TELEGRAPHIC.

QUINLAN CONFESSES.

Positive Evidence of the Murder of Benjamin Pistel

SUPPOSED TO BE OBTAINED NOW.

Information Concerning the Killing of Mrs. Conner and Pearl—New Witnesses Located.

CHICAGO, Aug. 5.—The police have at last received a partial confession from Pat Quinlan, the janitor of the Holmes castle, and have, they believe, positive evidence that Benjamin F. Pistel was murdered in this city by Holmes and the corpse sent to Philadelphia.

The confession was wrung out of the Quinlans by means of a tip given the local officers by Detective Geyer of Philadelphia, who arrived in this city today.

The exact nature of the story told by the Quinlans the police will not reveal, and in fact Chief Badenoch and Inspector Shippirick have both denied the Quinlans or his wife made any confession at all. Notwithstanding the denial of the police, however, it is positively known that Quinlan made and signed a confession, because it was upon this that Quinlan's allegations on the doorsteps could be seen, although the subject matter under which he wrote his name could not be ascertained. To-night, however, it was learned that a confession was made covering all the details of the murder of Pistel, with the exception of the actual place in which the crime was committed. This the police declare they will have tomorrow.

The confession was obtained from the Quinlans only after the hardest kind of work, and at the price of a promise of immunity from punishment for all but the Quinlans may have done in the murder of Pat Conner and the crimes committed by Holmes.

Mrs. Pat Quinlan knew of the disappearance of Mrs. Julia L. Conner in Holmes's castle, and saw the body of the woman after she was dead. She further knew and has admitted that Pearl Conner disappeared mysteriously in the castle after her return from a trip to the Quinlan farm at Lakeview, Mich.

The chief saw has proof positive that Mrs. Conner and Pearl, her daughter, or Clara Quinlan, were murdered in the building while the mother was in Holmes's employ.

Quinlan has given information which the last twenty hour hunt which brings the charge of murder under to Holmes than it has been in Chicago at any time since the discovery. Quinlan and his wife, while denouncing to the police that they were at no time guilty of the crime of murder themselves, have made admissions by which the chief could use them as the stand as valuable witnesses against Holmes in proving that Mrs. Conner and a child were made away with by Holmes for the purpose of securing insurance which Mrs. Conner carried on her life in favor of her daughter.

Mrs. Conner's body was disposed of by burial within the castle somewhere close to the spot where Pearl's supposed body was found. The police have not ceased their efforts to find the bottom of the basement and uncover her remains.

Quinlan and his wife have admitted that a business in receiving and disposing of dead bodies stolen from country graveyards was carried on in the castle under the direction of Holmes.

New witnesses in the Holmes case have been located.

LITTLE ROCK, Ark., Aug. 2.—Attorney O. M. Humphrey of Fort Worth arrived here today and went to the prison, where he and superintendent McConnell were closeted for some time with convict Allen. Mr. Humphrey represents the interests holding claims against Minnie Williams's property in Fort Worth on debts contracted by Holmes and his accomplices. After the conference he said: "Allen unmistakably knows more than anybody else about the transfer of the Williams property, because he spoke to me unhesitatingly about various papers connected with that deal which are now in my possession, and the contents of which have never been made public.

"Do you think Minnie Williams is still alive?"

"I most emphatically do. From what I know and from what Allen said today, I am positive that she is not only living but that she is in the United States, and that were Holmes free he would be with her in less than twenty-eight hours."

A Stage Held Up.

MERCED, Cal., Aug. 2.—The Coulterville stage was held up six miles this here by a masked robber. He secured the Wells Fargo treasure box with valuable contents.

Corbett Divorce Case.

NEW YORK, Aug. 2.—Judge Gildersleeve today approved the referee's finding in the Corbett divorce case. The given Mrs. Corbett an absolute decree, with the right to assume her maiden name, Olive Lake. She is to receive $5,000 a year alimony, payable semi-annually. She may marry again, but Corbett is forbidden to do so during the life of his wife.

"There's no such word as fail" in baking with Dr. Price's Baking Powder.

GOLD WITHDRAWALS.

Treasury Officials See no Cause for Uneasiness.

WASHINGTON, D. C., Aug. 2.—The withdrawal today of $2,500,000 in gold from the sub-treasury in New York is not regarded by the treasury officials as cause for uneasiness.

Since February last the bond syndicate, it is said, has fully demonstrated its ability to protect the gold reserve from any serious encroachments, and it is not doubted that today's withdrawals could have been prevented had such a course been deemed at all necessary to save an impairment of the public confidence. So far as is known here, there are no indications of further withdrawals, but even if they should continue for a short time the treasury officials say they would not feel disturbed in consequence. They argue that the autumn shipments to Europe of grain and other farm products are certain to set in late in the present month and continue through November, with the result that the gold movement will be toward the United States.

Dorrant's Witnesses.

SAN FRANCISCO, Aug. 2.—It is said that the counsel for Theodore Durrant, charged with the Emmanuel church murders, will attempt to prove an alibi for Durrant by the testimony of members of his family and his friends. But it has not been determined as yet whether to put the defendant on the stand or not.

Attorneys Deuprey and Dickinson will be guided in the defense greatly by the showing made by the prosecution. If the people present a strong case of circumstantial evidence, and the witnesses for the state remain firm under the fire of cross-examination, a strenuous effort will be made to create a doubt in the minds of the jurymen by throwing an unknown party into the case, who will resemble Durrant in such an extent as to permit a mistake in identification. That such a course is being considered is evident by the story told by Clara, before he was tripped up by his wife and mother.

It is thought that the best the defense expects is a disagreement of the jury, which, in the end, it is thought will be equivalent to a dismissal, as it is seldom if ever a man is convicted on a second trial after a disagreement in the first.

DRAWING TO A CLOSE.

The Proceedings in the Oregon Short Line Case.

HELENA, Mont., Aug. 2.—In the circuit court of the United States for the district of Montana the application of the defendants to submit the answer in the case of the American Loan & Trust company vs the Oregon Short Line & Utah Northern Railroad company was denied, and as the court was to take a recess until Wednesday next, further proceedings were deferred until that day, when a decree of foreclosure will be entered, in accordance with the prayer of the complainant, and as ordered by Judge Bellinger in the district of Oregon.

This leaves only the Idaho, Utah and Wyoming courts to pass upon the proceedings which, having been somewhat dilatory, seems now drawing to a close, when the principal lessee of the Union Pacific system will probably be sold.

Measures at Ku Cheng.

SHANGHAI, Aug. 2.—Advices from Pin Chow are that a telegram received there says a fearful massacre of Christians has occurred at Ku Cheng.

Five foreign items are among the murdered.

LENZ LEGALLY DEAD.

His Will Filed for Probate—His Slayers Arrested.

PITTSBURG, Aug. 2.—Frank G. Lenz, the missing bicycler, is legally dead, and his will, in which he leaves all his property to his mother, has been filed for probate. Satisfactory evidence of his death has been furnished to Ralpher Connor. The will is dated May 2, 1895, the day before Lenz left Washington to secure his papers for his trip around the world, and names his mother, Maria Anna Lenz, an Austrian Vice Consul Schouvier as executor, to whom letters were issued.

Through the efforts of the British vice consul at Erzerum, it is definitely known that Lenz was murdered May 10, 1894, while riding between the villages of Kurilali and Dahn, near Erzerum. The men who murdered him are known as Hago and his brother, two sons of Khalib and two sons of Abduraman, six men in all. At the demand of the British vice consul the six men have been arrested and will be tried for the murder.

GOVERNOR RICHARDS REPLIES.

To Alleged Slaughters Attacks Upon White Settlers.

DENVER, Aug. 2.—A special to the News from Cheyenne, Wyo., says:

The Indian Rights association, having made an attack upon the settlers of Jackson's Hole and the Wyoming state officers regarding the Indian troubles, Governor Richards today made the following reply:

"The statements made by Secretary Elder, of the Indian department of the American Missionary association concerning the Indian difficulties in Wyoming are erroneous. I have information of the killing of only one Indian, who, together with fifteen others, were resisting law officers and attempting to escape, after having being arrested for killing elk in open violation of the laws of Wyoming. One of the Indians arrested upon July 14th had a pass signed Thomas H. Tater, dated at Fort Hall agency, May 28th, giving him permission to be absent for thirty days for the purpose of visiting friends at Shoshone agency, Wyoming. When arrested his pass had expired nineteen days. He was more than 100 miles from the Shoshone agency, on no reservation, and had 153 fresh elk hides in his possession. The other cases were similar.

"Secretary Elder's statement beginning: 'Those of us who know of the brutal character of many of the white men that live in this Western territory,' would indicate that he speaks from personal knowledge. If so, he is guilty of slandering the people of Jackson's Hole valley, who are peaceful, industrious, law abiding citizens, who have not cost the state a dollar on any criminal account for three years.

"The people resident in Jackson's Hole, Wyo., were not aware that an Indian living on a reservation in Idaho could have a right to come into their midst and slaughter elk for their hides alone, leaving the carcasses to rot, while they could not kill one of these animals for food for their families without violating the law. It does not seem reasonable, and it is doubtful whether they would believe it if it were explained to them, that a technical construction of a treaty made twenty-seven years ago gave them that right. I freely confess that I do not."

Thrift and happiness follow the use of Dr. Price's Baking Powder everywhere. It helps to save.

THE YEAR'S CORN CROP.

The Record of Any Previous Year Exceeded.

CHICAGO, Aug. 2.—A local paper says: The crop of corn this year will be the largest that has ever been known. It is estimated at the present time that the yield will exceed by 200,000,000 bushels the record of any previous year. This condition did not exist a month ago. At that time continued drought in nearly all the corn states made the outlook dubious for an average yield. But the rains came, heavy and continued showers, just at the time most needed, and today prosperity is seen shine over millions of homes that for many a year.

How much depends on the corn crop is realized by one. The crop will bring more money, if marketed, than all other staple products combined. The estimated yield of corn for this year is from 2,200,000,000 to 2,300,000,000 bushels. At the present price, which is 35 cents for December or May delivery, the crop will be worth $800,000,000. A decline of 5 cents a bushel would mean a difference of $115,000,000 in the value of the crop.

To emphasize the immensity of this product, it may be said that the state of Iowa alone will raise enough corn this year to supply more than 3 bushels to every man, woman and child in the United States. Illinois, Iowa, Minnesota, Missouri, Nebraska and Kansas comprise what has been termed the corn belt. This section furnishes nearly, if not quite, two-thirds of the entire corn product. So favorable have the reports become of an enormous crop that the managers of the various railroads that traverse the valley of the Mississippi and Missouri rivers, are already making arrangements and perfecting their equipment for handling the crop. The force of workmen has been increased in a number of the shops, and all rolling stock is being overhauled and made available for use in addition to new freight cars that are being hurried rapidly to completion.

The government report of July 10th indicated that there would be an unusually large yield of corn, but that that report was issued, the conditions have vastly improved. Secretary Morton has called for a special rep rt on corn from all weather stations which will be furnished next Tuesday. The previous greatest yield of any year was in 1898, when the acreage was 84,313,651 and the yield 2,112,592,000 bushels.

Died of Starvation.

PELHAM, Tenn., Aug. 2.—A man named Cook belonged to the gang of moonshiners who killed Deputy United States Marshal Garner during a raid in Hardin county in 1896. Cook afterwards turned states evidence while in jail and convicted another raid as guide, in which several moonshiners were captured. His wife moved near this place while Cook was in jail. He was afterwards released, but being afraid to return to his former home, lived with his wife here in most destitute circumstances. It is learned that she has died of starvation and the remains were kept in the house some days before neighbors discovered the situation. A coffin and clothing were furnished by neighbors and the body was interred.

The Contest Over Trinidad.

LOS ANGELES, Aug. 2.—Baron Hackey-Hickey, sole proprietor as well as owner of the small island of Trinidad by right of occupation, if not discovery, stated here last night to avail the result of the contest over the island. He makes light of the claim of Brazil and seems to be more interested in what position this government will take on the question. When asked what he would do if the United States should refuse to recognize Trinidad as an independent state, he replied:

"That I am not prepared to state further than that I will not give up the flight even if this government should fail to give me redress. We have right and justice on our side and which must some day always prevail over might. I think right will win in this case.

"Brazil, of course, became unduly excited over England's attempted seizure of the island and its protests against the action of England has helped my cause."

Count de Bolviere, Baron Hickey's diplomatic representative is in New York on a mission connected with the political position of Trinidad.

The Fruit Trade Competition.

CHICAGO, Aug. 2.—Regarding the reports from San Francisco that circulars purporting to come from the Edgecomb company, general commission and brokerage fruit growers of the coast, it was learned at Robert F. Edgecomb's house in this city, that such a circular had been sent out and it is the result of an effort begun three weeks ago by several of the large houses in South Water street to bar out retailers from the privilege of attending the sections, to compel them to make all their purchases from the wholesale houses. Prominent wholesalers in the combine take exception to the methods of a certain firm in admitting vendors and peddlers to the sections and have started a rival auction yard in the yards of the Illinois Central railroad. So far the amount of business done is much less than at the open auction at which from ten to fifteen carloads of fruit are sold daily, while the average sale at the closed auction do not amount to more than four or five cars a day.

Several More Claimants.

NEW YORK, Aug. 2.—Application was begun today for the granting of letters of administration upon the estate of Jose Marie Mora, one of the famous Mora claimants. The petition is made in the name of Jose Manual Mora, a son, who resides at Detmonico. The application is made for the purpose of eventually bringing proceedings in the nature of a suit to recover a half interest in the famous Mora claims, aggregating $1,500,000, which the Spanish government has just decided to pay in three installments of $500,000 each. It is claimed by Jose Manual Mora that his father, Jose Mora, who died in Rioude Janeiro, Brazil, in 1892, and Antonio Maximo Mora, his brother, were in partnership. It is understood that Antonio denies that any partnership existed between himself and his brother, and that he will vigorously contest attempts on the part of his brother's children to recover a part of the claim.

The purity and goodness of Dr. Price's Baking Powder are household words.

Receiver Appointed.

WASHINGTON, Aug. 2.—The comptroller of the currency today appointed Wm. S. Nelson, of Denver, receiver of the Union National bank, which suspended payment on July 27.

KILLED FOR STEALING FRUIT.

Miss Flegler Takes the Life of a Negro Boy.

WASHINGTON, July Aug. 2.—Miss Elizabeth Flegler, daughter of General Flegler, the chief of ordnance and well known in army and social circles, killed a 14-year-old negro, Ernest Green, today at her home in the suburbs. Flegler has been annoyed by boys stealing fruit. Today Miss Flegler discovered Green in the act of stealing fruit and fired a pistol in the direction of the boy. Miss Flegler gave her self into custody. She is a young lady of attractive and accomplished

Scouring the Country for Negroes.

ATLANTA, Ga., Aug. 2.—Saturday night near Hartsfield, a negro man was found dead on the wire fencing that surrounds the home of J. H. Hutcheson, who lives two miles from Marietta. About twenty men met yesterday for the negro last night when they met a party of negroes on the road, doubling one of the negroes down in a wagon, and leveling a double barrelled shot gun at the approaching party. Shot both barrels. Charles Doughty received shots round in the left side, while the men returned the fire with a double barrelled gun exchanged. Sheriff Davenport, of Cobb county, has organized a large posse and is scouring the surrounding country for the negroes. Nearly every white and colored man is armed.

Upon every test at the World's Fair Dr. Price's Baking Powder was awarded highest rank.

Sultan Decides to Reform.

CONSTANTINOPLE, Aug. 2.—At a council composed of high officials, a scheme of reforms, not only for Armenia, but for the whole Turkish empire, was decided upon.

ANOTHER DURRANT STORY.

Pronounced False by the Defendant's Attorneys.

SAN FRANCISCO, Aug. 2.—The prosecution of Theodore Durrant are mistaken if they think the attorneys for the defense have abandoned Charles H. Clarke as a witness. On the contrary, the interrogatories to be put to Clarke have been forwarded to Boston, and if Eugene Deuprey is sincere in what he says, he expects Clarke to stick to his original statement that he saw Blanche Lamont with a man other than Durrant on a Powell street car on April 3d.

The defense thinks that Mrs. Clarke was persuaded to make the statement she gave on Thursday through the hope that it would take her husband out of the case and prevent the publication of Clarke's Oregon record which is supposed to be in the possession of the prosecution. They also think that Mrs. Clarke has no letter from her husband in which he states that he was intimately acquainted with the man he saw Blanche Lamont with, the unknown man on the car. Deuprey is authority for the statement that Detective Harry Meyer, who is in the employ of the defense, has telegraphed from Clarke's native town, that Mrs. Clarke's alleged letter, and that the telegram contains that he is ready to reiterate the statement he made originally.

The story printed recently that a woman calling Durrant's house on the night Minnie Williams was last seen heard Durrant burning something that smelled like burning cloth in fireplace by both the prosecution and the defense. District Attorney Barnes says he never heard of the story.

There is another story about Durrant in circulation to the effect that the police were not you seen close to them. It is said that a year ago Durrant was very near to jail on a very serious charge. The alleged victim in the case was a young girl not yet sixteen years old.

Only a very few people know of it—the family, their physician and an intimate friend of ours. When Durrant was arrested for the Emanuel church murders, one friend who knew the story went to the child's parents and urged them to allow the matter to be suppressed successfully.

Durrant's attorneys say the story is false.

THE TAYLORS GUILTY

Verdict of Murder in the First Degree.

CARROLLTON, Mo., Aug. 2.—"We, the jury, find the defendants, William F. and George Taylor, guilty of murder in the first degree."

Such was the verdict rendered at 2 o'clock this afternoon in the notorious Meeks murder case.

It took but one ballot to decide that the Taylor brothers are guilty of the notorious crime charged against them, and that the penalty for the butchery of Steele, his wife and two children, on Jenkins' Hill, on the night of May 10th of last year, should be set at the limit.

The defense will file a motion for a new trial, but it is not believed that it will be granted.

C. W. Brenel, Jr. was killed at the Rennsmond mine, near Laramie, Wyoming, on Monday afternoon, by the falling of a bucket, which hit him over the eye and fractured his skull.

HEART DISEASE.

Fluttering, No Appetite, Could not Sleep, Wind on Stomach.

"For a long time I had a terrible pain at my heart, which finally almost incapacitated. I had no appetite and could not sleep. I would be compelled to get up in bed and sit up for hours for relief. I became very nervous and could not do my work. There was a feeling of oppression about my heart, and I was afraid to draw a full breath. I found relief in a dream without refreshing. My husband induced me to try

Dr. Miles' Heart Cure

and am happy to say it has cured me. I now have a good appetite and sleep well. Its effect was truly marvelous."

MRS. HARRY ESTABS, Fulton, Ill.

Dr. Miles' Heart Cure is sold on a guarantee that the first bottle will benefit. All druggists have it on sale, or can get it for you on approval of the first bottle at the Dr. Miles Medical Co., Elkhart, Ind.

Sold by all Druggists

4th South Between State and Main

women who feel the effect of the much practised smile, headache and tears in rapid succession find them soon out of the "run down" list at the end of the week. They suffer from nervousness, despondency and irregularities. The smile and good spirits take flight. Nature is due to have the help offered in Doctor Pierce's Favorite Prescription—this medicine which was discovered and used by a prominent specialist in female diseases for years, in all cases of "female complaint" and the nervous disorders which spring from it. The "Prescription" is a powerful tonic and nervine, especially adapted to women's delicate system to invigorate and promote all the natural functions, banish up, invigorate and strengthen.

Many women suffer from nervous prostration, or exhaustion, owing to congestion or to disorders of the pelvic functions. The "Prescription" is the remedy to quickly get rid of the local cause of irritation relieved and the system invigorated with the "Prescription." Do not take the so-called safety compounds and permit a worthless substitute to be sold you, which only put the money in their pocket, but get a lasting cure with Dr. Pierce's Favorite Prescription.

"FEMALE WEAKNESS."

MRS. WILLIAM HARRIS, of Belleville, Richland Co., Ohio, writes: "I had been in great suffering from female weakness. I tried three doctors; they did me no good. I thought I was an invalid for ever. But I heard of Dr. Pierce's Favorite Prescription, and then I wrote to him and he told me just what to take. In a few weeks I felt like a new woman. I now feel entirely well. I could stand on my feet only a short time, and now I do all my work for my family of five."

Our Great Semi-Annual Sale

OF STANDARD MUSLIN UNDERWEAR.

Commences MONDAY, AUG 5, eclipsing all previous sales in the excellence of material, variety of styles and trimmings. Our RULE is, during this sale: Only 3 articles of each kind and price to a customer.

15c Table.

Ladies' Drawers, well made, with tucks and hem, sizes 23 to 27, worth 25c, at

15 Cents.

Children's Sateen Doll Waists, well made, sizes 2 to 6, worth 25c, at

15 Cents.

Ladies' Chemise, made of good quality muslin, well sewed, sizes 32 to 44, worth 25c, at

15 Cents.

25c Table.

Actual value fifty cents.

Ladies' Night Gowns well made, of good quality muslin, trimmed on neck and sleeves with ruffle, sizes 14 to 18, worth 50c, for

25 Cents.

Ladies' Skirts, made of good quality white muslin, full size, with deep ruffle, length 38 to 40 inches, worth 50c, at

25 Cents.

50c Table.

This price never pays the cost of making the garments here offered.

Ladies' Chemise, corsetcover style, Hamburg insertion and tucks, lace crimped, sizes 32 to 44, worth 75c, at

50 Cents.

Ladies' Corset Covers, V shaped neck, trimmed with lace and embroidery, sizes 32 to 36, worth 75c, at

50 Cents.

Ladies' Night Robes, neither hitched nor trimmed with 4 rows of Hamburg embroidery, inserted in herringbone tucks with ruffle on sleeves and neck, sizes 14 to 18, worth $1.00, at

50 Cents.

Ladies' Drawers, trimmed with Hamburg insertion, embroidery, clusters of tucks and embroidery ruffle, sizes 23 to 27, worth 75c, at

50 Cents.

75c Table.

Our unequalled facilities enable us to offer these matchless values.

Ladies' Night Robes, yoke trimmed in tucks and Hamburg insertion, finished with herringbone braid and Hamburg embroidery, ruffle around neck and sleeves, sizes 14 to 18, worth $1.25, at

75 Cents.
