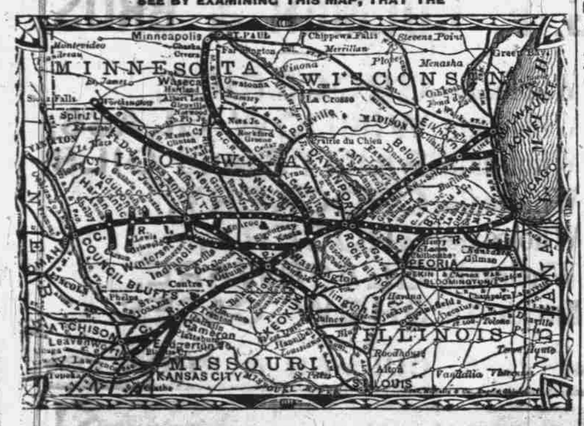
A MAN

WHO IS UNACQUAINTED WITH THE GEOGRAPHY OF THIS COUNTRY, WILL SEE BY EXAMINING THIS MAP, THAT THE



CHICAGO, ROCK ISLAND & PACIFIC R'Y

Being the Great Central Line, affords to travelers, by reason of its unrivaled geographical position, the shortest and best route between the East, Northeast and Southeast, and the West, Northwest and Southwest.

It is literally and strictly true, that its connections are all of the principal lines of road between the Atlantic and the Pacific.

By its main line and branches it reaches Chicago, Joliet, Peoria, Ottawa, La Salle, Geneseo, Moline and Rock Island, in Illinois; Davenport, Muscatine, Washington, Keokuk, Knoxville, Oskaloosa, Fairfield, Des Moines, West Liberty, Iowa City, Atlantic, Avoca, Audubon, Harlan, Guthrie Center and Council Bluffs, in Iowa; Gallatin, Trenton, Cameron and Kansas City, in Missouri, and Leavenworth and Atchison in Kansas, and the hundreds of cities, villages and towns intermediate. The

"GREAT ROCK ISLAND ROUTE,"

As it is familiarly called, offers to travelers all the advantages and comforts incident to a smooth track, safe bridges, Union Depots at all connecting points, Fast Express Trains, composed of COMMODIOUS, WELL VENTILATED, WELL HEATED, FINELY UPHOLSTERED and ELEGANT DAY COACHES; a line of the MOST MAGNIFICENT HORTON RECLINING CHAIR CARS ever built; PULLMAN'S latest designed and handsomest PALACE SLEEPING CARS, and DINING CARS, that are acknowledged by press and people to be the FINEST RUN UPON ANY ROAD IN THE COUNTRY, and in which superior meals are served to travelers at the low rate of SEVENTY-FIVE CENTS EACH.

THREE TRAINS each way between CHICAGO and the MISSOURI RIVER.

TWO TRAINS each way between CHICAGO and MINNEAPOLIS and ST. PAUL via the famous

ALBERT LEA ROUTE.

January 1, 1883, a new line will be opened, via Seneca and Kankakee, between Newport News, Richmond, Cincinnati Indianapolis and La Fayette, and Council Bluffs, St. Paul, Minneapolis and intermediate points.

All Through Passengers carried on Fast Express Trains.

EVENING NEWS.

Wednesday, June 13, 1883.

CITY COUNCIL.

Proceedings at the City Council Tuesday evening, June 12th, 1883. Mayor Jennings presiding.

A petition from J. P. Olsen and thirty two others, residents of the Second Ward was presented, asking the Council to reconsider its action of June 5th, 1883, in adopting a report of the committee on streets and alleys on a former petition of Second Ward residents asking that certain fences enclosing sidewalks be removed. The petitioners represented that the committee must have been misinformed as to the amount of travel on the streets in that vicinity, which was considerable, especially since the opening of Liberty Park. Laid over subject to call.

A. M. Musser petitioned for the use of the waters flowing from a certain spring on the west side of Eighth East between Sixth and Seventh South streets, and the right to convey the same through pipes to his house in the First Ward. The petitioner represented that the granting of his petition would remove a certain quagmire on Eighth East Street, which is filled with garbage and almost impassible. Referred to the committee on irrigation.

A petition from Arthur Day and four others, asking that a certain canal between Chestnut and Pine Streets six blocks north of South Temple Street be filled up, to accelerate pedestrianism in that locality, was presented and the prayer granted.

A petition from H. P. Trim complaining that the waters of the Jordan and Salt Lake City Canal had flooded his land in Sugar House Ward and damaged his corn, potatoes and hay land and asking that boxes be placed to drain off the water into Emigration creek was referred to the committee on construction of canal.

A petition from Samuel George Read, for the remittance of license to run a small news store near the D & R. G. depot in consequence of adverse circumstances, was referred to the committee on license.

Hyrum Worthington asked permission to erect a small stand for vending merchandise across the ditch on East Temple Street, at the corner of First South. Not granted.

A petition was presented, signed by Z. Snow and twenty-three others representing that marble works were being established in City Creek canyon and the waters of City Creek diverted from their natural channel to supply motive power to operate said works and asking that the Council prohibit the establishment of any such mechanical works on the water channels belonging to the citizens of Salt Lake City, nor permit the waters thereof to be diverted from their legitimate use for any purpose whatever. Referred to the committees on water works and public grounds, conjointly.

A communication from the city surveyor was submitted stating that he had recently had applications for surveys in plat F, north of Apricot street and south of Peach street; and as the lots as now fenced and occupied, did not agree with the maps on record of said lots by 2-4—10 rods, as demonstrated by a map which accompanied his communication, the surveyor, had declined to make surveys at present, much to the disappointment of property owners who were deterred in making improvements. The surveyor asked that some action be taken by the Council tending to rectify the error. Referred to the committee on streets and alleys.

A statement of the condition of the artesian well on the northeast bench of the city, work upon which was recently ordered to be discontinued, was presented by Ephraim Bench, the gentleman in charge, which showed that at the end of the last week the well had attained a depth of 925 feet, 675 of which was in water. Some time ago an accident occurred which resulted in the pump getting fast. Exertions had been made to drill the same out, but without success. Referred to the committee on public works, with the Mayor and city engineer associated.

The street supervisor submitted his report for the quarter ending May 31st, 1883, showing a total cash expenditure of $5,326 73, besides 786½ days of prison labor at $1 a day, which made the total expenditure on street improvement account $6,113.23. Over $1,800 had been expended in the purchase of gravel from cellars, etc. Referred to the committee on streets and alleys.

The superintendent of waterworks reported for the quarter ending May 31st, 1883, showing an expenditure of $2,281.67 on waterworks account. Forty-one services had been furnished by the city to water takers, at a cost of $1,012 61; spills for filling sprinkling wagons had been erected at a cost of $189 Referred to the committee on waterworks.

Applications for license to do business as retail liquor dealers at their respective places of business for three months, were presented from Jacob Alt, Barnhardt & Stahl, Mrs. J. W. Butler, Barr & Smith, Causey & Fuge, Ewing & Fallon, N. P. Gray, Godbe Pitts & Co., Barney C. Harvey, Hogle Brothers, John Hollin, Jacob Levitberg, George A. Mesars, May & Gemmill, Marion Merrill, Ordner & Jones, Wm. A. Pitt, Augustus Podlech, J. E. S. Russell, Tufts & Nystrom, Chas. F. Webber, H. Wagener, and B. F. Whittemore. Granted, subject to the approval of the bonds required by law.

Alderman Speirs presented the report of cases tried and disposed of and fines assessed and collected in the police court for the month of May, 1883, showing in the aggregate: Number of cases tried, 136; number of cases dismissed, 38; fines assessed during the month, $1,345.45; collected in cash for the month, $167 90; collected in cash on old fines, $67; total cash paid treasurer, $539 90; labor fines for the month, $837.55; total cash and labor fines, $1,372.45; one case appealed, $15; remitted, $15; fines not paid, $5 Filed.

The committee on public grounds, to whom was referred the bill of William Wheeler for pruning trees at the Warm Springs Bath House, reported that they had examined the terms of the lease under which James Townsend occupied said premises, and found that said lessee was required to keep all the buildings, baths, and all property therewith connected belonging to the city in good condition at his own expense, reasonable use and injury by the elements excepted, which would include the proper care of the trees. The committee recommended that the bill be not allowed Adopted.

The committee on waterworks to whom was referred the petition of N. W. Clayton, E. H. Hyde and four others asking that the watermains be extended from East Temple to First West Street on North Temple Street, a distance of two blocks, reported, recommending that the prayer of the petitioners be granted, providing they would pay three-fourths the cost of the extension of the mains—the amount to be refunded in water licenses. The report stated that the condition of the city finances was such that it would not justify the extension of the water mains unless the applicants advance three-fourths cost. Adopted.

The committee on waterworks to whom was referred the petition of S. E. Smith and Wm. N. Williams asking to have the water mains extended by the laying of a four inch pipe from the north side of South Temple Street, on West Temple, a distance of eighteen rods, reported that they had examined into the matter, and found the extension asked for was too short to connect with any other main, which was very necessary for the circulation of water, and the size of the pipe asked for was too small to agree with the plan of the waterworks. The committee therefore recommended that the prayer of the petitioners be not granted. Adopted.

The committee on waterworks to whom was referred the petition of H. S. Eldredge and others, asking an extension of time for using water from the mains to propel motors and other machinery, reported that after due consideration they found it would be an injustice to grant the petition, as the excessive use of water through the mains so reduced the pressure in some of the pipes in the higher portions of the city, that in certain localities the water at times ceased to flow, thus depriving those inhabitants from the use of the mains for which they advanced their money to extend, and who had no other source of water supply for domestic purposes. Besides this, the use of the waters through the motors caused an unequal, and consequently unjust, distribution of the irrigating water; and, moreover, the revenue received from the motors was more than expended by the city in keeping the streets and sidewalks clear from ice in winter, occasioned by the discharge of water from the motors. The committee therefore recommended that the prayer of the petitioners be not granted.

Adopted.

The committee on finance, in compliance with instructions of May 29th, submitted an estimated statement of the probable receipts and requirements of the City for the current six months, which showed the liabilities of the City June 1st to be $76,363.54. Probable receipts for six months, $70,688. Probable wants, $39,291.27. Filed.

The following bills for the month ending May 31st, 1883, were presented for action and allowed and the several amounts appropriated: Marshal's expense bills $227.90; Salt Lake Power, Light and Heating Company for three electric lamps on North Temple Street from May 12th to June 12th, 1883, as per contract, $60. Interest on note and overdraft at Deseret National Bank, $43.60.

Appropriations were made as follows: To the street supervisor's contingent fund, $1,000; to the water works fund, $500; to the watermaster's contingent fund, $500.

On motion of Counselor Clark, thirty copies of the bill for an ordinance relating to boarding houses and keepers thereof, were ordered printed in open lines for the use of the Council.

Adjourned for one week.

SUFFER

no longer from Dyspepsia, Indigestion, want of Appetite, loss of Strength lack of Energy, Malaria, Intermittent Fevers, &c. BROWN'S IRON BITTERS never fails to cure all these diseases.

Boston, November 26, 1881.
BROWN CHEMICAL CO.
Gentlemen:—For years I have been a great sufferer from Dyspepsia, and could get no relief (having tried everything which was recommended) until, acting on the advice of a friend, who had been benefitted by Brown's IRON BITTERS, I tried a bottle, with most surprising results. Previous to taking BROWN'S IRON BITTERS, everything I ate distressed me, and I suffered greatly from a burning sensation in the stomach, which was unbearable. Since taking BROWN'S IRON BITTERS, all my troubles are at an end. Can eat any time without any disagreeable results. I am practically another person. Mrs. W. J. FLYNN,
30 Maverick St., E. Boston.

BROWN'S IRON BITTERS acts like a charm on the digestive organs, removing all dyspeptic symptoms, such as tasting the food, Belching, Heat in the Stomach, Heartburn, etc. The only Iron Preparation that will not blacken the teeth or give headache.

Sold by all Druggists.

Brown Chemical Co.
Baltimore, Md.

See that all Iron Bitters are made by Brown Chemical Co., Baltimore, and have crossed red lines and trade-mark on wrapper.

BEWARE OF IMITATIONS.

Hop Bitters are the Purest and Best Bitters Ever Made.

They are compounded from Hops, Malt, Buchu, Mandrake and Dandelion,—the oldest, best, and most valuable medicines in the world and contain all the best and most curative properties of all other remedies, being the greatest Blood Purifier, Liver Regulator, and Life and Health Restoring Agent on earth. No disease or ill health can possibly long exist where these Bitters are used, so varied and perfect are their operations.

They give new life and vigor to the aged and infirm. To all whose employments cause irregularity of the bowels or urinary organs, or who require an Appetizer, Tonic and mild Stimulant, Hop Bitters are invaluable, being highly curative, tonic and stimulating, without intoxicating.

No matter what your feelings or symptoms are, what the disease or ailment is, use Hop Bitters. Don't wait until you are sick, but if you only feel bad or miserable, use Hop Bitters at once. It may save your life. Hundreds have been saved by so doing. $500 will be paid for a case they will not cure or help.

Do not suffer or let your friends suffer, but use and urge them to use Hop Bitters.

Remember, Hop Bitters is no vile, drugged, drunken nostrum, but the Purest and Best Medicine ever made; the "Invalid's Friend and Hope," and no person or family should be without them. Try the Bitters to day. (3)
