PATENTS

obtained for new inventions, or for improvements on old ones, for medical or other compounds, trade-marks and labels. Caveats, Assignments, Interferences, Appeals, Suits for Infringements, and all cases arising under the Patent Laws, promptly attended to.—Inventions that have been REJECTED by the Patent Office may still, in most cases, be patented by us. Being opposite the U. S. Patent Department, and engaged in Patent business exclusively, we can make close researches, and secure Patents more promptly, and with broader claims, than those who are remote from Washington.

INVENTORS send us a model or sketch of your device, we make examination and advise as to patentability free of charge. All correspondence strictly confidential. Prices low, and NO CHARGE UNLESS PATENT IS SECURED.

We refer to Hon. Postmaster General D. M. Key, Sen. F. P. Tower, The German-American National Bank, to officials in the U. S. Patent office, and to Senators and Representatives in Congress, and especially to our clients in every state in the Union and in Canada. Address

BEAUTY:
OR, THE
Secret of a Fair Face
An Item of Interest to Every Lady who Desires to be More Beautiful than she now is.
Unfortunately not one woman in a hundred, subjected to the whims of an American climate possesses that basis and starting point of real beauty—a pure and clear complexion.
What nature has thus denied, art must be called upon to furnish.
It can be done; it is done daily. Prof. W. R. Hagan placed beauty within the reach of every unblessed daughter of Eve when he discovered that surpassing article known in fashionable circles as the true secret of beauty, and called
MAGNOLIA BALM
The Magnolia Balm is a sure device for creating a pure and blooming complexion.
It conceals all natural blemishes in the most surprising and effective manner.
It removes all roughness, eruptions, redness, blotches, freckles, and tan with magical power.
It drives away all evidences of fatigue and excitement.
It makes the plainest face beautiful.
It gives the complexion a dazzling purity and makes the neck, face, and arms appear graceful, rotund, and plump.
It makes a matron of 35 or 40 look not more than 20 years old, and changes the rustic maiden into a cultivated city belle.
The Magnolia Balm removes all blemishes and produces every desirable feature of beauty, and, while it is so harmless as to admit its use on the skin of infants, the closest observer cannot detect its use.
Ladies who want to make themselves attractive can make an absolute certainty of it by using HAGAN'S MAGNOLIA BALM, and we know of no other way. It is the cheapest preparation in the world, all things considered, and may be had at any drug store.

Last Night's Dispatches.

EASTERN.

Daring Robbery.

ST. LOUIS, 22.—An extensive bond robbery was committed, by unknown persons, at Kansas City on Friday afternoon. A man drove to the office of the Jackson County horse railroad at 4 o'clock on Friday evening, called the cashier out to the sidewalk, and had five minutes conversation with him regarding the bad conduct of a conductor on the company's car. Shortly after the banker returned to the office he discovered his safe had been robbed of $1,600 in money and $21,000 in county bonds and matured coupons; also a life insurance policy belonging to Thos. Carrigan for $25,000, and other valuable papers.

Grain Exports

NEW YORK, 22.—The exports of grain from this port continue remarkably large. Shipments the last week are 2,320,000 bushels of wheat, 651,000 bushels of corn, 180,000 bushels of oats, and 25,000 barrels of flour. The export of wheat during the previous week was the largest ever known, 2,800,000 bushels.

The Cohen Mob Meetings.

WASHINGTON, 22.—The various journals of this city comment, with some severity, upon the action of the authorities in allowing Cohen to parade the streets of the city with a mob. Some of the papers, this morning, intimate that unless the proper authorities put an end to these proceedings it will be necessary for the citizens to take the matter in their hands. Fred. Douglas, marshal of the district, who has charge of the City Hall building, and who is responsible for the public property there, last night announced to Cohen's mob that they could hold the meeting then in progress, but no further assemblage would be permitted in front of the building where they have been meeting nightly for the past week.

Progress of the Yellow Fever Pestilence.

NEW ORLEANS, 22.—The Howard Association cases reported, today, are 374; the Young Men's Christian Association, 47 new cases.

Deaths 40, new cases 195; total cases to date, 7,833; total deaths 2,470. The death list to-day includes 13 children under seven years.

Cairo, 22.—At Hickman, Ky., today, there were nine new cases and four deaths.

Canton, 22.—New cases 477; total deaths to date, 92.

Memphis, 22.—It has been a quiet, yet busy Sunday at the Howard headquarters. There has been many calls made, principally however for female nurses. There has been 33 deaths officially reported, by the board of health, for the 24 hours ending at six o'clock tonight. Of these 16 are colored. Among the new cases, to-day, are Charles G. Fisher, chairman of the citizens' relief committee; Paul Otey, surgeon general of all the camps that have been established, and J. R. Thomassen, a volunteer physician from Arkadelphia.

Seventeen physicians of the Howard corps report 114 cases.

The fever has made its appearance among the children at the Leath Orphan Asylum, situated about a mile north of the city. Of the 40 inmates, seven have been taken down. The Howard's, today, sent a physician, who will be quarantined on the premises, also the nurses.

Hernando, Miss., 22.—Nine cases in the last 24 hours.

Grand Junction, Tenn., 22.—Y. E. Jones, president of the Howard Association, has just been taken down. There are only three white men on their feet. Five new cases and three deaths; 40 cases on hand. We are sadly in need of blankets and other necessaries.

Columbus, Ky., 22.—The situation at Hickman is unchanged; 47 new cases and five deaths in the past 24 hours. There have been 78 deaths there up to the 20th inst.

Nashville, 22.—Dr. Thomas O. Summers returned, to-night, from Memphis. He says the fever is leaving the city and spreading out into the country. All the small towns along the railroad are in commotion. Fears are entertained that the Memphis people will return, too rapidly, causing a fresh outbreak. Dr. Summers says the worst is over.

Proclamation for Prayer.

MONTGOMERY, 22. — Governor Houston has issued a proclamation making October 3d a day of humiliation and prayer to God that the pestilence may abate in the infected localities, and that other States and communities be spared.

A Negro Riot.

NEW ORLEANS, 22.—A special to the *Democrat* from Coushatta, says: Yesterday the democratic convention at Natchitoches nominated candidates. The negroes, under the leadership of Blunt, Breda and others, came in force, making incendiary speeches, threatening the convention, and causing its adjournment, which created considerable excitement. Armed bodies of negroes flocked into town. Blunt was arrested, and a dispatch was received from Natchitoches calling for assistance. Coushatta responded promptly. The country is aroused. At this moment firing has commenced on the pickets, and one negro is reported killed. It is impossible to obtain full particulars.

A Negro Lynched.

NASHVILLE, 22.—A special to the *American* from Athens, Ala., says: Last night, about 11 o'clock, a crowd of men, from 75 to 100, rode into town, and forcing the jailor to deliver the keys of the jail, took therefrom Daniel McBride, a negro, who murdered a white man near Athens on the night of the 7th. The crowd hung him to a tree on the spot where the murder was committed by the negro. No fears of lynching had been entertained by the authorities, and the matter was conducted so quietly that but few citizens knew he had been removed from the jail till this morning. The coroner's verdict was death from strangulation by unknown parties.

$20,000 Fire

PEORIA, Ills., 22.—The residence of W. D. Woodward was destroyed by fire this afternoon. The building cost $30,000; insurance on the building and contents, $18,000.

FOREIGN.

AUSTRIA.

American Schooner Burned.

TRIESTE, 22.—The American schooner *Jere Simonson*, from Philadelphia, with 2,969 casks of petroleum, was burned with her whole cargo.

GREAT BRITAIN

The Afghanistan Envoy.

LONDON, 22.—A Constantinople dispatch says: The envoy, who recently arrived from the Ameer of Affghanistan, is endeavoring to induce the Porte to conclude an alliance with Russia.

Austrian Occupation.

The *Pesther Lloyd* announces that the Austrians have occupied Bjelina, 35 miles north of Woernik.

The Cabul Mission.

A Calcutta dispatch says: An officer of the Ameer of Afghanistan, at Allmusjid, refused to allow the British mission to Cabul to go through the Khyber Pass and crowned heights which command the pass, with his followers.

After a three hours' interview with the officer, in which he warned him that his act would be regarded as the act of the Ameer himself, Major Cavagnari, commanding the advanced escort of the mission, returned to Jamrood and the mission has withdrawn to Peethamaun.

Another special from Calcutta says: The main body of the mission to Cabul had proceeded as far as Jamrood. Its return thence was telegraphically ordered by the Viceroy. The mission will be now withdrawn.

It is fully recognized that the Ameer of Afghanistan is merely the puppet of Russia. The question will, consequently, cease to be treated from an Indian standpoint, and becomes a very serious problem of English politics. The immediate object of the Viceroy is to make it clearly understood that he has no quarrel with the Afghanistan people and to win over all the border tribes. Major Cavagnari repeatedly warned the Afghanistan officer that the Ameer would be held responsible. The officer, in the presence of two Indian princes, attached to the mission, expressed his unflinching determination to forcibly resist the passage of the mission. There is not a shadow of doubt that he is acting under full instructions from the Ameer, as one of the Ameer's responsible officers, who are also believed to be in direct communication with the Russian embassy who recently arrived at Allmusjid. The Russian envoy is still residing at Cabul.

Catholic Protectorate

A correspondent at Constantinople reports that France is about to abandon her exclusive protectorate over the Catholics in the east. The Pope, consequently, is expected to send nuncio to Constantinople.

A Deputation of Boys.

A Belgrade dispatch says: A deputation of boys is coming to Belgrade from Zwornik, Tusla and Bjelina to ask for union with Servia. It is doubtful whether Prince Milan will grant them an audience.

The Russians Clearing Out.

General Skobeleff has informed a correspondent that not a single Russian will remain between Constantinople and Tchorla by Wednesday next.

The Rome Anniversary.

A special from Pisa says: On the anniversary of the taking of Rome, two bombs were exploded before the principal barracks of the town. In Trieste the walls were covered with insurrectionary placards.

Signs of a Collapse.

A Pesth dispatch says: The Bosnians are showing evident signs of a collapse.

Reported Battle.

A Vienna dispatch says; Private advices state that General Zapary has fought a serious engagement near Tiosla, which it is hoped will result in the complete expulsion of the insurgents from Northeast Bosnia.

Gambetta's Speech.

A Paris dispatch says; M. Gambetta's speech at Rouen, as published in the *Republique Francaise*, is considerably toned down. It is said this was done in consequence of President MacMahon having threatened to resign.

FRANCE.

The Unsettled State of Europe.

PARIS, 22.—The *Republique Francaise*, in an article on the unsettled state of Europe, advises France not to enter into any engagements. It says: "The perilous times are not yet over, and still lees the era of alluring offers." The article is regarded as a reply to the revived rumor that England recommends France to take possession of Tunis.

Anniversary of the Republic.

This day being the anniversary of the proclamation of the republic, banquets, in celebration of the event, were held here and at Bordeaux, Marseilles, Montpelier, Cette, Nantes, Lyons and other cities. M. M. Louis Blanc and Alfred Naquet, radical members of the Chamber of Deputies, made speeches on the occasion, the former here and the other at Marseilles. Both set forth as the programme of the radical party the suppression of the office of president of the republic, the abolition of the Senate and discontinuance of the budget of the public worship. Blanc severely criticized the half-hearted policy of Gambetta. The newspapers announce, in consequence of the new attempt to hold a socialist congress, that legal prosecutions are impending, and several foreign internationalists will be polled from France.

TURKEY.
