NEWS OF THE WEST.

A Passenger Who Lost His Watch to Catch a Train.

BART AND UTAH RANGE CATTLE.

Trans-Mississippi Congress Program—An Old Man in Jail—Cause for Lynchings.

Ten sellers of impure milk were fined $10 each in the San Francisco police court on Monday.

A few days ago Johnny Myers, a hack driver at Cheyenne, was seriously bitten in the face by his bull dog, two of his teeth being bitten out and his face generally mangled.

Boise, Idaho, Statesman: The Gold Dust Mining company, of Utah, which is operating in Lemhi county, has filed articles of incorporation with the secretary of state.

South Omaha Stockman: Dr. J. M. Bart, a prominent citizen of Salt Lake City and extensive cattle owner, brought in twelve cars of rangers from his ranch at Lower Crossing, Utah.

Two new cases of diphtheria have been quarantined at Boise, Idaho. It was thought a few days ago that the progress of the epidemic had been checked. The new cases are reported to be of the milder variety.

There is considerable said in the northwestern press about nominating W. A. Clark, the multi-millionaire mine owner of Butte, Montana, for candidate for Vice President on the Democratic ticket in 1896. Mr. Clark is said to be the richest Democrat in America.

On Monday Barrett Williams, of Boise, Idaho, 93 years of age, was sent to jail in default of a fine of $25 for not making connection with the sewer as instructed. He had the money to pay, but preferred to serve thirteen days in jail because he believes the law under which he was fined to be wrong.

Glenwood Springs, Colo., Avalanche: Monday one of the passengers on the Denver and Rio Grande train going west lost his watch while rushing towards the moving train. Harry Abbott, a boy standing close by, picked it up and showed it to the fellow, and he shouted back that he could not stop to get it. Harry has the watch, which the passenger can procure at any time.

On October 29, the sale of Angus cattle to take place at the farm of Kirkpatrick & Son, at Connors, Kansas, will be the dispersion of the largest and best bred herd of that cattle in the state. At the same time there will be sold a draft of fancy bred Poland China hogs. It is expected that very low prices will prevail at the sale, owing to general market conditions.

The subjects to be discussed at the Trans-Mississippi congress to meet in Omaha, Nov. 25th are: Irrigation of Arid Lands, The Hawaiian Question, Nicaragua Canal, Bimetallism, Construction and Improvement of Waterways and Deep Water Harbors, Trans-Mississippi Freight Tariffs and Discriminations, Rail and Water Communications Between Western Cities and the Seaboard, Construction and Maintenance of Levees on the Mississippi and Tributaries, A National Bankrupt Law, Restrictions of Immigration, Relief of Agricultural Depression, Admission of Territories to Statehood and Disposition of Public Lands. Each state and territory west of the Mississippi is entitled to one delegate for every 5,000 inhabitants.

Bakersfield Californian: People wonder why lynchings are so frequent, and the disgrace they bring upon the good name of this state is greatly deplored by press and people alike. They can find in the dispatches from Los Angeles one of the reasons why extra-judicial executions are so common. One Errington seduced the wife of Herbert C. Jones, and being met by the latter while in company with the guilty woman, deliberately shot and killed the injured husband. It was proved that the deceased had no weapon when killed, but some vague evidence of threats made by him against Errington was introduced and the jury, under some very peculiar instructions by the judge, brought in a verdict of not guilty on the ground of self defense. The people of Los Angeles are represented as being very indignant over this miscarriage of justice, and well they may be. If ever a man deserved hanging or at least imprisonment for life, it is this same murderer, and to allow him to go free is a judicial outrage. If a lynching were the result, there would be no cause for wonder or regret.

Memory is a little treacherous now and then, and causes one to forget some things worth remembering, unless one has an experience like that which came to Mr. D. E. East, Moffatt's Creek, Va., who says: "I had been suffering for years with a torpid liver and found no relief until I took Simmons Liver Regulator when I was entirely relieved of my troubles. I never intend being without Simmons Liver Regulator."

Fast men, fast track, good time, recordsmashed. Are you going? National cycle meet Friday and Saturday.

In many cases, the first work of Ayer's Sarsaparilla is to expel the effects of the other medicines that have been tried in vain. It would be a saving of time and money if experimenters took Ayer's Sarsaparilla at first instead of at last.

We know whereof we affirm when we state that Ayer's Pills, taken promptly, at the first symptoms of colds and fevers, arrest further progress of these disorders, and speedily restore the stomach, liver and bowels, to their normal and regular action.

There is no excuse for any man to appear in society with a grizzly beard since the introduction of Buckingham's Dye, which colors natural brown or black.
