LAST NIGHT'S DISPATCHES.

EASTERN.

Schurz Speaks on Packard.

MACON, Mo., 28.—Senator Schurz addressed a mass meeting here today, and in the course of his speech he took occasion to reply to the recent correspondence between Marshal Packard and General Emory, in which Packard, referring to the remarks of Senator Schurz in a former speech, intimating that the U. S. troops in Louisiana were to be used to control the election, asks Gen. Emory if he (Packard) had overstepped for troops for such purposes, and Genl. Emory answers in the negative, and declares that such an attempt would be resented by the officers and men. The Senator commended the spirit of Genl. Emory in repelling the idea that U. S. troops could be used for political purposes, and does not doubt that he describes the sentiments of honest soldiers, when he says such an attempt would be resented with indignation, not that he (Genl. Emory) is unable to see how troops could be so use; but he says that party managers, like Marshal Packard, do see how they can be, and he recalls the inauguration of the Kellogg government in '72, when U. S. troops guarded the State House while the rival government and legislature, which had not the least evidence of election by the people, were put in power. U. S. soldiers may have been indignant then, but they had to obey orders, and those orders were procured through Marshal Packard and other party managers in Louisiana, and if these managers procure, on some plausible pretense, similar orders now, honest soldiers will have to obey them, indignation or no indignation. The Senator then denounced the connection of Packard, a U. S. officer, with the management of party affairs in Louisiana, especially the affairs of a party whose only claim to power was the infamous order of a corrupt and dishonored judge, and he declares that the U. S. government owes it to itself and to the honest people of the country to remove such a man from the place which he uses to dishonor his government and to create a false prejudice against it among people who wish to be loyal to it, and who, to-day, is the only obstacle in the way of a peaceful compromise between the contending factions in Louisiana.

Restored.

WASHINGTON, 28.—Joseph H. Bradley, who was debarred from the Supreme Court of the District of Columbia during the trial of John H. Surratt, in '67, for alleged contempt of court, and who was afterwards charged with sending a threatening message to the justice holding that court, (Judge Fisher) was to-day, restored; on granting the motion Chief Justice Carter said the court had been informally advised of this motion, and had unanimously agreed to grant it, as they considered that whatever had passed had been abundantly atoned for, and they should welcome Bradley as a member of the bar with pleasure. The court room was filled by members of the bar who, with the greatest unanimity, applauded the remarks of the court and congratulated Bradley.

Destructive Storm.

AUGUSTA, Ga., 28.—There was a destructive storm at Charleston today, and considerable damage to property resulted; portions of the battery were completely washed away. The wind and rain storm in this section of Georgia lasted 12 hours.

After the Pigeon Shooters.

NEW YORK, 28.—Mr. Bergh and some of his men, backed by twenty-six Brooklyn police, were at Deerfoot Park to-day, with warrants for the arrest of Payne and Bogardus, the pigeon shooters, and waited for some hours, but the marksmen failed to put in an appearance.

Nebraska State Fair—More Help for the Sufferers.

OMAHA, 28.—The State Fair has a fine prospect, over a thousand entries being made already.

Jay Gould has given $2,500 to the grasshopper sufferers in this State, in addition to the five thousand already donated by the Union Pacific Railroad.

Precautions Against Fire.

CHICAGO, 28.—The city council, to-night, ordered, to engrossment, an ordinance appropriating $294,000 for the purchase of additional fire engines and apparatus; an ordinance was also introduced which authorizes the comptroller to negotiate a loan of $500,000, to be expended in additional water mains in the business part of the city; this was referred to the finance committee, who it is said, will report favorably to its passage.

Damage by Flood.

SAVANNAH, 28.—A heavy rain storm last night caused a great rise in the river here, the rice plantations are inundated and the crops badly damaged. The estimated loss in rice is $160,000.

$100,000 Fire.

LENNOXVILLE, 28.—A fire, starting this morning, burned all day, consuming the whole business portion of the city, and about thirty private residences; loss $100,000.

The Inquest at Fall River.

FALL RIVER, 28.—The inquest in the mill case was continued to-day. The jury carefully examined the premises and also mill number two, in which they were assisted by the treasurer and superintendent; the engineers were examined as to the condition of the mill property, original cost, of the time of the charter.

Fatal Boiler Explosion.

PORT JERVIS, N. J., 27.—A locomotive boiler exploded here to-day, killing the engineer, George Page, and fatally injuring a boy named Orwin; the engine is one of Grant's, of the kind called Mogul, and is the third of the kind that has exploded lately.

Counterfeiters Arrested.

LOUISVILLE, Ky., 28.—Six of a gang of counterfeiters, who have been operating in North Carolina, Kentucky, Tennessee and Virginia, have been arrested, and lodged in St. Louis, they moved up the Ohio River on the Adams Express Company's box containing a large quantity of counterfeiters' tools and money.

Still in Force.

PHILADELPHIA, 28.—The twenty thousand dollars reward for the discovery of the Rosenbaid and its abductors are still in force.

CANADA.

$45,000 Fire.

MONTREAL, 28.—Hardman and Co.'s tannery and leather belting factory, at the corner of Bonaventure and Canning streets, was burned to-day, with several adjoining cottages; loss $45,000, about half insured. Several families are rendered homeless.

FOREIGN.

GREAT BRITAIN.

The Crops—The Potato Disease.

LONDON, 28.—The Mark Lane Express, in its review of crop prospects, says the recent rains have materially benefited the root crops; there has been, however, too much rain for late potatoes, which have shown the commencement of the disease, and this will cause a greater demand upon lower descriptions of wheat, and prevent their further depreciation. The grass possesses the verdure of spring, which will help growers to carry their stock through the winter, notwithstanding the deficiency in the hay and straw crops. The wheat trade shows neither encouraging nor discouraging features; prices in France are a shilling lower, but elsewhere on the Continent they are unchanged, except at Odessa, where the market is firmer in the hope that the fine quality of the crop will eventually secure better prices.

IRELAND.

Coming to New York.

QUEENSTOWN, 28.—Among the passengers by the steamer Russia, which sailed yesterday for New York, was Miss Nielson, the actress.

WEST INDIES.

Tax on Foreigners—A Priest Assaulted.

ST. THOMAS, 16.—Haytien advices report that the Haytien government has imposed heavy taxation upon resident foreigners, including foreign clerks in the employment of the Haytiens.

A disturbance recently occurred in a Catholic cathedral in Jamaica; a priest tore the Cuban colors from the coffin of a patriot, refusing to permit the introduction of politics into the Catholic service. A scuffle ensued, and the priest was assaulted and pushed off the platform on which the coffin rested.

AUSTRIA.

At the Point of Death.

VIENNA, 28.—It is rumored that Deak, the Hungarian statesman, is at the point of death.
