CONGRESSIONAL.

SENATE.

WASHINGTON, 11.—A large number of petitions from all parts of the country in favor of a sixteenth amendment to the constitution prohibiting States from disfranchising persons on account of sex, were presented and referred. In presenting a petition of this character, Cockrell said he had been handed the petition purporting to come from the people of Missouri. He saw by the names that many of them were not citizens. Among the signers were a large number of women, and in the list appeared George Francis Train. He protested that Mistress George Francis Train was not a citizen of Missouri. (Laughter.)

Matthews presented a petition of 570 business men of Cincinnati, favoring the passage of the Bland silver bill.

Kernan, Voorhees and Conkling, presented petitions from the citizens of several counties of New York, in favor of the remonetization of silver and the repeal of the specie resumption act; referred.

It was agreed that at 2 o'clock to-morrow the Senate will repair to the hall of the House of Representatives to participate in the ceremony of receiving the picture presented by Mrs. Thompson, and return to its Chamber at the conclusion thereof.

Anthony, from the committee on printing, reported favorably the resolution to print copies of the memorial address of the late Edward Young, Pacific, representative in Congress from Kentucky, and appropriating $600 to have engraved at the Treasury Department a steel portrait of the deceased to accompany the memorial; agreed to.

Saunders presented resolutions of the Omaha and Council Bluffs boards of trade remonstrating against the passage of the pro rata bill recently introduced by Chaffee.

Bills were introduced and referred as follows:

By Voorhees, to authorize the Secretary of War to issue ordnance stores and equipage for the use of students in colleges and other institutions of learning where military instruction is given.

By Mitchell, making an appropriation for the construction of a steam tender for the lighthouse and buoy service on the Columbia River.

Booth presented the joint resolution of the California legislature, favoring an appropriation for the improvement of the harbor of Wilmington, California. Referred to the committee on commerce.

Conkling laid behind him in his hand a memorial of the New York Chamber of Commerce remonstrating against the remonetization of the silver dollar. The rules of the Senate did not permit him to have read at length this memorial, as they would permit to have read joint resolutions of the State legislatures.

Windom—It can be read by unanimous consent.

No objection being made, the memorial was read by the chief clerk and laid on the table, the silver bill being before the Senate.

Conkling presented a petition signed by 193 persons doing business on Broadway, between Twenty-Second and Thirty-Second streets, New York, embracing the names of more than three-fourths of all doing business there, favoring the remonetization of the silver dollar. It was laid on the table, the bill is now before the Senate.

At the conclusion of the morning business of the Senate, consideration was resumed of the silver bill, and Davis of West Virginia spoke in favor thereof.

Davis argued it was unconstitutional to demonetize silver. The constitution recognized both gold and silver as the legal standard.

Salisbury said he gave his support to the bill, though he was not sure it would give to the country a dollar equal in value to the gold dollar. Should it be found to be insufficient, further legislation could be had.

Coke said he would vote for the bill as it came from the House of Representatives. He advocated at some length the repeal of the specie resumption act and argued that government was in no condition now to resume specie payment. It was utterly impracticable on any basis, and especially on the gold basis alone.

McDonald then took the floor, with the understanding that he proceed with his remarks to-morrow and the Senate adjourned.

HOUSE.

WASHINGTON, 11.—The Speaker announced the regular order to be the motion to lay on the table the motion to reconsider the vote by which the House, last Friday, refused to pass the bill for the relief of W. H. Newan and L. A. Vanhoofnan, known as the Alexandria mill bill. The motion to lay on the table prevailed, yeas 126, nays 119, so the bill disposed of the bill.

A number of bills were introduced and referred.

Leonard presented a concurrent resolution of the Louisiana assembly, expressing satisfaction with the policy of President Hayes.

Cox, chairman of the committee on library, made a report in connection with the presentation of the painting tendered to Congress by Mrs. Thompson. It provides that the Senate and House shall meet in the hall of the House at 2 o'clock on Tuesday, 19th, to listen to remarks by Garfield and Stephens. The donor of the gift and the artist will be granted the privilege of the floor during the session. Report adopted.

The House then went into the committee of the whole, Blackburn in the chair, upon the military academy appropriation bill.

The pending amendment to strike out the sections which allow additional pay to first lieutenants, acting as instructors at the institution, was rejected.

Atkin moved to amend so as to reduce the pay to cadets from $500 to $300. He attributed the action of the appropriation committee in spread of its appropriations. West Point was the nursling of the people of the country. If the people knew for what the $773,000 was appropriated annually, in less than 30 days the House would be flooded with demands to put West Point under the hammer or give it to Mississippi and her equal vote for either proposition.

Hewitt (New York)—No doubt of that, but West Point has vindicated itself in the history of the country and the people will never allow it to go under the hammer or be closed up. (Applause.)

Hanna (excitedly)—I think it would better become the gentleman from New York to answer the arguments of the gentleman from South Carolina than make an *ad copandum* appeal of a demagogue, which slanders the representative of the whole southern people. (Applause on the democratic side.)

Durham defended the West Point academy. Congress should stand by it, for it had turned out the best and bravest men that had ever been seen in this or any other countries. (Applause.)

The amendment was rejected, and without action the committee arose and the House adjourned.

EASTERN.

Madam Restelle Arrested.

NEW YORK, 11.—The notorious Madam Restelle was arrested this afternoon, charged by Anthony Comstock of the Society for the Suppression of Vice with selling to him, on two different occasions, medicines to cause abortion. She was taken to the court of Judge Colbath, who fixed the bail in $10,000. She offered the amount in United States bonds, but the magistrate demanded real estate bail. This madame could not procure and she was locked up in the Tombs.

Resisting the Sale of Land.

ALBANY, N. Y., 11.—The Governor to day, received a telegram from Greenwood, Steuben County, informing him that at the sale of land for taxes on Friday, 200 armed men appeared for the purpose of intimidating the buyers, which they succeeded in doing. The dispatch asked for assistance. The Governor responded: "The sheriff is the legal conservator of the peace in Steuben County," and that he had power to call out citizens to aid in suppressing riotous disturbances, and he must exhaust his powers before the aid of the State can be invoked.

Charged With Conspiracy.

PHILADELPHIA, 11.—W. J. Fell and Joseph E. Taylor, spice dealers, whose suspension was announced last week, were to-day held to bail for trial on the charge of conspiring to defraud Wm. Blanke by false representations.

Fire in Military Quarters.

FORT MCPHERSON, Neb., 11.—About 8.30 this evening a fire broke out here, but under the able direction of Gen. E. A. Carr and the perfect discipline of the troops, the fire was confined to the L company quarters, in which it originated from a defective flue. In 10 minutes after the discovery the whole building was ablaze. The building was a total loss. The soldiers saved most of their effects and the company property.

FOREIGN.

GREAT BRITAIN.

The Eastern Question.

LONDON, 11.—In the House of Commons this evening, the report upon the supplementary vote of £6,000,000 was adopted without division, as was also the motion that the money be raised by the issue of Exchequer bonds.

The Turkish Chamber, on Saturday, by a large majority, declared Vefik Effendi's cabinet unconstitutional.

Emperor William received the Presidents of the Reichstag on Sunday, and it is reported he said: "The situation is indeed serious, but I nevertheless still hope that the maintenance of peace is possible."

The orders sent to Chatham for all the dock hands to work overtime has caused some excitement. Such an order has not been known since the Crimean war. The vessels preparing for sea at Chatham are the ironclads, *Monarch*, 8,322 tons, *Northampton*, 7,323 tons, and the *Penelope*, 4,394 tons, besides several large unarmored vessels. More hands were engaged yesterday for a 1 the departments of the Woolwich arsenal and Portsmouth and Davenport dockyards. The regiment which was under orders to leave Plymouth for Aldershot has been directed to remain at Plymouth and hold itself in readiness for other movements.

Austria has applied to the Porte for a firman allowing a squadron to enter the Dardanelles.

A correspondent of the *Times* at St. Petersburg, telegraphs: "I can state positively that orders have been sent to the Russian troops to enter Constantinople." Count Schouvaloff has been ordered to explain to Lord Derby that as the great powers have determined to send their fleets to Constantinople, Russia is obliged to adopt similar measures, but Russia has no intention of aggravating the situation.

The *Times* in its leading article, says: A portion of the British fleet will proceed to Constantinople, that is unavoidable after what has occurred.

HIGHEST HONORS

AT THE

UNITED STATES

Centennial

World Exhibition,

1876.

MASON & HAMLIN

CABINET

ORGANS

Unanimously assigned the

"FIRST RANK"

IN THE

"SEVERAL REQUISITES"

of such instruments!

The MASON & HAMLIN ORGAN CO. have the honor to announce that the Organs of their manufacture have been unanimously awarded "the FIRST RANK in the SEVERAL REQUISITES of instruments of the class," by the JURY AT THE CENTENNIAL EXHIBITION at Philadelphia, 1876, and are the ONLY INSTRUMENTS OF THIS GENERAL CLASS AWARDED THIS RANK. This is after the Organs competed with the best instruments, before the world, for the greatest honor attainable.

They have also received the MEDAL, but as this is only known quality of equal merit to the "FIRST RANK" they have waived the claim to the medal, that the many makers in competition may have a chance to win it. They have received "first medals."

The differences in competing articles, and their comparative merits, were recognized in the Reports of the Jurors from which the following is an extract:

"THE MASON & HAMLIN ORGAN CO. consists of that firm and the RANK IN THE SEVERAL REQUISITES OF INSTRUMENTS OF THE CLASS, and therefore, and equal distribution of time, care of instruments, customers and dealers, facilities for repairs, warerooms for exhibition purposes, with Discussions of merits of principles, combined with simplicity of parts."

(Signed by all the Jurors.)

The Mason and Hamlin Organs are those described to be "FIRST IN THE SEVERAL REQUISITES" of such instruments, and they are the Only ones awarded that rank. The strength was not sacrificed for the Mason & Hamlin Cabinet Organs have unanimously been awarded the highest honors in competition in Annexes, Class 42, Group 1, Department of Education, for their excellence in comparison with competitors. They were awarded the highest honors and
