KILLED BY A WOMAN

A Blood Stained Murderer Sent Into Eternity.

THE RESULT OF JEALOUSY.

Three Lives Sacrificed.—Details of the Tragedy.—Public Sentiment for the Woman.

LOVELOCK, Nevada, July 14.—Three men were killed near here Thursday night as the result of a husband's jealousy. Robert Logan shot and killed Dan Lovelock and Fred Sullivan and was in turn killed by his own wife.

Mrs. Logan had applied for a divorce and her husband was insanely jealous of her, threatening to kill some of her male friends. A few days ago Mrs. Logan went to Cottonwood to visit her mother. Logan followed and that night attacked and severely wounded Dan Lovelock, the stage driver. Lovelock was unable to return home, so Mrs. Logan brought the stage back. On Wednesday she returned to Cottonwood to bring Lovelock home. Mrs. Logan drove, with the wounded man on the seat beside her. Fred Sullivan, a ranger, rode on a rear seat. About dusk Logan rode up on horseback. He was armed with a Winchester and ordered his wife to leave the stage and go with him. She refused, saying she was going home. Logan said he would go too and rode on behind. They rode along for two hours when Mrs. Logan heard a shot and turning saw Sullivan fall dead with a bullet through his heart. He had been shot in the back by Logan. Then the murderer shot Lovelock, who was too weak to defend himself and he fell dead in Mrs. Logan's lap. Logan then got into the stage and taking the reins from the hands of his horrified wife, drove to a well five miles distant, into which he said he intended to throw the bodies of the murdered men, after which he would kill his wife and throw her in after them. However, she persuaded him to water the horses and as soon as Logan stepped out to secure a bucket Mrs. Logan took the pistol from Lovelock's pocket and when he saw it shot him. He begged for mercy, but taking careful aim she fired again and Logan fell behind the stage. Mrs. Logan dismounted and fired one more shot into her husband's prostrate form to make sure he was dead. Leaving Logan's body lying in the dust the woman drove into town with the other dead men and told the news. Lovelock was stage proprietor and driver and though well acquainted with Mrs. Logan had never been suspected of intimacy with her. Sullivan was an entire stranger. The people here denounce Logan as a coward and commend Mrs. Logan for her courage.

Fatally Injured.

CHICAGO, July 14.—In an accident at the Ashland avenue crossing of the Wisconsin Central railroad last night Herman Apeline and his wife were both fatally injured while driving across the tracks. Several freight cars hid the approach of an engine and two freight cars. The engine struck the vehicle and threw it against one of the posts of the crossing gates.

OBEDIENT TO THE STRIKERS.

The Northern Pacific Refuses to Serve the Government.

ST. PAUL, July 13.—The Northern Pacific announced that those employes who are still out would be given until Sunday noon to reclaim their places, which will be declared vacant if not filled by them.

The Great Northern is threatened with a tie-up, the A. R. U. stating they would tie up that road if it carried troops or munitions of war for the government during the present troubles. The Great Northern has stated therefore that its line is not at the service of the government for these purposes. Business on the various railroads centering here was being handled as usual today.

Doing Business Unlawfully.

INDIANAPOLIS, Ind., July 14.—The Chicago & Eastern Illinois and the Chicago & Indiana railroads recently combined as one corporation, and as such have failed to file articles of incorporation in this state, though he had done so, General Smith says, in Illinois. The attorney-general said:

"The new corporation recently asked the governor for protection of its business and property, and received it, though doing business that it has no right to do in this state until the articles of incorporation are filed with the secretary of state. The amount due the state, one per cent of a capital stock of $25,000,000 is $250,000. This is in the nature of a special tax, and if it is not paid at once I will bring quo warranto proceedings to find out why. Suit will also be brought to collect the amount."

PARKHURST HEARD FROM.

He Advises Against a Straight Ticket in New York.

NEW YORK, July 14.—Writing from Berne, Switzerland, under date of July 3, the Rev. Chas. H. Parkhurst advised strongly against the nomination of a straight ticket in New York next fall. The address was received by Charles Smith, ex-president of the New York chamber of commerce, and draws attention to the November election. Concerning this Parkhurst writes:

"The city of New York never had a readier opportunity either to dignify or to dishonor itself. The sentiment respecting citizenship is a unit as regards the character of that organization of systematized and legalized lawlessness by which our municipal interests have been utterly damaged and our municipal character compromised. The five weeks during which the senatorial committee continued its investigation have sufficed to satisfy the public mind that not only the police department but the entire administrative system of which it forms a part is depraved and that Tammany hall is not so much a political organization as it is a compact of freebooters who are willing to trade to any extent of decency and public good for their emolument and aggrandizement. Probably no body of men had so thoroughly and unwittingly the courage of its depravity, as the cabal of thieves, murderers and bunco steerers who are present administratively reaping the destinies of the controlling city of the greatest nation on earth in the midst of the era of the nineteenth century civilization."

Dr. Parkhurst asserts that "any man this year who insists on a straight nomination imperils the cause that the great bulk of our citizens has so intensely at heart and give occasion to the conjecture that this urgency is built out of a desire to promote his party rather than out of a desire to save his city."

Confesses Against Her Husband.

NEWARK, N. J., July 14.—Mrs. Henry Kohn, of this city, has virtually confessed that her husband murdered Joseph Perine, whose dead body was found in Shinder creek on June 10 with a heavy stone lying across the shoulders and a number of coupling pins tied about his neck. Last Sunday night Kohn quarreled with his wife and chased her out of the house with a knife. He was arrested and committed to jail, and now she makes the statement that her husband killed Perine.

LABOR AND CAPITAL.

The London "Times" Feels Tenderly for Those Who Have the Money.

LONDON, July 13.—The *Times* in its financial article, commenting at length upon the light the American strike throws upon the question of the enlarged share labor has been taking of the joint product of labor and capital, contends that the questions of currency depreciation, silver, etc., are sinking to insignificance compared with the immense reduction in the returns on the capital, due to a continual rise in wages. In England the process is less violent, but it is proceeding.

The Wellman Expedition.

LONDON, July 13.—A dispatch to the *Times* from Tromsoe, Norway, says that the yacht Sadie of the Royal Yacht squadron touched at Danes Island, on the northwest coast of Spitzbergen, on July 6th, and spoke with Professor Owen, the geologist, who was left there by the American Polar expedition under Walter Wellman to await their return and to guard the depot established on the island. Nothing has been heard of the expedition since they left Danes Island.

It is believed that the Ragnvaldjarl, Wellman's steamer, has been beset by ice and crushed. The Sadie left some supplies with Professor Owen. He declined to return with the yacht, as he was pledged to Mr. Wellman to guard the depot until the Ragnvaldjarl returned.

Breckinridge Indignant.

LEXINGTON, Ky., July 13.—At Byrds, in Oldham county, today Congressman Breckinridge spoke to a large crowd. He arraigned Hon. W. C. Owens, his opponent, for making serious charges against him. He challenged Mr. Owens to prove the truth of his assertions or stand before the public branded as a liar.

He ridiculed the canvass of Major Dowell. Newspapers, he declared, since the Pollard-Breckinridge scandal, had intentionally misrepresented him. He said they were "musty," full of vile slanders and lies.

Edinburg Shaking.

EDINBURG, July 13.—Two earthquakes here awoke the inhabitants of County yesterday evening. The shocks extended from north to south.

Sovereign Still Talks.

CHICAGO, July 13.—Grand Master Workman Sovereign was seen this evening after he had received the decision of the Managers' Association and the Federation of Labor.

"Well," said he, "the general managers treat us with silent contempt and condemn us to death. I suppose they expect us to die without any resistance, but they are mistaken. We will make a struggle. We shall try to tie up all the roads, but if we cannot do that, we will at least tie up one road and keep it tied up. I have seen Debs tonight, and we all agree that there is but one thing to do and that is to fight on to the end and with renewed energy."

THE GREAT STRIKE.

Results of the Hostilities in California.

SAN FRANCISCO, July 13.—Sixteen days have intervened since the general strike was inaugurated on the Southern Pacific system. During the entire period railway traffic has been at an absolute standstill in northern California. At least seven, and probably nine human lives have already been sacrificed in the desperate struggle that is on between the railway company and the Federal government on one side and the American Railway Union on the other. The commercial loss has been enormous. Not only is general traffic almost at a standstill, but a season's fruit crop to the value of hundreds of thousands of dollars is perishing in the orchards.

THE SHOOTING IN SACRAMENTO.

SACRAMENTO, July 13.—This has been one of the most exciting days in the history of the strike. As a result two men lie wounded in the receiving hospital, while others are reported dead or injured.

Shortly after 10 o'clock this morning a switch engine was along Front street clearing the track. A company of regulars under command of Captain Roberts of Battery L, Fifth United States artillery, accompanied the engine. As they reached I street, it is claimed a gang of strikers fired on the troops.

The soldiers returned the fire and several men were seen to fall. Two of them were picked up by the police and removed to the Receiving Hospital. Their names are John Stewart and Franck Buckley. The former is a marine fireman on the United States steamer Alliance, and was attracted to the scene of the conflict by a large crowd. He was shot through the body and is dying. Buckley lives in Boise county, and was here on a visit. He was shot through the right shoulder.

Both men deny that they are in any way connected with any of the strikers.

The Tariff Conference.

WASHINGTON, July 13.—The Democratic tariff conference put in a long day's work, and they did not adjourn until after 6 o'clock. The greater part of the day was put in discussing the sugar schedule, and no agreement was reached.

Victims of Cholera.

VIENNA, June 13.—There have been forty-eight cases of cholera and fifteen deaths in the Cracow district, and eight cases and one death in Cracow itself, during the last two days. Cracow was up till now been exempt from cholera.

PANIC IN CONSTANTINOPLE.

Caused by Earthquakes at Irregular Intervals.

Houses Deserted and People Camped in Parks and Gardens—Much Damage Reported.

CONSTANTINOPLE, July 13.—Earthquakes here continue at irregular intervals. The inhabitants of the city have been driven to a condition of abject fear by the repeated disturbances, and in all the places which have felt the earthquake, a state of panic exists. Houses have been deserted, and the people are clustered in the parks, gardens and fields. All are suffering hardships, and the exposures are especially severe on the sick and persons injured during the early shocks.

The sea of Marmora seems to be the center of the disturbances. A wing of the military school fell today, killing three persons and wounding twenty-two. Many bodies have been extricated from the ruins in various parts of the city. The shocks were very severe at Adabazar. One hundred and thirty houses were wrecked there, and seventy-two persons lost their lives.

BITTER AGAINST THE MANAGERS.

Debs Has Made His Last Overtures and Will Continue the Struggle.

CHICAGO, July 13.—A joint meeting of the executive boards of the A. R. U. and the K. of L. was held in Uhlich's hall at 3 p.m. today, to consider the treatment which the railway union's proposition to the General Managers' association received earlier in the day.

An informal discussion was followed by an adjournment until 10 o'clock tomorrow.

The feeling against the general managers was very bitter, but the conclusion was to wait until the general managers had acted on the proposition before taking any further action themselves. The K. of L. representatives at the meeting were in full accord with the A. R. U. and agreed to stand by the union to the end.

President Debs said at the close of the meeting that the A. R. U. had made its last overture to the general managers. It had gone more than half way. If the present proposition was ignored or rejected, the strike would be renewed with greater force, and continued until the railway people gave in. The people had been appealing to the railway union to stop the strike; hereafter they must appeal to the railway managers. The burden of further trouble and loss of business must rest on their shoulders. Mr. Debs added that there had been no relaxation of the strike. It is on in force and would remain so until an affirmative answer came from the general managers. If such an answer were received the strike would end in twenty minutes. He intimated that the union had reserve forces which it would call into action and that they would be felt in their full strength if necessary. He said labor unions were waiting patiently to be called upon to join in a sympathetic strike, and declared twelve or fifteen were today induced to wait until an answer had been received from the general managers.

PALPITATION OF THE HEART.

Shortness of Breath, Swelling of Legs and Feet.

"For about four years I was troubled with palpitation of the heart, shortness of breath and swelling of the legs and feet. At times I would faint. I was treated by the best physicians in Savannah, Ga., with no relief. I then tried various Springs, without benefit. Finally I tried

Dr. Miles' Heart Cure

also his Nerve and Liver Pills. *After beginning to take them I felt better.* I continued taking them and I am now in better health than for many years. Since my recovery I have gained fifty pounds in weight. I hope this statement may be of value to some poor sufferer."

E. B. SUTTON, Ways Station, Ga.

Dr. Miles' Heart Cure is sold on a positive guarantee that the first bottle will benefit. All druggists sell it at $1, 6 bottles for $5, or it will be sent, prepaid, on receipt of price by the Dr. Miles Medical Co., Elkhart, Ind.

THE PUBLIC CONVINCED

That Drs. Shores & Shores are Salt Lake's Leading Specialists.

The Wonderful Treatment has Brought Health and Happiness to Hundreds of Homes.

THE BEST PEOPLE TESTIFY TO THE SKILL OF THESE PHYSICIANS.

HOW IS THIS?

Evidence from Mr. Richard Smyth, Another Old and Respected Resident of Salt Lake.

Mr. Richard Smyth, proprietor of the hat factory at 358 C street, is one of the old pioneers. He is known to nearly everyone in Salt Lake City. After taking two days of Drs. Shores & Shores's treatment, he says:

"I can truthfully state that under Drs. Shores & Shores's new treatment I have improved more than I ever thought possible for a man of my age. I can recommend them to all my friends as honest, conscientious and skillful physicians."

SINCE 1850.

Mr. W. M. Scott, has Resided in Salt Lake City—He Endorses Drs. Shores & Shores' New Treatment.

Did you ever notice the evidence presented by Drs. Shores & Shores is from some of the oldest and most respected residents of Salt Lake City? Why is it they are telling the public about their remarkable cures? Why, other institutions ever gave such evidence of their skill? You are a reader, and can judge for yourself. Read what Mr. W. M. Scott

W. M. SCOTT, RESIDENCE TENTH WARD.

says. He has resided in the Territory since 1850; surely he can be relied upon. Here are his words:

"When I came to Drs. Shores & Shores a week ago I was a terrible sufferer. My nose was constantly stopped up, dropping in the throat. Some nights I could not lay down at all on account of the wretched dropping from the head to the throat. I had a sort of gripping pain in the pit of the stomach; having bad, in fact I was in a bad condition, and want to state that after ten days' treatment with Drs. Shores & Shores my improvement has been wonderful, and I heartily recommend these physicians to all."

You will take note, considering the facts that this patient has only had ten days' treatment, yet the improvement has been noticeable from the very beginning, and if catarrh can be cured, improvement should appear in that length of time.

THE TRUTH ALWAYS.

Mr. Thomas Crarroll, of 733 East Fourth South Street, Testifies:

Mr. Thomas Crarroll has resided here for the past twenty-three years. Can his statement be doubted? Is this not evidence sufficient to convince the most skeptical? Mr. Crarroll says:

I have been a great sufferer with catarrh. After taking Drs. Shores & Shores' treatment ten days I feel so much improved I deem it a duty to inform others who may be suffering as I was, that Drs. Shores & Shores' new treatment is a decided success.

MR. W. B. McCARTNEY,

Bookkeeper for Bothwell & McConaughy, the Lumber Dealers Adds His Testimony:

One of the most expert bookkeepers in the city is in the employ of Bothwell & McConaughy, the lumber dealers. His name is W. B. McCartney. In an interview with Mr. McCartney, he says:

"Yes, I can endorse Drs. Shores & Shores' new treatment, for it has done wonders for me, and to any who may be suffering from catarrh I would say don't delay; go to Drs. Shores & Shores. They have proven they are successful specialists."

A FEW MORE.

Good people who endorse Drs. Shores & Shores' new treatment:

Mr. Ralph Boyack, Spanish Fork.
Mr. Hyrum Rock, Center Ward, City.
James L. Chalmers 247 Fourth South Street, City.
John N. Matheson, 241 West South Temple Street, City.
Mrs. Julia Van Whenen, Midway, Utah.
