THE TERRIBLE ACCIDENT.

Further Particulars.

NEW YORK, 29.—The *Herald* gives the following list of dead as far as known: Mamie Beach, two years of age, daughter of the late Judge Beach, of Glencove, Long Island; Martha Bolet, eight years of age, Fifty-third street, between Second and Third Avenues; Constantine Cherry, four years old, No. 232 Second Avenue; Mrs. G. W. Colton, No. 1,350 Pacific street, Brooklyn, drowned; Jones, colored child of Charity Jones, No. 109 West Twenty-sixth street; Mrs. Mary Reed, drowned.

Shaler, child of Mrs. Shaler, No. 405 West Fifty-third street, who was saved with her other child; Vanderveter, two years of age, of Glencove, L. I., body not recovered; unknown, dead, male child, eight months old, burned, female child, twelve months old drowned, a woman forty years of age, burned to a crisp, a boy three years old, a German woman and a baby eighteen months old, drowned. Wm. R. Grace, of 37 Wall street, reported lost, together with his wife and child by the burning steamer *Seawanhaka*, last evening, is among the saved. The three were rescued after being in the water half an hour. Henry Arthur, leather merchant, 84 Gold street, was also saved. The body of J. H. Skidmore, 234 Pearl street, was found at the foot of One Hundred and Fifteenth street. He jumped overboard after shaking hands with his brother who was saved. The body at the morgue, supposed to be that of Rev. S. W. Diller, D.D., former rector of St. Luke's Church, Brooklyn, has not yet been identified. Two more bodies were picked up off Ward's Island, one a man forty years old, light complexion, sandy hair and whiskers and dressed in a black coat, checked jumper and blue overalls, the other was a man about 48 years of age, sandy moustache, and dressed in dark pants and checked jumper. The bodies of Mrs. Eveline D. Bennett, and her husband, A. Ely Bennett, 18 and 20 Liberty street, were identified at the morgue and removed to their late residence in Brooklyn. The bodies of Mrs. Barbara Bouscher and Miss Lizzie Shaler, 36 West 54th street, were also identified.

Among the missing reported late this afternoon are, Mrs. Mary Ann Flinn, of Hyde avenue and 46th street; H. Harlbud, of Great Neck, L. I.; Israel Bloomingdale, East 49th street. Mr. Harlbud was formerly comptroller of currency under Secretary Chase, and has a brother living in Cincinnati. Mr. Hurlbud went on board the steamer with Miss Brumfield, who was saved.

Some terrible sights confronted the reporters at the scene of the wreck this morning. On the starboard side, nearly level with the water's edge, was a bed of cinders and iron containing the remains of two human bodies. Who they were will probably never be known, for the remains bore no resemblance more closely than chunks of burnt meat. The heads and limbs were welded by the fierce heat into a very small compass. The bodies lay about eight feet apart. On a part of a horizontal boiler, the ordinary position of which was directly beneath the main forward deck, were the bones of a third. How the person got there is a mystery, unless, indeed, he or she fell through the burning deck and there met a death a thousand times more horrible than by drowning. Under the mass of ruins that spread out from the hulk it is thought other bodies will be found.

College Point, L. I., 29.—Among those missing who were on board the *Seawanhaka*, when she burned, were: W. Nichols, Sea Cliff; Mrs. D. Meissner, Glenwood; E. Wagstaff, Whitestone.

Among the lost from the *Seawanhaka* was Julius Frank, aged 42. He leaves a wife and seven children. His body was recovered this morning and removed.

Edward J. Booth, lawyer, of Liberty Street, was a passenger and has not been heard from since the disaster. Charles Appleby, 166 Broadway, reported lost with his wife, writes both are safe and uninjured. Constantine Sherry, a child brought to the morgue this morning was recognized and taken away by its father, of 237 Second Avenue. D. H. De Bevoise, age 31, of 31 Bowery, was recognized by his father and the body taken away this morning. Susan E. Coleton, aged 45 years, wife of George W. Coleton, agent of the Red Star steamship line, is among the dead. Mary A. Reed, a girl about 20 years old, was identified this morning by a woman who said with tears in her eyes that Miss Reed was engaged to be married next month. She had no relative in the world. The body is yet at the morgue. The body of Barbara Rouscher, German, aged 34 years, was lying on the marble slab, her arms clasping to her breast the body of an infant child. The husband and father recognized the dead wife and child to-day and they were removed to their late home, No. 42 West Fifty-third Street. Lizzie Shaley, of No. 408 West Fifty-third Street, was recognized among the dead in the Morgue. Theo. Gauther, Grocer, Sheriff Street, Clarence Vandewater and an unknown negro were identified. Four bodies are still unclaimed.

Narrow Escape.

The excursion steamer *Long Branch*, just after casting off from the dock this morning and crowded with a Sunday school party on the way to Long Branch, was run into by an oil boat and crushed in below the water line. The boat began to fill, causing great alarm on board among the children and laddies, and nearly frantic the friends on shore who witnessed the disaster. The boat speedily returned to the dock and all landed in safety. The boat is fast sinking.

[illegible] New York.

The receipts of grain at this port have been unprecedentedly large, both yesterday and for the past week. Yesterday, the arrivals were in round numbers 550,000 bushels of wheat and 740,000 bushels of corn. For the week ending the 26th, they aggregated 2,213,330 bushels. The exports since Saturday were also very large, being of wheat, 230,000 bushels and of corn 550,000 bushels. The visible supply has increased during the week in wheat 2,000,000 bushels, and in corn 99,000. [illegible]

The bill fixing foreign bank capital has been signed by Governor Cornell. It provides that every foreign bank or banking company doing business in this State shall be annually taxed one-half of one per cent. on the average of all sums of money used or employed in this State. Among the principal banks affected by the bill are the banks of California and Nevada.

Indiana Claimed by the Republicans.

The *Times'* Washington special says: John C. New, of Indianapolis, is here in this city. In response to inquiries he said, this evening, that Indiana would surely be carried by the republicans. He remarked that at times during the Cincinnati convention he had feared the democrats would select a ticket that would give the republicans considerable trouble in his State. Now his anxiety had all disappeared. "McDonald would have carried the State," said he, "by 20,000 majority and Hendricks by 10,000, but the treatment which Hendrick's received and the selection of English have secured the State to us beyond a doubt."

Large Mortality.

One hundred and eighty-six deaths were reported by the bureau of vital statistics yesterday. Thirty persons are reported as having died from the effects of heat, and 12 are reported prostrated.

At the Brighton Beach races, half mile dash, 2-year-old, Bride Cake 1, Clara A 2 and King Hero 3; time 15 seconds.

Brighton stake, 1 1-8 miles; Quito 1, Blarney 2 and Blancher 3; time 1.58.

Mile dash, Mamie Fields 1, Little Bob 2 and Speculation 3; time, 1.43½.

Fourth race, one mile, Virginia 1, Rachel 2 and Boardman 3; time 1:44.

A Very Probable Rumor.

ALBANY, 29.—There has been a rumor here to-day, started by men of prominence, that the governor would be very sure to call an extra session of the legislature, to entertain subjects relative to New York City and for such other business as may be brought before it. It was broadly intimated that "such other purposes" meant the consideration of the Potter bill of last session to change the methods of electing the electoral ticket, so as to transfer it to an election by congressional districts. Some republicans strongly favor the idea but at the Governor's chamber nothing has been heard of it. It depends upon the Governor to issue the call for an extra session. The result of the passage of the Potter bill it is conceded would ordinarily divide up the electoral vote of New York State so as to give the republicans at least 17 of the 35, but the wisdom of the measure is doubted by many.

The Inter-Ocean Canal.

WASHINGTON, 29.—The full text of the inter-ocean canal concession, granted by Nicaragua to the American Provisional Society has been received here. It is signed by Don Adam Cardens, Minister of Foreign Affairs, and Mr. F. A. T. Menocal, member and commissioner of the Provisional Society. The concession has been duly ratified by the Nicaragua Government, and published as a law by the Republic. The Provisional Society, under the terms of this concession, secures exclusive privilege to construct a ship canal across the territory of Nicaragua. The canal is to be of sufficient dimensions to accommodate steamers of the largest class used between Europe and America, and the locks are to be not less than 500 feet long and 28 feet deep. The concession is for 99 years from the date of the opening of the canal for general traffic, and at the expiration of that period, Nicaragua is to take possession of the canal in perpetual, with the right reserved to the company to lease for another 99 years. During the period of the concession the company is to have the privilege of constructing a railway along the whole or any part of the canal; also such telegraph lines as it deems necessary for the construction and working of the canal, and these lines shall transmit public messages free of charge. The Government of Nicaragua will declare the terminal points, and the canal itself throughout its length is to be neutral, and that the transit, in case of war between other powers and Nicaragua shall be uninterrupted. In general the canal shall be open to the free navigation of all vessels, provided they pay the dues and observe the regulations of the company. Troops of foreign nations and vessels of war will be allowed to pass through the canal under the regulations of the existing treaty. Vessels-of-war belonging to other nations engaged in hostilities with Nicaragua or any other republic of Central America will be vigorously excluded. An effort will be made to procure a guaranty from all powers of neutrality of the canal and of the azore along it and on the sea in the vicinity of the terminal ports where the dimensions will be defined.

Chicago Returns.

CHICAGO, 29.—Supervisor of Census Wright reports that the latest returns have so far exceeded the estimates that the actual figures on hand at the close of office hours tonight, add up within a few hundred of 290,000, as the population of Chicago. Other returns will increase this total, but to what extent is not known.

Emory Storrs, of Chicago, and B. H. Brewster, of Philadelphia, have volunteered their services as counsel for the cadet Whittaker in the case. He asks for court martial.

The Supreme Court, at Springfield, this morning affirmed the constitutionality of the State railroad law. The Illinois Central will appeal to the United States Supreme Court.

It is understood the various telephone systems in use in Chicago are to be consolidated under one management and a preliminary agreement has been signed.

Miss Louise Stager, daughter of General Anson Stager, of the Western Union Telegraph Company, was married this evening to Frank S. Gorham, a merchant of New York. The ceremony took place at the residence of the bride's father.

The first heats at the Jockey Club track to-day were a 1½ mile dash for four year olds and upwards, for a purse of $220. Blue Lodge won, Florence B. second, Omega third; time 2.15½.

Second race, three-fourths of a mile heats, handicap purse for $250. Charlie Ross 1 4; Lavacca 2 2; Genevie 3 3; time 1.16½, 1.17.

Third race, 1-1 miles for a purse of $250. Rosebud won, Chalfonge second, Stolen third, time 1.57.

Garfield Busy.

CLEVELAND, 29. — The *Leader* publishes the following: Gen. Garfield is daily receiving large numbers of letters from friends in all parts of the country, and though he has several secretaries and stenographers at his service, he is unable to answer all promptly. He wishes his friends to understand that all letters requiring answers will receive attention as early as possible. He mailed 150 this afternoon.

Mississippi Overflow.

ST. LOUIS, 29.—The *Republican's* special from Warsaw, Illinois, say: The levee which protects the bottom lands in this county, broke last night, and the water is flowing through a crevasse 200 feet wide. All the wheat, corn and other crops will be lost, and 18,000 acres of land will be flooded. The people are engaged in getting their live stock off the bottom lands.

Railroad Collision.

HARRISBURG, 29.—Two freight trains came in collision early this morning at Petersburg, on the Pennsylvania railroad. Another freight train, with John B. Crawford, engineer and M. A. Shriver, fireman, ran into the wreck and both men were instantly killed.

Scattering Troops.

DENVER, 29.—The *Tribune's* Santa Fe special says: Generals Pope and Hatch had a conference in regard to the distribution of troops in Southern New Mexico. They agreed to scatter the soldiers in small detachments over the entire exposed territory and give Gen. Buel 900 men for active service.

Railroad to Leadville.
