Death from Epilepsy.

A Mrs. Mikkelsen, aged 35 years, and living alone on Twelfth South between West Temple and First West streets, was found dead in bed yesterday morning. The lady having been previously subject to fits of epilepsy, it was deemed unnecessary to hold an inquest. The cause of death being ascribed to epilepsy. Jasper Kristian Mikkelsen was born in Denmark in 1828, and came to Utah in 1861. He was an estimable lady, a hard worker, a good Woman and Latter-day Saint, and had a few of friends. She lived an exemplary life and her death is said to be due solely to overwork.

Wet Health Boards Organized.

The state board of health, of a meeting held late night in the Governor's office, passed resolutions to take steps at once to enforce sections 1199 and 1198 of the Revised Statutes, providing for the organization of municipal and county boards of health. The attorney general will be asked for an opinion as to the proper procedure to be followed, and the advice will be adhered to in the prosecution of cases of negligence.

Officers Returned.

Lieutenants H. G. Lyon and Albert Laws of the Twenty-fourth infantry, and who took a very prominent part in the battle of Santiago, have returned to Fort Douglas, the former arriving on Saturday and the latter on Sunday.

Crossing the Atlantic.

Dr. Joseph Parry, the eminent musical adjudicator and Eisteddfod critic, set sail yesterday for Liverpool. He expects to reach his home, Cardiff, Wales, by the 28th inst.

HOMES FOR THOUSANDS.

To Latter-day Saints Who Desire Good Places to Make Comfortable Homes. A Good Opportunity to Accumulate Means to Pay for Them Without Incurring the Bondage of Debt.

One hundred thousand dollars in labor wanted.

Fifty miles of the Alberta company's canal to be built, for which half will be paid in cash and balance in excellent prairie land, at $5 an acre, with free water for ten years to first settlers on these lands.

Lands are to be settled in bunches or settlement form, in order to afford settlers the benefit of ward organizations, including day and Sabbath schools.

All labor will be contract work, at ten cents a cubic yard for earth work. Gravel, stone and solid rock to be paid for in proportion.

An industrious, able-bodied man, with team can earn a good farm, town lot and cottage in one year.

Lands to be settled are adjacent to a railway. Plenty of coal for fuel near at hand.

President C. O. Card, writing to the First Presidency under date of September 23rd, says that work has commenced on the canal near Raymond in Utah desiring to do work this fall would do well to bring their teams and wagons by railroad. By doing this they would be at work on the canal in less than a week after starting. Speaking about wintering teams, he says that hay, if needed, will not exceed $4 a ton, and bedding it can be cut there as late as a month from the date of his letter; that no hay will be needed on the canal, as for miles in its immediate vicinity grass is from six to twelve inches high. When work cannot be done on the canal, men can be building homes for themselves. He advises men to come with their teams, leaving their families until the spring, by which time homes may be provided for them. Parties desiring to join the new settlers in making homes, who may not care to do work on the canal, can obtain land through President Card.

For special rates of transportation for passengers, household goods, teams, etc., etc., apply to Wm. C. Spence, 204 E. Salt Lake City, or C. O. Card, Cardston, N. W. T., Canada.

FIREBUG STILL AT LARGE

Office of the Richfield Advocate Burned to the Ground Last Night.

LOSS ESTIMATED FROM $1,000 to $2,000

Believed that the Same Villain Who Fired the Scores Tabernacle is Responsible for This Also.

Special to the "News".

RICHFIELD, Utah, Oct. 16, 1898.—Last night at half 10 the office of the RICHFIELD Advocate was discovered to be on fire, and in 40 minutes the building and plant were a mass of ruins.

The editor, Dwight Harper, had been working in the office during the evening, but on leaving for his home at 9:30 carefully locked the doors. When the fire was discovered, the back door was found open and the entire west side of the building in flames. That the fire was set by some malignant villain is the opinion of everyone. Even the same day of the Sevier Stake Tabernacle fire Friday night, the officers have been informed by certain cases and it is now generally believed that the fire last night was the work of the fiend who lighted the Tabernacle.

The building and presses were insured for $500, but the loss will probably run up to from $1,000 to $2,000.

The Advocate was considered one of the most ably edited papers in Utah, and had a large circulation in Sevier and adjoining counties. Its opinions have been in 1896, when it was started by George Sims, editor, and Joseph Jeter and Dwight Harper, owners, politics in this county be found in all some than likely be rebuilt in the near future.

Sunday School Union Meeting.

There was a large and appreciative audience of Sabbath school workers at the Union meeting held last evening, Oct. 17, 1898, in the Fourteenth Ward assembly rooms, all the city wards, except the Fifth, Sixth and Twenty-third, were well represented, as were also the following wards from the county: Brighton, Cottonwood, Draper, Farmers, Forest Dale, Lewiston, Mill Creek, Sandy, South Jordan, Sugar, Wilford, and Vernon.

Supt. T. G. Griggs presided, and the opening prayer was offered by Elder John W. Saunders.

The excellent musical exercises were given by the Ninth Ward school, led by Brother Hyrum Cox.

After the calling of the roll by the secretary, Supt. Griggs introduced Elder George Reynolds and Jos. G. Ballard members and Levi W. Richards of the Sunday School Union board, who were present by invitation, the former opening Easter Sunday as a time in which will be held in the Assembly Hall, in this city, Monday and Tuesday, Nov. 28 and 29, 1898.

Arrangements have been made for visitors from all parts of Utah, southern Idaho and Wyoming to attend the conference. Each ward in the city will entertain a number of visitors. In the afternoon of the first day of the session, a large attendance is expected from the Stakes of Zion, and it is desired that the Sunday school workers of this city spontaneously take an active interest in the general efforts to make the convention a grand success, and extend to the visiting delegates a hearty welcome and take care of them during their visit.

The object of the convention is to unify the efforts of all the Sabbath school workers of the whole Church, not, however, to have the work of the teachers conform to some standard rules and methods. Individuality on the part of the teacher and the pupil should be encouraged, but on general principles, the aims and purposes of all workers in this department of the Church work should be unified and systematized.

The program of the six sessions of the convention, which was read at the meeting, covers all the leading features and work of the Sunday school, and the subject will be ably handled by those who have been special successful in the line of work which will be the theme of his or her address.

Supt. Griggs desired that each of the city schools and those contiguous to the city, report to the general secretary of the board, Elder Geo. D. Pyper, in the Temple building, the number of scholars that can be accommodated in their respective wards.

Elder Willard Done stated that as an aid to the work of the Sunday schools, a Kindergarten training class will shortly be organized for the purpose of training the representatives from each of the wards of the city, and contiguous wards, that officers and teachers may be benefited by the knowledge of what is being done in other wards in this work. The cost of such training will be but $2 for each school sending representatives. The sessions will be held on each Saturday in the Latter-day Saints College in this city.

Sister Dorothy Smith, who has spent two years in the East in the line of work, will conduct the training kindergarten class, and from her well known proficiency in kindergarten training, the success of the class is assured.

The importance of school early training was thoroughly discussed at some length by Miss Smith.

The superintendents of the city schools, and of the nearby school boards, were requested to interest themselves in the training class, and report names to Brother Willard Done and Sister Smith, who will be present at the Kindergarten class in the Tabernacle with Mr. A preliminary meeting will be held next Saturday week at 1 p. m.

Next Sunday the "Sacred Envelopes" will be distributed in the Sunday schools, and the Sunday following, Oct. 31, is "Scout Sunday." A generous and general response was desired.

As the time of the meeting was fully occupied, the usual Sacrament work was necessarily deferred till the next meeting.

Prof. W. M. Stewart was called upon, and made a short address. He briefly outlined the character of work that devolved on the superintendent of Kindergarten in the Sabbath school. He felt that when this inaugurated the Sabbath school would be considered to be the most important of all the work of the Church, including the Temple work. At this time it is not to be forgotten enough to attend the morning class, he would be benefited a hundred fold by the training of their own children and grandchildren.

The Tooele ward school has organized to furnish the music at the next session of the Union.

The choir sang, "Providence is over all," and the benediction was pronounced by Elder Joseph Smith, and offered by Elder W. M. Stewart.

J. H. PARRY, Secretary.

PUBLIC SCHOOLS.

The Board of Education requests that a note which will appear in all papers in the city, relative to the school books belonging to the board, be made to read that the school books belonging to the board, which are in the hands of pupils, be returned to the schools from which they are taken, or to the board, for the purpose of being repaired and cleaned. As it is not worth while to charge up the cost of repairing and cleaning, the board will be obliged to pupils who will return the books in good condition.
