

JOB COMPLETED BY CITY ENGINEER

Mammoth Task of Renaming Certain Streets of Salt Lake.

WILL BE CALLED AVENUES.

All Duplications in Names Are to be Done Away With—Up to the Council.

The mammoth task of renaming certain streets of the city as authorized by the city council so as to avoid duplication of names in various parts of the city, has been completed by City Engineer Kelsey who has prepared a report and map showing the old and new names where changes have been made. The report will be submitted to the city council on Monday night and will probably be approved and a resolution adopted confirming the new names. The general provision of the report is that all streets running east and west and less than 122 feet wide shall be designated as avenues; all duplications in names are done away with; all continuations of streets bearing different names from the original streets are given the same name as the streets of which they are continuations; all streets on the north bench running east and west are designated as avenues, such as First avenue, Second avenue, etc. Following is the list of changes proposed by the engineer, the second name being the new name proposed in each instance:

WHAT MADDOCK SAYS.

"U" Coach is Confident of a Victory Over Boulder.

The following statement was made by Coach Maddock this morning:
"I have not seen the Boulder team play this year and therefore cannot say with any accuracy what the outcome of

our game will be. We have always been at our weakest when we met Boulder and last year we had only about half a team against them. Barring a few slight injuries our men are in good condition and on a dry field will show a high grade of football. By competitive scores we have the advantage and even the mud it took the hardest kind of luck to lose to Colorado college. Denver was easy. It was only the short halves which kept the score down. Our linemen are just as good as Boulder's and will not be outplayed. I expect a hard fought battle, but cannot see anything but victory for Utah."

PRINCE DE BROGLIE.

He and Wife Love Each Other and Will Fight for Their Rights.

New York, Nov. 16.—"I shall fight for my rights to the last," said Prince Robert de Broglie yesterday in reply to the cablegram from Paris that his father, Prince Annes de Broglie, had died a demand in the Paris tribunal for the annulment of his son's Chicago

marriage to Miss Estelle Alexander of California.
The prince said: "We shall fight to the bitter end. It is true that my father and his family have rank, money and influence, but that does not frighten me. We are not to be intimidated. Our love for one another and our child makes us brave. If they force me to it, I shall take out naturalization papers and become an American citizen."
"In regard to lawsuits, I will say that I have also begun action and have retained an eminent French lawyer, M. Frederic Allain de Paris, to attend to my affairs. I shall sue for my rights and for my share in the family fortune. I am confident that justice will win in the end."

MIRROR PRICES ADVANCED.

Chicago, Nov. 16.—Prices on all kinds of mirrors were advanced from 20 to 30 per cent after January 1, according to a statement made at a meeting of the Western Mirror manufacturers here today. W. B. Jackson, a member of the executive committee, appeared before the 25 delegates and said that the increase in the

price of raw material and the scarcity of mercury is responsible for the necessary advance in the cost of the finished product.
He said the new rate law has advanced freight rates to such an extent that raw material has advanced 190 per cent.
