TUTT'S PILLS

TORPID BOWELS, DISORDERED LIVER, and MALARIA.

From these sources arise three-fourths of the diseases of the human race. These symptoms indicate their existence: Loss of Appetite, Bowels costive, Sick Headache, Fullness after eating, aversion to exertion of body or mind, Eructation of food, Irritability of temper, Low spirits, A feeling of having neglected some duty, Dizziness, Fluttering at the Heart, Dots before the eyes, highly colored Urine, CONSTIPATION, and demand the use of a remedy that acts directly on the Liver. As a Liver medicine TUTT'S PILLS have no equal. Their action on the Kidneys and Skin is also prompt; removing all impurities through these three "scavengers of the system," producing appetite, sound digestion, regular stools, a clear skin and a vigorous body. CHAPTER I.

"I was taken sick a year ago
With bilious fever."

"My doctor pronounced me cured, but I got sick again, with terrible pains in my back and sides, and I got so bad I
Could not move!
I shrunk
From 225 lbs. to 120. I had been doctoring for my liver, but it did me no good. I did not expect to live more than three months. I began to use Hop Bitters. Directly my appetite returned, my pains left me, my entire system seemed renewed as if by magic, and after using several bottles I am not only as sound as a sovereign but weigh more than I did before. To Hop Bitters I owe my life."

How to Get Sick. — Expose yourself day and night; eat too much without exercise; work too hard without rest; doctor all the time; take all the vile nostrums advertised, and then you will want to know *how to get well,* which is answered in three words—Take Hop Bitters! (5)

PRICKLY ASH BITTERS

The majority of the ills of the human body arise from a derangement of the Liver, affecting both the stomach and bowels. In order to effect a cure, it is necessary to remove the cause. Irregular and Sluggish action of the Bowels, Headache, Sickness at the Stomach, Pain in the Back and Loins, etc., indicate that the Liver is at fault, and that nature requires assistance to enable this organ to throw off impurities.

Prickly Ash Bitters are especially compounded for this purpose. They are mild in their action and effective as a cure; are pleasant to the taste and taken easily by both children and adults. Taken according to directions, they are a safe and pleasant cure for Dyspepsia, General Debility, Habitual Constipation, Diseased Kidneys, etc., etc. As a Blood Purifier they are superior to any other medicine; cleansing the system thoroughly, and imparting new life and energy to the invalid. It is a medicine and not an intoxicating beverage.

ASK YOUR DRUGGIST FOR PRICKLY ASH BITTERS, and take no other. PRICE, $1.00 per Bottle.

EVENING NEWS.

Wednesday, Dec. 5, 1883.

CITY COUNCIL.

Proceedings at the City Council Tuesday evening, Dec. 3d, 1883, Mayor Jennings presiding:

A petition from C. P. Arnold, superintendent Salt Lake City Railroad company, was presented, asking that the license paid by the company—viz. $25 per car, and accepted by the city in lieu of the *per capita* tax required by law—be continued for the ensuing year. Granted.

Charlotte Smith represented by petition that she was desirous of purchasing lot three, in block five, plat "C" Salt Lake City survey, and wanted to know the least the property could be bought for

Referred to the committee on public grounds.

A petition was presented from C. H. Wilcken, watermaster, representing that since his salary was fixed at $83 per month, his duties had materially increased, and other duties imposed on him, such as assisting the Mayor at Liberty Park, and assisting the Captain of Police, etc. He asked the Council to allow him something for such extra services.

Referred to the committee on claims.

Applications for license to carry on business as auctioneers throughout the city from R. Levy for six months, and from Alfred Bartlett for three months, were presented and granted.

Jos. M. Watson and W. J. Beatie by petition asked permission to connect a 1½ inch water pipe with the main laid from South Temple street, north, through the Temple block, to supply their residences with water; all outlay connected therewith to be at their own expense and the work to be done under the direction of the superintendent of waterworks. Referred to the committee on water works.

The city weighmaster presented his report for the quarter ending November 30th, 1883, showing the amounts taken at pay scales to be as follows: September, $54 60; October, $62.46; November, $57. Total, $173; out of which he had been paid at the rate of $40 per month for services. Filed.

The committee on irrigation, to whom was referred the petition of L. E. Hall and others asking for the flume in the Nineteenth Ward ditch to be extended from the west side of Dr. Jno R. Park's premises across First East street, recommended that, owing to the nature of the ground and liability to breakage and overflow at any time, the prayer of the petitioners be granted, and that the watermaster be instructed to cause the work to be done without unnecessary delay. Adopted.

The following bills were presented for action and allowed: Marshal's expense bills for November, $333 25; expense bills on account of house numbering for month of November, $364.19; Mrs. Burt, for boarding city prisoners for November—2,793 meals at 15 cents, $419 40; Dr. Jeter Clinton, for medicines and medical attendance on prisoners during November, $80; Jesse W. Fox, Jr., city surveyor, for sunday surveys during the months of October and November, 1883, $130.85.

An appropriation of $100 was made to the contingent fund of the fire department and $1,150 77 for 12 dump cars for street graveling purposes.

The Chief of the Fire Department submitted a report for the quarter ending November 30th, 1883, showing an expenditure during the months of September and October—which had been previously allowed—of $1,290.74, and for the month of November of $63 89. The report further showed that in September there were three fires, involving a loss of $10; insurance $10. October, five fires; loss $18,000; insurance $8,000. November, six fires; loss $220; insurance $200.

The report was approved and ordered to be filed.

The Mayor suggested the propriety of erecting a lodging room for transient persons who are thrown on the streets and have no money to buy a night's lodging. A great many of this class called at his house and asked for lodging; he always referred them to the City Hall, but oftentimes upon being informed that they would be locked up in the city jail with the prisoners, they have refused to go there, preferring to walk the streets all night. The Mayor was of the opinion that if a suitable place were provided, away from prison inmates, where a dozen or more beds could be supplied to itinerant and penniless persons, it might have a decided tendency towards reducing the number of thefts, burglaries and other after-dark crimes, to say nothing of doing away with the annoyance to citizens of having tramps lying about their barns and hay-stacks.

The subject was referred to the committee on improvements, with the Mayor associated.

The Mayor also asked in relation to the track, railroad iron and cars recently purchased for street graveling purposes, as to where and when they should be first operated. It had been the intention to work the city grave cars in connection with the Second South Street Cable Tramway as provided in the company's charter, extending the road up and down the intersecting streets, but as the Cable Company had decided to postpone the construction of its road until spring, the Mayor was in favor of beginning the graveling of streets in the vicinity of the city gravel bed on the east bench as soon as practicable.

On motion the Supervisor of Streets was instructed to proceed to lay the track on Eighth East Street and operate the cars in graveling that street, as petitioned for by residents and ordered by the Council some time ago.

On motion the Mayor was authorized to negotiate for the purchase of four lots held by Milson Pratt in the new addition to the city cemetery.

The following unfinished business of former meetings was taken up and disposed of.

A bill for an ordinance licensing and regulating billiard tables and pin alleys, presented April 4th, 1882, was laid on the table indefinitely.

A bill for an ordinance vacating a portion of First East street was considered and about to be passed, when on motion the enacting clause of the bill was stricken out.

Adjourned for one week.

The suit was removed today to the United States Court.

Oh, My Back!

That's a common expression and has a world of meaning. How much suffering is summed up in it.

The singular thing about it is, that pain in the back is occasioned by so many things. May be caused by kidney disease, liver complaint, consumption, cold, rheumatism, dyspepsia, overwork, nervous debility, &c.

Whatever the cause, don't neglect it. Something is wrong and needs prompt attention. No medicine has yet been discovered that will so quickly and surely cure such diseases as BROWN'S IRON BITTERS, and it does this by commencing at the foundation, and making the blood pure and rich.

Wm. P. Marshall, of Logansport, Indiana, writes: "My wife has for many years been troubled from pain in her back and general debility incident to her sex. She has taken one bottle of Brown's Iron Bitters, and I can truthfully say that she has been so much benefited that she pronounces it the only remedy of many medicines she has tried."

Leading physicians and clergymen use and recommend BROWN'S IRON BITTERS. It has cured others suffering as you are, and it will cure you.

The above are the results of neglected and mistreated Catarrh. Below follow the results of Dr. Van Hummell's treatment of Nose, Ear, Throat and Lung Diseases.

The Doctor has taken an office on West Temple Street, third house South of Valley House, Salt Lake City.

Letter from Judge Wenner, Office over London Bank:

SALT LAKE CITY, UTAH, August 23, 1883.

Dr. Van Hummell: I take great pleasure in certifying to the efficacy of your treatment for Nose, Ear, Throat and Lung Diseases. I attribute my rapid restoration to what I consider permanent good health to the treatment I received at your hands in 1879, and I unhesitatingly recommend your treatment to all afflicted with Catarrh, Throat or Lung Disease.

Very truly yours, U. J. WENNER.

Nasal Catarrh Cured.

Dear Doctor: I have been troubled with Chronic Nasal Catarrh for the past ten years. I am happy to state that your treatment was entirely successful in my case. If by publishing this you can influence others suffering with this dreadful disease to try your skill, you are at liberty to do so. Because the physicians who can cure this disease are very scarce, and when one is found skillful enough to succeed, I think the public should know it.

I remain yours,
STEPHEN B. LEYBOURNE,
Corner First South and Third West.

From Mr. Warren Hussey, former banker of Salt Lake, owner of Jay Gould line, Bullion, Idaho.

DENVER, COL., August 3, 1878.

This is to certify that I have been for many years a great sufferer from nasal and bronchial catarrh, the pain from it in my head and eyes being at times almost unbearable. I have tried many doctors and remedies, with temporary relief from some, growing gradually worse, until last winter, being in a very bad condition, I consulted Dr. Van Hummell and put myself under his treatment. From the first week my head and throat were relieved, have not had a headache—they were the bane of my life—since he began with me, and now I remain entirely well.

I write this for the benefit of like sufferers who may be seeking relief and urgently recommend them to give Dr. Van Hummell a trial. The benefit I had from his treatment is invaluable, and I know of many others he has treated equally successfully. WARREN HUSSEY.

The Cure is Permanent.

From a prominent capitalist, former owner of the Golden Terra mine, Black Hills:

DENVER, Col., March 6, 1879.

Dr. Q. Van Hummell, Dear Sir: I am happy to inform you that the catarrh and throat trouble for which you treated me over a year ago has not returned. I consider the cure permanent.

Yours gratefully, J. W. BAILEY.

Dr. Van Hummell's professional qualifications attested to by one of the first men in America, Ex-Gov. T. A. Hendricks:

INDIANAPOLIS, Ind., Oct. 30, 1877.

Governor Irwin: Understanding that you will be called upon to fill a vacancy in the State Board of Health, I take pleasure in recommending Dr. Q. Van Hummell for the position. Dr. Van Hummell was a long resident of this city, and a very near neighbor and friend of mine. He makes the treatment of Nose, Ear, Throat and Lungs and other Chronic Diseases a specialty and therein has been very successful. But he is also well learned in his profession generally. He is a gentleman of excellent habits and character, and would prove a valuable member of the Board. With great respect,

Yours, etc., T. A. HENDRICKS.

Letter from the right Rev. J. C. Talbot, Episcopal Bishop of Indiana.

INDIANAPOLIS, Ind., Feb. 19, 1874.

My Dear Doctor: You are entirely at liberty to use my name as one of your many references. Your skillful treatment of my wife, now nearly a year past, has entirely cured her of severe catarrh and cough, from which she suffered much for many years. Very truly yours,

JOS. C. TALBOT, Bishop.
