TUTT'S PILLS

TORPID BOWELS and DISORDERED LIVER.

From these sources arise three-fourths of the diseases of the human race. These symptoms indicate their existence: **Loss of Appetite, Bowels costive, Sick Headache, fullness after eating, aversion to exertion of body or mind, Eructation of food, Irritability of temper, Low spirits, a feeling of having neglected some duty, Dizziness, Fluttering at the Heart, Dots before the eyes, highly colored Urine, CONSTIPATION,** and demand the use of a remedy that acts directly on the Liver. As a Liver medicine **TUTT'S PILLS** have no equal. Their action on the Kidneys and Skin is also prompt; removing all impurities through these three "scavengers of the system," producing appetite, sound digestion, regular stools, a clear skin and a vigorous body. **TUTT'S PILLS** cause no nausea or griping nor interfere with daily work, and are a perfect

THE LIVER AND ITS FUNCTIONS.

It has become a well established fact that the larger portion of diseases to which the human family is subject arise in the first place from some derangement of the Liver. This organ is not only the largest, but at the same time one of the most important. The venous blood, on its return to the heart, passes through this organ, and in its passage the impurities, so also the secretions which are necessary for digestion, as well as for a cathartic to assist in the removal of waste matter from the system, are eliminated. From this fact it is plain that the Liver is liable to get out of order to a greater or less extent, and then the result is impossible for it to properly perform its duties of removing all objectionable matter from the blood, but allows it to pass through, carrying with it the poisons of which it should have been relieved.

With impure blood throughout the system, it becomes affected, and morbid organs can not properly perform their functions unless they are supplied with PURE BLOOD to maintain their strength. So the Liver becomes all important, and when one battles feel sick, out of sorts, all jaded and tired, weary, or to Piles, Headache, Sick Stomach, Sallow Complexion, Eruptions of Skin, etc., they may be sure their Liver is deranged, and a remedy is required to assist nature in the liberation of all accumulated and noxious matter, to give tone and strength and Vigor. For all the complaints of this kind there is no medicine that equals

DR. S. F. SHERMAN'S PRICKLY ASH BITTERS.

The result of years of study, assiduous medical research and practice of Dr. S. F. SHERMAN, the originator, and its success wherever used is unquestionable. Unanimously recommended for its Diuretic, Purgative and Tonic properties. Its wonderful cures have led many to believe it possessed of a charm, but one dose will convince the most incredulous that it is by their victims, of whom it has weaken the system.

Prickly Ash Bitters acts directly on the Liver, Kidneys, Stomach and Bowels, giving them a healthy action, and to the taste as agreeable as any cordial, and to be easily taken as such by children as readily as adults.

PRICKLY ASH BITTERS is a medicine of rare merit, possessing valuable properties not attained in any other medicine, and being purely vegetable, it can safely be used at all times with perfect confidence. It is claimed as a cure-all, but its friends claim for it the properties of a tonic, a laxative and as a BLOOD PURIFIER ranks above all other preparations. Ask your druggist for it, and give it a fair trial. If he has none on hand, ask that it be ordered for you.

MORE DYNAMITE.

THE FRENCH ELEMENT IN ALSACE-LORRAINE.

New Israel.

ST. PETERSBURG, 28.—The city of Kishineff, capital of the province of Besarabaia, is terribly excited over a feud between two factions of Jews. One faction is composed of members of a new sect called "New Israel," which is under the protection of the police, and which holds as its principal tenet the belief that Christ was the true Messiah. The orthodox Jews have waged a steady warfare against the innovators, and the latest outcome of the feud is the murder of the founder of the new sect. Members of the "New Israel" are burning to avenge the death of their leader, and a strong military force has been ordered on duty to preserve the peace.

Retaliation Recommended.

PARIS, 23.—The refusal of the British authorities to allow the triumphant tri-color at Hong Kong has caused great annoyance here. *Voltaire* denounces the conduct as especially unfriendly, and urges the French government to retaliate by immediately blockading all Chinese ports. This, *Voltaire* says, France has hitherto refrained from doing, because France regarded England as a friendly power, and the blockading of the Chinese ports would have tampered with English commerce.

Decided to Declare War.

LONDON, 28.—It is reported that France has decided to officially declare war against China. This decision is said to have been made in consequence of the action of England in enforcing the terms of the foreign enlistment act in Hong Kong and elsewhere.

A Woman with Dynamite.

It is rumored that the police have just arrested a woman in the act of entering the Royal Exchange building with a quantity of dynamite concealed on her person. Rumor adds that three men—probably accomplices of the woman—were arrested at the same time.

Numerous letters have been received by the newspapers, denouncing the outrages. One contributor advocates the dismissal of all Irishmen employed within the limits of England's power. Another offers to equip a steam yacht for the purpose of kidnapping O'Donovan Rossa and Patrick Ford, and to defray the expense of hanging them on condition that their executions take place within three weeks.

SUNDAY SCHOOL FESTIVAL.

NORTH OGDEN, Jan. 27, 1885.

Editor Deseret News:

Sunday morning, the 25th inst., witnessed an unusual amount of animation among the juvenile portion of our community, the occasion being a Sunday school festival. It was generally known that the committee of management, together with Supt. Ellis and his efficient corps of officers, had been laboring assiduously to give all a genuine treat; therefore at an early hour parents and children, full of expectancy, began to assemble, and our commodious meeting-house was soon filled. On arrival they found the stand tastefully decorated with a large tree on either side of it, literally loaded down with books, pictures and other fancy goods, and these were spanned by a string of the same choice articles, there being upwards of 300 presents in all.

The proceedings, which reflected great credit on both officers and pupils, consisted of class exercises, dialogues, recitations and songs. In addition to our Bishop and local authorities, we were favored with the presence of County Superintendent Ballantyne, the President of the Stake, L. W. Shurtliff, and his Counselors, C. F. Middleton and N. C. Flygare; also Elders W. H. Jones of Ogden, and Wm. C. Hall, of Huntsville, each of whom expressed their sentiments in concise, seasonable speeches.

Two sessions were held, and at the close of the proceedings the prizes were distributed, and all went home feeling happy. The prizes, which amounted in value to $70, were principally obtained from the firm of Cannon & Sons, of Ogden, and the almost universal satisfaction manifested after the distribution must have been gratifying to those who assisted in making the celebration such a decided success. The Defrauded Ladies.

Queen Victoria was recently swindled out of fifteen pounds by a beggarly scoundrel who pretended to want it for a charitable purpose. But many other women have been robbed of health by overwork and underpay. Enfeebled and languid women with shattered nerves find strength and comfort in Brown's Iron Bitters. Mrs. Amanda Layson, Crawfordville, Ind., writes, "I used Brown's Iron Bitters for general ill health, with good results." It cures dyspepsia, weakness, and malaria.
