The Evening paper is the paper of Today, the morning paper is the paper of Yesterday.

DESERET EVENING NEWS.

5 O'clock ~EDITION.~

TRUTH AND LIBERTY.

NO. 281. WEDNESDAY, OCTOBER 21, 1896, SALT LAKE CITY, UTAH. VOL. XXIX

SAVAGE WARFARE.

Bowling A'recilles in the Philippine Islands.

SPANIARDS DISEMBOWEL REBELS,

and Throw Wounded Insurgents—An Officer Cuts Off a Woman and Children Tortured.

CHICAGO, Oct. 21.—A San Francisco special to a local paper says: Cuban atrocities are mild compared to those taking place in the Philippine Islands, where the Spaniards are trying to suppress the revolt of the natives. Some indication of affairs has been learned from oriental papers. The most shocking incident of the bloody struggle was the treatment of a Spanish lieutenant and his family. The Spaniards had captured a number of prisoners, and as an object lesson to the natives they disemboweled two and hung their bloody bodies on one of the gates of the town. The infuriated rebels, eager for vengeance gathered a force and marched to the house of a Spanish lieutenant in the district of Manil a. They captured the officer, his wife and a 15-year-old daughter and then began a bloody scene of torture.

The most savage instincts of the native were aroused. Before the eyes of his wife and daughter the unfortunate man was cut all over his body. The sufferer crucified him, pinning him connected to a tree with their living scarcely. They then stripped the woman and girl, giving the fullest play to their animal instincts and wreaking a disgusting vengeance before the dying eyes of the husband and father. The Spaniards are doing their best to keep the news of these atrocities from leaving the islands, spacing and inspecting all the mails. They particularly desired to keep unknown the death of fifty-eight prisoners in one night in the Bilen Hole.

JOHN FOSTER OFF FOR HAWAII.

a Rumor that He Has Important Business to Attend To.

SAN FRANCISCO, Oct. 21.—Private intelligence has been received here that ex-Secretary of State John W. Foster will arrive in this city tomorrow en route for the Hawaiian Islands by the steamer Paris. Mr. Foster is going to the islands ostensibly for his health, but it is hinted that he may have on hand business of international importance. Since his retirement he has achieved a reputation as the greatest exponent of international law his services have been sought by some of the greatest nations on earth. It is not unlikely probable that he would journey to the Hawaiian islands at a time when his leaving might be called into service, seems calling away on business of great importance.

Secretary D. T. Bienenfeld of the republic of Hawaii was secretary of the legation at the City of Mexico when Mr. Foster represented the United States government there, has received a letter from Mr. Foster announcing his coming. Mrs. Foster will accompany the ex-secretary. They have planned to spend several days in this city where they have many friends.

Killed His Wife Accidentally.

CRESCO, Iowa, Oct. 21.—T. F. Farnsworth accidentally shot his wife at noon yesterday. Just as they were going to dinner Farnsworth was in the act of loading his revolver when he carelessly exploded the gun, killing Mrs. Farnsworth nearly in the center of the forehead, killing her instantly.

Noted Editor Dead.

NEW YORK, Oct. 21.—A special to the Herald from Constantinople says: The Armenians can record another victim. Noun Effendi, mortally wounded, died in the presence of his weeping father, who arrived just in time to give him in the agony of death.

The sultan on hearing the serious condition of Noun sent the palace surgeon to see if it was possible for an operation to save his life. His majesty was greatly grieved when he heard of the death of Noun.

In Behalf of Armenians.

CHICAGO, Oct. 21.—The Congregational church of Chicago, composed of both laymen and clergymen, representing 150 churches have sent a petition to President Cleveland touching on the Armenian question. It was to arrive today.

Just in view of the horror with which the world has witnessed the unofficial atrocities of the sultan of Turkey we quote the petition: The government of the United States has with other powers in such measures as shall be deemed most effective not only to insure the complete protection of American citizens in this country but to the cause of humanity to secure for the remnant of every race and religion immunity from the cruelties of a government so modern civilization every where reminds.

A PROTECTION TO SHIPPING.

American Vessels Unable to Compete With Foreigners.

SAN FRANCISCO, Oct. 21.—The chamber of commerce has decided to interest itself in obtaining some protective action from Congress relating to the American shipping interests. Secretary Merry will forward a memorial to Washington presenting the absolute necessity of subsidies to behalf of the ocean mail steamship service under the national ensign. The memorial sets forth that Japan is entering the field with fifteen steamships to be operated under a subsidy law so liberal that a 6,000-ton vessel with fifteen knots speed will be paid $61,000 for a voyage from Yokohama to San Francisco and return. It calls attention to the fact that Great Britain already has a heavily subsidized steamship line between Vancouver and Japan and China, and that another is about to be established between Vancouver and Australia via New Zealand and the Fiji islands, also calling at Honolulu. England pays annually to operate these and auxiliary cruisers $5,022,440, and France pays $2,100,000, and with such inducements is of no use for American seamers to compete with them.

The memorial declares that the contest for maritime control of the Pacific is hard and asks Congress to exert such investment measures as will permit American mail being carried by American ships.

Intense Desire to See Her.

TOPEKA, Kas., Oct. 21.—Notwithstanding the reported illness of Hon. Thomas B. Reed, the Republican state committee is making preparations to take care of him on Saturday when he is billed to speak in the state and Gov. Morrill has sent the following telegram to the speakers:

"The most intense interest is felt here over your proposed trip. Now it is not so much to have you make a long speech as it is to see you. Inclose dred thousand Republicans in Kansas will jubilee to see your face, even if you do not say a word.

"You need not fear that you must make a long speech but to just see the people wave and say a few words will be all great help to us. I do not believe you realize how intensely the people desire to see you."

The Vulturous Rites Said.

CHICAGO, Oct. 21.—The Chronicle says:

F. H. Head and other Chicago capitalists have bought the famous Vendetta mine of Telluride, Colorado, for $2,000,000. Mr. Head represents the Kington people which is largely interested in the mine. F. H. Underwood and Mr. Head conducted the negotiations which transferred the property. The mine is considered one of the richest in the country.

CAMPAIGN AGAINST SIN.

A Vigorous War to Be Commenced By the U. S. Church Army.

Brass Buttons, Flags and Music Will Be Made Use of to Evangelize out Work.

NEW YORK, Oct. 21.—The Herald says:

"Before the snow flies the United States Church army will have begun a vigorous campaign against sin. This is the production of those interested in the new evangelical movement of the Episcopal church and its realization is assured from the fact that a complete plan of organization and operation already exists, and a well equipped experimental army is even now in the field, having seen four months' active service. The resolutions issued by the executive committee of the principal missionary society were the formal evidence and acceptance of the scheme by the church authorities.

"It has been definitely stated that Col. Hadley will be appointed military director of the department of the Atlantic under the supervision of a central head and with headquarters in the city. His staff of officers will be as follows:

Chief of staff, Major Samuel P. Jones, superintendent of St. Stephen's rescue mission, Philadelphia; aide de camp, Major Sarah W. Hay, his song evangelist; aide adjutant, Major James R. Hackwell, superintendent of the Brotherhood rescue mission, and also commandant of the first regiment, U. S. A., Pittsburg, Pa.; field marshal, Major Alexander M. Lee, Pittsburg; chief and assistant director, Major Brown, New York.

"Old Glory" has been chosen for the flag of the army, with the state not only, and in their place a white cross on a blue field.

The dress coat for staff officers will be a long frock coat of black broadcloth with three rows of buttons, a band of gold braid around the sleeve and gold epaulettes. The epaulettes are in the form of a crescent, the insignia of rank being the same as those employed in the regular army. A cross of black braid ornaments the cuff of the garment. Under this coat the officers will wear a light fit, high cut clerical vest of blue cloth with buttons at the side. On the breast, outlined in silver braid, is an escutcheon bearing the letters "U. S." above the monogram "C. A." A pair of black trousers with a thin gold stripe down the seam and a clerical hat of light brown with the monogram in front completes the officers' dress uniform. The uniform of the soldiers will be similar in style to that worn by the U. S. soldiers. Dark green and gold or light blue with silver trimmings will be the colors selected for the corps, the character of the service to be performed.

Bicycle brigades and chariot corps will wear dark green. A training school will be established in Boston, and a central headquarters near Boston. Posts will only be established in a certain at the request of the recruit. When such request is received a lieutenant and first lieutenant will be sent from headquarters under pay. The other officers of the company lieutenant, a captain, major, colonel, colonel, colonel major, utterly and four other sergeants, will be volunteers appointed by the recruits.

Outdoor meetings will be held and recruits secured from among the converts who show satisfactory evidence of sincerity.

A maximum company may be one hundred of more.

When a recruit has been faithful for six months he may be sworn in as a soldier and is eligible to the service. After the soldiers have been confirmed, if they apply to higher rank, they may enter the training school as cadets. They must be intelligent workers, men whose attendance is fully known, and communicants as well as abstinents from strong and tobacco. A director of instrumental music will be engaged at cities and send practice will begin at headquarters.

Yellowstone Fossils.

CHICAGO, Oct. 21.—Lying on a shelf in Walker Museum University of Chicago is a recently discovered fossil, which professors in the department of paleontology claim to be the only perfect one of its kind in the world, and which therefore they consider to be of special value. This convention has been recently placed in the receipt of a letter from Prof. Hulbert, curator in the British museum, London, requesting that the curiosity be sent there and offered to the museum's collection. It will be sent to London for exhibition but will eventually be returned to the University.

Four weeks ago the fossil was discovered by Mr. A. D. Davidson in the neighborhood of Muscatine, Iowa. It is a coil of stone, a small water snail representing the star fish and sea urchin.

SITUATION IN KANSAS.

The State Claimed for McKinley With a Good Majority.

KANSAS CITY, Mo., Oct. 21.—Cyrus Leland, Sr., a member of the Republican national committee in Kansas, a member of the subcommittee on finance, arrived in Kansas City on his way to Chicago. When asked about the situation in Kansas he said: "Kansas is well organized and we know, from our gill of the state very nearly what the vote will be. McKinley will carry the state by a good majority and the Republican ticket.

"The first, second and fourth districts will give McKinley 12,000 majority and I would like to know where the equal of Bryan's agents to get the votes to offset that."

Harriet Bleiler's Co-Husband.

SAN FRANCISCO, Oct. 21.—Trustee Bixby, whose wife, Harriet Bleiler Beale, has been granted a divorce, is very well known in California where he lived many years. He was a son of the late Gov. Beale who was stationed on the Pacific coast in the early days and who left a large estate accumulated here.

Trustee Beale engaged in business in San Francisco and was a prominent society and clubman. He served a term as minister to Persia.

Killed by Robbers.

TOLEDO, Ohio, Oct. 21.—A farmer named Dulka, who had a large income from all sources, was murdered in his farm about seventeen miles south of Toledo, by robbers last evening. Two masked men opened the door and took the family were at supper, shot Dulka first and Mrs. Dulka through the wrist. Afterward she was knocked down and severely injured. Dulka had just received a month's income from his tenant, but the robbers failed to recover his hiding place. All they got was a few old s.

The Corner Stone Laid.

WASHINGTON, Oct. 21.—The ceremonies attending the laying of the corner stone of the Hall of Ethics, the first to be erected of a group of buildings to comprise the American University, took place this afternoon in the presence of a large and distinguished gathering.

Bamboozled Rills Himself.

FREDERICKSBURG, Va., Oct. 21.—W. T. Bamboozled, the defaulting banker at Jonesville, shot himself in the right temple in the city jail yesterday, dying instantly. He had been found on a bench in the National cemetery, his brain still keeping the secret.

About a week ago he registered at the hotel as T. A. Anderson and since then has been visiting the battlefields in the vicinity of Fredericksburg. About a hundred dollars was found on his person. Near friends of Jonesville have telegraphed for the body to be forwarded there. The following note was found in his pocket:

"My name is W. T. Bamboozle, of Jonesville, Dodge county, Wisconsin. Write Mr. Hallows, Jonesville, also Fatz, D. Bamboozle of Bamboozle & Pitts, at Bamboozle, Broadway, New York, and Jordain, H. A. Boggs, 195 Ninth street, N. Y., to come here and identify me, in order that my poor wife may get my life insurance. Hurry me here, not in Wisconsin. I have money enough to pay all expenses. I hope kind people will pardon me for the trouble I make them. W. T. Bamboozle."

Bamboozle had no baggage, save a small hand satchel.

ILLINOIS DAY.

Delegations from All Parts of the State Will Be Present.

CANTON, Ohio, Oct. 21.—It is ideal weather for Illinois day. The Illinois delegation coming from all parts of the state over all railroads is somewhat scattered. At noon nearly all the trains announced had arrived. The first to arrive was a party from Pike county, which came on special train of 250 a.m. At 7 a special train of seven coaches came, bringing a delegation from Paris and Vicinity. An hour later came another train of the same cars from Springfield and vicinity. The delegation marched as a club. Each man wore a badge inscribed "From the home of Lincoln to the home of McKinley, Oct. 21, 1896."

Two large trains arrived over the Pennsylvania lines, one bringing three carloads of black horses to be used in the parade. The other was filled with Chicagoans. By noon the city was well filled with McKinley's adherents and many more announced on the way. There was no speech-making, the business being confined to getting out a general address when all visiting have arrived, and the street demonstration is concluded. Major McKinley, however, was called to the front of the hotel porch and shook hands with them. Col. W. P. Theed of Chicago, formerly a prominent Dem-rat, was in chief command of the parade, which was one of the early arrivals. It is probable the reception will not occur until into the afternoon.

Popular Supports McKinley.

ATLANTA, Ga., Oct. 21.—A sensh shell was exploded in political circles here today by making public a letter from Dr. W. H. Felton, the Populist nominee for senator, withdrawing his name from the contest and pledging his support of McKinley. Dr. Felton was at one time a member of Congress from the Seventh district, and long has been conspicuous in Georgia politics.

Advice to Populists.

WASHINGTON, Oct. 21.—Senator Butler today received a letter from F. S. Norton, of Illinois, the twenty-second district of the middle of the road Populists for Presidential nomination at law St. Louis, advising him to stop his support of Bryan, and advising the Populists everywhere to assist in Bryan's election.

THE STUDENTS' DAY.

A Grand Celebration at Princeton, New Jersey.

A BANNER PRESENTED BY LADIES.

Torch Light Procession Tonight—President Cleveland Among the Distinguished Guests.

PRINCETON, N. J., Oct. 21.—This was "Alumni and students' day," and the town was filled to overflowing with visitors. The academic procession started at 11 o'clock at Marquand chapel and marched to Alexander Hall, which was crowded. The students were marshaled in the middle seats, the circle below being occupied by out of town visitors. As the professors entered the hall led by President Patton and Governor Griggs all present rose and remained standing until the faculty and delegates from foreign institutions of learning had taken their places on the stage and the representatives of the classes had filed into the seats reserved for them in the body of the hall. All were the gowns and decorations of their respective colleges. The procession at the head of it, Governor Wm. Henry Green, called attention to the handsome banner which descended one side of the stage, which was presented by the ladies of Princeton, with the request that it be called "The Banner of Princeton University." Green expressed his belief that the gift could be accepted and that it would be under the title bestowed upon it by the donors. The banner is of silk with fringed with orange and black, Princeton's colors.

Governor Griggs of New Jersey was introduced as presiding officer. He spoke of being glad to be present at the last anniversary. Rev. Dr. Henry Van Dyke, pastor of the Presbyterian church, New York, representing the Chinese Academy, also delivered an academic address, called "The Students." Dr. Van Dyke's poem was composed for Princeton's career since its establishment 150 years ago. The billing points were greeted with hearty handclapping. The morning exercises closed with an address to Princeton in the Nation's service, by Prof. Woodrow Wilson, professor of political economy at Princeton, who represented the American Whig society. Professor Wilson was greeted with shouting cheers.

Tonight the great event of the celebration is a torchlight procession which will be a spectacular scene taken place. This is a torchlight procession and the illuminations of Princeton. President Cleveland arrives from Washington at 8:45 p. m. and will review the parade.

Flag Day Proclaimed.

DENVER, Oct. 21.—In compliance with the suggestions of Bryan and Chairman Jones, of the Democratic national committee, Governor Motsgate today issued a proclamation making the 27th inst. irrespective of party or Silver or Gold, a Flag or Union Silver Day. Regarding Chairman Hanna's original suggestion of flag day, the governor says: "I do not apprehend that the attempt of Mr. Hanna to debase the national flag of the United States is sympathetic and impertinent and should be resented by all good Americans."

MEETING OF ARCHBISHOPS.

A Gathering of Interest to the Catholic Church in America.

WASHINGTON, Oct. 21.—The archbishops of the Catholic church and many bishops assembled in the Catholic university at 10:30 o'clock today under circumstances of unusual public interest. The entire meeting was a board of administration of the Catholic university, in which archbishops are ex-officio members, although only six are current members entitled to vote. The meeting of archbishops as a governing body of the church, without connection with the university, begins tomorrow.

Early this morning the eminent ecclesiastics began to gather in the remain manner of Mullen hall. Cardinal Gibbons was one of the first to arrive.

Li Hung Chang at Home.

PEKIN, Oct. 21.—Li Hung Chang has arrived here and will shortly present his report to the emperor.

The Successor of Bishop Keane.

WASHINGTON, Oct. 21.—The board of directors of the Catholic university adjourned at 4 o'clock today after having voted to submit to the pope three names from which he will select the successor of Bishop Keane, as rector of the university. The vote resulted in the names public.

THE WHEAT MARKET.

The Price Falls Rapidly—A Nervous Feeling in the Pit.

CHICAGO, Oct. 21.—Wheat was in the wildest spirits today. It started with a break of nearly 2 cents a bushel almost as soon as trading began. December wheat which closed at 74½, opened this morning with trades all the way from 72½ to 73½. The price rapidly fell to 72, and voted temporarily to 71½, or 3 cents less than it was 24 hours ago. A rise of 1 cent in 2 per cent so compared with last night's closing figures.

The descent continued with scarcely a break. At 10:15 December was quoted at 70½, a loss of 3½ cents in about one hour.

There was a decidedly nervous feeling in the pit. Liverpool cables came lighter early, but only to Round the advance of Bryan's chances. Later cables indicate a decided weakness abroad. Another weakening influence was heavy northwest receipts, which were fully up to the high mark of last year. At the opening, wheat was sold at sale. Short interests had been driven in over yesterday, and their insistently removed the most outstanding influence.

The market was decidedly weak. Oats were quiet and weak.

THE LONDON MARKET.

LONDON, Oct. 21.—Wheat market opened firm. At the Baltic there was heavy trading, and prices recovered to Monday's extreme rates. On Mark Lane English wheat, sold, was 6 shillings, and foreign wheat 6 to 10 dearer over Monday's prices with a steady demand. Flour showed a shilling advance.

Hanson and Bryant, DeWar and Weir, and other trading firms interviewed by a representative of the Associated Press, think the advance is due to an American "corner."

The price of wheat in London and provinces has risen rapidly.

The "Mincing" says: Whether the wheat advance proceeds from speculation or a miscreate Department of from natural causes, the court cuts the grinest from many Bryan's feet.

AT BERLIN.

BERLIN, Oct. 21.—Wheat market to-day opens firm at a decided advance. At the close prices were 2 to 2½ marks per thousand kilos better than yesterday.

AT PARIS.

PARIS, Oct. 21.—Wheat here opened firmer, but at the close prices were firm at 25 centimes per hundred kilos under yesterday's prices. The market was active at close.

ACCUSED THE SERGEANT.

Cavalry Charged with Participation in the Attack on the Crowds.

LEADVILLE, Col., Oct. 21.—C. H. Clancy has been indicted for murder and arrested. He is charged with participating in the attack on the Chicago mine, in which Sergeant O'Keef was killed.

Germany and Venezuela.

WASHINGTON, Oct. 21.—Advices have been received by Minister Andrade of Venezuela that the commission sent by Venezuela to Germany informed after accomplishing most satisfactory arrangements which bring about close identity of interests between the two countries. The main feature of the arrangement are a loan of $10,000,000 German capital to the Venezuelan government and the establishment of a German bank with a branch capital at Caracas. The president of the company making the loan is Herr Kropp of the famous gun works of Essen. The loan is to be based on Germany's investments made in Venezuela in recent years.

Sub Revolution.

GREENWOOD, Miss., Oct. 21.—Yesterday J. H. Ross, white, was shot and killed by a negro near Sunnyside, Leflore county. Last night the lynchers hanged the negro. It is said in connection with the affair that the negro shot the white in self.

BRYAN TIRED OUT.

A Partly Arrangement of His Time Through Ohio.

SANDUSKY, Ohio, Oct. 21.—The tripod Bryan through Ohio has been arranged by the committee of which Daniel McCreville was representative. Money night the candidate worked until 2 a. m. and at 7 in the morning was surrounded by the crowds again. Local committees were allowed to surge through the car. The train was two hours late when the morning reached Fremont. Then Bryan came to was billed to speak at Tiffin. Last night, as a consequence, Bryan was three out.

BELLEVUE, Ind., Oct. 21.—After a sound sleep from 1:30 this morning, when he commenced his last speech at Tiffin, until 8:30, when he spoke at Greenville, Bryan was refreshed and in a good condition to talk. The car in which he slept lay over during the night at Urbana. Early this morning at Bradford junction several hundred gathered about the car and yelled for the nominee. At 8:30 when Greenville was reached Bryan spoke to a large crowd twenty minutes. Great enthusiasm was shown. The speech delivered the silver dollar and advocated the 16-cent dollar proposition.

CAMBRIDGE CITY, Ind., Oct. 21.—Wayne county is the banner Republican county of the state and Richmond is the stronghold of Wayne county. There were yellow badges at both meetings Bryan addressed there and allusions to McKinley were numerous. There were, however, many McKinley in the crowd who yelled hard and after.

HOBNTVILE, Ind., Oct. 21.—The train bearing the Bryan party arrived at Cambridge nearly an hour late. A few minutes' stop was to have been made, but Bryan was asleep in the grounds where he spoke at some length. Bryan was unable to get from the carriage to the speaker's stand. He spoke from the driver's seat.

Postmasters Appointed.

WASHINGTON, Oct. 21.—The President today appointed the following postmasters: Wyoming, Hook Buttings, James P. McDonald; Iowa, Sidney, Jim Yowell. The appointee is a daughter of Yowell, against whom charges of embezzlement were made a month ago. The postmaster disappeared immediately after Yowell's arrival. The Yowells had made good the deficiency.

Demonstration for Harrison.

NEW ALBANY, Ind., Oct. 21.—Ex-President Harrison's coming today was the signal for the most imposing Republican demonstration. He arrived at 9 o'clock and spoke to an enthusiastic crowd of at least ten thousand people at Harrison Park.

THE MOVEMENT OF GOLD.

London Bankers Expected to Raise the Discount Rate.

LONDON, Oct. 21.—There is a general belief here that the directors of the Bank of England at the regular weekly meeting will raise the discount rate from 3 to 4 per cent.

The newspapers agree in stating that the flow of gold to America must be stopped.

The St. James Gazette says: "According to exchange experts even the present rate does not allow a margin of profit to shipper. A premium on gold is evidently paid in New York by those who are so nervous in regard to the political situation as to insist upon heading up gold. This is a situation moment of the outlook as to the Republicans about the result in Bryan. It is also obvious that the very rapid advance of wheat makes it impossible to the power at Continent to draw on the European gold supply, and unless the directors of the bank are prepared to allow the reserve to suffer on as certain. As far as we can judge, the prospect of the reserve being lower will be 22,000,000, and when we deduct the sum of ten millions which has to be set aside against the government loans, the total is now the lowest recorded for the nation within the memory of Scotland, just beginning. Such a stock exchange was fully prepared at the time of the bank last week, there will be no sudden collapse of prices."

Rockefeller Expected Home.

CLEVELAND, Oct. 21.—Lord Salisbury's victory over the combined French and Spanish fleets on Oct. 21st, 1805, was celebrated at Trafalgar square today with more than usual enthusiasm. The victory was so far reaching in the plan of Napoleon to invade England with 150,000 men, the observance of the anniversary of the achievement has been regarded, particularly in France, as likely to take the character of the demonstration calculated more or less to offend the sensitive of Lord Salisbury's recent reception in France. The Nelson monument was today literally covered with flowers from the base to the summit. The wreaths which attracted particular attention was inscribed: "From the daughters and sisters of the sailors who fought with Neptune at the battle of Trafalgar."

IN HONOR OF A PRINCESS.

Rules to Be Observed by the Citizens of a City in Italy.

The Municipal Authorities Issue an Edict Relative to the Decorations.

ROME, Italy, Oct. 21. (Copyrighted 1896 by Associated Press.)—The Italian royal palace Stresa, having the hand Princess Helene of Montenegro, her betrothed husband, the crown prince of Naples, and members of the princely family of Montenegro, who are to be present at the marriage, arrived here today escorted by a squadron of Italian cruisers. The royal party experienced bad weather crossing the Adriatic and nearly all the travelers were sea sick.

The princes and princess were warmly greeted on their landing by Italian officials and others who had gathered to pay their respects to the royal party. Local attempts at decoration were universal, but modest. They were made in response to the following municipal edict which was posted on the walls of the principal thoroughfares: "Citizens of Rome: It is your duty to see that the streets of all unnecessary noise. Usual and natural noises are to be allowed to take away from the windows.

"Children and children must no longer run naked in the streets.

"Clothes, cows, hens and drunkards must be kept at a proper distance.

"No more kiss, for three weeks, will be emptied in the streets.

"Licensed coachmen are forbidden to wear rags and tatters, and are ordered to narrow dirtiest pillow cushions.

"Let these things be done and our citizens will prove themselves worthy of their distinction of city will be duly furnished for greeting her royal bride."

From the Netherlands.

The News received a call today from Elder William D. Bingham of Bingham City, who returned Tuesday from laboring as a missionary in the Netherlands mission, Elder Bingham left home April 21, 1894, for Great Britain, and on arrival there was directed to proceed to the Netherlands, which he did. He labored as a missionary in Rotterdam, Amsterdam and other towns in Holland, being well received by the people and meeting with good success. He says the prospects of the mission are more than usually bright. There are fourteen Elders there, and thus far this year there have been about 150 baptisms. Elder Bingham came to the city on the steamship Astoria. He stated from Rotterdam to Salem passage on the City of Boston, but was delayed on the North Sea in the recent big storm.

Contemptible Business.

Some individual whose sense of decency is so infinitesimal as not to be discoverable by the visual organs of an ordinary person has been perpetrating a most contemptible trick on the registry agents in Salt Lake county, but which is really one of the most contemptible pieces of work that has been done in this locality for some time. A card was sent to registrars, directing them to meet at 24 east Second South at 8 o'clock this afternoon, to attend to an urgent and important matter. The card was signed "Committee." Some of the registrars received a warning that the affair was a joke, but many of them did not, and appeared at the number indicated, which is a dwelling house, the tenants of which knew nothing of the call. Many persons were thus put to trouble, and some to expensive inconvenience, because of the contrary with which they treated the request. A few nights in jail would be a salutary cure for the party responsible for sending out the jokes card.

Theology Class.

The theology class taught by Professor Willard Done will hold its first session for revised work in the Latter-day Saints' College building, 252 west First North street, this Wednesday evening at 7:30 o'clock. The course of study embraces Latter-day events in the history of the Bible, to be given in a period of twenty weeks.

"PIONEER" OF OGDEN

Prominent Citizens Make a Visit to Ogden Canyon.

AN ACCIDENT MARS THE OCCASION.

Enjoyed Tobacco of Ogden Seriously Hurt—Viewing a Magnificent Enterprise.

The others as very enjoyable trip of the Salt Lake business men and others to the Pioneer Electric Power company's works to Ogden canyon today was marred by an accident which occurred about 3 o'clock this afternoon, at Wilson's new mill about five miles up the canyon.

The party had visited the head of the canyon and had slowly scrutinized the work going on there, after which they proceeded on their return journey to the city.

On reaching Wilson's new mill the party alighted from their carriages and began to enjoy the beauties of the landscape which at this point is exceedingly grand, the mountains rise on either side of the river like gigantic walls turreted with projecting boulders. The river occupies a narrow space at this point. Near the mill there is a track about 200 feet long which scales the mountain side to the tunnel, which is 700 feet in length. This is the longest tunnel of the great enterprise. The cars operated on this line are drawn from the river bed to the tunnel by a cable, and then are thrown up the cars are outlined by trolleys.

The party in fully appreciative the romantic decided to enjoy a flight ride to the cars from the mouth of the tunnel to the river. The first car ride was made in safety. In the second attempt the accident referred to occurred.

The car party was composed of C. S. W. Clayton, I. Sol Loss, Adj. Jenks, J. Q. A. Cannon, W. N. Hansen, deputy county clerk of Weber county, Geo. M. Hansen, city editor of the Ogden Standard, Moe Edith Adamson, city editor of the Ogden Press, T. E. Browning, of the Ogden City council, Commissioner Geo. W. Jones, of Ogden, J. N. Welch of the Union and Union Stockyards, a well known Ogden druggist.

The car had scarcely left its moorings when the brake attachments gave way so that the speed of the flight could not be controlled, and the car shot along the rails at a terrific speed, finally coming to the point where the brakes were attached. The cushions were warmly covered in the rear, so that the occupants of Anderson and others who had gone to the rear of the car were not hurt, but the front passengers were severely bruised and bruised and the car was thrown partly off the rails, the cushions were broken and were thrown partly off the rails, the cushions were broken and were thrown partly off the rails, the cushions were broken and were
