CONGRESSIONAL.

SENATE.

Currency Bill Passed.

WASHINGTON, 14.—Windburne argued that the government should take steps for the resumption of specie payment, by maintaining and increasing the specie reserve, and that the nation would be better off without the passage of this bill.

Wright's amendment was then adopted, 32 to 24.

Chandler then moved to table the bill, to save a waste of time; rejected, yeas 19, nays 35.

Wright moved to amend, making the rate of interest on the redemption bonds proposed by the bill, four and a half instead of five per cent; agreed to, 32 to 15. He also moved to make the times for the payment of these bonds ten instead of fifteen years, and to fix January 1878 instead of 1877 as the date of the resumption of specie payments by the issuance of these bonds; both agreed to.

Conkling then moved an amendment, striking out all after the enacting clause, and inserting a bill for the withdrawal of forty-six millions of national bank notes from the States in excess, and the redistribution among the States short of their proportion.

Merriman offered a substitute, providing for the substitution of greenbacks for national bank notes, to repeal the tax on State banks, making greenbacks receivable for fifty per cent of customs duties, the resumption of specie payment in 1878, the substitution of silver coin at a certain date for the fractional currency, &c.

Conkling's amendment was rejected, yeas 27, nays 29.

Wright moved to substitute the word "shall" for "may" in the clause authorizing the Secretary of the Treasury to reissue United States notes, redeemed after July 1878, as provided in the ninth section; agreed to.

Conkling again offered his redistribution amendment, which was again rejected, yeas 18, nays 28. Several other amendments were offered, but all were rejected, and the bill passed, 25 to 19.

HOUSE.

Deficiency Bill Passed.

WASHINGTON, 14.—Shanks moved to strike out, from the deficiency bill, the item of ninety thousand for the rent of a building in Washington belonging to John G. Wright, explaining, and making a motion to order and put on record, the fact that the Interior Department rented a building from a man who robbed the Indians and built a house with the proceeds.

Nesmith thought that if Wright robbed the Indians it was no reason for the government robbing Wright; the amendment was rejected.

The amount of 18,000 and odd dollars, to reimburse the fund of the District of Columbia reform school, in the hands of Henry D. Cooke, treasurer, at the time of the failure of Jay Cooke & Co., was amended by directing the Attorney General to investigate the matter of the loss; the bill was finished and laid aside, and the committee took up the consular and diplomatic appropriation bill, appropriating $3,317,501; of which nearly two millions are for payment of claims of British subjects. Swann explained the bill, and without action the committee rose, reported to the House the deficiency bill, which was passed, and the House adjourned.

EASTERN.

No Woman Suffrage.

BOSTON, 14.—The Senate, to-day, refused the third reading to the resolution for a constitutional amendment for woman suffrage, yeas 14, nays 19.

New Constitution Adopted.

CINCINNATI, 14.—The Constitutional convention, to-day, adopted the new constitution by a vote of 85 to 13.

Reformed Episcopal Church in General Council.

NEW YORK, 14.—The general council of the Reformed Episcopal Church, to-day, continued its session. All the canons were adopted except that relating to marriage, which was referred to a committee, which was instructed to report at the next annual meeting. A communication was received from the free church of England, but its proposition, looking toward an absolute union, could not be entertained with the present differences in government.

$20,000 Fire.

CLYDE, O., 14.—Two stores and six saloons were burned last night; loss $20,000.

Disaster on Lake Huron.

DETROIT, 14.—A dispatch states that the tug *Time* blew up in Lake Huron this morning; all hands were lost except the captain and first engineer.

American Silk Trade.—Arrived.

NEW YORK, 14.—The Silk Association of America held its second annual meeting yesterday, at which the Secretary's report was read, and the officers of the preceding year re-elected. The report gave a review of the operations of the past year, and said that while many trades are languishing and some are in ruinous disorder, it is apparent that the silk trade is well in hand, controlled by conservative counsels, watchful for the first awakenings which only legitimate wants should arouse, and fully content to bide the time which shall give to patience and wise self-reliance their sure reward. All considerations lead to the conviction that the national facilities for the American manufacture of silk goods are becoming more widely known abroad and better understood at home. American mills do an annual business of nearly nineteen million dollars.

The English accountants employed by the British Erie shareholders, and selected by James McHenry, to investigate the condition of the books and accounts of the Erie Co., arrived in this city yesterday from Liverpool.

Corn for Ireland.

CHICAGO, 14.—The schooner *Pauline* sailed from this port to-day for Cork, Ireland, direct, with a cargo of 20,000 bushels of corn; the freight rate is thirty cents a bushel in gold.

The Arkansas Legislature in Session.

LITTLE ROCK, 14.—Both Houses met this morning, and adopted a resolution requesting the President to put the Assembly in possession of the State House property, and to take action for the necessary disposition of the armed forces now disturbing the domestic peace of the State.

Prison Reform Congress.

ST. LOUIS, 14.—The prison reform congress met here to day; there were eighty delegates present. Richard Vomx was elected President. Dr. Winners read the report of the executive committee.

WEST INDIES.

Masons Arrested.

HAVANA, 14.—San Juan and Porto Rico advices state that the members of the masonic lodge at Sabana Grande have been arrested by the police. The *Bulletin* newspaper approves the course of the government towards the masons, declaring that the masons in the Antilles are thoroughly in favor of the separation of the colonies from Spain.

WESTERN.

The Bandit Vasquez Captured.

SAN FRANCISCO, 14.—A dispatch from Los Angeles, says that undersheriff Johnson of Los Angeles, and four men, have captured the notorious bandit Vasquez. They found him at the house of Greek George, in Cayhuenga Canon. Vasquez was in bed unarmed; he jumped from the window. The men fired on him, and hit him three times, one shot from a rifle passing through his back. At five o'clock Vasquez was safely lodged in jail. His wounds are not dangerous. The jail is guarded by policemen, and no access to the prisoner is allowed.

FOREIGN.

PRUSSIA.

That Royal Arrest.

BERLIN, 14.—The Augsburg *Gazette* says the arrest of the Russian Grand Duke was not due to a political cause.
