LENGTHY COUNCIL SESSION.

Pickard Withdraws His Resolution for the Suspension of Marshal Young.

THE STATE STREET PAVING AWARD

Saloons Will Not be Allowed Near the Public Schools.—To Amend the City Charter.

The City Council met in regular session last night, with Mayor Scott in the chair. The following members responded to roll call: Pickard, Stoffler, Heath, Folland, Hardy, Hyde, Todhunter, Young, Lynn and Parsons. Absent—Smith, James, Kerrick, Anderson and Pendleton.

After disposing of some preliminary business, the following

PETITIONS

were read and referred as specified:

W. H. Cromer and others asked that an electric light be established on Iowa avenue. Committee on improvements.

A. H. Raleigh asked that a gulley at the head of Caine street be filled. Committee on streets.

W. T. Miller asked for a remission of $14.75 license. Committee on license.

T. C. Wallenstein asked that the name of Stephen street be changed to St. Louis avenue. Committee on streets.

F. E. McDurtin and others asked for an extension of watermains on Chester street. Committee on waterworks.

P. Lynn asked to be allowed to flume a canal that crosses his property. Committee on irrigation.

Jos. M. Stout and others asked that W. S. Sharp be appointed special policeman. Granted.

The Salt Lake Brewing company asked for a rebate on the G. H. Stewart liquor and merchant license. Committee on license.

John Davies asked that he be remunerated for damages done his lot in the city cemetery through the alleged negligence of the sexton. Committee on claims.

Wm. Cooper asked that certain of his taxes be cancelled, on the ground that they were illegal. Committee on claims.

Robert Cleghorn asked for a remission of certain taxes paid by him. Referred to the city attorney.

J. W. Milner asked for a position on the police force. Referred to the Mayor.

Lee C. Gustdaver asked that an electric light be established on Fourth South street, midway between Fourth and Fifth East streets. Committee on improvements.

N. H. Clayton asked to have movement on certain personal property cancelled. Committee on claims.

W. A. Kinney and others asked to have watermains extended on all streets in the settlements a part of the city, from B to K streets. Filed.

TO AMEND THE CITY CHARTER.

The following communication was received and filed:

Gentlemen—A committee has been appointed by the Salt Lake City Chamber of Commerce to act jointly with a committee which, it is hoped, will be appointed by your honorable body, to consider needed changes in the charter of this city and to recommend such changes, or, if need be, an entire revision of the charter, to the next Legislative Assembly of Utah Territory. The committee of the Chamber of Commerce consists of John M. Donnellan, H. M. Wells, E. B. Wicks, F. I. Williams and Lewis Cobb.

Considering the importance of the work assigned to the joint committee it is suggested that if you think it wise to appoint a committee of your members they should have power to employ clerical and legal help to assist the committee in its work. Respectfully,

JOHN M. DONNELLAN, Chairman.

The suggestion was adopted and the Mayor appointed Councilmen Stoffler, Anderson, Lynn, Folland and Young as the committee.

FROM THE CITY ENGINEER.

The city engineer reported that duplicate maps of Larsen addition had been filed in his office, and he asked for authority to approve the same. Granted.

The same officer asked that steps be taken to properly conduct City Creek water across the head of State street, to allow that thoroughfare to be graded and gravel. Granted.

The same officer represented that the several railway companies whose tracks are interested by the crosswalk pavements now made and in course of construction, had failed to put down their respective proportion of pavements.

Parsons moved that the recorder be instructed to address a communication to the officers of the different railway companies affected by the laying of cross walks now being laid under contract with the city requesting them to state whether they will lay the walks between the tracks and for the space of two feet outside the rails by private contract, or whether they will pay their proportion and allow the city to lay the walks in connection with the city work. If they or either of them decide to let the city lay the walk that the city engineer be authorized to perfect the walks under terms of existing contracts. Carried.

PUBLIC SCHOOLS VS. SALOONS.

The following was received and filed:

At a regular meeting of the Board of Education held recently, the following resolution was adopted, and the clerk authorized to transmit the same to your honorable body:

Whereas, The Board of Education regards it as a menace to the moral welfare of the school children confronted to have that any saloon be located in the immediate neighborhood of any school building; therefore,

Resolved, That the board present to the City Council its earnest protest against the licensing or renewing the license of any saloon that is located within a distance of twenty rods of any public school building or building used for public school purposes in the city of Salt Lake.

DON'T WANT REGULAR BLOCKS.

The board of public works, with City Attorney Hall, Councilmen Hardy, Pendleton and Parsons associated, reported that they have carefully considered the petition of M. J. Cummings and others requesting that a change be made in the material to be used in paving State street to that of Belgian blocks, and have reached the conclusion that it could not be done without branching or affecting the right and authority of the council to collect the taxes levied and assessed for such improvement. The only way, in their opinion, to make such a change would be to commence anew and go over the whole ground from the establishment of the paving district. Adopted.

The same petitioners were granted permission to curb and gutter the street in front of their respective premises.

STATE STREET PAVING CONTRACT.

The board of public works reported that they had awarded the contract for paving State street to the Pacific Paving Company, its estimate being as follows:

	For sq. yd.
Paving with Ice Lake Asphaltum	$1.95
Paving with granite blocks	2.25
Paving with Belgian blocks	2.25
Paving with Connellsville coke	2.20

A lengthy communication from the Wasatch Asphaltum Company, in reference to the award was read, in which it was alleged that the company was a home institution and should receive the support of all good citizens; that the Utah Asphaltum was the finest in the world; that the company was the lowest bidder to pave State street; that any contract had been awarded a higher bidder, the alleged reason being that the committee had no knowledge of the ability of the company to lay asphalt; that the company had proven its ability to lay good pavement; that the reason the board of public works has no knowledge of the qualities of Utah asphaltum should not be allowed to militate against it, and the company asks that it receive due consideration at the hands of the council.

A petition of a majority of the citizens whose property is affected by the contract asked that it be awarded to the Pacific Paving Company.

Lynn moved that the action of the board be confirmed.

Hardy said he had always favored the use of home products, but in this instance those most interested asked for the California material, and he thought they should have it.

Folland said that the home company submitted the lowest bid and he thought it should be accepted.

After more discussion on the same matter the action of the board was confirmed.

FOREMANSHIP'S REPORT.

The report of the foreman for the quarter ending September 30th was received and filed. It showed the total receipts of the pound to be $455.10 and the disbursements $147.85, earnings, $305.25.

CITY AUDITOR'S REPORT.

The report of Auditor Hoag for the month of October was received and filed. The report is as follows:

JUSTICE GEE'S REPORT.

The report of the police justice for the month of October was received and filed. It shows:

Number of cases tried	76
Fines assessed	$ 1,000 00
Collections on fines	1,000 00
Collections on licenses	40 00
Cash paid Treasurer	1,000 00
Cash paid Treasurer Witness	1,000 00

FROM COLLECTOR CLUTE.

Assessor and Collector Clute reported that he had examined the list furnished by the recorder, of sidewalks laid by Ellas Morris and acted upon by the council at a recent meeting, and that he had credited the property owners interested according to instructions. Received and filed.

ON SEWERS.

The committee on streets reported that the petitions of George W. Reed and W. J. Tuddenham, in reference to the moving of a fence on J street, be referred to the city attorney for an opinion as to the legal rights of the property owners, and whether or not the city can legally compel the removal of the fences; that B. F. Whitbeck's petition for a cross walk on South Temple be denied; that the Equitable Creep be allowed to pile building material on First South street between Richards street and the Salt Lake City Railroad company be granted a franchise on First South on West Temple street to Ninth South street, thence east on Ninth South to East Temple street; that the petition of the Rapid Transit company for a franchise over the same section be denied; that the petition of William Lewerck against the granting of a franchise for the Deep Creek railway on Indiana avenue be granted, and that such right of way be changed to an Eighth South to Fifth West, south on Fifth West to Fifth South, thence west on Fifth South to city limits. Adopted.

THE DEEP CREEK RAILWAY FRANCHISE.

The ordinance granting a franchise for the Deep Creek railway to T. F. Morray was amended slightly, the route being changed in accordance with the report of the committee on streets, and passed.

EQUALIZATION AND REVIEW.

The board of equalization and review on sidewalk district No. 11, recommended that the place and date of assessments against the property in said district for the laying of sidewalks, be confirmed; that all parties who desire to lay their own sidewalks by private contract, be permitted to do so, provided that they report in writing to the council on or before November 17th, and that they cause the work to be performed in a manner acceptable to the board of public works on or before thirty days from this date. Adopted.

SALOON LICENSE DENIED.

Humphrey & Shram, who recently erected a building on the corner of Franklin avenue and Second South streets for saloon purposes, made application for a liquor license, but was refused, for reasons given in the communication from the board of education.

THE MERRICHANT'S LICENSE.

The ordinance recently introduced through the efforts of Treasurer Watson, amending certain sections of ordinance 22, of the revised ordinances, relating to licenses, was again laid over for another week.

LIQUOR BOTTLING ORDINANCE.

The ordinance imposing a license of $150 a year upon bottlers of spirituous, vinous and fermented liquors was passed. The ordinance also provides that no license to any liquor license shall be allowed, except in case of damage by fire or other unforeseen accident, and even in this case the council has discretionary power.

WITHDRAWS HIS RESOLUTION.

Councilman Pickard then arose and asked permission to withdraw his resolution calling for the suspension of the Chief of Police Young on account of an alleged breach of official conduct.

STREET CARS FOR WEST TEMPLE.

A resolution granting a franchise to the Salt Lake Street Railway Company was then taken up and passed. It permits the company to operate by electric or cable motive power, a double track street railroad, together with all the necessary switches and terminals for the accommodation of said road, on the following streets: From the centre of the intersection of First South street and West Temple street; thence south on West Temple street to Ninth South street; thence east on Ninth South street to the centre of East Temple or Main street.

ABOVE GRADE.

Councilman Folland introduced the following, which was adopted:

Whereas, property owners abutting on Ninth South and Ninth Third streets claim that the bridge over City creek approaches is right to 10 degrees above grade.

Resolved, That the city engineer be authorized to establish the grade at such intersections, and if the bridge is as high as alleged, that it be placed on the proper grade, and that the Denver & Rio Grande Western Railway be asked to lower its bridge if found above grade.

APPROPRIATIONS.

The following appropriations were made, after which the council adjourned for one week:

J. F. Gee	$ 40 00
Mercur Light company	1,000 00
Hoag's book binding	1,000 00
A. J. Hoag	50 00
Wood & Clute	1,000 00
Mrs. M. Morris	200 00
W. F. Rickards	1,000 00
Auditor's warrants	42 00
Hunter & Williams	2 00
Total	$6,834 00

A Tree That Produces Milk.

A growing wonder in the cow tree of South America, which is credited with yielding a liquid fluid which, in color, taste and nutritive property closely resembles the offerings of your milkman. It forms large forests in some districts of Venezuela and is much prized for its product.—Philadelphia Times.

A process has been discovered for making flour of bananas. Chemical experts divulge that this flour contains more nutriment than rice, and that when eaten with bread, corn or sago it forms a very palatable and nourishing diet.

Blood travels from the heart through the arteries ordinarily at the rate of about twelve inches per second; its speed through the capillaries is at the rate of three one-hundredths of an inch per second.

The largest animal known in the world, which is 100 feet in length, the scallop in the twilight zone, which is only the twelve-thousandth of an inch.

NOTICE REGARDING NEGLECT TO REPORT DISEASES SUBJECT TO QUARANTINE.

Attention is hereby called to the following Rules of the Board of Health, and request is made that all persons interested in the suppression and prevention of disease, promptly report to the Health Authorities any cases whatever of contagious or infectious diseases coming to their knowledge. I wish also to state, in view of false rumors which have come to me, that there is no reason why any of the schools of the city should be closed, there being at the present time very few cases under quarantine restrictions.

LORIN HALL,
Health Commissioner.

Rules Approved by Board of Health, August 6th, 1890.

QUARANTINE RULES.

RULE I. It shall be the duty of all physicians to report immediately to the Board of Health all cases of Diphtheria, Small Pox and Scarlet Fever.

RULE II. The place wherein any person or persons shall be found having any of the diseases mentioned in Rule I, shall have displayed thereon a Yellow Flag, upon which is printed, in plain black letters, the name of the disease which thereon exists.

RULE III. It shall be unlawful for any person or persons to remove or interfere, in any way, with said flag without permission from Health Commissioner.

RULE IV. No person who is or has been affected with any of the diseases named in Rule I, shall be permitted to leave the house in which he or she resides, or lodges, without a permit from the Board of Health, to be issued on receipt of a certificate from the attending physician that all danger of communicating the disease has passed; and no person residing or lodging in a house wherein such a disease is present shall attend school, church or other public place, without permission from the Board of Health.

Extract from Health Ordinance Relating thereto.

"Section 16.—That any person who violates, disobeys, omits, neglects or refuses to comply with, or resists any of the rules, orders, proclamations or sanitary regulations of the Board of Health, Health Commissioner or Health officer, shall, upon conviction, be fined in a sum not less than Five (5) Dollars, nor more than One Hundred ($100) Dollars."

Black Bass From Utah Lake.

The following is self-explanatory:

Editor Deseret News:

Last year we planted in Utah Lake, in Weber River, twenty-five hundred black bass, reduced perch and minnow, which were sent us by Commissioner McDonald through Dr. Bartlett of Quincy, from the Illinois river.

Yesterday I received from Mr. M. P. Skelton, Provo, a specimen small fish, from Utah Lake, which, by comparing with the book I enclosed were baby bass (black bass). As I need a few more books, I asked for a sulling from Dr. Talmage, which I give herewith.

Would you please publish the offspring of the last year's plant, many of which were adult bass. We are now doubly assured that the black bass will completely and thriving nicely in Utah Lake.

Respectfully, etc.,
A. MILNER MINER,
Acting Fish Commissioner.

DEPT. TALMAGE'S OFFICE.

SALT LAKE CITY, Utah, Nov. 10, 1891.

A. M. Miner, Esq.:

Dear Sir—The two small fishes, received from you today, in which specimens are returned herewith, being in my opinion to the share of black bassies, were fingerlings black bass. Respectfully,

JAMES E. TALMAGE.

At one time there were supposed to exist many kinds of black bass, indeed, twenty-two separately named species are recorded; but since the appearance of the masterly report on the subject by Prof. Gill, in 1876, the number of species has been greatly reduced. The popular names for the specimens sent for you are numerous, the chief being "Oswego bass" (New York), "James River" (Kentucky and Florida), "Shenandoah" (Virginia), "Chub" and "Woodman" (North Carolina). Respectfully yours,

J. E. TALMAGE.

An attempt was recently made to wreck the Chicago and Alton train in Illinois. It now transpires that the attempt was made in order to kill Governor Fifer, who was a passenger.

Another of the Wife's Strange Stories.

The case of Joseph Troup belongs to a most remarkable story. Thirty-one years ago Troup was married to Miss Elizabeth Carter in Ohio. Four weeks after the wedding Joseph went to the front as a soldier. He fought for four years, and finally was hit by a Confederate bullet, and was left for dead on the field. Word of his supposed death reached his Ohio home.

Nevertheless, he recovered after several months' suffering in a hospital, and in 1866 he returned to Ohio to claim his bride. But she had left, and could not be found. He married for her for months and years, and finally heard that she was dead. Meanwhile he had met another charming young lady and the two were finally married. For twenty-three years they have lived together, and in addition to accumulating a handsome fortune they have been blessed with several sons and daughters, one now of age.

A week ago, while at the camp reunion of soldiers at Grand Island, Troup was introduced to a widow by the same name. A few minutes' conversation revealed the fact that the gray haired lady was his bride of four short years ago. The old soldier was disconcerted, and horrified to his lifelong home to bear the tidings to the mother of his children. He assured her that nothing but death could part her from him, and she agreed to his long lost wife that he would have to sue for a divorce from her.—Cor. St. Louis Republic.

Humorous Tools.

A publisher once gave the following advertisement, the fellow's ad. in all conscience. The edition is large and no man should be without a copy.

This is fairly accosted by a youth who, giving his distant sweetheart, said, "Delectable lady, we wish that honey would hinge in her presence, and treacle stand spellbind."

Further, in regard to the fair sex, we have "Woman, she feeds on eulogy, so spoon the honeyed." "Woman, the bitter half of man."

In regard to matrimony some bachelor once gave, "Marriage, for gate through which the happy lover leaves his enchanted ground and enters to earth." At the marriage of a deaf and dumb couple some wit wished them "unspeakable bliss."

At a supper given to a writer of annuities a wag said, "The writer's very good health. May he live to be as old as his jokes."

From a low critic: "The bench and the bar. If it were not for the bar, there would be little use for the bench." A chemistry gave, "After we have all the matters to close, and all the acts to have."

Railroad Ramblings.

"Can you tell me," he asked, as he returned an offered loaf of bread, "what the other day, "why the railroad should discriminate so heavily against dressed meat over live stock?"

"Certainly, sir. Dressed meat is dead, isn't it?"

"Of course."

"Well, anything that can't kick is all wake bulldoned by a railroad company."—Texas Siftings.

Does Purification Protect?

Certainly, in one instance, it does. Hood's Sarsaparilla is the great protection against the dangers of impure blood, and it will cure or prevent all diseases of this class. It has well won its name of the best blood purifier by its many remarkable cures.

The highest praise has been won by Hood's Pills for their easy yet efficient action. Sold by all druggists. Price 25 cents per box.

"Dr. Hall's Health Pamphlet" ought to be in the possession of every family who values good health. George Goddard Agent.
