SALINA

Delightful Weather Week and Sunshine Follies.

Special Correspondence.

Salina, Sevier Co., Oct. 26.—The weather of the October is delightful and farmers are getting ready for their fall work in good shape. Wind storms are the exception rather than the rule. Sunshine is the order of the day. Crops have been good and some are yet being dug. Men are coming in every day at 9 a. m. with from one and a half to two loads. Wheat is now going at $1.25 per cental.

The potato crop is big and sold at forty per bushel. E. W. Tripp and Nephi Jensen, the largest shippers expect to ship a single farmer in this place.

Every one seems to be now looking for taxes. Some of them are short of funds while others are anxious to settle and get receipts. Last week everybody wanted to buy a New Book and the election has come and gone and we are still alive.

Election matters are very quiet here, although two tickets are in the field for every office to be filled. Some going to be left to vote as he pleases without intimidation from the bosses. Well it is not a great affair, for but one office, owing to Joseph Overson's resignation, is to be filled. There has been some talk from the boys's work in the Sevier stake. Other Fays passed through here last week on their way to Junction. Mr. Alex is about 18 years of age and in his excellent condition and will be ready soon.

LEATHER FRIEP CAUGHT.

For several months Good Brothers have been missing leather and all kinds of appurtenances to their saddlery and harness business. Last week they caught a man in the act of stealing, and he came from Gunnison and was caught in the act of stealing. He was brought to Salina and taken to the county jail. He was brought before Justice Hall and bound over to the district court in the sum of $1,000 and in default of bond was committed to the county jail.
