COLLEGE DEDICATION.

Continuation of Exercises Not Concluded in Last Evening's "News."

ELOQUENT SPEECH BY PROFESSOR KERR

Address and Dedicatory Prayer by Apostle Brigham Young, President of the Institution—Ball and Reception.

Logan, Utah, Dec. 24.—At the afternoon exercises of the dedication services Elder S. M. Howe offered prayer, after which two beautiful selections were rendered by the Utah Agricultural College choir, directed by Professor Young, offered in the dedicatory prayer, which occupied fifteen minutes in delivery, and was as beautiful and inspiring. At the close of the prayer Elder W. J. Kerr made a lengthy and eloquent address upon the aim and progress of the institution from a school to a place of higher learning.

Students being from different sections of the country were asked questions concerning the college were read and commented upon. The attendance, he said, was 352. Two hundred and fifteen of the students were from Utah, 40 from Idaho, 30 from Oregon, Montana, Wyoming and Arizona. There were 30 different counties represented. The leading counties of the state, Cache, Davis, Weber, Summit, Box Elder, Utah, Davis, and Salt Lake.

He dwelt at length upon the subject of endowment of colleges, calling upon men who have added the cause of education with their wealth, and mentioned several cases of education, including the Leland Stanford, in the state of California, and the Vassar, in the state of New York, but in the days of the Prophet Joseph the Church provided schools of education, and the Church Joseph Smith is instrumental in the growth of education in modern times.

Elder Kerr's speech was enthusiastically received, and was listened to with close attention.

Elder Brigham Young followed, he expressed himself pleased with what had been done. He referred to the absolute necessity of the Word of God always being in our hearts. We need a guiding principle, and the conclusions arrived at should be the Holy Ghost, he said, for conclusions in mind cannot be relied and governed by the spirit. The things that might cause conclusions of opinionate would be exceedingly disgusting to us, he said.

In speaking of educational matters in general, he said: "I pray to our God that we may be guided in all things, so that we think not the idea is to which our public school system is founded is adopted in accordance with the Holy Spirit, or the revelations of President Young which he established this institution. Now I am just saying what I feel to you, and don't care what you or anyone else may think upon it, for some might say that President Young never said that would take time to explain and place me as a fool to our school system—I am in."

Speaking of endowments he said: "I would much prefer ten thousand men to give one dollar each to the college than to see one man give one thousand dollars, as ten thousand people would then have a direct interest in the college. They would have a stepmother in the work of educating the young, but with many would not, as he would rather see the money go to the Church than to the party who, they, he would be suspected to be a."

President Young was in excellent humor and spoke in a most happy vein, and his remarks were listened to attentively.

In the evening there was also a good attendance. Elder W. G. Hoag offered prayer. The first selection was a duet, from the opera, Dance of Amaryllis, which was produced here Thursday by the Lorelei Opera company, sung by Miss Cossie Thatcher, who received an encore.

The second was a ballet from the same opera, sung by Mr. Frank Baugh.

The third was in albums of congratulations by the children, Hugh S. Gowans of the Tacoma Drake.

The fourth was a string quartet, so well executed with great applause, members of the Thatcher-Harris concerts.

The fifth was an address by President C. O. Card of Alberta, Canada, who was once a member of the board of trustees of the College.

The sixth was a quartet, selection, rendered by Prof. G. W. Thatcher Jr., and sung by Messrs. Frank Baugh and Moses Clapson, Mrs. Cossie Young and Miss Cossie Thatcher.

President Kerr then made a brief speech, congratulating Prof. Thatcher and succeeding Mr. Barrow the state of the college was the establishment of a conservatory of music. This closed the exercises.

A delightful reception and ball were held after words. The reception was a good feeling towards the college and bids good to be successful, and to which accompanying large attendance, the pride of the people in the institution is decidedly awakened.

A Complete Cure Effected by Hood's Sarsaparilla

Now Enjoying the Best of Health, With Digestion Perfect.

"My mother was subject to sick headaches and indigestion for more than a year. She was unable to stand for any length of time, and was obliged to stay in a dark room as she could not bear the light. She had no appetite whatever and her stomach was so weak she could not retain what food she did take. She also had severe pains in her head. She suffered so much that she became but the shadow of herself. One day I happened to read a testimonial about Hood's Sarsaparilla. It

Sounded So Truthful

I persuaded her to try this medicine. Before finishing the first bottle there was an improvement in her condition. She no longer gave up her food and her headaches were not so severe. She took in all four bottles of Hood's Sarsaparilla and several boxes of Hood's Pills and regained her weight. She is now enjoying the best of health. Her digestion is good and she can eat almost anything she wishes. She is 42 years old and says she feels as well as when she was 16. Hood's Sarsaparilla made a complete cure in her case."
