DESERET EVENING NEWS

THE SEMI-WEEKLY NEWS

THE GREAT COUNTRY PAPER OF THE WEST.

Is Issued Mondays and Thursdays and Contains All the Cream of the Daily and Saturday News.

LOCAL BRIEFS.

William Redmond, the Irish leader in Parliament, will be in this city on the 30th inst., when he is to make an address.

Joseph Ulmer, formerly of Germany, now a resident of this city, was admitted to citizenship today by Judge Ritchie.

Matt Antell and Axel Rodas, both of Finland, and John Clark of Scotland, have been admitted to citizenship by Judge Armstrong.

A special meeting of the Veteran Volunteer Firemen's association is called for 11 a. m., tomorrow, when a full attendance is requested.

An attachment suit has been filed in the district court by the Utah Association of Credit Men against A. G. Nelson to recover $1,235.92 alleges to be due on an account for merchandise sold to defendant by the Z. C. M. I.

A small blaze with little loss occured in the yards of the Central Coal and Coke company yesterday afternoon. The cause was spontaneous combustion. The department arrived and extinguished the blaze before any considerable loss was caused.

The weekly report of the board of health for the week ending Aug. 12 shows 45 births; 26 males and 19 females. The death report shows 14; 9 males and 5 females. Contagious diseases reported shows 6 cases of smallpox; 2 diphtheria and 6 typhoid fever.

Articles of incorporation of the Bailey Medicine company of this city have been filed in the county clerk's office. Its capital stock is $75,000. The directors and officers of the company are R. A. Keyes, president; E. J. Wills, treasurer; W. M. Wantland, secretary and J. A. Kirby.

Wednesday was the eighty-first birthday anniversary of Patriarch Samuel W. Richards, and the day was celebrated in a family gathering at Lagoon, about 50 being present to enjoy the outing. A sociable time was spent at the pleasant resort, and many congratulations and good wishes were extended the venerable guest of honor.

Daniel Simpson got very angry last night at the saloon keeper at the Railroad Exchance because the dispenser had put him out of the place on account of his improper conduct. To avenge the fancied wrong done him, Simpson threw a large cobble stone through the window. Officer Gillispie booked the man to answer to the charge of vagrancy and destroying property.

A divident of 8 per cent was declared in the court of Referee Baldwin at 4 p. m. yesterday in the Schettler case. About a half dozen of the creditors were present. Sales have been made to the amount of $7,200 with the proceeds of which the dividend will be paid. About one-fourth of the defunct banker's property has been disposed of and it is stated as likely that another dividend will be declared in about one month.

Rev. W. J. Lankow of Tacoma, Wash., has arrived in this city, and will be installed tomorrow as pastor of the local German Lutheran church by Chaplain Brockman of the 29th U. S. Infantry who has been officiating as pastor for a number of months. The installation will be held in the Norwegian Lutheran church on Fourth East street near Fifth South. Mr. Lankow's residence will be at 163 east Seventh South.

The members of the Sugar ward choir enjoyed an outing last night, which consisted of a "hay ride" to places of interest southeast of the city. The wagons left the ward meetinghouse at 8 o'clock, and proceeded to East Mill Creek, where the singers were well entertained at Fisher's farm. They here invaded the orchards, and peaches may advance in price as a consequence. Some of the officers of the Granite stake were serenaded.

In the Eleventh ward chapel yesterday afternoon the funeral services over the remains of Isabella Webb, the 11-year-old daughter of Mr. and Mrs. Frank Webb, were held. Bishop Robert Morris presided, and music was furnished by the Eleventh ward quartet. The addresses included eloquent tributes to the promising career of the young girl, which was cut short by her untimely death. As a student in the training school at the University campus, she had attracted the attention of her teachers by displaying a rare ability in music, and her future in this work seemed to be specially promising. She became ill some weeks ago with typhoid fever and succumbed to it.

RAILROADS ARE TO BE PUNISHED.

Secretary of Agriculture Complainant in More Than Twelve Hundred Suits.

HAVE BEEN CRUEL TO CATTLE

Claim Constant Violation of the "Twenty-Eight Hour" Law Which Requires Feeding and Watering in Transit.

San Francisco, Aug. 12.—Twelve hundred suits involving a penalty of from $100 to $500 in each case, or a total maximum fine of $600,000, are to be brought against the Southern Pacific, Santa Fe, Union Pacific and other western roads for violations of the so-called 28-hour law providing for the humane shipment of cattle.

It is at the instance of the secretary of agriculture that this litigation has been taken up by the attorney-general, and the suits will soon be commenced by the various United States district attorneys.

The law under which this wholesale shipping is to be done is on the statute books since 1903, but the railroads have never given it much thought, and still less observance. It requires railroad companies transporting cattle from one state to another to unload the animals after they have been in the cars for 28 hours, feed and water them and give them a rest for at least five hours.

NEW TRUNK LINE.

Route for One to be Built by the Santa Fe to Galveston, Decided On.

Los Angeles, Cal., Aug. 11.—Announcement is made that the route for a new trunk line of the Santa Fe to Galveston has been definitely decided upon. Surveys have been completed, and the right of way is being obtained. The gap to be closed is 250 miles long over a prairie section almost as flat as a table.

Active construction will begin in a short time.

At present the Santa Fe has a line from Weatherford to Galveston. From Mexico the trunk line, it is stated, will follow the Belen cut off to Belen, thence over the present El Paso line to Rincon. At Whitewater connection will be made with the extension of the Santa Fe Prescott and Phoenix, now being built.

SALT LAKE ROUTE.

Earnings of the Road in California Make Good Showing.

The San Pedro, Los Angeles & Salt Lake railroad operates 102.24 miles of its main line in southern California. Frank S. Waters, tax agent of the line who was recently before the state board of equalization in that state, made the following statement concerning its operations. The gross earnings of the road in the state for the year ending Dec. 31, 1904, were $610,597.84, and the operating expenses $373,870.92. On December 31, 1904, the road had a surplus of $625,783.29, which included $457,824.74, left over from the previous year.

TELEGRAPHERS' STRIKE.

The Meeting Held to Adjust Difficulties. Barren of Results.

The meeting of General Manager Horn of the Northern Pacific and General Superintendent Slade of the Great Northern with the state railroad and warehouse ecommission this afternoon was barren of results so far as it had any effect on the telegraphers' strike. The railroad officials in answer to the question as to why a number of their stations were closed, informed Judge Mills, chief of the commission, that 96 per cent of the Northern Pacific stations were open and that 92 per cent of the Great Northern stations were doing business. The railway officials stated that in three or four days every station on both lines will be open.

HARRIMAN IN CALIFORNIA.

The Great Railroad Magnate Now En Route to the Orient.

San Francisco, Aug. 11.—E. H. Harriman, president of the Southern Pacific company, arrived today, on his trip to the orient. He was accompanied by Julius Kruttschnitt, General Manager Calvin and other officials of the company. The party traveled from Portland by easy stages. Mr. Harriman will sail for Japan on the Siberia next Tuesday and expects to devote his trip entirely to rest and recreation.

THING OF THE PAST.

So Says Division Superintendent in Regard to the Telegraphers Strike.

Missoula, Mont., Aug. 11.—Rocky Mountain Division Superintendent Gibson returned from the west late tonight and states that he is confident that the telegraphers strike is a thing of the past as traffic is moving with despatch and almost all trains are running on time. No action by the strikers tonight relative to refusing the terms suggested by Manager Horn. The matter was informally discussed among the strikers but no definite conclusion reached. The subject will come up before a meeting tomorrow and the result of the vote will be sent to President Perham of the O. R. T. The latter wired the local chairman today to stand firm as the outlook for winning was good.

S. P. AS A MINER.

Asks to Oust Prospectors From Famous Olinghouse District.

Reno, Nev., Aug. 11.—The Southern Pacific company today brought suit in the district court of Washoe county to oust prospectors now working on what they claim as government land in the famous Olinghouse district. In addition the railroad also asks for $5,500 damages. The suit practically ties up the richest mines in Nevada, properties on which almost virgin gold is now being extracted.

Buck Ingalls' famous claim, the property of Col. Bovee and many others are affected and the result, it is thought, will tie up a portion of the great district for years to come. The railroad claims ownership by reason of government grants of every odd section of land through the state. The miners, on the other hand, claim that they are entitled to all mineral on the land. Several months ago the railroad announced it would cede back certain mineral lands in the Olinghouse district. This resulted in people going in and investing much money on what is known as section 29, the land now in dispute. The news of the big finds made there, announced during the past few weeks it is thought has resulted in the Southern Pacific taking action to protect its rights. A bitter suit is looked for.

Auto Service in Nevada.

Automobiles are finding great favor on the desert in Nevada and are being installed in many places. Supt. Hiskey of the Nevada Central railway has been in Salt Lake, where he purchased a railroad machine with which he proposes to furnish a daily mail service to the citizens of Austin. The car has been ordered and is now on the way from the factory, and will be in service within 30 days. The machine is of 17 horsepower and will comfortably seat eight persons, with room for the United States mail. The car is beautifully finished and upholstered, with tonneau, and so arranged that it may be completely inclosed. The machine is fitted with wheels similar to ordinary car wheels and will run on the rails of the Nevada Central railway, which at present is running but two trains a week between Battle Mountain and Austin.

Special to Canada.

On Monday, the 14th, the Oregon Short Line will operate a cheap special to Alberta—the only one of the season—via Butte, with half rate tickets, good for 30 days. Both Pullman and tourist sleepers will be run.

SPIKE AND RAIL.

General Manager R. E. Wells of the S. P. L. A. & S. L. road arrived today.

The Commercial Travelers of Utah went to Lagoon today in large numbers.

The vacation excursion over the Short Line leaves for northern points tonight.

J. T. Dyer, superintendent of telegraph on the Salt Lake Route, is in Salt Lake today.

Mrs. Page, daughter of Mrs. S. K. Hooper, and Mrs. Hooper leave for Denver tonight.

The Kansas City editors will arrive over the Oregon Short Line tomorrow at 8:30 a. m.

A special car to Portland will leave Monday evening to convey the delegates to the congresses.

Tourist travel to the Portland fair and excursions to various points are taxing the capacity of the railroads to their utmost.

H. C. Shaw of the Northwestern-Union Pacific excursions has a car party, consisting of 30 persons returning via Salt Lake to eastern points.

Arrangements are being perfected to take the Tabernacle choir to Portland over the Short Line on the 18th. There will be over 200 people in the party.

A party of Christian church people, numbering 150, from St. Louis in five tourist sleepers will pass over the Salt Lake Route tomorrow evening for Los Angeles.

Railroad contractors are on the qui vive about the contracts to be let for the construction of the Western Pacific between Salt Lake and California. Ex-Governor James B. Orman of Colorado, now of the firm of Orman & Crook, the Utah Construction Co., Kilpatric Bros. & Collins and McArthur Bros. of Chicago, have had representatives in the field along the proposed line in Utah, Nevada and California.

It is reported in railroad circles that the Santa Fe and Salt Lake Route officials are to have a conference next week in California to discuss the interchange of traffic between the two lines. Important concessions have recently been made by the Southern Pacific to the Clark road in the interchange of traffic privileges in southern California. The meeting is likely to result in a benefit to both railroads and to the traveling public as well.

A Warning to Mothers.

Too much care cannot be used with small children during the hot weather of the summer months to guard against bowel troubles. As a rule it is only necessary to give the child a dose of castor oil to correct any disorder of the bowels. Do not use any substitute, but give the old-fashioned castor oil, and see that it is fresh, as rancid oil nauseates and has a tendency to gripe. If this does not check the bowels give Chamberlain's Colic, Cholera and Diarrhoea Remedy and then a dose of castor oil, and the disease may be checked in its incipiency and all danger avoided. The castor oil and this remedy should be procured at once and kept ready for instant use as soon as the first indication of any bowel trouble appears. This is the most successful treatment known and may be relied upon with implicit confidence even in case of cholera infantum. For sale by all druggists.
