C., for final interment in Arlington cemetery, and Captain C. H. Penrose of the quartermaster's department at Fort Townsend, Wash., has gone east to conduct the interment.

Councilman Barnes received a letter this morning, from sheepmen in the Juab desert, stating that with the exception of a little snowfall last Saturday, there had been no precipitation for a long time, and all of the western deserts are practically bare of snow. In view of this, sheepmen are very fearful about venturing out far with their sheep, and there is a feeling of uncertainty as to the winter's outcome for grazing that is embarrassing.

The two years old grandson of Senator W. A. Clark of Montana, better known as "The Million Dollar Baby," was in town yesterday afternoon for a short time, chaperoned by his aunt, Mrs. G. A. Lauzier and Miss McLennan of Butte, en route to Los Angeles. The child's mother died about a year ago, and since then he has been cared for by relatives. His grandfather wrote out a million-dollar check for the young man shortly after the mother's death.

City Recorder Critchlow and his deputies got busy while preparing for the special bond election and saved the city about $400 in sending out the booths to the various polling places in the city. It has been the custom heretofore to hire a large force of extra men with teams to do that work, the total expense of which amounted to $450. Mr. Critchlow simply hired two teams and one extra man and with the help of his office force the booths were sent out and returned at a cost of only $36.

The extension of the watermains at Fort Douglas has been completed from the corrals to the new wagon shed and granary, at a cost of nearly $2,000. The improvement is a great convenience to the quartermaster. The new bachelor officers' quarters are occupied. They are a vast improvement over the old quarters on the semi-circle and are equipped with all of the latest improvements in household fixtures. In the old quarters the conveniences are primitive, and have been the source of much complaint.

Walter Petrosky, a laborer on the Short Line, walked into St. Mark's hospital yesterday to find out what was the matter with him, and he is now occupying a ward at the quarantine hospital. The man was invited out into the open air to await the arrival of the health officials. The pest wagon was sent out after him, and he was taken to the hospital. He is about 21 years of age, and is a transient in the city.

Cured His Mother of Rheumatism.

"My mother has been a sufferer for many years from rheumatism," says W. H. Howard of Husband, Pennsylvania. "At times she was unable to move at all, while at all times walking was painful. I presented her with a bottle of Chamberlain's Pain Balm and after a few applications she decided it was the most wonderful pain reliever she had ever tried. In fact, she is never without it now and is at all times able to walk. An occasional application of Pain Balm keeps away the pain that she was formerly troubled with." For sale by all druggists.

Bulletin Was Appreciated.

The following bulletin, issued by Supt. W. R. Scott of the Salt Lake division of the Southern Pacific has tickled the men mightily, and it goes without saying that one and all will put forward their best efforts in consequence, as official notice of good work performed is always appreciated:

"All Officers and Employes, Salt Lake Division:—Gentlemen:—As the year 1904 is drawing to a close, I take this method of notifying the officers and employes of the Salt Lake division of my high appreciation of the services rendered during the past year. We have had a very successful year so far as operation is concerned, and I am not unmindful of the fact that the freedom from trouble or accident is due very largely to close attention to duty on the part of those directly concerned in the handling of trains.

"We can always profit by past experience; therefore, let us enter the year 1905 with the determination to have a still better record for the next and succeeding years.

"I wish to thank all concerned for their hearty co-operation,and wish each and every one a prosperous and happy new year. Very truly yours."

"While with the U. S. Army in the Philippines, I contracted chronic diarrhoea. SHORTAGE OF DIRECTORIES.

New Bell Subscribers Have Used Them Up.

The management of the Rocky Mountain Bell Telephone Company is compelled to ask its patrons to take particular care not to destroy or lose their telephone directories, as the present edition is exhausted.

Anticipating a large increase in the number of subscribers nearly a thousand extra directories were printed two months ago, but the growth exceeded this provision. Every effort is being made to hurry the publication of the new edition, which will be ready for distribution about January 25th, and until that time the company asks its patrons to be patient. Those without books can obtain the desired connection by calling for the Chief Operator.

TUTTLE BROS. & WOOLLEY,

Investment Bankers. Estb. 1871.

Salt Lake City, and Grand Rapids, Mich. Real Estate, Mortgages, Rents and General Investments.

Every department of our business having enjoyed unusual growth during the year just closed, we desire to thank our many friends who have made this possible, and wish them, one and all, a happy and prosperous new year. We also want to assure them of our unqualified faith in four years more of Roosevelttian prosperity—and more, the four years will go down in history unparelleled as years of growth in the great west. No president has ever looked with such favor on the western half of our nation.

Salt Lake City is a beautiful city in which to reside, and certainly the best business point in this "mountain walled empire," 800 miles wide extending from the Canadas on the north to Old Mexico on the south. In this domain more miles of railway will be built in the next two years than in any of equal size in the United States. Salt Lake City will have 100,000 people in 1906. She is the unquestioned social, political, military, publishing, educational, religious, commercial, industrial and financial metropolis of this great intermountain empire. It is the profound truth that every American city reaching 100,000 population have ever thereafter continued to grow. Few of them possessed advantages equal to this city's. She also enjoys permanent tourist and sightseeing assets unequalled anywhere in America! Therefore—start the new year right. Buy good real estate and mortgages of us and get your share of the general prosperity and profits sure to come.

We manage more than $1,500,000 worth of Salt Lake City real estate—exclusive agencies. It is owned mostly by non-residents, and we can show many choice bargains. Our seven live, courteous, conservative salesmen will advise you right. With 20 years of lively success already, this year must be the liveliest of all—and the years to come—livelier still. Reasons: Our ability to get bargains; our willingness to give bargains. We are always working and hunting for genuine bargains, and therefore always have a nice fresh list.

We have Brigham Street homes, and good business properties—for the millionaires. Fine homes and building sits, and stores for sale, and to rent for everybody. Neat homes, cottages, and vacant lots in all parts of the city for the laboring man. Wholesale, warehouse, and factory sites and trackage properties in great variety.

Call on us. Correspond with us. List your properties with us.
