. S. Troops.

OMAHA, 8.—A dispatch received from Thornburgh, says: The Indians have scattered. The dispatch confirms the previous telegrams, but gives nothing later. Captain Mauck was 40 miles behind the Indians.

Major Dallas, with 100 men, started from Ogallala, yesterday, to overtake Thornburgh.

The Afghanistan Difficulty.

LONDON, 8.—A Simla dispatch says: Some assert that the troops have not advanced beyond Jamrood, others that fighting has taken place and that the troops have occupied a strong position near Ali Musjid. The first report seems the most probable, as a Calcutta correspondent reports that the attack on Ali Musjid was postponed for a short time in consequence of the strength of the force which the Ameer had collected there. Six thousand Afghan infantry, with 18 guns threaten Jamrood. It will be necessary to employ the whole garrison of Peshawar for an advance on the Khyber Pass. It is reported from Umballa that fighting has commenced between the Afghans and Khyberees. Several regiments were leaving Umballa for the frontier, and an immediate action was expected.

Mason and Hamlin's Victory at the Paris Exposition.

Following in the wake of the completion of Messrs. Mason & Hamlin's 100,000th organ comes the news from Paris that this justly renowned American firm has been awarded the two highest prizes in the gift of the juries, over specimens from thirty other manufacturers of reed organs in Europe and America.

The system of awards was the most comprehensive ever adopted at a universal exposition to prevent personal favor or fraudulent practice interfering with the rendition of an unbiassed judgment upon the respective merits of the exhibits From a purely critical standpoint, four distinct bodies of jurors were employed to reach this result: *First*, the class jury; *second*, the group jury; *third*, jury of presidents; *fourth*, the supreme jury. The verdicts of these bodies were unanimous as to the superlative merits of the Mason & Hamlin exhibit, and the gold medal was consequently awarded the firm, while at the suggestion of the jury an additional gold medal was decided upon to pay a well deserved tribute to the mechanical excellence of their workmanship, as well as a recognition of the thorough system which prevails in all the departments of Mason & Hamlin's vast establishment. This second medal was given to Mr. W. O. Trowbridge, the superintendent of the factory.

When we take into consideration the fact that the competitors were the principal manufacturers of France, England, Germany, Austria and America, this victory can be estimated at its true value as a triumph of American mechanical genius in artistic musical construction.

This, the latest triumph of the Mason & Hamlin organs, but reiterates the verdicts of the former international expositions of Paris, 1867; Vienna, 1873, Santiago, 1875, and Philadelphia, 1876, at all of which they were unanimously awarded the highest premiums, over all competitors. Mason & Hamlin have developed this great American industry to an extent almost unparalleled in musical manufacture, and have revolutionized the trade by the introduction of improvements which are copied by every other large manufacturer. By their enterprise the American cabinet organ enjoys an international reputation, and finds its way in the great channels of trade all over the world to an extent hitherto unknown in a distinctively native industry, and to-day their export business is larger than any other house in the world.—*American Art Journal.*
