CATARRH

Sneezing Catarrh, Chronic Catarrh, Ulcerative Catarrh, permanently cured by

SANFORD'S RADICAL CURE.

SANFORD'S RADICAL CURE FOR CATARRH is a safe, certain, and permanent cure for Catarrh of every form, and is the most perfect remedy ever devised. It is purely a vegetable distillation, and is applied locally by inhalation, and constitutionally by internal administration. Nearly twenty chemical and medicinal products of rare excellence are required in its construction, the combination being such as to secure the maximum of curative power. It cleanses the head, purifies the breath, and prevents the secretion from becoming offensive, prevents the formation of scurvy, and permits the formation of sound, healthy tissue, and finally obtains complete control over the disease. The remarkable potency with which all other remedies utterly fail, of SANFORD'S RADICAL CURE, are astonishing to everybody, and we earnestly recommend it to fellow-sufferers. No statement is made regarding it that cannot be substantiated by the most responsible and reliable references. It is a great and good medicine, and worthy all confidence. Each package contains a Patent Nasal Syringe, and full directions for its use in all cases. Price $1.

An Enthusiastic Friend of Sanford's Radical Cure.

McALLISTER, GRANT & DOWNS'S FIRE AND MARINE INSURANCE AGENCY, 213 Pine Street, St. Louis, Mo., Feb. 1, 1877.

A. A. MELLIER, Washington Ave.—Dear Mellier: I have for some years been troubled with Catarrh, and for the past two years have suffered severely. I tried your SANFORD'S RADICAL CURE, I decided to try it. I have used only two bottles, and as a result I feel as much relieved as I do after a long run on our personal relations and write this to you and ask that you take some measures to get it more prominently before the public, that others may have such relief as I have. I have recommended it to quite a number of my friends, all of whom have expressed to me their high estimate of its value and good effects with them.

I really think it particularly adapted to waste of St. Louis people, and they all ought to know of it, and those who need it should try it. I will risk the assertion that 999 out of a thousand (as a sample) to be given away will call for many bottles.

Try some plan. Let the people have it; they need it. I believe I could sell 1000 bottles myself—if anyone ever did—and every one increase the number. Why not try it? Yours truly, WM. DOWEN.

Sold by all Wholesale and Retail Druggists and Dealers in Medicine throughout the United States and Canadas. WEEKS & POTTER, General Agents and Wholesale Druggists, Boston, Mass.

LAME BACK AND RHEUMATISM

CURED BY

COLLINS' VOLTAIC PLASTERS

Mount Vista, S. Dakota, Feb. 1, 1877.

Messrs. Weeks & Potter: Gentlemen,—One year ago I was seized with a severe attack of Rheumatism in my right hip, to which I was subject. I tried the various liniments and rheumatic cures, but without the least benefit, when my son, a druggist, suggested one of Collins' Voltaic Plasters. To my surprise, I was almost immediately well again, and was able to work upon my farm as usual. Ever since, before the application of the Plaster, I could do nothing, and every day I was in pain. A few weeks since, one year from the first attack, the disease returned, but I am happy to say the second Plaster proved as effectual as the first, and I am now well. My wife wishes me to add that one Plaster had cured her of a very lame back. We think there is nothing in the world of remedies that can compare with the COLLINS' VOLTAIC PLASTERS for Rheumatism and Lame Back, and cheerfully recommend them to the suffering. Very respectfully yours,

OSLAND, MR., June 6, 1876. ROBERT COUTOT.

NOT A QUACK NOSTRUM.

Gentlemen,—I hereby certify that for several years past I have used the VOLTAIC PLASTERS in my practice, and have never known them to fail in affording speedy relief to those cases for which they are recommended. They are not a quack nostrum, but a remedial agent of great value. Very truly Yours, W. C. COLLINS, M. D.

BUCKSPORT, ME., May 27, 1875.

PRICE 25 CENTS.

Be careful to obtain COLLINS' VOLTAIC PLASTER, a combination of Electric and Voltaic Plates, with a highly Medicated Plaster, not in the above cut. Sold by all Wholesale and Retail Druggists throughout the United States and Canadas, and by WEEKS & POTTER, Proprietors, Boston, Mass.

FAMILY RECORDS.

WE ARE NOW PREPARED to receive orders for FAMILY RECORDS of an approved form.

Each book is divided into five forms.

The first form is that of a "FAMILY RECORD," with ruled and printed spaces for births, marriages, and deaths, in each family, also for names, dates, and places, one page accommodating one family.

The second form is a "CHURCH RECORD," with spaces for blessings, baptisms, confirmations, ordinations, endowments, and patriarchal blessings and various particulars of the same.

The third form is a "SEALING and ADOPTION RECORD," with spaces for name of person sealed, birth, death, time, place, etc.

The fourth form is a "MISSION and APPOINTMENT RECORD," with spaces for names, date of birth, field of labor, date of appointment, departure, release, etc.

The fifth form is a "RECORD for BAPTISMS, ENDOWMENTS, ORDINATIONS, and SEALINGS for the DEAD."

Each book is furnished with a title page, on which the person owning the record can enter his or her name. An explanation of the forms, or instructions how to keep the record is also printed in each book.

These Records are well printed and ruled on good ledger paper, substantially bound. We can furnish them of any size, from one to five quires, or larger, but probably five quires is as large as will be desired. We can also furnish the various forms in a record, proportioned to each other to order.

PRICES.

A Book of	Full Flexible,	½ Roan a Cloth	Full Roan	Full Roan Book

Last Night's Dispatches.

EASTERN.

The Yellow Fever.

NEW ORLEANS, 30.—The Peabody Subsistence Association make the statement that their association, the object of which is to supply subsistence to the destitute, in no way conflicts with the operations of the Howard Association. The Howards confine their attention mainly to providing physicians, nurses and medicine for those suffering with yellow fever and the necessary nourishment for convalescence. Here the duty of the Howard Association ends and that of the Peabody begins.

Dispatches to the Associated Press, to-day, show that there is no fever at any towns on the Jackson railroad south of Canton.

Ulysses F. Devlecque, a young French physician, who was among the first to tender his services to the Howard Association, died yesterday of yellow fever, after a few days' illness. Albert Chopsky died at Terre Boreuf, St Bernard parish, of yellow fever. The body was buried here in the Hebrew cemetery. Twenty-two deaths were reported from noon to 6 p.m.—11 adults and 11 children. Among the new cases are J. B. Anderson (with Anderson & Simpson) and Henry Dean Thompson, reporter on the *Picayune*.

Dr. Stone telegraphs the Howard Association from Granada: "Maj. Anderson is doing finely so far. Weather unfavorable; slight increase in the death rate. No material spreading of the fever."

Vicksburg, 30.—There are 160 new cases in the past 24 hours. Thirteen deaths from yellow fever, four from other diseases. Further generous contributions have been received from Philadelphia, New York, Boston, and other points. Liverpool also sends $1,000.

Memphis, 30.—The weather, today, has been damp and disagreeable and favorable to the spread of fever. At the board of health office only 72 new cases are reported for the 24 hours ending at 6 p. m. This, however, does not exhibit the true state of the epidemic for the day, as several physicians failed to report. For the same time the undertakers report 57 yellow fever interments. Dr. Greenville Dowell, an experienced physician from Galveston, Texas, arrived this evening and tendered his services to the Howard Association. The association received, to-day, 14 nurses from Shreveport, six from Marshall, Texas, and nine from Mobile, Ala. Major John C. McCabe, commissary, reports to the citizens' relief committee that 2,500 rations have been issued to destitute people from August 19th to 30th inclusive. The demand is constantly increasing, 4,200 rations being issued today. The supply on hand is sufficient to last not longer than the 5th prox., in view of which the following appeal is made: "The unprecedented spread and fatality of the yellow fever, causing an entire suspension of business, has left several thousand people of this city destitute of the means of subsistence and unable to procure work and a large portion of these are now sick and the number is constantly increasing. Much as the committee dislikes to ask aid again from the charitable abroad, who have so generously responded to former calls, necessity and humanity compels them to request further and prompt assistance." The appeal is signed by C. G. Fisher, chairman; J. G. Lonsdale, jr., treasurer; L. E. Wright, C. F. Conn, William Wills, D. F. Goodyear, S. M. Jobbe, executive committee of the board of citizens' relief committee. Jas. S. Prestidge, chairman of the finance committee calls upon the absent citizens of Memphis to contribute funds or provisions for the sick and destitute and to pay extra policemen to protect their property.

Lafayette, 30.—The city council to-night donated $500 to the yellow fever sufferers, and the citizens have raised $200 more for the same purpose.

Cairo, Ills., 30.—A telegram from Grenada to-day reports that Tom Marshal, telegraph operator, is down with fever, and that the body of his little son, who died three days ago, remains unburied for want of money.

St. Louis, 30.—The Merchants' Exchange yellow fever committee sent, to day, $500 each to Vicksburg, Memphis and New Orleans, and $250 to Canton, Miss.

Denver, 30.—There have been raised for the yellow fever sufferers $1,500. The subscription list is rapidly swelling, and will probably reach $2,000 by Monday.

Little Rock, 30.—Dr. E. F. Easely and 25 nurses left for Memphis to day. They were sent by the Howard Association of this city. Over $1,200 has been raised for the Memphis sufferers.

Columbus, O., 30.—The collections for yellow fever sufferers up to date aggregate $2,571. A grand concert for this object is being arranged.

Pittsburg, 30.—Active relief measures for the fever sufferers continue. The merchants have organized, and expect to begin shipping consignments of flour, groceries and produce to the southern cities to-night. The Pan Handle Railroad authorities will carry all such consignments free of charge. Three commanderies of Knight Templars have agreed to forward $100 to the suffering fraternity. An immense concert is given by the Frohsinn Society to-night for the benefit of the same cause. The general committee telegraphed the fever stricken sufferers $700 to-day.

Galveston, 30.—The board of health, to-day, notified the postmaster at St. Louis that if he did not cease forwarding mail matter from infected places to Texas, quarantine would be declared against St. Louis.

San Francisco, 30.—Subscriptions to the amount of nearly $5,000 were obtained to-day by the committee appointed at the meeting of citizens yesterday to collect funds for the yellow fever sufferers. To-morrow the committee will telegraph to the Howards of New Orleans $2,000 and to the Howards of Vicksburg and Memphis $1,500 each. The committee expect to obtain nearly as much more to-morrow. Circulars are sent to all the principal towns on the Pacific coast asking their co-operation. The sum of $100 was received to-day from Bakersfield.

Kearney's Opinion of the "Molly Maguires."

PHILADELPHIA, 30.—Kearney arrived this evening. He was met at the depot by the committee appointed last night, consisting of several of the national leaders, who escorted him to Gould's Hotel, where he took supper. But few persons were present to give him a welcome, either at the depot or hotel. After supper Kearney was driven to Broad Street and Montgomery Avenue, where an open air meeting was held, at which between 3,000 and 4,000 people were present. He spoke for about two hours, and his remarks were much the same as he had previously made around the country. He took occasion to localize his remarks by reference to the November election in this city, and the trial of the "Molly Maguires" in the coal region. The latter he characterized as one of the greatest outrages of modern ages. He said it was the effort of capitalists, railroad robbers and literary consumptives to break down the law-abiding organization which had no other object than its protection against the invasion of capital and oppression. At his own request a collection was taken up to defray his expenses to Baltimore, for which city he will leave to-morrow.

Butler Accepts—His Views.

BOSTON, 30.—General Butler, in his card accepting the nomination of governor of Massachusetts, says: "I take the trust with all its cares and will devote all of the intelligence, labor, forethought and energy which in me lies and use all the power which they and those who think with them may give me, to relieve the people's burdens and bring about a more equal and efficient administration of the laws of this commonwealth, which they wish. As we have no organization or platform of party principles, either state or national, it may not be inappropriate to set forth the principles which will guide my political measures as well as the conduct of all governmental functions which may be entrusted to me. Equal rights, equal duties, equal powers, equal burdens, equal privileges and equal protection by the laws to every man, everywhere under government, state or national. The laws of taxation should be made so plain, so direct and efficient and be so faithfully administered that all property of every kind in the commonwealth should be taxed just once every year and no more, as lightly as possible, equally and fairly and so that none can escape the public burden. A law regulating the rate of interest is advocated. The repeal of the law against usury has in many cases ruined both the borrower and the savings bank, which is the legal tender. It certainly has shaken to its foundation our savings bank system. The result may teach the managers of these institutions that when the Almighty thundered his laws for his chosen people from Mount Sinai, the only financial law delivered to Moses—"Take thou no usury of thy brother or increase, but God"—was omnipotent wisdom. Let us abolish and fearlessly set aside, as far as we can, our boards of commissions and unconstitutionally appointed officers and sinecurists with their relatives and employes now living upon the substance of the people, extorted from them by taxation. We have no political wire-workers who can make no claim on us; we are directly from the people and of the people; nay, the people themselves. Let the people interpose just this once, between the governing ring and the people, without the middle men of conventions or regard to political issues. The legislative and executive departments of the State in the coming year cannot affect the administration of national affairs in any way, and if they do their full duty to the people and do the work of the people instead of thrusting upon them boards and commissions, and attend to the reforms needed at home, they will have full employment for all their time. We do not ask, therefore, those who act with us to petermit, change or alter any political opinions whatever upon any subject, but simply desire anyone seeing the necessity as we see it, of relieving the people's burdens and bringing about a more equal and efficient administration of the laws of the commonwealth, to act with us for that end.

Important Decision.

WASHINGTON, 30.—The Secretary of the Interior has decided, in the case of the Sutro Tunnel Company *vs.* the Occidental Mill and Mining Company, sustaining the ground taken by the Commissioner of the General Land Office, from which appeal was made by the Occidental Company. The department holds that the word "developed" in the act of 1866 must be construed to include such lodes as are, upon *prima facie* proof, shown to be benefitted by the tunnel. The restricting clause required by the third section of the act, will accordingly be inserted in the mining patent, but the Sutro tunnel, before claiming royalty, must show a benefit accruing to the mining company.

The Turf.

MILWAUKEE, 30.—In the races to-day, "Edwin Forrest" was brought out and speeded a mile, making the first quarter in 34, half in 1.06, third quarter in 1 41, and the mile in 2.15¾. The horse trotted without a break until he reached the distance pole, where he broke badly and came under the wire at a slower gait. Col. Broadhead, of this city, has just brought a three-year old filley, which was exhibited on the track to-day, and without a skip or break trotted the quarter in the remarkable time of 33½ seconds.

Wool Market.

PHILADELPHIA, 30.—Wool continues quiet; prices rather in the buyers' favor. California fine and medium 20 @ 30, coarse 18 @ 25.

$73,000 Fire.

SANDUSKY, Ohio, 30.—At six o'clock this evening a fire was discovered in the cupola of Put-in-Bay house, at the Put-in-Bay summer resort, 22 miles from here. The guests, 250 in number, were promptly warned and the rooms were speedily emptied of clothes, valuables, etc. There was a great deal of confusion for the time but all the property was saved except the hotel building, a frame structure about 700 feet long and three stories high, costing $75,000, which was completely destroyed. Insured. No loss of life. No one was hurt except Colonel Sweeney, one of the managers of the hotel, who was slightly bruised. Six buildings besides the Put-in-Bay house, were destroyed.

A $16,000 Defaulter.

ST. LOUIS, 30.—It has just come to light that Frank A. George, superintendent of the money order department in this city, absconded about three weeks ago, being a defaulter to the amount of $5,000 or $6,000. His salary was $2,100 per year, and it is said his stealings cover a period of several years. George is the son of a former clergyman of this city, who came here some years since from Elmira, N.Y.

Postmaster Filley makes a statement to-night, regarding the operations of George. He says the system of checks in use is such that no stealing can continue longer than one week. George's operations are confined to the 8th, 9th and 10th of August. He then fled, it is supposed to Canada.

Two days after his difappearance the safe was broken open, and robbing revealed. His bondsman immediately made good the amount to government.

14th DISTRICT SCHOOL.

THE UNDERSIGNED RESPECTFULLY announces to the public that the Fourteenth District School will re-open in the Assembly Rooms, which will be refitted for that purpose, on MONDAY, AUGUST 26th, 1878.

In order to give parents and students the benefit of the school fund a reduction in price of tuition will be made commensurate with the increase of the territorial appropriation.

For terms, etc., apply to Mr. Geo. J. Taylor, Principal.

BEAUTY:

OR, THE

Secret of a Fair Face

An Item of Interest to Every Lady who Desires to be More Beautiful than she now is.

Unfortunately not one woman in a hundred, subjected to the whims of an American climate possesses that basis and starting point of real beauty—a pure and clear complexion.

What nature has thus denied, art must be called upon to furnish.

It can be done; it is done daily. Prof. W. R. Hagan placed beauty within the reach of every unblessed daughter of Eve when he discovered that surprising article known in fashionable circles as the true secret of beauty, and called

MAGNOLIA BALM

THE MAGNOLIA BALM is a sure device for creating a pure and blooming complexion.

It removes all natural blemishes in the most surprising and effective manner.

It removes all roughness, eruptions, redness, blotches, freckles, and tan with magical power.

It drives away all evidences of fatigue and excitement.

It makes the plainest face beautiful.

It gives the complexion a dazzling purity and makes the neck, face, and arms appear graceful, rotund, and plump.

It makes a matron of 35 or 40 look not more than 20 years old, and changes the rustic maiden into a cultivated city belle.

The Magnolia Balm removes all blemishes and conceals every drawback to beauty; and, whilst it is harmless as water, it is so life-like in its effects that the closest observer cannot detect its use.

Ladies who want to make themselves attractive can make an absolute certainty of it by using HAGAN'S MAGNOLIA BALM, and we know of no other way. It is the cheapest preparation in the world, all things considered, and may be had at any drug store.
