TO THE BISHOPS AND PRESIDING ELDERS IN ALL THE SETTLEMENTS OF THE LATTER-DAY SAINTS.

DEAR BRETHREN: It is our desire to commence again to assist the scattered poor of God's people in gathering to Zion. To aid in the accomplishment of this purpose we request the Bishops and Presiding Elders in the various settlements to give especial attention to the collection of the debts due to the Perpetual Emigration Fund from those who have been assisted in past years. In view of the near approach of the season of the year when our emigration leaves the shores of Europe, we desire that our brethren give this matter their immediate attention, that we may be enabled to do as much good as possible this present year.

It is the duty of all the Saints who have the means to assist in the gathering of these of their brethren and sisters who are still scattered in Babylon, and we should be pleased to have the local authorities solicit donations from those who are not in debt to the P. E. Fund, and who are able and willing to do their part for the gathering of scattered Israel.

Your Brethren,
BRIGHAM YOUNG,
DANIEL H. WELLS

San Francisco, March 3, 1874.

In very many respects California is a remarkable country. It not only produces the largest trees in the world, but all kinds of wonders and prodigies. The most wonderful production that has thus far come under my observation is the "Young Californian Orator," a San Francisco boy only five years of age, by the name of Master Ellie Brown.—*Albany Journal.*

DEPARTS TO-MORROW.—Prof. McDonald goes to Provo City in the morning. His labors in the Phrenological field in this city were crowned with success. However his partner, Dr. Rice, will remain till some time next week. The afflicted can consult him free of charge in regard to their various ailments, at the Townsend House.

LAST NIGHT Master Ellie Brown, the child orator, completely astonished all who had not heard him before. He is certainly one of the most remarkable instances of precocious genius we have ever seen. He will stand before a hall full, and in full, round tones, with expression that would do credit to any man in his audience, repeat long and abstruse recitations, never halting for a word, or failing to convey the meaning of the text. Nature has built for him a royal road to attainments which are only gained by common mortals through long years of labor. He delivers himself of the subtle analysis of the character of President Lincoln, and in the next breath tells of a Dutchman's emotions in fondling his baby, and in each case you are amazed that "one small head can carry all he knows."—*Marin County Journal.*

Gamblers.—Three gamblers, arrested for plying their vocation, will have a hearing this afternoon, before Justice Pyper.

Reward Offered.—Deputy Sheriff Martin Florida offers a reward of $300 for C. L. Williamson, the escaped convict and desperado.

Lecture.—Elder Joseph F. Smith will deliver a lecture in the 14th Ward Hall, upon the "Early History of the Church," under the auspices of the Y. M. M. I. A., on Monday next, March 20, at 7½ p. m.

The Blockade.—This morning it was expected that the blockade on the Central Pacific R. R. would be broken in time to allow one train to reach Ogden this afternoon and two more some time in the night.

A Good Entertainment.—The concert, in the 17th Ward, last evening, complimentary to Mr. E. Beesley, was fully attended, and the peformances were well and satisfactorily rendered.

Notice.—The members of the High Council are requested to meet at the City Hall Saturday, March 18th, at ten a. m.

GEORGE E. WALLACE.
Salt Lake City, March 16, 1876.

Cleaning Up.—East Temple Street, which has been exceedingly dirty of late, is undergoing the process of being cleaned and fixed up, under the direction of the Supervisor.

A Fast Man.—Yesterday one Smith, a discharged soldier, was arrested for being intoxicated and for fast driving upon the streets. He will have an interview with Justice Pyper this afternoon.

Iron Bridge.—The iron bridge, complete, for the Utah Central Railroad was shipped at Chicago for Ogden, March 11th, in seven cars. It is in charge of the men who are being sent along to put it together.

The Sanitarian for March contains "Salting Streets for the Removal of Snow," "Ventilation of Chambers," "Average Safety of Railroad Travel," "Uses and Abuses of Life Insurance," "Vassar College," "Milk in its Medico-Legal Aspects," and other articles.

District Court.—This morning the jury in the case of the People, &c., *vs.* Chandler, indicted for stealing timber, at Bingham, returned a verdict of guilty. There will probably be an arrest of judgment in the case, on account of some law points involved.

Littell's Living Age, for the week ending March 11th, has the following noteworthy contents:—"On the Border Territory between the Animal and Vegetable Kingdoms;" "On National Education as a National Duty;" "Dutch Guiana;" "Air and Organic Life;" "Self Esteem and Self Estimation;" "Hosts and Hostesses;" "Her Dearest Foe;" "The Dilemma." Choice poetry and miscellany complete the number.

Criminal Business.—Yesterday, in the District Court, Thomas Goff was tried on an indictment for larceny. The evidence for the prosecution being insufficient to convict, the jury acquitted him.

D. Bremer and J. Mayfield were tried on an indictment for larceny, and convicted, the verdict of the jury being accompanied with a recommendation to the mercy of the Court.

Wide Awake for March contains "How Miss Chatty Earned a Living," "About Maps," "Snow Birds," "Centennial Trees," "The Street Singer," "Lost in the Woods," "Work for Little Fingers," "Talking it Over," "Young Rick," "Grinding Coffee," "The Old Elm of Boston," "Shut the Gate," "How the Ojibbeways Live," "Willful Winnie," "The Magic Carpet," "Sunday School Entertainment," "Music," etc.

Whiskey Did It.—A fews days ago Thomas Corbett was arrested and placed in jail, for drunkenness and vagrancy, and, while there, was affected with delirium tremens, which, as usual, caused his imagination to be exceedingly lively, having a strong impression all the time that somebody was hunting him with a view to using him up. Yesterday he was removed to the house of Madame Davis, where he expired late last night or early this morning. Whiskey was the cause of it.

Fatal Accident.—The Evanston *Age* of March 14th says that Harry Herbert, conductor of the Almy coal train, was run over by his train near Almy and killed, about two o'clock the day before. His remains were an almost unrecognizable mass. Besides being bruised nearly all over, his right leg from the hip to the knee was broken in several places and the flesh torn from the bone in a horrible manner. The back part of his head was crushed in, showing that he must have been killed instantly. It appears that the car on which he was standing jumped from the track. He jumped into the snow to save himself, but the trucks of the second car, which had also jumped the track, struck him, and when found he was entangled in the trucks of the third car. He was born in Hanover, Germany, was 25 years old, came to this country when seven years old, came to Evanston four years ago. He leaves a wife, child, mother, two sisters, and a brother. He will probably be buried in Ogden.

New Invention.—To-day we were shown an invention that if will, it is claimed by the inventors, create a revolution in various kinds of machinery, such as reapers and mowers, pumps, saws tilt-hammers, slotting machines, sewing machines, and in fact wherever gearing can be used.

It is claimed that wherever machinery is driven by a shaft, this new mechanical motion can be applied, changing a slow rotary motion to a vibratory. It has six motions, three backward and three forward, obviating the necessity of so much gearing, and, in its application to reapers and mowers it reduces the draft one-half, two horses doing the work of four.

We were also shown a double-knife for reaper or mower, which cuts on shear principle.

The idea of both these inventions was suggested to Naylor Brothers by Mr. John Jordan, of Heber City, and the drawings were got out and models made by A. M. Mortimer of this city. Patents on both inventions have been applied for.

Another Murder Case.—Captain Bergher Dead.—Captain Bergher, who was so brutally beaten over the head by the prisoners who escaped from the Penitentiary on Tuesday evening, died at three o'clock this morning, from the effects of his injuries. Cain and Patterson, the two who are said to have done the actual beating, are among the four who were captured by Gaines, but it appears that all seven of the villains are about equally guilty, and consequently liable to swing for this most brutal murder, all apparently being at least accessory. It is said to have been admitted by one of the two named that the intention was to kill Bergher. It appears that the prisoners had much antipathy toward him because of his having been stricter in enforcing the prison rules than his predecessor had been.

It is to be hoped that the three still at large will be captured, the country having been pestered long enough with such scoundrels, Williamson especially being one of the worst men that can be found anywhere.

Captain Bergher was late of Michigan, and is spoken well of by those acquainted with him.

Our Country Contemporaries.

Ogden *Junction*, March 15—

Two men, Dam and Hank, got into an affray in Robbins' saloon, Franklin, Cache Valley, March 10, which the bystanders quelled. Subsequently, in going home, Dam assaulted Hank with a hatchet, inflicting an ugly wound in the head. M. Goldman and Dan Jones saw the assault, pursued Dam, overtook him, and beat him very severely with boots and fists.

A burglar or burglars, last night, stole from the house of Joseph Hall, Ogden, two overcoats and a pair of pants.

A terrible but fatal accident occurred on the C. P. Railroad yesterday morning. Three engines and a snow plow were engaged on the Humboldt division clearing the line. The plow jumped the track, wrecking the front engine, killing the engineer on the spot and so injuring the fireman that he died this morning. This is the news so far as we can obtain it. The policy of railroad officials is to give no information, but leave the public to the wildest conjecture.

CONGRESSIONAL.

SENATE.

WASHINGTON, 16.—Anthony, from the committee on printing, reported back two resolutions in relation to printing the debates, and asked to be discharged from their further consideration; agreed to.

HOUSE.

WASHINGTON, 16.—The bill for the distribution of the unappropriated moneys of the Geneva award was recommitted and made a special order for the 29th of March.

The bill to provide for holding terms of the district court and circuit courts of the U. S., at Jackson, Tenn., was passed.

Hunting from the judiciary committee, reported back the resolution directing the Attorney General to transmit to the House all the papers and letters asking for the removal of Judge Redford, district judge for the Territory of Colorado, and the appointment of Judge Stone, also all the papers appertaining to the alleged corrupt ruling of Judge Stone; adopted.

Clerical Installation — Woman Suffrage — Dedicated Temperance Conference.

BOSTON, 16.—The installation of the Rev. Robert Laird Collyer, D. D., as pastor of the Second Unitarian Church, took place last evening; the congregation was very large. The Revs. John F. Ware, James Freeman Clark, Rufus Ellis, and the Rev. Robert Collier, of Chicago, took part in the services; the last named preached the installation sermon.

The Senate has passed the woman suffrage amendment to the constitution, 18 to 16.

The elegant new building of the Young Men's Christian Union was dedicated yesterday; Gov. Rice, the Rev. Robert Collyer, James Freeman Clark, and others took part.

The New England Ministers' Temperance Conference had three sessions yesterday, in the Bowdoin Square Baptist Church; one hundred clergymen, representing every State in New England, were in attendance. The Rev. Dr. Miner delivered the opening address, on the physiological effect of alcohol. Other essays were read, a discussion following.

Dead.

NEW YORK, 16.—The *Evening Post* announces the death, this a. m., of Professor M. Wetmore, regent of the New York University.

Indicted for Robbing the Government.

CHICAGO, 16.—The grand jury have returned indictments against Phillip Wadsworth, ex-Collector of Internal Revenue in this district, D. W. Munn, ex-Supervisor of the Revenue, and E. T. Bridges, ex-Revenue Agent; the latter has gone to Canada.

The funeral of the late General J. D. Webster, formerly Internal Revenue Collector in this district, took place to-day.

FOREIGN.

GREAT BRITAIN.

Loss of Life and Property by Floods—End of the Abyssinian War.

LONDON, 16.—A Paris dispatch in the *Times* reports that the inundations have stopped work in the Government tobacco factory and in the foundries at Alfortville. Two hundred houses are flooded at St. Maur. The gale of Sunday caused frightful destruction of life and property. Eleven persons were killed in Cambray; at Setter the river Roer rose twenty or thirty feet, inundating the country. At Coblentz the Rhine rose behind the railway bridge like a waterspout to the height of the houses. Hamburg and Frankfort have also suffered.

A telegram from Alexandria states that in the recent battle the Abyssinians numbered 60,000 and the Egyptians 20,000. In consequence of the king sueing for peace, the Khedive's yacht *Mahromssa* left Suez on Tuesday, with dispatches addressed to Hassan and Ratile Pasha. It is generally considered that the Abyssinian war is ended.

The Paris *Times'* correspondent says that the Bridge of Austerlitz has been closed; it is reported that the bridge has partially given way under the pressure of water.

Bank of England News.

Bullion in the Bank has increased £395,000 the past week; the proportion of the reserve to the liability is 42 per cent.

Failed.

Mark Fisher & Sons, woolen cloth manufacturers of Huddersfield, Yorkshire, and Montreal, have failed; their liabilities are 46,000 pounds sterling.

Another Failure—Gives the Lie to Silliman.

One new failure is announced at the Stock Exchange to-day. The market is flat, there is little doing.

The telegraph lines northward are still deranged and dispatches are more or less delayed.

The *Hour*, referring to Professor Silliman's recent negatory letter, says the Professor is wrong in stating that no such telegram was ever sent, for the original telegram is in the Emma mine office, with the stamp showing its receipt on the 5th of April, 1872. The telegram begins thus—"Very great improvement since last reports."

Loss at Sea.

LIVERPOOL, 16.—The ship *Greta*, Captain MacCreedy, from San Francisco, Nov. 25, arrived here today; she brings a portion of the crew of the ship *Great Britaint* Captain Chilcott, from Daboy, Jan, 22nd, for this port, which was abandoned at sea in a sinking condition—eleven of the crew of the *Grea; Britain* were drowned and four died from exposure.

IRELAND.

Disaster at Sea.

QUEENSTOWN, 16.—The ship *Eumenides*, Captain Beard, from Port Royal, S. C., for Greenock, was capsized on the 12th of March; the second mate and seven of the crew have arrived at this port; the remainder of the crew and the captain, 13 in all, were drowned.

SPECIAL NOTICE TO OUR READERS

SPECIAL CALL.

AGENTS WANTED!

To sell the New Patent Improved EYE CUPS.

Guaranteed to be the best paying business offered to Agents by any House. An easy and pleasant employment.

The value of the celebrated new *Patent Improved Eye Cups* for the restoration of sight breaks out and blazes in the evidences of over 6,000 genuine testimonials of cures, and recommended by more than one thousand of our best physicians in their practice.

The Patent Eye Cups are a scientific and philosophical discovery, and as ALEX. R. WYETH, M. D., and WM. BEATLEY, M. D., write, they are certainly the greatest invention of the age.

Read the following certificates:

FERGUSON STATION, LOGAN CO., KY., June 6th, 1872.

DR. J. BALL & CO., Oculists.

GENTLEMEN: Your *Patent Eye Cups* are, in my judgment, the most splendid triumph which optical science has ever achieved, but, like all great and important truths, in this or in any other branch of science and philosophy, have much to contend with from the ignorance and prejudice of a too sceptical public; but truth is mighty and will prevail, and it is only a question of time as regards their general acceptance and endorsement by all. I have in my hands certificates of persons testifying in unequivocal terms to their merits. The most prominent physicians of my county recommend your *Eye Cups*. I am, respectfully, J. A. BOYER.

WILLIAM BEATLEY, M. D., Salvisa, Ky., writes: "Thanks to you *for the greatest of inventions*. My sight is fully restored by the use of your *Patent Eye Cups*, after being almost entirely blind for twenty-six years."

ALEX. R. WYETH, M. D., Atchison, Pa., writes: "After total blindness of my left eye for four years, by paralysis of the optical nerve, to my *utter astonishment* your *Patent Eye Cups* restored my eyesight permanently in three minutes."

Rev. S. B. FALKINSBURG, Minister of M. E. Church, writes: "Your *Patent Eye Cups* have restored my sight, for which I am most thankful to the Father of Mercies. By your advertisement I saw at a glance that your invaluable *Eye Cups* performed their work perfectly in accordance with physiological law; that they literally fed the eyes that were starving for nutrition. May God greatly bless you, and may your name be enshrined in the affectionate memories of multiplied thousands as one of the benefactors of your kind."

HORACE B. DURAND, M. D., says: "I sold, and offered future sales liberally. The *Patent Eye Cups*, they will make money, and make it fast, too; no small catch-penny affair, but a superb, number one, up-top business, promises, as far as I can see, to be life-long."

Mayor R. C. ELLIS wrote us, November 16th, 1868: "I have tested the *Patent Teary Eye Cups*, and I am satisfied they are good. I am pleased with them. *They are certainly the greatest invention of the age.*"

Hon. HORACE GREELEY, late Editor of the New York *Tribune*, wrote: "Dr. J. BALL, of our city, is a conscientious and responsible man, who is incapable of intentional deception or imposition."

Prof. W. MASSICK writes: "Truly, I am grateful to your noble invention. My sight is restored by your *Patent Eye Cups*. May Heaven bless and preserve you. I have been using spectacles twenty years. I am seventy-one years old. I do all my writing without glasses, and I bless the inventor of the *Patent Eye Cups* every time I take up my old steel pen."

ADOLPH BIORNBERG, M. D., physician to Emperor Napoleon, wrote, after having his sight restored by our *Patent Eye Cups*: "With gratitude to God, and thankfulness to the inventors, Dr. J. BALL & Co., I hereby recommend the trial of the *Eye Cups* (in full faith) to all and every one that has any impaired eyesight, believing, as I do, that since the experiment with this wonderful discovery has proved successful in me, at my advanced period of life—60 years of age—I believe they will restore the vision to any individual if they are properly applied." ADOLPH BIORNBERG, M. D.

Commonwealth of Massachusetts, Essex, ss.

June 5th, '73, personally appeared Adolph Biornberg, made oath to the following certificate, and by him subscribed and sworn before me, WM. STEVENS, J. P.

LAWRENCE CITY, MASS., June 9, 1873.

We, the undersigned, having personally known Dr. Adolph Biornberg for years, believe him to be an honest, moral man, trustworthy, and in truth and veracity unspotted. His character is without reproach.

M. BONNY, Ex-Mayor.
S. R. W. DAVIS, Ex-Mayor.
GEORGE S. MERRILL, P. M.
ROBERT H. TEWKSBURY, City Treas.

Reader, these are a few certificates out of thousands we receive, and to the aged we will guarantee your old and diseased eyes an immediate cure; your impaired sight, dimness of vision and overworked eyes can be restored; weak, watery and sore eyes strengthened; the blind may see; spectacles be discarded; sight restored, and vision preserved. THE MORNING COURIER.

Recent political events strongly indicate a speedy return of the Democratic party to supreme power in the nation. The House of Representatives is now Democratic by a large majority; the government, of more than one half of the States is administered by Democrats; the party enters upon the Presidential contest with the brightest hopes, and under the most substantial encouragement.

The wonderful revelations of reality and corruption on the part of Republican leaders, which have burdened the press and horrified the people during the past three years, make it clearly the duty of every man to take an active part in the great contest of the present year. More than at any previous time in the history of the country, a trustworthy daily newspaper is now necessary to every citizen, in order that he may intelligently discharge his political duties. THE CHICAGO MORNING COURIER is a consistent Democratic newspaper. It will be devoted to the work of aiding in rescuing the nation from the party that has debauched its service, squandered its treasure and enslaved its liberties. It will advocate a speedy return to specie payments, but believes that this result should be brought about by economical management of the Government, and not by arbitrary enactment. It believes in greenbacks at par, and the same currency for the rich and the poor. It will advocate Home Rule, Free Trade and Public Economy, the old cardinal principles of the Democratic party.

The Courier has established a wide-spread reputation as a first class newspaper. The aim of its management is to make it all that the public in these hurrying days can desire, namely—a complete newspaper. Every facility known to modern journalism will be utilized to insure the prompt presentation of all important intelligence from all parts of the world, while the utmost care will be exercised to give only such as is worth printing. In short, The Courier will give all the news as promptly as any other paper, and condensed into a more attractive and readable form than the blanket sheets.

Terms—Mail subscriptions, postage free, six dollars per annum, or fifty cents per month, in advance.

THE WEEKLY COURIER

Has a large circulation in every western State and Territory. It is our aim to make the Weekly Courier the best family paper in the West, and we shall continue to give in its columns a large amount of miscellaneous reading matter, such as stories, tales, poems, scientific intelligence and agricultural information for which we are not able to make room in our daily edition. The agricultural department is especially one of its prominent features. The lessons are also regularly reported in its columns, and so are the markets of every kind.

Terms—$1.20 per year, postpaid.

Address THE COURIER,
d71 123 Fifth Avenue, Chicago.

NOTICE.

HAVING this day purchased and taken possession of the Utah Cracker Manufactory, lately owned by Henry Brunton, we would respectfully announce to the purchasers and consumers of Crackers in Salt Lake City and vicinity, that we shall continue the business at the old stand, and in the course of a few weeks will add the latest improved machinery, together with Steam Power, Revolving Oven and appurtenances for running a first-class Steam Cracker Manufactory, capable of producing as good goods as those imported from the East or San Francisco. Send in your orders and they will receive prompt attention. REEDALL & DARLING,
