AFTER THE RIOTS.

Ambassadors at Stamboul Appeal to Turkey's Foreign Minister.

MORE BLOODSHED REPORTED.

Chairman of the Phil-Armenian Association Asks for the Sympathy of the American People.

CONSTANTINOPLE, Oct. 4.—After a conference of the ambassadors today, energetic representations were made to the Turkish foreign minister, complaining of the excesses committed by the Mussulman populace on the previous day and wounded on Monday and Tuesday.

Many of them were dispatched with shotguns, while others were most cruelly maltreated. The representatives of the powers begged the foreign minister to take measures to prevent the foreign consuls of Constantinople from suffering and to restore order.

The United States minister, Mr. Alexander W. Terrell, also made representations to the Turkish government, requesting that steps be taken to insure the safety of the United States missionaries in the Kouwkapou quarter.

Messrs. Chitten and Hunter, the newly appointed United States consuls, started for Erzerum and Harpoot, respectively, today without their exequaturs. The British consul at Prevesa ods has been instructed to grant them every facility and protection in the accomplishment of their journey and in establishing themselves at their posts.

The Turkish quarters are guarded throughout the night in order to prevent the Mussulmans in Stambaul from coming out and renewing the disturbances. The city is now tranquil, although it is still patrolled by troops and police, and there is yet much apprehension among the Armenians. The Turks were especially guilty of great excesses on Tuesday, and especially during the raid on the Armenian quarter, which they made at night. At Tokatsumesme, near Stambaul, the consuls and japanese broke into the Armenian building, killed fifteen persons, and wounded thirty-five others. In addition it is said that they converted the bodies to the sheiks and threw them into the sea.

There was another battle in an Armenian cafe at Selihir, during which several persons were killed and wounded on both sides. At Hasskoen, a number of Armenian houses were broken into and sacked by the Softas, who killed a number of Armenians inhabiting these buildings. On the other hand at Karghoumruk, near Stambaul, revolvers were fired from the windows of Armenian houses, and the Armenian inhabitants were arrested.

The arrests of Armenians continue to be made in all parts of the city, and the police are making semicircular visits wherever the Armenians live, and are arresting all the Armenians seen.

CALLS FOR SYMPATHY.

NEW YORK, Oct. 4.—J. J. Rooney, chairman of the Pro-Armenian association of America, and a member of the custom-house brokerage firm of R. P. Downing & Co., discussed with an associated Press representative today the subject of the riots of the last few days in Constantinople.

"I," he said, "the American people are sympathetic with the struggles of the insurgents in Cuba, they surely can extend a helping hand to the Armenians, whose position in reality has been infinitely worse than that of the Cubans.

"Their fidelity to their faith has been the chief source of their many sufferings. They received the Christian faith in the second century and have held fast to it through all the years, in spite of incessant persecution and many general massacres. They have magnificent literature and a prosperity and are surely the noble and intelligent a people to be wiped from the earth by the unspeakable Turk.

"All that the Armenian people ask is protection for life, honor and property, and surely such a demand should meet with the sympathy of the American people.

"It is said by enemies of the of the Armenians that this outbreak is the result of a secret, revolutionary movement and that it was especially designed to prevent bloodshed in order to attract the attention and intervention of Europe. The conclusive answer to this charge is that it is not necessary in view of all the acknowledged facts, to place any more blood-stains in evidence before Europe and the civilized world. But it is necessary and vitally important that the horrors of the recent and existing situation in unhappy Armenia should be brought home to the consciousness of humanity by a peaceable petition."

Perfect in every footwaring requisite Dr. Price's Baking Powder.

Six Inches of Snow.

DENVER, Colo., Oct. 4.—In some portions of the state six inches of snow has fallen today. In this vicinity it has been raining. Dispatches from Salida and Buena Vista say that considerable damage has been done to crops, the damp snow breaking many branches off the trees.

LARAMIE, Wyo., Oct. 4.—Ten inches of snow has fallen here since yesterday noon. The weather began clearing at noon today. The temperature is above freezing.

Arizona's condition.

WASHINGTON, Oct. 4.—Gov. Hughes of Arizona has made his annual report to the secretary of the interior. It is devoted to a review of the conditions of the Territory. As to the political situation and statehood the governor says:

"I believe that the territory is safely Democratic when the two standard parties are in the field. The Democratic candidate in Congress in 1892 received 6,479 votes, the Republican 3,881. At the last election there were three parties to the field. The Democratic candidate received 4,776 votes, the Republican 3,616 and the Populist 3,086. It is stated three-quarters of the Populist vote was Democratic and this is borne out by a comparison of the votes cast.

"The people of the territory are a united statehood end of all others is the most important issue with us. We have earned this right by the conquest and civilization of this region; we have every condition necessary for self-government; population, wealth, resources, commerce, industrial, educational, moral, social and religious institutions are all well established. The progress of the last year and the present conditions all confirm Arizona's qualifications for assuming the responsibilities of a sovereign state.

Ascribed to Race Hatred.

LONDON, Oct. 4.—The Daily News this morning commenting on the South Carolina convention says: Nothing but a strong declaration of public opinion throughout the United States and the civilized world can prevent this monstrous injustice of depriving the black man of his rights as a citizen because he is black. There is, in fact, an effort to antipathize the blacks. If this plot be frustrated by the pressure of public opinion we shall probably never again hear of an organized attempt to defeat the purpose of the fifteenth amendment. But if it succeeds in practice it will undoubtedly be followed up. Race hatred is perhaps as strong as ever in some of the Southern states.

Sec. Herbert's Small Audience.

MONTGOMERY, Ala., Oct. 4.—Secretary Herbert delivered an address at the theater tonight in favor of the administration's financial policy. About 300 people were present, including ladies.

Sale of the Morning Journal.

NEW YORK, Oct. 4.—The World says: For some time past William R. Hearst, son of the late Senator George Hearst, and proprietor of the San Francisco Examiner, has been negotiating with John R. McLean for the purchase of the Morning Journal, and it now seems probable that this will be accomplished in a few days. Mr. Hearst said at the Hoffman house that nothing had been settled in regard to the matter, but that he hoped for a satisfactory outcome.

Another local paper says: The report of the sale of the Morning Journal of this city to William R. Hearst, proprietor of the San Francisco Examiner, was confirmed by Mr. Allen, the New York correspondent of the Examiner. There is excellent authority for saying that Mr. Hearst will take possession of his new property some time next week. He is now in this city, and is accompanied by the managing editor of his San Francisco paper, S. S. Chamberlin.

The Morning Journal will retain its present name, for a time at least, and its price will remain at 1 cent. But many changes in its management and its features will probably be made soon.

The Journal was purchased some weeks ago by John R. McLean, from its founder, Albert Pulitzer.

GIFTS TO FOOL THE PUBLIC.

The condemning of alum as an unwholesome ingredient in baking powders by the government authorities as well as by physicians generally, has led dishonest manufacturers of such powders from fearing them off on unsuspecting patons. Following is a partial list of the alum powders found in the street:

"Calumet," "Chicago Yeast," "Kenton," "Jack's Best Bon," "Hoss," "Taylor's One Spoon," "Climax," "Snow Puff," "Snow Ball," "Snow," "Milk," "Crown," "Unrivaled," "Silver Star," "Davis' O. K.," "Forest City," "Monarch," "K. C.," "Loyal," "Manhattan," "Crystal," "Blanche," "Hiawa," "Pride," "Patriotic," "Rocket," "Town Talk," "Vienna," "White Rose," etc.

It is safe to reject all brands sold with a prize. All powders sold at twenty-five cents or less a pound are sure to be made of alum. Dr. Wiley, the Government Chemist, in his official examination of baking powders at the World's Fair, threw out all "alum powders," classing them as unwholesome.

THE KU CHENG INVESTIGATION.

An American Council Scared the Mandarin and Saved the Day.

LONDON, Oct. 4.—A letter in the Pall Mall Gazette from Ku Cheng, published this afternoon, dilates upon the fact that it is a strange thing that the only fighting men sent to Ku Cheng with the commission appointed to inquire into the massacres of missionaries was Lieutenant Waldo Evans, of the United States cruiser Detroit, in spite of the fact that two British gunboats were lying at Foo Chow.

The correspondent of the Gazette adds that when the party arrived at Ku Cheng, the mandarin in command there refused to allow the members of the commission to attend the trial of the accused Vegetarians, whereupon Mr. Bierson, the United States consul at Foo Chow, who was the most energetic member of the commission, peremptorily demanded, in the most vigorous language, the right of being present at the trials. He said he did not care now great a personage the mandarin was, he would stir up all the powers unless he was admitted, and gave the mandarin four hours in which to make up his mind.

DURRANT'S DEFENSE.

Result of the Testimony So Far Introduced.

SAN FRANCISCO, Oct. 4.—If the manner in which the attorneys for the defense in the trial of Theodore Durrant are handling their case is an indication of the strength of their position, the prosecution believes the developments of today leave little doubt of the prisoner's conviction. To the surprise of everybody, the defense this afternoon began the calling of witnesses to show the previous good character of the young Sunday school superintendent.

By the prosecution this step is interpreted to mean that the defense has introduced all of the evidence that it has to refute the mass of testimony piled up by the people. If this be true the verdict of the jury is a foregone conclusion.

Miss Cunningham, the newspaper reporter who was threatened with imprisonment yesterday because she would not answer a question propounded to her by the defense, was called to the stand again this morning to give her another opportunity to answer the question. She refused to disclose the source of her information with regard to the nature of Mrs. Leak's testimony, but instead of sending her to prison, the court took the matter under advisement until next Tuesday. In a similar case the supreme court of California sustained the position of a newspaper reporter, and the court is therefore in doubt with regard to its power in the premises.

Rev. J. George Gibson, pastor of Emmanuel Baptist church, was called by the defense for the purpose of identifying specimens of his hand writing. The witness positively refused to identify any of the specimens handed to him. He said the writing looked like his own, but as the documents had not been in his possession for some time, if at all, he could not positively identify the writing. At the request of Attorney Deuprey, Rev. Gibson printed the name and address of Mrs. C. H. Noble, Blanche Lamont's aunt. He also wrote several specimens for the district attorney, which were introduced in evidence. The writing of Rev. Gibson will play an important part in the future proceedings, as Attorney Deuprey announced in his opening statement that he would prove that Mr. Gibson directed the wrapper in which Blanche Lamont's rings were returned to Mrs. Noble.

The defense summoned ex-Congressman Henley and several other witnesses to show the bad reputation of Attorney Gatelee, who testified that on the afternoon of April 3rd he saw Durrant and Blanche Lamont walking toward Emmanuel church.

A MODEL YOUNG MAN.

Fifteen witnesses were placed on the stand to show the previous good reputation of Durrant. The witnesses all regarded Durrant as a model young man. Not one had ever heard of his doing anything wrong.

The result of the first ten days of testimony introduced by the defense is as follows: Dr. Cheney failed to testify, as Attorney Deuprey said he would; that Durrant was present at the lecture given on the afternoon Blanche Lamont was murdered; the prosecution established the fact that the roll-call took in which Durrant was reported as present at the lecture, is unreliable, as another student is recorded present who testified that he was absent. To offset these two strong points gained by the prosecution, the defense has placed on the stand sixty-eight students who testified that they did not answer to Durrant's name at roll-call on April 3rd.

As next Monday is Labor Day in California, court adjourned until Tuesday.

Alum baking powders are classed as poisonous by physicians and chemists. Dr. Price's is perfectly pure.

Tacoma Girl Captures a Lord.

TACOMA, Wn., Oct. 5.—The engagement is announced of Lord Bennet of the English peerage, son of the Earl of Tankerville, and Miss Leonora Van Marter, daughter of Dr. and Mrs. Van Marter of this city. Lord Bennet served Hanbury and is quartered at the Union club. The wedding will be quiet and will probably take place the latter part of October. His lordship is forty-three years of age and has become prominent through his active interest in the slum work of London. Miss Van Marter is over ten years his junior. She was born and educated in Europe. For the past five months she has been residing with her parents and sister here and for over a year previous to that lived in New York.

There are some people who never wear oath glasses and yet they never see anything bright. It's the people who are dyspeptic and soured. Everything is out of joint with such people. I suffered many years with dyspepsia and liver troubles but have been relieved since taking Simmons Liver Regulator. I know others who have been greatly benefited by its use."—James Newland, Carrollton, Mo.

FOUR PHYSICIANS

Attended the daughter of Mrs. Laura A. Kempton, of West Rutland, Vt., who was stricken with Bright's disease. Her ankles, feet and eyes were terribly swollen, and her life was despaired of but a mother's love surmounted all difficulties, and she determined to try

DR. DAVID KENNEDY'S FAVORITE REMEDY

"How happy I am," Mrs. Kempton writes, that I followed that course, for one by one the well known symptoms of the disease left her. Words cannot express my gratitude and I cannot too earnestly recommend this great medicine. Her recovery was entirely due to Favorite Remedy, which was the only medicine taken after her case was abandoned by the physicians." Dr. David Kennedy's Favorite Remedy has never yet failed where the disease was within the range of medicine. All druggists. $1.

Old Fashioned compounded cathartic pills, "blue pills," calomel or other mercurial preparations, should not be used in these days of enlightened medical science, when it is so easy to get a purely vegetable pill, a sugar-coated, gran-coated, to glass vials, at any store where medicines are kept. Dr. Pierce was first to introduce a Little Pill to the American people. Many have imitated them, but none have approached his "Pleasant Pellets" in true worth, or value, for all laxative and cathartic purposes.

Once Used, they are Always in Favor.

Assist Nature a little now and then, with a gentle, cleansing laxative, thereby removing offending matter from the stomach and bowels, toning up and invigorating the liver and quickening its tardy action, and you thereby remove the cause of a multitude of distressing diseases, such as headache, indigestion, or dyspepsia, biliousness, pimples, blotches, eruptions, boils, constipation, piles, fistula and maladies too numerous to mention.

If people would pay more attention to properly regulating the action of their bowels, they would have less frequent occasion to call for their doctor's services to subdue attacks of dangerous diseases.

That, of all known agents to accomplish this purpose, Dr. Pierce's Pleasant Pellets are unequaled, is proven by the fact that once used, they are always in favor. Their secondary effect is to keep the bowels open and regular, not to further constipate, as is the case with other pills. Hence, their great popularity, with sufferers from habitual constipation, piles and indigestion.

They absolutely cure sick headache, biliousness, constipation, sourish stomach, poor appetite, dyspepsia and kindred derangements of the stomach, liver and bowels.

A free sample of the "Pellets" (a tiny dose) or four, is mailed to any address, post paid, on receipt of name and address on postal card.

Address for free sample, WORLD'S DISPENSARY MEDICAL ASSOCIATION, No. 663 Main Street, Buffalo, N. Y.

GREAT FALL AND WINTER SALE

AT THE

New York Cash Store

OPPOSITE POSTOFFICE.

The Biggest Bargain Department Store in the West.

More Goods for ONE DOLLAR Than any Store in Salt Lake City.

BARGAINS IN MILLINERY.

MRS. REECE, Trimmer. Our entire stock of Millinery is New and in the Latest Novelties. We will show you the best styles and qualities you have ever seen in Salt Lake for the money.

One lot misses' cloth school sailors at	.25	One lot of misses' fancy shape English felt hats at	.50	Children's blue flannel yacht school caps, braid trimmed	.35
