Anti-toxine, the new diphtheria remedy has been tested with successful results in Bone City, says the Dakotan. Some days ago the little 4-year-old girl of C. A. Powell was seriously ill. The medical men were summoned to treat the child, found it was case of diphtheria in its most virulent form, and at once decided to try the new treatment. The result was that in less than twelve hours after the injection had been given the fever had completely disappeared, and the patient recovered in a remarkably short time.

A fire was discovered in the mineral springs hotel at Colorado Springs at an early hour on Tuesday morning. The alarm was given and the people started with a will to save what furniture could be carried out. In the meantime the department got to work, but the fire had gained such headway that it was impossible to get it under control and the building was burned to the ground. The fire is supposed to have started from a defective flue. The hotel damage, $10,000; insurance, $6,000. The hotel, which was owned by D. A. H. Lewis, was located next to the Antlers hotel.

The town of Placerville, El Dorado county, Cal., has been the scene of a real wedding affair, in which a bootblack, who was "Lone Star," and his wife were the actors. The man claims that upon entering his home he saw his wife sitting on him from a revolver, and that in self-defense he caught up the lamp and threw it at her. It is also stated that he told a friend party to another party, saying that he will shot at him, and he did not know how the lamp got upset. The women claims that her husband came home under the influence of liquor and broke from January, shot at her twice, and then threw the lamp at her. When the lamp fell it exploded, and the blazing oil spread her clothes. Before the flames could be extinguished she received injuries that physicians state will prove fatal. The boy is dead, and she spent her sins and blood, was found in the room, "Lone Star," is now in jail.
