ATTEMPTED HOLD-UP.

Mr. Millard Gives His Assailants a Race in Which He Outdistances Them.

As Mr. F. Millard, a citizen residing at 146 south Third West street was nearing the Rio Grande depot last night, he was accosted by two highwaymen who ordered him to throw up his hands. Millard wouldn't do it, but taking advantage of his sprinting accomplishments, gave the fellows a race in which they came out second best. Mr. Millard then repaired to the depot where he and Officer Fitzmaurice returned to the race course but could find no trace of the disappointed aspirants for highwaymanic honors.

NO DECISION LAST NIGHT.

The Fire and Police Board Meets, Transacts Regular Business and Holds an Executive Session.

The fire and police board met in regular session last night, but contrary to general expectations and official announcement no decision was given out in the Donovan case. After the transaction of general business, the board merged into executive session, and there remained for the space of an hour the testimony given in the all important case, after which all members donned their wraps and hied themselves homeward, with not the information to give out that no decision had been arrived at.

The time of the regular meeting was taken up mainly by the hearing of Ed Fitzgerald, the fireman who was suspended at the instigation of Chief Pratt on charges of using improper language and otherwise violating the rules of the department on or about October 1st inst.

The witnesses sworn and examined were Detective Adam Paul, and Chief Pratt for the prosecution and the defendant and Chief Devine for the defense. The testimony for the prosecution showed that the defendant was in an intoxicated condition on the day in question, while the defendant himself admitted having taken two drinks of rum while suffering from a fever. Chief Devine testified as to the efficiency of Fitzgerald when not under the influence of liquor, and the case was taken under advisement.

At this point Chief Pratt announced that Patrolman Lund was desirous of making a statement to the board in regard to a gold vest watch that had grown out of the recent Donovan trial.

The patrolman stated that the matter he had reference to was the contradictory testimony which had been offered by himself and Sergeant Ford. Mr. Lund further said: "I testified while in the witness chair that Ford had told me to be careful as to what I testified in the Donovan case. After my testimony Ford took the witness-stand and stated that his remarks to me were with reference to a certain woman that I had paid attention to; now I want to show to this board by an affidavit from myself and another man who heard Ford's conversation with me, that what I testified to was correct, notwithstanding the testimony of Ford."

The board admitted the affidavit, which was signed by Christian Lund and Byron E. Crosby, and is as follows:

Christian Lund and Byron E. Crosby,

FASTED FORTY-FIVE DAYS.

An Idaho Cow Demolishes the Record of Famous Dr. Tanner.—Fell Into a Dry well.

To the Editor:

SODA SPRINGS, Idaho, Nov. 15.—Mr. Joseph Lau of this place went into Hooper's lot, where the white house stands, in front of the meeting house, and to his surprise found a three year old cow in a dry well about eight feet deep. The well was covered with slabs which had dirt over them; the cow must have been walking along when the slats broke and let her down. No one knows how she got into the lot. She belongs to Mr. August Langhlitz, and was missing October 1st and found November 14th in that old dry well, making forty-five days in all without anything to eat or drink.

Now Mr. Editor, don't you think she is a good cow to fast for forty-five days? I think she is the best on record. She is now in my care and is getting along all right.

TERRITORIAL ITEMS.

Manti Messenger: James Campbell, an employe of the Sterling Coal & Coke company, met with quite a painful accident Wednesday afternoon, in which he sustained a broken collar bone besides receiving painful bodily injuries. It was a miraculous escape from instant death. Campbell was employed at the pumps at the bottom of the new slope, when a trip of three empty cars was let down. After proceeding but a short distance on the steep incline, a coupling broke letting the cars run wildly to the bottom, where they struck a solid face of coal and rock, tearing loose the steam pipes which carry steam to the pump. As quickly as possible men were on the scene, the escaping steam was shut off and the unfortunate man removed to the top, and medical aid was summoned. He will be laid up for several weeks.....A cattleman from Colorado who was in Manti a short time ago, and with whom the editor is quite well acquainted, said the best cattle he found in Utah were those picked up in and about Manti. The item is worth mentioning, we think, for the reason that many people here are of the opinion that cattle are a sort of back number.

Coalville Times: Mr. and Mrs. England met with an accident Sunday which resulted quite seriously to Mrs. England. While driving up Grass creek in a buggy their team became frightened and upset the buggy. Both were badly bruised, though Mrs. England's injuries are the most serious. She was thrown violently to the ground, striking on her head, and the fall resulted in an injury to the spine and shoulders, the extent of which cannot yet be determined. She is quite ill at this writing.....Samuel Walsh, a boy of 14, and Thomas Armstrong went out hunting chickens the other day. They had not been out long when their dog set up a furious barking at the foot of a tree, and when they gazed up into the branches to ascertain the character of the game, they were surprised to behold a mammoth cougar, showing every indication of a desire to scrap. They had shotguns loaded with chicken shot, and had a short council of war, but finally decided to give battle. Accordingly they turned loose on the ferocious beast, and at the third shot succeeded in killing him. He measured over seven feet from tip to tip, and the hunters are very proud of their prize.

ANOTHER RAMBLER DAY.

The Rambler boys made a great showing in the Ogden races. The first event of the day was the ten mile road race, in which McCormick finished third, taking third prize and third time prize. The cause the track race, Joe Jack taking second in the novice, Fowler first, Walker second, and Thatcher third in the mile scratch, class B, all "Ramblers" you will note. In the half mile class A, Joe took second, Carter third. Half mile, class B, Thatcher second, Fowler third. Five mile, class B, Fowler second. In this race a man in a yellow suit led his head and tail, Committee and Weiss being immediately behind him, the result was a spill for these parties and the race lost to Evans. The five mile, class A, was another Rambler event, May taking first, Joe Jack second and McCormick third. Fourteen prizes for one day's play is good enough for any one.

People may laugh and people may cry,
But Rambler's will have it their way.
But Rambler's who raise Wheaton for pa,
