Murdered His Wife.

LACONIA, N. H., 31.—David E. Blodgett shot and killed his wife to-day, at the house of their daughter here, because she refused to return with him to their home at Brattleboro, Vt.; the murderer was arrested.

Commission Appointed.

WASHINGTON, 31.—The following gentlemen have been designated by the President as commissioners for testing the reserved gold and silver coins of the United States for 1873, and they will assemble at the mint at Philadelphia, February 11th: R. E. Rosie, of Philadelphia, W. P. Jennek, of Philadelphia, J. E. Jones, of the U.S. Mints, Prof. Maskey, of Philadelphia, Prof. Pennypacker, J. S. Child, of Cambridge, Mass., Prof. J. B. Helgard, of Washington, Prof. H. Copp, of Lehigh University, Prof. John Lecount, of N. Y., Prof. E. B. Elliot, of Washington, Dr. B. F. Taylor, of Louisiana, Andrew Mason, of N. Y., Chas. M. Walker, of Indiana, and E. M. Merrick, of Boston.

Gen. Sherman on the Indian Question.

General Sherman was again before the House military committee to-day, and gave his views in regard to the army in connection with Indian affairs. He pointed out on the map a region of country in Texas, one hundred miles wide and a thousand long, composing half a dozen organized counties, which, when he passed through two years ago, was entirely depopulated, the inhabitants having had to abandon their homes on account of the constant incursions of Indians. He said he had been led to believe that these Indians were Comanches, but it was pretty well understood now that they were Klowas, Cheyennes, and Arapahoes, who raided from the Fort Sill reservation, eight hundred miles off, penetrating through the military posts and helping themselves to the horses and stock of their Texan friends, rather than be at the trouble of raising them themselves. He gave a graphic account of his interview with Santanta at Fort Sill when he had Santanta, Santauk and Big Tree arrested, double ironed and sent back to Texas to be tried for an attack upon a wagon train and the murder of twelve out of seventeen teamsters, one of whom was bound to a wagon wheel and burned. Santauck was killed in an attempt to escape, but the other two were tried, convicted and sentenced to be hanged; but the humanitarians who regarded murder on the part of the Indians as a mere exhibition of emotional insanity had induced Governor Davis, who ought to know better, to commute the sentence of Santanta and Big Tree, and the same influences at Washington had finally restored them to freedom, and they were now on a reservation ready for more murderous raids. If they should scalp Gov. Davis next time, General Sherman intimated that he would not shed many tears. He reviewed the Modoc difficulties, and gave it as his opinion that Gen. Canby was the victim of the temporizing Quaker policy applied to the Indians. He favored the transfer and control of the Indians from the Interior Department to the War Department, and he expressed the conviction that the army was more kindly disposed to the Indians than the citizens generally, and that if the country demanded extremely charitable treatment it could be accomplished by and through the agency of the army better than by and through the agency of those persons who professed more charity than the soldiers, but who did not practice it so much.

New Trial Refused—Another Fatal Boiler Explosion.

CHICAGO, 31. — The Supreme Court of Illinois, at Springfield, to-day, refused to grant a new trial in the case of Rafferty, who has been three times convicted of the murder of policeman O'Leary, in this city, some two years ago, and fixed the date of his execution for February 27th.

At Peoria, Ills., to-day, a new boiler, at John Shields factory, exploded, while Shield's was testing it, hurling him 150 feet against a pile of lumber, and crushing him into an unrecognizable mass.

Combined Indian Raid Feared.

OMAHA, 31.—Great apprehensions are expressed by the owners of large herds of cattle, which range between the north and south Platte, and the settlers who live north of the Union Pacific R. R. and on the Republican, of a general raid from Red Cloud's and Spotted Tail's bands of Sioux, and from the Cheyennes, Dakotahs, Arapahoes and others combined, the supply of beef furnished those Indians being nearly or quite exhausted, and, there being no money with which to purchase more, they must depredate on the settlements or starve. These bands number over thirty thousand and would laugh at a handful of cavalry at Fort Fetterman and Fort Laramie. A large cattle owner and contractor now here corroborates the report of the Indian supplies being nearly exhausted.

Daring R. R. Robbery.

ST. LOUIS, 31.—A daring and successful robbery of a railroad train was committed at Gadshill station on the Iron Mountain railroad, 100 miles below here, at 4.30 p.m. As the train which left here at 4.45 a.m. came in sight, it was signalled to stop, and the switch was turned, and the train was run on the switch track. As the conductor stepped off to ascertain the cause of the stoppage, he was met by a masked man and a pistol placed to his head, and he was marched off under guard. The engineer, fireman, mail and express messenger, and other train men were then seized by five masked and heavily armed men, and also placed under guard. The robbers then went through the entire train and took from the passengers about two thousand dollars and a large amount of jewelry, and from the Adams Express messenger over a thousand dollars; they also rifled the mail and then left in a southerly direction, and after the release of the train men the train started southwards. The robbers left a note on the train, of which the following is a copy:

"The most daring robbery on record—the south bound train on the Iron Mountain railroad was stopped here this evening by five heavily armed men, and robbed of ——— dollars. The robbers arrived at the station a few minutes before the arrival of the train, and put the arrest agent under guard; they then threw the train on to the switch. The robbers were all large men, none of them less than 6 feet tall; they were all masked, and started in a southerly direction after they had robbed the train. All were mounted on fine blooded horses. There was hell of an excitement in this part of the country.

(Signed) "IRA A. NURRILL."

The robbers offered no violence to any one on the train, and did not harm the train men.

Another Official Thief—The Lucca Extradition Suit—Fund for Victims of "Ville de Havre.

NEW YORK, 31.—It is said that Hamilton, the absconding Jersey City treasurer, took $33,000 in money, in addition to fifty thousand bonds.

In the appeal, in the Lucca divorce suit, to the Supreme Court, general term, the husband has received forty days to answer, and the plaintiff is permitted to file a supplementary answer.

The Frouler & Canasco fund amounts to over ten thousand dollars.

Funeral of Ex-Justice Thompson.

PHILADELPHIA, 31.—The funeral of the late Chief Justice Thompson took place this p.m., from his late residence; it was attended by a large concourse of relatives and members of the bar. The following were the pall-bearers: Chief Justice Agnew, ex-Chief Justices Woodward and Read, Justices Sherwood, Mercer and Gordon, and Judges Porter and Parsons.

Devastation by Flood.

OSWEGO, N. Y., 31.—The devastation by the flood continues. At Fulton, last night, the river rose two feet, a swift current sweeping through the lower portion of the flats, threatening the destruction of all buildings in its track. The paper mill stopped this morning, the stock having to be carried to the second story. The Gardner and Seymour mills have nearly two feet of water on the packing floor, other manufactories are flooded and have stopped work.

$50,000 Fire.

NEW ORLEANS, 31.—Eight buildings, at the corner of Dryades and Josephine Sts., were burned to-day; loss $50,000.

CANADA.

Fatal Explosion.

LONDON, Ont., 31.—An explosion, to-day, in Enghoord & Co.'s oil refinery, killed one man and dangerously wounded three others.

Killed by an Explosion.

TORONTO, 31.—By an explosion, this morning, of a locomotive boiler, at Stafield station, two firemen were killed and another seriously wounded.

PARIS, 31.—*L'Union* newspaper says that Prince Bismarck recently addressed some observations to the British government relative to the attitude of the Ultramontane press and bishops of England and received a discouraging reply.

SPAIN.

Arrested and Imprisoned.

MADRID, 31.—General Martinez Campos has been arrested and sent to prison.

GREAT BRITAIN.

Reuter and Persia — Gladstone Addresses 30,000 People. — Addresses by Disraeli and Bright.

LONDON, 31.—A Berlin special says the Shah has made an explanation to foreign powers regarding the annulment of the concession to Baron Reuter. He says that the inquiries he made whilst in Europe convinced him that the undertaking would not receive the necessary financial support, therefore the six months' grace, which was urgently requested before the commencement of the work, was refused.

Fully 30,000 persons were on the ground, at Greenwich this p.m., when Gladstone made his speech; much opposition was manifested but the crowd in the main was good natured. In his address Gladstone replied to various accusations made against him by the Conservatives, and defended his course in retaining his office.

Disraeli also addressed a large assembly at Aylesbury to-day. He said the dissolution of Parliament was an act of black treachery, which Gladstone had learned from the tactics of the Ashantees. The financial proposals of the government were not only a bribe to secure success in the coming elections, but were fallacious and unjust, and a deficiency would be caused by the promised remission of taxes which would make necessary even more vexatious and burdensome taxation. The foreign policy of the government had led the nation into a costly war, ominious treaties and sham arbitrations.

John Bright spoke at an enthusiastic meeting, to his constituents in Birmingham to-night. He devoted much time to the vindication of the legislation which, Disraeli in his speech characterized as harassing, and recapitulated the various abuses which it had abolished.
