GOLD EXCITEMENT.

Midnight Lookers Shut Out of Town for Dorch Creek.

This morning about 1 o'clock a lone buggy was seen taking its way toward Uintah, says the Ogden Standard of today (Monday).

Sometime yesterday it leaked out that some Salt Lake parties had leased a piece of ground four miles south of the city and at the model in the town was full per day for ninety days, and per day thereafter for a period of six months, it earned the curiosity of those who were on the lookout on a visit to the ground was done, and nothing but common sagebrush ground was in sight. But on inspection, the prime evidence was found sufficient to warrant the following gentlemen in staking out their claims: Lee Hilmin, G. D. Healy, W. T. Dunbar, N. W. Bethel, W. J. Healy, E. G. Horton, John J. Carter, Wm. Gleason, Geo. Fyfe, Pyfe and John G. Tyler.

As it was necessary to have water to work the placer claims, the gentlemen promptly filed on all the water in Dorch creek for mining and milling purposes. The gentlemen will soon long and organize a company to work.

It is expected that the company will put men to work at once. The gold lays in a streak of pay dirt about six inches and from the surface on top of a stream of blue clay.

The reporter endeavored to get the names to date, but they were mum. "Have you seen the gold yet?" he was asked. "We didn't say anything about it," was the reply.

"What did you take up the general?" was the next question. "Well, with some grazing it might make a man big enough," was the reply.

"Is there gold up there?" "Yes, sir, yes lots of it. Get out of here now." And the reporter complied.

BEAVER COURT NEWS.

Cases Being Heard.—A Slungage Case Now On.

Special to the News per Second Telegraph.

BEAVER, May 21.—The business at the district court is now confined altogether to civil matters, none of the cases so far having general importance except that of Kenyon vs Emerson, which was brought in this morning and disposed of in three hours, to the surprise of the prosecution and the witness generally. The defense did not attempt to much and the plaintiff had no difficulty in getting instructions for the jury to find for him, which was done without leaving the box. The amount of the judgment is $300 and costs.

Only one other practically important case has come up, that of the United States vs Cutler and others for unlawfully cutting timber on the public lands. A great many men are interested, and it is expected that a hard fight will be made. The amount involved in the particular case is about $100, but more large sums of compromise have been made by the government.

At 2:30 p. m. the case was called for trial, and it is now on.

Democratic Meetings.

The Democrats of the Sixteenth ward will meet at 8 o'clock this evening in the old Sixteenth ward school house for the purpose of perfecting a ward society.

Democrats of the Nineteenth and Twenty-second wards will meet jointly in the old Nineteenth ward school house, corner Second West and Fourth North, tomorrow evening at 8 o'clock, for the purpose of organizing a ward society. Delegate Rawlins is expected to be present on the purpose of addressing the meeting.

Signed and Being Paid.

The appropriation bill passed by the last session of the City Council aggregating $5,625.97 has been signed by the Mayor and was being paid in warrants by the treasurer today.

Flat E Muddle Work.

The people who have complained that the work of strengthening out the irregularities existing in plat E was being indefinitely prolonged would probably change their minds by asking City Engineer Young for permission to see some of the maps and profiles of the plan now in his office. The fact is the work is progressing very satisfactorily. A corps of competent field engineers are daily at work under the direction of J. Fewson Smith Jr. Their task, however, is more intricate and prodigious one than at first supposed.

Death by Drownde.

News comes from Eureka to the effect that Eli Williams, a miner well known throughout the west, met with a most violent death at that place on Saturday evening. The deceased was working on a water course for the Eureka-Hill Mining company and had gone a short distance away to get a blast of powder. He had been absent but a brief period when his companions heard a terrible explosion. Turning their attention in the direction from which the sound proceeded they were horrified to seeing pieces of the body of Williams flying through the air. The largest fragment of the body found was the head. A jury was summoned and returned a verdict of accidental death. The deceased was 32 years of age and left a wife and two children.

Educational Notes.

Mr. Newell H. Bullock, of Pleasant Grove, is in the city today, visiting his sons Reuben and Joseph, of the University. Mr. Bullock purposes taking a course in electrical engineering at Leland Stanford University this coming year.

The meeting at Mill Creek on Friday evening last for the purpose of organizing the county high school scheme was well attended. After discussing the advisability of the project, a vote was taken favoring early action. An organizing committee will convene next Friday evening at the ward meeting house, Mill Creek, to further consider the matter. A meeting will also be held at the school house at Murray tomorrow evening at 7:30 o'clock, to consider the same project. Professors Kingsbury, Stewart and Allen, of the University, will attend both meetings.

The commencement exercises of the B. Y. Academy at Logan will be held on Friday, May 25th.

Following is the program of closing exercises at the Agricultural College of Logan: Saturday, May 26: The annual banquet will be given, on Sunday evening, baccalaureate address by President George Q. Cannon; Monday, field sports and military exercises; Tuesday, student recitals and an address by Governor West; Wednesday, Decoration Day exercises, upon which occasion B. H. Roberts will speak on "Patriotic Duty," commencement exercises.

Prof. Dana states that the commencement exercises of the Latter-day Saints' College, of this city, will be held June 7th.

105th Quorum.

The meeting of the 105th Quorum of Seventies will be held in the Bogel House next meeting night (this Monday) evening, commencing at 7:30.

Not Caught Yet.

The search which is being made for Antonio Kocom and Mike Dogo, the Salt Lake "sleuths," has not been thus far crowned with success, but a hope is indulged in by the relatives of the parties that a haul will be made on the week closes.

SENT TO THE REFORM SCHOOL.

Bertha Curtis, a Girl of Fourteen, Is Beyond Natural Rule.

The case of Bertha Curtis, the 14-year-old girl who was before Chief Justice Merritt on Saturday afternoon in order that arrangements might be made for sending her to the Reform school, was again called up this morning. The defendant came here from the police court, where she had been charged with petit larceny.

The girl's mother was now present, and in answer to the court said she could not control her daughter, she had done her best with by entreaties and persuasion, but all to no avail. Witness was asked whether she had a husband and answered "No," and burst out crying.

Officer Rudolph testified that Bertha had been arrested several times for petit larceny and had been convicted.

Judge Merritt made an order committing the girl to the Ogden Reform school.

Bertha cried very much while before the court.

Adultery Alleged.

Solomon H. Wilson and Alice Tretsayne, arrested last Saturday on a charge of adultery, are serving a hearing in Commissioner McNally's court this afternoon.

FIRE DEPARTMENT RULES.

Some of the New Ones on the Force and the Application Blanks.

Members of the fire department and applicants for employment as members have been furnished with application blanks to sign. The rules with which they must comply are somewhat lengthy but not difficult to understand. The introduction says:

This application must be filled out by the applicant in his own handwriting, properly dated, and signed and witnessed by him. It must be presented or sent to the chief engineer of the fire department, together with the certificates of three citizens, who must be householders not holding any city, county or Territorial office, who have been acquainted with the applicant for at least eighteen months last past, and who vouch for him. The applicant will receive notice when and where he is required to present himself for examination.

A rigid enforcement of these rules will throw out a number of men now employed. Some do not possess the necessary physical qualifications. Others will not be able to pass the mental examination, and at least one may not fill the bill in his own hand writing for the good and sufficient reason that he cannot write.

President Smith Will Speak.

President Joseph F. Smith will deliver an address to Sunday school workers tonight in the Assembly Hall, at half past seven o'clock, before the Sunday School Union meeting.

TERRITORIAL ITEMS.

The Markham mill is now in full operation, says the Kingston Bulletin, sawing up ore from the Free Coinage mine, owned and operated by Minnie Scott & Butler. Mr. Markham tells us that they have a fine body of quite rich ore on the Free Coinage.

The following appears in the last issue of the Price, Carbon county, Telegraph: Last week we said the Chinamen should go, meaning that the Chinamen employed by the Rio Grande Western, as section men, should be discharged and white men employed. Last Sunday night a mob broke down the doors of their shacks, threw stones in their pieces of shoes and in general made it very uncomfortable for the Chinamen. We are not sorry for the Chinamen, but if the object sought in shaking them was their removal then it is to be regretted. There is a right way to do everything and a wrong way. A petition should be signed by the citizens of Price, setting out the reasons why the Chinamen should be removed, and presented to the company. To assert the Mongolians as they did Sunday night will only entrench the Chinamen with the railroad company. However, we believe that the Mongolians was assaulted by a crowd of boisterous whites who were drinking while the Chinamen during the day. We regret that the crowd used their money generously with the Chinamen and then assaulted their companions.

Land Office.

The following filings were made in the local land office under date of May 21:

Andrew Anderson, of Mayfield, Sanpete county, desert entry of the southwest quarter of the southeast quarter of section 5, township 22 south, range 2 east.

Ezekiel A. Will, of Ferron, Emery county, homestead entry of the south west quarter of section 4, township 21 south, range 7 east.

Samuel Hillstom, of Ferron, Emery county, homestead entry of the south west quarter of section 4, township 21 south, range 7 east.

Andrew Boggs, of Ogden, Weber county, homestead entry of the south half of the southeast quarter and the southeast quarter of the southwest quarter of section 8, township 4 north, range 1 west.

Frank M. Hill, of Newton, Cache county, homestead entry of the east half of the southeast quarter of section 28, township 14 north, range 1 west, subject to right of way of the O. S. L. and U. P. railway.

Frederick H. Abbey, of Spring City, Sanpete county, final proof on homestead entry of the southeast quarter of section 30, township 15 south, range 4 east.

Magnus Aldin, of Mayfield, Sanpete county, desert entry of the southeast quarter of the northwest quarter of section 18, township 19 south, range 2 east.

Richard Sidey, of Hinckley, Weber county, desert entry of the south half of the southwest quarter and the south half of the southeast quarter of section 33, township 6 north, range 1 west.

Lorenzo A. Sowards, of Tooele county, Mormon county, homestead entry of the south half of the northeast quarter and lots north, half of the southwest quarter of section 12, township 4 south, range 1 west.

Arrested by Shannon.

Dr. John Lewis was arrested by Detective Sergeant Shannon today for taking a horse belonging to the county of Grant Wallington, who was holding in court the claims of carriage against it has been liquidated. The case will be tried before Justice Smith.

Today's County Court.

Before adjournment for business at 12:15 today the county commissioners had finished the day's work on the county court. There was little to interest the general public in the morning's proceedings.

According to the statement of County Physician Worthington, there are at the county county inmates in the city hospital—four at St. Mary's and two at St. Mark's.

The resignation of Jos. H. Mills, road superior of District No. 3, was accepted, he being about to move West Jordan. He had others, in a petition, asked Wm. H. Bird as his successor. The commission was ordered filed.

A communication from Dave Superior McDonald, in relation to changing the upper county road and also a statement of the cost of certain road work, were filed.

Several petitions for relief from taxes were acted upon, the usual formal order was granted, and several appropriations made.

The Road to Hallinger.

A license to marry was issued this morning by County Clerk Maloy to John J. Dettmer, 23, and Annie M. Wilkinson, 19, both of Salt Lake.

To Be Released Wednesday.

"General" Carter and those who were sent up with him out Friday by Judge Merritt will be turned loose from the penitentiary after sunrise on Wednesday morning. They will then have served their five days' sentence.
