The story is told of a man, who took the hands of his clock to the maker to have them fixed, because they did not keep proper time. Of course, the clock-maker demanded the works, as in them lay the trouble. Boils and blotches, pimples and other eruptions on the exterior tell of a disordered condition of the blood within. If you have these indications, be wise in time, and take Dr. Pierce's Golden Medical Discovery. It puts the liver and kidneys in good working order, purifies the blood, cleanses the system from all impurities, from whatever cause arising, and tones up the functions generally.

"Golden Medical Discovery" checks the frightful inroads of Scrofula, and, if taken in time, arrests the march of Consumption of the Lungs (which is Lung scrofula), cures and enriches the blood, thereby curing all Skin and Scaly Diseases, Ulcers, Sores, Swellings and kindred ailments. It is tonic as well as alterative, or blood-cleansing, in its effects, hence it strengthens the system and restores vitality, thereby dispelling all those languid, "tired feelings" experienced by the debilitated. Especially has it manifested its potency in curing Tetter, Salt-rheum, Eczema, Erysipelas, Boils, Carbuncles, Sore Eyes, Goiter, or Thick Neck, and Enlarged Glands.

"Golden Medical Discovery" is the only blood and lung remedy, sold by druggists, and guaranteed by its manufacturers, to do all that it is claimed to accomplish, or money paid for it will be refunded.

THE STRIKERS.

The Present Position of the Chicago Carpenters and Cigar Makers.

THE FIRST TRIP OF A NEW STEAMER.

The Intentions of Canada.—Condition of Congressman Randall.—Other News.

By Telegraph to the NEWS.

NO CHANGE

Occurs in the Chicago Carpenters' Strike.—The Cigar Makers.

CHICAGO, April 9.—There was no change of note in the carpenters' strike today. The strikers have pickets at all the depots and suburban towns, and whenever they find men coming to town to work, they generally succeed in inducing them not to. The strike is costing the Union over $55,000 a week, but they say they are prepared for all summer. When their money is exhausted, they claim they will fall back on the National Council, behind which is the Federation of Labor. They claim to be supported by every labor organization in the United States. The struggle is for recognition of the Union, and the bosses declare they will not grant this.

The cigarmakers' troubles took a new turn this morning, when fifty non union men, employed at the Columbia factory, struck for higher wages. While they were negotiating with representatives of the Cigarmakers' Union, with a view to joining the body, two or three leaders were arrested on a

CHARGE OF INTIMIDATION.

Important developments in favor of the striking carpenters were learned tonight from the committee. The non-union master carpenters called on the strike committee this evening and had a lengthy conference. There are 1500 or 1600 of these small bosses in the city, employing nearly, if not quite, half the journeymen, and they object to the 110 large bosses, who compose the Builders' Exchange, monopolizing and controlling all the business. They proposed to the men to form an alliance with the strikers. They are and have been willing to grant the men's demands, but the action of the Association of Masters has locked them out. This they resent, and a meeting has been called for tomorrow to form an association. One of their leaders said late tonight:

"You can say that within a day or two the non-association bosses will have all of their men at work again at Union rates, and the Carpenters' and Builders' Association will find itself reduced to the necessity of coming to the strikers' terms or remaining without help."

Randall's Condition.

WASHINGTON, April 9.—Representative Randall's condition tonight is just about the same as last night. He is, if anything, a little easier, but this is due to the free flow of the abscesses, and he may at any time have a recurrence of the relapses which sap away his strength.

Canada's Intentions.

OTTAWA, April 9.—In the Commons tonight, in reply to an attack by the opposition regarding the tariff, Minister of Finance Foster said that Canada intended to act independently in the future. The government would frame a policy without regard to outside powers. Canada had waited many years for a reciprocity treaty with the United States, and would not wait any longer. She was not hostile to the United States, but had to look after her own interests.

The Three-Bladed Screw.

HAMBURG, April 9.—The American line's steamer, *Augusta Victoria*, having been fitted with new three-bladed screws, instead of the screws with four blades hitherto used, averaged a speed of twenty knots, equal to twenty-three miles an hour during an eight hours' trial.

This is Bad.

LONDON, April 9.—The *Times* correspondent at Rome says: The report of the inquiry into the municipal finances reveals a state of bankruptcy exceeding the worst anticipation. Numerous failures are expected.

Wall Street Interested.

NEW YORK, April 9.—The *World* says that Wall street is much interested over a story to the effect that the Vanderbilts have obtained a large holding of Union Pacific stock, and at the annual election next month the board of directors of that company will be reorganized in their interests.

The Cabinet of Manitoba.

WINNIPEG, April 9.—Attorney-General Martin has consented to remain in the Cabinet. It is believed that Premier Greenway will soon resign and that Martin will succeed him.

About an Agreement.

PARIS, April 9.—*La Patrie*, supposed to be inspired, says that there is talk about the possibility of an agreement between France and Germany, to be followed by a general disarmament. *La Patrie* thinks that Emperor William will not shrink from any means to attain this end.

Speaker Reed.

PHILADELPHIA, April 9.—Speaker Reed and Hon. John M. Thurston of Nebraska were guests at the tenth anniversary banquet of the Young Men's Republican Club tonight. Both made brief addresses.

Liberty of the Press.

RIO JANEIRO, April 9.—The Government has promulgated decrees for the liberty of the press, liberty of association and public meetings.

Died of Paralysis.

CHICAGO, April 9.—Colonel E. B. Knox, a retired officer of the regular army, and for several years commander of the First Regiment, I. N. G., died tonight of paralysis.

They are in Canada.

CHICAGO, April 9.—The *Times'* Foston, Minn., special says: R. G. Sweeton, cashier of the Foston National bank, and a social lion, is missing, together with $8,000 or $10,000 of the bank's funds and a young woman with whom he became infatuated. It is understood they are in Canada.

The U. P. Backs Them.

PORTLAND, Oregon, April 9.—The Oregon Railway Extension Company have filed supplementary articles of incorporation at Olympia, Washington, empowering them to build 3000 miles of milroad in Oregon Washington, Idaho and Montana. It is understood that the company is backed by the Union Pacific.

Mr. Labouchere's View.

By leaps and bounds every constituency that fell away from the true faith in 1885, and that gets a chance to show its utter detestation of the ministry which has held office since then, eagerly seizes the opportunity to declare for Mr. Gladstone. If there were a general election we should sweep the country. And for that very reason there is something unutterably base in a government clinging on to office when they know that they are loathed by the majority of the nation for whom they effect to speak. If it were not that the sepulchral act affixes a limit to their greed of salary, and to their defiance of the nation, a revolution would not only be justifiable—it would be a duty.—*Truth.*

Electric Bitters.

This remedy is becoming so well known and so popular as to need no special mention. All who have used Electric Bitters sing the same song of praise.—A purer medicine does not exist and it is guaranteed to do all that is claimed. Electric Bitters will cure all diseases of the Liver and Kidneys, will remove Pimples, Boils, Salt Rheum and other affections caused by impure blood.—Will drive Malaria from the system and prevent as well as cure all Malarial fevers.—For cure of Headache, Constipation and Indigestion try Electric Bitters—Entire satisfaction guaranteed, or money refunded.—Price 50 cts. and $1.00 per bottle at A. C. Smith & Co.'s Drug Store.

Is Consumption Incurable?

Read the following: Mr. Morris, Newark, Ark., says: "Was down with Abscess of Lungs, and friends and physicians pronounced me an incurable Consumptive. Began taking Dr. King's New Discovery for Consumption, am now on my third bottle, and able to oversee the work on my farm. It is the finest medicine ever made."

Jesse Middlewart, Decatur, Ohio, says: "Had it not been for Dr. King's New Discovery for Consumption I would have died of Lung Troubles. Was given up by doctors. Am now in best of health." Try it. Sample bottles free at A. C. Smith & Co.'s Drug Store. 5

Cowgill, Whooping Cough and Bronchitis are immediately relieved by Shiloh's Cure. For sale at A. C. Smith & Co's drug store. 2

The Spring Medicine.

The popularity which Hood's Sarsaparilla has gained as a spring medicine is wonderful. It possesses just those elements of health-giving, blood-purifying and appetite-restoring which everybody seems to need at this season. Do not continue in a dull, tired, unsatisfactory condition when you may be so much benefited by Hood's Sarsaparilla. It purifies the blood and makes the weak strong. 1

We Caution All Against Them

The unprecedented success and merit of Ely's Cream Balm—a real cure for catarrh, hay fever and cold in the head—has induced many adventurers to place catarrh medicines bearing some resemblance in appearance, style or name upon the market, in order to trade upon the reputation of Ely's Cream Balm. Don't be deceived. Buy only Ely's Cream Balm. Many in your immediate locality will testify in highest commendation of it. A particle is applied into each nostril; no pain; agreeable to use. THE LATEST INVENTION OF G. N. YOST, the inventor of the Remington and Caligraph Type-Writers.

The YOST retains all the good features of Mr. Yost's former machines, while overcoming the faults which time and experience have revealed in them.

The strongest point of the YOST is its increased durability over all other typewriters. We guarantee it to outlast two typewriters of any other make. In the Salt Lake Business College is a YOST that has been in constant use ten hours a day, for five months. Hundreds have practiced on it, most of whom have been novices that would have ruined any other machine with two weeks of their pounding; yet not one cent has been expended on repairs or ink-pads, and the alignment is absolutely perfect. No other type-writer could show such a record.

The YOST prints directly from the type. It uses an inked ribbon. It can by no possibility ever get out of alignment. It is light, simple, and can be used by beginners without possibility of injury to the machine.

The YOST is in use by over fifty business men, stenographers, and students of Salt Lake City, to all of whom we refer as to its merits.

The YOST is used by the DESERET EVENING NEWS.

[SEAL.] JOHN C. CUTLER, Clerk of the Probate Court. By JOHN L. NEBEKER, Deputy Clerk.

SUMMONS.

In the District Court in and for the Third Judicial District of Utah Territory, County of Salt Lake.

Leonard G. Hardy, James H. Moyle, John C. Cutler and Jesse W. Fox, Jr. Plaintiffs,

vs.

Jared H. Jenks, Defendant.

The People of the Territory of Utah send Greeting:

To Jared H. Jenks, Defendant.

YOU ARE HEREBY REQUIRED TO appear in an action brought against you by the above named plaintiffs in the District Court of the Third Judicial District of the Territory of Utah, and to answer the complaint filed therein within ten days (exclusive of the day of service) after the service on you of this summons—if served within this county; or, if served out of this county, but in this district, within twenty days; otherwise within forty days—or judgment by default will be taken against you, according to the prayer of said complaint.

This action is brought to have a decree of this court requiring said defendant to set forth the nature of his claim of, in and to the following described premises, to wit: Lot 1, in Block 108, Plat "D," Salt Lake City Survey, in the city and county of Salt Lake, and Territory of Utah—that it may be determined by a decree of this court, adjudging that the said defendant has no estate or interest whatever of, in or to said land and premises, or any part thereof; that plaintiffs' title thereto is good and valid, and forever enjoining and debarring said defendant from asserting any right or claim whatever of, in or to said land and premises, adverse to the plaintiffs. And plaintiffs ask for such other and further relief as to the court shall seem meet and equitable.

And you are hereby notified that if you fail to appear and answer the said complaint as above required, the said plaintiffs will apply to the court for the relief demanded therein.

Witness, the Hon. Charles S. Zane, Judge, and the seal of the District Court of the Third Judicial District, in and for the Territory of Utah, this 8th day of January, in the year of our Lord one thousand eight hundred and ninety.

[SEAL.] HENRY G. McMILLAN, Clerk. By FRANK FERGUSON, Deputy Clerk. 8pw5t

OFFICE OF AN EXPERT!

Mrs. Mary B. Welch, Teacher of Domestic Economy at State University of Iowa.

"My deliberate judgment is that the oven of the Range, as compared with others, is not only more equally heated in every part—front as well as rear—but as a result of its superior ventilation the food placed therein is better cooked, while retaining a sweeter flavor, and a larger proportion of its best juices. I have found, also, that the consumption of fuel in this Range for a given amount of work, is much less than any other."
