A CITY SAFE RIFLED.

Robbers Secure Four Thousand Five Hundred Dollars.

A ROMANTIC TALE OF THE CRIME.

The Cashier Found Tied to a Tree and Unconscious from Exposure.

HEALDSBURG, Cal., Oct. 21.—Thursday night City Treasurer Geo. N. Mulligan received a message to go to his brother-in-law's. He did not return. Next day the treasurer's safe was found unlocked and $4500 of forty-five hundred dollars. Mulligan was finally found bound to a tree and unconscious from exposure. He said that on his way to his brother-in-law's he was accosted by a man, who took him to a lonely road and compelled him at the muzzle of a revolver to open the safe, and then take the money. They conveyed him to the remoteness where he was found, and bound him to the tree. Mulligan has been city treasurer for twenty years.

A CHANCE'S PROTEST.

The Firing of a Shot Creates a Sensation in Paris.

PARIS, Oct. 21.—A sensation was created early this morning as the Russian naval officers were entering the military cafe, by a man firing a revolver into the midst of the crowd looking on. The shot caused a panic as it was at first thought that some German fanatic had made an attempt on the life of Admiral Avellan. The man who fired the shot was at once arrested. He gave his name as Wilde. He gave as a reason for the act, that he had written six of seven page news squeezed on foolscaps, while many thousands of Frenchmen in Paris since were suffering for bread. He wanted to protest against such outrage and took this means of doing it.

The Czar has sent commands to the Russian officers not to come till after the funeral of Marshal McMahon.

Weaks Surrendered.

WASHINGTON, Oct. 21.—Eugene H. Weeks, the absconding New York lawyer, according to a message to the state department, has been surrendered by the government of Costa Rica to the United States. He will leave for New Orleans next week by steamer.

THE SILVER COMPROMISE.

Features of the Proposed Bill—Its Opponents Stand.

WASHINGTON, Oct. 21.—The Democratic steering committee virtually completed its labors on the compromise for the silver repeal bill today. It extends the provisions of the present silver purchase act until October 1, 1894, provides for the coinage of the silver now in the treasury, and the retirement of all paper currency except silver certificates below ten dollars. There is no reference whatever in the bill to the bond question.

Opinions differ as to the time when the bill will be presented to the Senate. It may be handed in Tuesday or even earlier if it shall prove acceptable to the majority.

The bill also provides for the coinage of silver to be purchased in the future.

The Republican silver men are displeased with the short time limit for the Sherman law to continue in force and will probably oppose the bill solidly. The Populists are also displeased with the bill for the same reason.

The bill will be made an amendment to the present law.

It is understood that up to 2:30 p.m. thirty-six Democratic Senators had signed the document. It will be necessary to obtain the signatures of forty-four members to insure its passage. Even then filibustering might prevent a vote unless some out of a choice was presented.

THE HOUSE.

Uncle Sam's Finances Brought Into Discussion.

WASHINGTON, Oct. 21.—An interesting discussion of the financial condition of the treasury and the country took place in the House today. McMillan said it was no longer possible to consider the financial straits in which the treasury was. The treasury was running behind every month. Nothing had been paid on the sinking fund for some time and it was notorious that the treasury had been driven to the use of a portion of the one hundred million gold reserve to contribute to redeem outstanding greenbacks, to meet current expenses.

The bill to construct a revenue cutter for the Great Lakes to replace the Andy Johnson which has been doing service on Lake Michigan for thirty years, led to further financial discussion, but the second morning hour expired before action was had.

The House then resumed consideration of the pleuro bill which was completed, and the amendments reported to the House.

On the passage of the bill the vote was 37 to 3.

Hutcheson made the point of a quorum and the ayes and noes were ordered. It resulted 130 to 9—no quorum.

Thereupon, at 5:05 the House adjourned.

ANIMALS IN THE PARK.

Elk, Buffalo, and Other Wild Animals Find a Place of Refuge.

Special Correspondence of the News.

CODY, Wyo., Oct. 21.—Manager E. C. Crafts of the Yellowstone park letter to the Yellowstone park estimates the number of elk in the park at 25,000 and between 200 and 300 buffalo. There are quite a number of deer, mountain sheep, bears and other wild animals. The authorities in charge of the reservation are very strict about the enforcement of the rules for the protection of the game. All campers are searched for firearms and their guns and pistols sealed. If there is any shooting or other violation of the rules the guilty parties are sent out of the park, and if caught in other places are tried under state and local property laws. A man named Dollner last game violator was put up by the army last a sentence of 6 days in the guard house. The game in the park seems to know very well the protection it receives.

An Ammunition Steal.

ROME, Oct. 21.—The Italian ambassador to Italy, Lord Vivian, died this morning of pneumonia.

INDIAN LAND.

Negotiations for Part of the Colorado Reserve.

WASHINGTON, Oct. 21.—Thursday of the interior has appointed a commission to treat with the Yuma Indians for opening a portion of their reservation to settlement. The tribe numbers about 400. W. J. Hope, Atlanta, Ga.; John J. Gardner, Poughkeepsie; Peter Dailey, Arizona. The portion of the reservation which it is proposed to open lies on the east bank of the Colorado river opposite the town of Yuma, Arizona, and is part of the Colorado county, southern California. The Indians have received for a change on condition that they shall have water for the irrigation of the lands which they retain.

MANHATTAN DAY FESTIVAL

Enthusiastic Crowds Throng the World's Fair Today.

Eloquent Speeches and Other Exercises—A Magnificent Parade.—Perfect Weather.

CHICAGO, Oct. 21.—The World's Fair still holds its grip on the clerk of the weather as a hostage for good behavior of the elements. No more glorious autumn weather could have been asked, than that which greeted "Manhattan day." Not a cloud disturbed the azure of the sky. The atmosphere was crisp with the temperature just right for outdoor exercise, while the breeze from the West was just strong enough to give a fluttering appearance of flags floating about the places of the White City. Under such conditions, with train loads of visitors in numbers to tax the utmost capacity of all lines between Chicago and the East, and coming in for the past three days, with thousands of visitors from the South and West taking advantage of the few remaining days to see the glories of the wonderful city of enchantment, with Chicago keeping holiday, it is not to be wondered at that the ticketing capacity at the gates was taxed to the utmost from early morning, of that the attendance eclipsed all records at this or any other World's fair, save only Chicago day itself.

The exercises of the day began at noon, in Festival hall, which was packed with spectators, and included an address of welcome by Mayor Harrison; response by Mayor Gilroy, New York; oration by General Horace Porter, Hon. Chauncey M. Depew, Hon. John H. Fellows, Hon. Seth Low, all of New York; a poem by Chicago by Joseph J. C. Clarke, a New York journalist, read by Agnes Repplier; music by the 100th regiment, New York and the great Columbian concert pieces and benediction by the Rev. Dr. John Brown, New York city, and Archbishop Corrigan of the Catholic diocese of New York. The words of praise for Chicago, by the eloquent speakers and the coupling of the names of New York and Chicago were received with great applause.

At the conclusion of the exercises the audience made a rush for the pavilions at the southerly end of the Fair, where the parade was formed, in the military display for new New York's famous "old guard," the guards of honor, escorted by the Chicago business men, the first regiment Illinois's national guard, followed by the society Sons of New York in Chicago. The procession moved to the handsomely decorated New York building where it was met by General Nelson A. Miles and staff. There the first regiment was presented with a stand of colors and was afterwards reviewed by the mayors of the two cities. Later the Old Guard band gave a concert in the New York building. Altogether it was a memorable day at the Fair.

FOR JURY BRIBING.

An Ex-Senator and Others Implicated in the Matter.

SAN FRANCISCO, Oct. 21.—Ex-State Senator Dunn and Frank McManus, a well known politician, have been arrested on the charge of jury tribing in connection with the trial of Judge M. B. Carroll for murder. The chief of police intimates that a number of other people much higher in the social scale will soon be brought in look for complicity in the matter.

THE RAILROAD HORROR.

Improvement in the Injured.—No More Deaths Probable.

BATTLE CREEK, Mich., Oct. 21.—P. H. Smith's train last evening will probably be the last as the result of the horrible accident on the Grand Trunk road yesterday, this morning found all the injured doing well. Three or four of the injured have already gone home and others will probably follow on Monday. A running stream of inquiries is received from anxious persons who feel friends on board the ill-fated train as to whether they were among the killed or suffering injuries of Bags floating about the place of the White City. Under such conditions, with train loads of visitors in numbers to tax the utmost capacity of all lines between Chicago and the East, and coming in for the past three days, with thousands of visitors from the South and West taking advantage of the few remaining days to see the glories of the wonderful city of enchantment, with Chicago keeping holiday, it is not to be wondered at that the ticketing capacity at the gates was taxed to the utmost from early morning, of that the attendance eclipsed all records at this or any other World's fair, save only Chicago day itself.

That the securities have been sold to a syndicate for an amount understood to be $4,000,000. This money is to be used to take up the company's floating debt. Under the terms of the sale, however, it was agreed that an opportunity be given the stockholders to subscribe at the purchase price accepted by the syndicate, and this opportunity is set forth in the circular just issued.

The jury before whom was tried the long-winded suit of the F. W. Woolf company vs the Salt Lake City Brewing company came into Judge Bartch's court this morning with a sealed verdict, finding for the plaintiffs in the sum of $2500. The verdict was that of nine jurors, three dissenting.

The plaintiffs, it may be remembered, sued to recover $2 [illegible], claimed to be due for certain machinery. The defendants put in a counterclaim, demanding $11,000 as damages alleged to have been sustained by them owing to defects in the machinery.

A stay of thirty days was allowed by the court, pending statement on motion for a new trial.

The Third precinct was not represented in the appointment of committees owing to there being no delegates from that district willing to be seated.

A committee of five was appointed by the chair on permanent organization and order of business as follows:

General McClelland said he was not present for the purpose of speaking but was there simply as a visitor. He said he was glad to see the effort being made to settle local political differences on national issues and closed by saying emphatically, "Right is on, gentlemen." He was warmly applauded and arose to ad[illegible] Colonel Lee's speech briefly and said he realized his illness prevented him making a political speech but he believed the time would come when Utah would be a Democratic state. He paid an enthusiastic tribute to the republican officers and said that never before had such good work been done by that class of public servants in this Territory.

The convention then took a recess until 7 o'clock this evening.

THE THIRD PRECINCT CONTEST.

The following was referred to the committee on credentials and expiration thereof:

SALT LAKE CITY, Utah,
October 21st, 1893.

To the Chairman and Members of the Committee on Credentials of the Utah Territorial Democratic Central Committee:

Gentlemen—The undersigned acting as a duly appointed committee from the Democratic primary of the Third precinct, Fourth representative district held in accordance with a call issued by the Democratic central committee of said precinct on the evening of October 5th, 1893, in pursuance of the official call from the Democratic City Central Committee, beg leave to make the following statement of facts:

First—That at the Democratic primary held at the time and place designated it became and was apparent that a majority of the Democrats present then and there a large number of other persons in attendance were not residents of the above precinct nor members of the Democratic party, and that they took a prominent part in the proceedings of said primary for the purpose of influencing the actions and results of said meeting.

Second—That the chairman of said meeting was elected by the aid of the aforesaid representatives of the Third precinct, whose presence, both and actions were not in harmony with the majority of the Democrats of the aforesaid precinct, and that they were there and then and there assisting in the organization of the political organization commonly known as the Liberal party, for the avowed and specific purpose of electing delegates to a convention to be held in opposition to the regular Democratic convention.

Third—That the ruling of the chairman of said meeting was arbitrary and unlawful, and that the large majority of the Democratic persons, and in fact of those unauthorizedly initiated towards them.

Fourth—That they proceeded to nominate and vote for a delegate and alternate known Liberals to attend said council and represent Democratic convention, whereupon a number of Democrats invited all of the Democratic present remain in such precinct to meet in an adjoining room to and building to organize a Democratic precinct necessary for the purpose and both of the officials of the Democratic City central committee above referred to, and which was accordingly done forthwith.

Fifth—That at said primary A. R. Hyde was chosen chairman, and John R. Hansen secretary.

Sixth—That nominations for delegates and alternates to attend the aforesaid convention was duly proceeded with, and on motion the following were declared duly nominated:

Eleventh ward—R. P. Morris, G. A. Gillies, W. P. Nicholas, Alternates—J. E. Bell, W. A. Hodges.

Twenty-second ward—John L. Nebeker, Henry Gibson, D. H. Hardy. Alternates—N. Hansen.

Twenty-third ward—F. S. Fernstrom, Orson Ward. Alternates—[illegible].

In view of these facts the committee regret that the above named delegates be given seats in the next convention and recommend the rights and privileges of said convention.

E. M. Smith,
A. R. Hyde,
John R. Hansen,
John L. Nebeker,
A. T. Hyde,
Thomas Marshall,

Marriott, of Sandy, was placed in nomination, with D. C. McLaughlin, of Park City. The latter declined and moved the nomination of Mr. Eldredge for the senate. But A. R. Emery, of Park City, is on the ticket for the House of Representatives, and it would be better to have the candidate for the Council from another part of the district. The vote stood: Eve for Marriott, six for Eldredge. On motion of Mr. Marriott the nomination was made unanimous.

"ACTUAL PERSONAL SERVICE."

The Remarks of the Utah Commission Do Not Want to Be Misunderstood.

It was stated in a morning contemporary that the Utah Commission last night ruled "that in effect that in the cases where objections are made to the right of persons to vote, personal service is necessary." There was also the addition that "heretofore the Utah commission has ruled that personal service was not necessary."

The Utah Commission say the opinion that the objections should specify the general ground and could be made verbally as to each person challenged, and actual personal service should be presented by the officers of the person making the challenge, naming period, and return thereon made, by an officer authorized by law to serve process, and at least three days' notice should be given." On this the Utah commission has acted for the last weight or ten years.

FOR TEN LONG YEARS.

That Is the Sentence Passed Upon Hyrum McBride Today.

BENDS TO FORE NEXT WEEK.

Judge Zane Considered It a Case Which the Fullest Punishment Should Be Given.

Just before noon today Hyrum McBride, who had been awaiting trial for taking part in the killing of Dr. Charles O. Elliott of Greenville, was brought into court, when Colonel Montgomery informed Chief Justice Zane that the defendant desired to withdraw his former plea of not guilty to voluntary manslaughter, the offense of which John Brown, his associate in the crime, was recently found guilty by a jury after a long and protracted trial.

In passing sentence Judge Zane commented on the very serious nature of the offense, and said it was a most aggravated case. Having pointed out the enormity, and he contended against such outrages, he could not feel that it was his duty to inflict exemplary punishment in this case. He sentenced the prisoner to be confined in the penitentiary for ten years—the full term allowed by law.

HOMICIDE'S CASE.

Upon application of Colonel Montgomery, the hearing on motion for new trial in regard to Brown was continued till next Saturday, while one was set for sentence.

SOME GRAVE CHARGES.

It is Sought to Remove an Admiralty Justice From Office.

This morning Probate Judge Blatchford the appointed counsel:

Estate and guardianship of George Y. Walker, a minor. Hearing on petition for letters of guardianship, George Y. Walker Sr. appointed guardian on filing a $2700 bond.

Estate of Andrew Winkler, deceased. Chas. Livingston, Homer Duncan and Joseph H. Felt appointed commissioners in partition.

SERIOUS ALLEGATIONS.

Estate of Frank Crocker, deceased. Order made that citation issue to Laura Crocker Pitts to appear in court on Saturday, October 28th, to show cause why her letters of administration should not be revoked, her functions as administratrix being suspended until the hearing on citation has been had.

It is alleged in a petition filed today that the administratrix has wasted and mismanaged the estate, and is still doing so; that she is engaged in a lawsuit in the Weber Sam Co., who have instituted proceedings against her to recover $[illegible] paid to her by them as unpaid money on the sale of certain real estate belonging to the Crocker estate, attempted to be made by her under an order of sale issued from this court but afterwards revoked and the attempted sale disapproved, and which sum of money she has wrongfully held and refused to return, contrary to duty; thereby putting the estate to needless litigation. It is further alleged that the administratrix has failed to pay taxes due on the real estate and allowed all of it to be sold for taxes of 1892; that she has neglected to pay a large number of other valid claims, wrongfully delayed the settlement of the estate, and it is also charged that she has embezzled and converted to her own use about $[illegible] belonging to the estate.

The petitioners are Attorney R. McKenzie, a creditor of the estate; Frank Crocker, Laura J. Crocker and Maude Crocker, heirs of Frank Crocker, deceased.

Land Office.

The case involving desert entry No. 2828 of D. Rendall vs Julius C. Brown was decided Oct. 20th. The land comprises of the S. E. ¼ sec. 1, township 2 south, range 1 east.

The case has been taken up on the affidavit of contest filed on the 13th day of August, in which Rendall alleges that Brown failed to reclaim the land according to law. Register Gee and Receiver Sherman decide, according to a decision of the commissioner, that according to the law one in force, desert entryman may be allowed to cut ditches for securing water rights, and have sufficient water conveyed upon their entries to make them productive, and that 25 per acre is reclaiming their land, and to make final proof at any time within four years from date of entry. It has been proven to the case that no attempt to reclaim the land has been made; that on Dec. 16, 1889, is the date of entry.
