BEAUTY:

OR, THE

Secret of a Fair Face

An Item of Interest to Every Lady who Desires to be More Beautiful than she now is.

Unfortunately not one woman in a hundred, subjected to the whims of an American climate possesses that basis and starting point of real beauty—a pure and clear complexion.

What nature has thus denied, art must be called upon to furnish.

It can be done; it is done daily. Prof. W. E. Hagan placed beauty within the reach of every unbloomed daughter of Eve when he discovered that surprising article known in fashionable circles as the true secret of beauty, and called

MAGNOLIA BALM

The MAGNOLIA BALM is a sure device for creating a pure and blooming complexion.

It conceals all natural blemishes in the most surprising and effective manner.

It removes all roughness, eruptions, redness, blotches, freckles, and tan with magical power.

It drives away all evidence of fatigue and excitement.

It makes the plainest face beautiful.

It gives the complexion a lasting purity and beauty; the neck, face, and arms appear grateful, refined, and pretty.

It makes a matron of 35 or 40 look not more than 20 years old, and changes the rustic maiden into a cultivated city belle.

The Magnolia Balm removes all blemishes and conceals every drawback to beauty; and, while it is so harmless as easily to be the food of infants, yet defies the closest observer to detect its use.

Ladies who want to make themselves attractive can make an absolute certainty of it by using HAGAN'S MAGNOLIA BALM, and we know of no other way. It is the cheapest preparation in the world, all things considered, and may be had among drug stores.

BY TELEGRAPH.

FOR WESTERN UNION TELEGRAPH LINE.

Last Night's Dispatches.

EASTERN.

Manton Marble on the Cipher Dispatches.

NEW YORK, 15.—Mr. Manton Marble will, to-morrow, publish a card in reference to the *Tribune* cipher dispatches, in which he says the *Tribune* ascribes to him, while in Florida, the sending of certain telegrams which he never sent, and receiving certain telegrams which he never received. He goes on to say that there can be no telegram verily mine that conflicts with one fact—namely, I never attempted, furthered or executed, in any manner, direct or indirect, or ever assented to, or concurred in any proposition, purpose, scheme or effort to buy the state canvassers' certificate of vote of Florida, or even to hire them to certify to that vote as it was cast by her people for the Tilden electors. Though always informing the proper officer of the national democratic committee of the course of events, I never reported for and I never had a syllable of consultation with Mr. Wooley or anybody, democrat or republican, which favored, or even tolerated the acceptance of any such proposition. None were ever discussed by me; on the contrary, I repulsed every approach of that sort on the spot. My decision never debated and was nowhere questioned.

Recovery of the Stolen Box.

The box stolen from the First National Bank, Fishkill landing, by burglars, last Wednesday, was found yesterday in the woods near the spot where the robbers abandoned their horses and wagon. The contents, consisting of bonds and mortages, valued at from $80,000 to $100,000, were undisturbed.

An Operatic War.

A New York dispatch says: There are indications of an operatic war between Mapleson and Strakosch, who are about to compete for the favor of the American public. To-day the Messrs. Chouden's, publishers, of Paris, notified the public by advertisement that the opera of "Carmen," about to be produced by Strakosch, was not the original work of the author Geo. Bizet. Strakosch characterizes the article as a contemptible attempt, on the part of Mapleson, to injure his business. He claims to have bought the original of "Carmen," and offers to deposit $100,000 forfeit if found to differ from the original in any respect. Mapleson claims that he paid 10,000 francs a year ago for the piece, with the exclusive right to produce it in America.

Hayes' Southern Policy.

WASHINGTON, 15.—The *Star* says: It can be authoritatively stated that there is no truth whatever in the statement variously made that the President has decided, or is about to decide, to change his southern policy. The principal reason for this statement is supposed to be a letter written by Attorney General Devens, which will shortly be sent to the district attorneys of Alabama, Louisiana and South Carolina, directing them to enforce the United States election laws. This letter was written after such facts had been laid before the President as clearly proved that under existing circumstances, no fair election could be held in these states. There was ample proof that such was the case before the President and his cabinet, and upon this the letters to the district attorneys were based. The President regards the enforcement of the laws as having no political aspect whatever. It is only a national government performing the duty required of it. If a similar condition of affairs should arise in New York or any other State in the Union as exists in South Carolina, Louisiana and Alabama, the United States attorneys of those states would be directed to see that the election laws are complied with.

The Cotton Crop.

The October cotton crop indicate a yield of five million bales.

A Sketch.

There has been no recognition of Roumania by our government. Dr. Timothy C. Smith, the lately appointed United States Consul at Galatz, took with him the usual diplomatic letter issued to all the consuls, requesting the government to which they may be accredited to grant an Exequatur authorizing them to exercise the powers appertaining to their office. It is this letter referred to in the telegram from Bucharest as a letter from President Hayes recognizing the independence of Roumania.

Yellow Fever Reports.

NEW ORLEANS, 15.—Knight Landing, near Harrisburg, appeals to the Howards for physicians and nurses. One physician there is dead and another is sick. There are 12 cases of fever.

Gretna, 15.—There is a total of 532 cases with 52 deaths. The fever is increasing rapidly.

Tangipahoa, 15.—The fever is abating for want of material. There were two deaths yesterday. Dr. Carter died to-day.

Clinton, 15.—Since the death of Rev. Jno. A. Riley, six new cases have occurred in his place.

Chattanooga, 15.—Twenty-four new cases, to-day, 23 of which were colored. Deaths, 4.

Canton, 15.—Total cases to date, 844; deaths, 155. The Howard Association makes another appeal for aid. They state that calls upon them from the surrounding country are so great that their supply of money and provisions has almost been exhausted. Ten new cases and five deaths in the town in the last 48 hours.

Evansville, Ind., 15.—A dispatch from Fulton, Ky., reports the fever there. No deaths as yet, but there were five new cases in the last 24 hours.

Little Rock, 15.—There has been no yellow fever here this year. Helena is quarantined.

Memphis, 15.—Dr. Keatling is down. Sixty-six new cases and 31 deaths. Dr. Langstaff, who has been out on the rivers giving relief to outside towns, reports that hundreds of hungry suffering people were relieved by his trips.

Distillers Alarmed.

LITTLE ROCK, 15.—Information from Baxter County is received to the effect that distillers have sunk their stills in bayous, abandoned their fortified works and scattered, the alarm having been taken from published dispatches from Washington.

The October Election Valid.

DES MOINES, Iowa, 15.—The republican State committee, to-night, unanimously decided that the October election was valid, and that any election held in November will be illegal and void. Numerous lawyers of eminence discussed the constitutional points involved very fully, with the above result.

Road Agents Arrested.

DES MOINES, 15.—Douglass Goodale, one of the late Deadwood stage robbers, was arrested at Atlantic, Cass County, yesterday, on his arrival there. He had deposited in his father's safe $10,000 of the money and three gold watches, together with silverware taken from passengers. Three more of his accomplices were arrested at Adair last evening. The detection was made through a confession of one of their pals.

An Armed Negro Mob.

NATCHEZ, Miss.—A courier who arrived from Waterproof, La., this evening, reports that 2,500 armed negroes surrounded Waterproof today and threatened to burn and sack the town. It is supposed they have burned J. Senegas' place on Lake St. John, four miles below Waterproof. A call for armed assistance was made on Natchez, and 100 men leave here on the ferry boat to aid the whites at Waterproof, if needed.

Tilden's Connection with Western Railroad Matters.

CHICAGO, 15.—Assistant United States Attorney Sherman of New York began taking testimony today regarding the Hon. S. J. Tilden's connection with railroad matters in the west, and his income thereby derived. Commissioner Hoyne, presided at the examination. Officers of the north-western railway were examined, but could throw no light on the matter of the income. Most of their books which the commission desired, were destroyed in the great fire, and the remainder were at the service of the commission, which finally adjourned to meet at the northwestern offices to-morrow.

Seizure of a British Steamship.

NEW ORLEANS, 15.—The cargo of the British steamship *Ared*, from Liverpool *via* West Indies and the Mexican ports, was seized by the customs authorities on account of some irregularity.

The Australian Cricket Contest.

DETROIT, Michigan, 15.—In the cricket match the Australians resumed the bat at 10.30 this morning, and were put out at 12.30, with a total score of 184 runs for their first innings. When the wickets fell for the Peninsulars, they had scored 81, which, with their 84 in their first innings, gave them 115 against the Australians 181 in one inning. After the conclusion of the game, a proper exhibition play was carried on with the Australians at the bat.

Guilty of Murder.

NEW HAVEN, 15.—In the case of Rev. H. H. Hayden, charged with the murder of Mary Stannard, the grand jury, after two days' deliberation, found a true bill of murder in the first degree.

Fatal Boiler Explosion.

BIG RAPIDS, Mich., 15.—The boiler in Sellinger's shingle mill exploded to-day, killing one man and seriously injuring five others. the mill was badly damaged.

Wool Market.

PHILADELPHIA, 15.—Wool is quiet, firm, at 18 @ 25 for fine and medium, California, and 18 @ 20 for course.

The Mexican Indian Raids.

CITY OF MEXICO, 7.—The campaign ordered by the Mexican government against the Lipan and Kickapoo Indians, whose border raids were especially annoying to the United States, has ended successfully after much hard work. President Diaz has ordered a similar campaign against other troublesome tribes of the Sierra De Carmen and Sierra De Los Coateros. These are the most turbulent of the Indian tribes, and have shown no more respect for Mexican than American property and life.

FOREIGN.

GREAT BRITAIN.

Transfer of Count Beust.

LONDON, 15.—Vienna newspapers announce that Count Von Beust, Austrian ambassador at London, is to be transferred to Paris, and will be succeeded at London by Count Karolyi, present Austro-Hungarian ambassador at Berlin. It is considered probable that Count Wimpfen, Austro-Hungarian ambassador at Paris, will go to Berlin.

Surrendered.

Gusinje has been surrendered to the Montenegrins and Vranja to the Servians.

A New Austrian Cabinet.

The Emperor Francis Joseph has entrusted to Baron Von Pretis Cagnod the task of forming a new Austrian (Cisleithan) cabinet.

Turkey Friendly with Russia.

A Berlin dispatch says: The Porte has warned the press of Constantinople to avoid an expression of anti-Russian sentiments, as Turkey is again on the most friendly terms with Russia.

Bismarck's Nephew Suicides.

A dispatch from Venice says that Count Von Bismarck, nephew of the German chancellor, committed suicide at Venice, yesterday, by shooting himself with a revolver. The act was caused by physical suffering.

Armed Intervention Advocated.

A correspondent at Madrid telegraphs that in consequence of the recent murder of the Spanish official in Morocco, the liberal journals are actively advocating armed intervention. Official circles are opposed to such action, because of the condition of the finances. The government, however, has ordered several frigates and two ironclads to prepare for sea, and may be forced to intervene by public opinion, which is irritated by the growth of English influence in Morocco.

GERMANY.

The Socialist Bill.

BERLIN, 15.—The reichstag, today, rejected paragraph 16 of the socialist bill, authorizing the expulsion of the agitators from towns. The rejection was the consequence of the difference between the national liberals and the conservatives, the latter endeavoring to introduce amendments increasing the stringency of the paragraph. The paragraphs authorizing the refusal of licences to publishers and booksellers, forbidding the circulation of periodicals under certain circumstances, and constituting the court of appeal in the manner proposed by the committee, namely, of four councilors and five judges, with a president appointed by the Emperor, were adopted. The conservative amendment giving the Emperor the unrestricted right of the selection of the president of the court was rejected.

FRANCE.

Awards to American Exhibitors.

PARIS, 15.—It is now officially known that the awards to the American exhibitors at the French Exposition, number 750, namely, 10 grand prizes, 30 diplomas of honor, 134 gold medals, 200 silver medals, 220 bronze medals, and 756 honorable mentions. The aggregate is larger than the whole number of American exhibitors at the Paris Exposition of 1867, or at the Vienna Exposition of 1873, and is larger in proportion to the award of exhibitors, than to any other nation represented at this exhibition.

AUSTRIA.

The Advance of the Troops will be Opposed.

VIENNA, 15.—Simultaneously with the presentation of his credentials, the Ottoman ambassador to Vienna was ordered to declare to Count Andrassy that the Porte would be compelled to oppose, by arms, the advance of the Austrian troops upon Novi Bazar.
